ORDER

THIS MATTER CAME BEFORE THE STATE BOARD OF ELECTIONS in a remote meeting conducted via WebEx videoconference on November 20, 2024, upon its own motion, to consider actions by the Board to facilitate review of election protests filed by Jefferson Griffin regarding the Supreme Court Associate Justice contest, Ashlee Adams regarding the NC Senate District 18 contest, Frank Sossamon regarding the NC House District 32 contest, and Stacie McGinn regarding the NC Senate District 42 contest.

Pursuant to N.C.G.S. 163-182.12, the State Board ORDERS as follows:

1. The State Board takes jurisdiction over protests filed with the county boards of elections by Jefferson Griffin, Frank Sossamon, Ashlee Adams, and Stacie McGinn, where those protests allege that ballots were unlawfully counted for one of the following reasons:
 - a. Ballots were cast by overseas citizens who have not resided in North Carolina but whose parents or legal guardians were eligible North Carolina voters before leaving the United States;
 - b. Ballots were cast by military or overseas citizens under Article 21A of Chapter 163, when those ballots were not accompanied by a photocopy of a photo ID or ID Exception Form; and
 - c. Ballots were cast by registered voters whose voter registration database records contain neither a driver's license number nor the last-four digits of a social security number.
2. The State Board will schedule a time for preliminary consideration of the protests for which it has taken jurisdiction and will provide notice thereof to the relevant parties.
3. By taking jurisdiction over the aforementioned protests, the State Board is not ruling on the timeliness of any such protests or their facial validity otherwise.

4. The county boards of elections shall retain jurisdiction over all other protests that have been timely filed and shall proceed to consider those protests under Article 15A of Chapter 163 and Chapter 2 of Title 8 of the North Carolina Administrative Code.
 - a. At preliminary consideration, the county board shall advance the protest to a hearing to be conducted at a later date upon proper notice, if the protest was timely filed and otherwise substantially complies with G.S. 163-182.9. Because similar protests were filed in many counties, to ensure uniformity in the process for review of these protests, the county boards shall assume at preliminary consideration that the protests establish probable cause to advance to a hearing, per G.S. 163-182.10(a)(1). The county board shall not consider any evidence outside the protest documents at preliminary consideration.
 - b. When conducting a hearing, the board shall take evidence, which will likely include taking testimony from county board staff as to the contents of official county board records pertaining to the voters whose ballots have been called into question by the protests. At the conclusion of the hearing, the board shall vote on its findings of fact and conclusions of law.
 - c. Each county board conducting a hearing shall memorialize its findings of fact and conclusions of law in a written order, which shall be served on the relevant parties, with a copy provided to the State Board via legal@ncsbe.gov.
5. To facilitate adjudication of these protests, the protesters—Jefferson Griffin, Frank Sossamon, Ashlee Adams, and Stacie McGinn—shall file, by noon on Friday, November 22, 2024, with the State Board and with the respective county boards of elections copies of the lists of voters whose ballots are called into question by each protest filing in Excel file format, with the same labeling as displayed in the PDF versions of the protest filings.
6. For the protests that are now under the State Board’s jurisdiction, the protesters shall file legal briefs, if any, in support of the protests by 5 pm on Wednesday, November 27, 2024. The responding candidates shall file legal briefs, if any, in opposition to the protests by 5 pm on Friday, December 6, 2024.

IT IS SO ORDERED.

This the 20th day of November, 2024.

INTRODUCTION

The Board should grant the protests of the three categories of election protests before it.

The Protestors have filed protests with the county election boards that fall under six broad legal theories. On 20 November 2024, this Board entered an order exercising jurisdiction over three of those theories, which are primarily driven by questions of law. The Board ordered the Protestors to submit this brief in support of these three legal theories. The Board should grant each of the protests before it.

First, ballots were cast by people who did not lawfully register to vote. State law has long required voter applicants to provide their drivers license or social security number before being lawfully registered to vote. However, approximately 60,000 people cast votes in the protested elections without providing that statutorily required information on their voter applications. These voters were not eligible to cast a ballot without first lawfully registering.

Second, county boards of elections have accepted ballots cast by voters who have, by their own admission, never resided in North Carolina. Our state constitution limits eligible voters in state races to North Carolina residents. The county boards, however, have accepted votes from people who were born outside the United States and have never lived *anywhere* in the United States. The votes of these “Never Residents” cannot be lawfully counted in elections for state offices.

Third, the Board cannot accept absentee ballots cast by people who failed to provide photo identification with their ballots. County boards accepted ballots cast by overseas voters who did not provide photo identification. But state law requires all voters to provide photo identification to vote; overseas voters casting absentee ballots do not get special treatment.

Next, the Protestors anticipate that their opponents will contest whether the Board can consider these election protests at all. The opponents have already argued to this Board that it cannot sustain the election protests because they instead should have been filed as voter challenges. But this Board and our Supreme Court have already rejected this argument.

Finally, the Protestors also anticipate that their opponents may contest the timeliness of some of the election protests. This argument also fails. The vast majority of the election protests were filed on or before 5:00pm on 19 November 2024. The handful of others that may have come later were no more than a couple minutes late. That still constitutes substantial compliance under the election protest statutes, and substantial compliance is all that's required.

ARGUMENT

I. The Board Cannot Count the Votes of People Who Did Not Lawfully Register to Vote.

Before anyone can vote for a state race in North Carolina, he or she must be lawfully registered to vote. Our election boards, however, have been registering people to vote who

failed to include their drivers license or social security numbers in their voter registration applications—statutorily required information. These ballots, therefore, lack statutory authorization.

A. State law prohibits anyone from voting unless he has provided a drivers license or social security number when registering to vote.

Under state law, a person must provide his drivers license or social security number at the time of registration before he can lawfully cast a ballot.

Before voting in an election, a person must lawfully register to vote. Under article VI of the state constitution, “[e]very person offering to vote shall be at the time legally registered as a voter as herein prescribed and in the manner provided by law.” N.C. Const. art. VI, § 3(1). That’s also true by statute: “No person shall be permitted to vote who has not been registered under” the state’s registration statutes. *See* N.C. Gen. Stat. § 163-82.1(a) (making registration a “prerequisite to voting”).

The protests here involve people who were not legally registered to vote in a manner provided by law, section 163-82.4, because they failed to provide statutorily required application information. Since January 2004, state law has required voter registrants to provide their drivers license or social security number in their voter application. N.C. Sess. Law 2003-226, § 9 (amending N.C. Gen. Stat. § 163-82.4), § 22 (amendment effective 1 January 2004). The State Board of Elections is required to create an application form for voter registration. N.C. Gen. Stat. § 163-82.3(a). From 2004 onward, the General Assembly commanded that the form require an applicant to provide his “[d]rivers license number or, if

the applicant does not have a drivers license number, the last four digits of the applicant's social security number." *Id.* § 163-82.4(a)(11). However, a board can accept an application without a drivers license or social security number only if the applicant "has not been issued either a current and valid drivers license or a social security number." *Id.* § 163-82.4(b).

There's a statutory cure process for this type of registration error, but the errors raised in these protests have not been cured. If a person has a drivers license or social security number, but fails to provide those numbers on their voter application, then the election board shall not allow the person to vote unless the voter cures the deficient application before the county canvass deadline. The statutory cure procedure applies to a voter who "fails to complete any required item on the voter registration form." *Id.* § 163-82.4(f). The board shall notify the voter of the omission and request completion of a corrected application before the county canvass. *Id.* Only if the required information is delivered by that time will the voter's ballot be counted. *Id.* ("If the correct information is provided to the county board of elections by at least 5:00 P.M. on the day before the county canvass, the board shall count any portion of the provisional official ballot that the voter is eligible to vote."). No state law, however, permits a board of elections to count a ballot for a person who never provided a drivers license or social security number on his voter registration form.

Mandating such information from voter registrants is not unique to North Carolina. For federal elections, Congress also requires the states to collect the drivers license or social security number from registrants. 52 U.S.C. § 21083(a)(5)(A)(i). If a person with a drivers

license or social security card fails to provide those identifiers on a voter application form, then the application “may not be accepted or processed by a State.” *Id.*

Although federal law doesn’t apply to elections for state offices—such as the ones at issue here—this federal prerequisite to voting in federal elections corroborates the importance of collecting such information from would-be voters. In other words, the information required by the General Assembly is not some new law designed to burden voters but a decades-old feature of American election law that protects the integrity of our elections.

B. This Board admits that it broke the law.

The Board broke the law for twenty years.

Despite the clarity in the law since 2003, this Board did not require voters to provide a drivers license or social security number when people registered to vote. Before December 2023, the voter application form appeared like this:

NORTH CAROLINA VOTER REGISTRATION APPLICATION (fields in red text are required)		2023 04	06w

As this image reveals, the application did not tell registrants that these identifiers were required because it was not in red text. Yet this information is required. N.C. Gen. Stat. § 163-82.4(a)(11).

The Board admitted this violation of law when it entered an order on an administrative complaint from 2023 that raised the issue. In that order, the Board concluded that a related provision of federal law could be violated “as a result of the current North Carolina voter registration application form failing to require an applicant to provide an identification number or indicate that they do not possess such a number.” Order at 4, *In re HAVA Complaint of Carol Snow* (N.C. State Bd. of Elections Dec. 6, 2023) [App. 4]. The Board ordered its staff to revise the form going forward.¹ *Id.* But the Board declined to remedy its past legal violations.

Now, however, the issue has caused irregularities in the protested elections, and those irregularities may well be outcome dispositive.

II. The Boards of Election Cannot Count the Votes of People Who Have Never Lived Here.

At the core of any democracy is a definition of who is within the political community and who is not. When it comes to voting in North Carolina elections for candidates to state offices, our constitution restricts voting rights to people who reside in North Carolina “to

¹ In light of this order, the Board’s counsel has advised county boards that they cannot register new voter applicants who fail to provide a drivers license or social security number and who also fail to “state in writing that they lack these numbers.” Email of Paul Cox, N.C. State Bd. of Elections, to Directors of County Bds. of Election (Sept. 4, 2024) [App. 6-7].

preserve the basic conception of a political community.” *Lloyd v. Babb*, 296 N.C. 416, 449, 251 S.E.2d 843, 864 (1979). That is why, months ago, our Supreme Court explained that “nonresidents” are “categorically ineligible to vote” for state offices. *Bouvier v. Porter*, 386 N.C. 1, 4 n.2, 900 S.E.2d 838, 843 n.2 (2024).

Yet people voted in the general election who, by their own admission, were born overseas and have never resided in North Carolina or anywhere else in the United States. These overseas voters are United States citizens, but they aren’t residents of North Carolina who can vote for state contests. It’s unlawful to count the votes of these “Never Residents.”

A. The state constitution forbids election boards from counting the votes of “Never Residents.”

The North Carolina Constitution defines the political community for purposes of voting in our elections. No one can vote in a state election unless they meet the “qualifications” in article VI of the constitution. N.C. Const. art. VI, § 1. The constitution then sets out the first of the qualifications in the voter residency clause. Under that clause, to vote in an election for a state office, a person must have “resided in the State of North Carolina for one year . . . next preceding an election.” *Id.* § 2(1).

Despite the clarity of this constitutional provision, the election boards permitted people to vote in the general election who have never resided in North Carolina or anywhere else in the United States. The evidence is set out in an affidavit from Ryan Bonifay attached to the relevant protests on this issue. This Board, in response to a public records

request sent on 9 November 2024, identified overseas voters who voted in the 2024 general election but who self-identified as having never lived in the United States. Affidavit of Ryan Bonifay (Wake County FPCA), 2-3 ¶¶ 10-12 [App. 9-10].² This Board identified a list of voters who, the Board explained, checked a box on a federal post card application “indicating that they never lived in the United States.” *Id.* ¶ 12 [App. 10]. Specifically, that check-box states, “I am a U.S. citizen living outside the country, and I have never lived in the United States.” *Id.*, Attachment 1 [App. 14]. Attachment 2 to each version of the Bonifay affidavit submitted to each county board of election lists the voters who checked that box yet actually voted in the general election. *Id.* ¶¶ 14-20 & Attachment 2 [App. 10-11, 17].

Someone who has never lived in the United States has never resided in North Carolina. These people, therefore, were not qualified to vote in our state elections under the voter residency clause. Nonetheless, the county election boards counted these votes anyway. Under the state constitution, counting those votes was unlawful.

B. The residency clause is not preempted by the federal constitution.

Opponents of this theory have made several objections. The first is a broadside attack on the state constitution itself.

² A version of this affidavit was filed with each county election board. The only difference among the affidavits is Attachment 2, which identifies the non-resident voters who voted in that county. For convenience, the Protestors are attaching to this brief a copy of the Bonifay FPCA Affidavit submitted to the Wake County Board of Elections. *See* App. 8-17.

In *Dunn v. Blumstein*, 405 U.S. 330 (1972), the U.S. Supreme Court considered whether a one-year durational residency requirement, as a prerequisite to registering to vote, violated the equal protection clause of the Fourteenth Amendment. *Dunn v. Blumstein*, 405 U.S. 330, 334 (1972). The Court held that a one-year residency requirement was too long to comply with the equal protection clause. *Id.* at 334.

Importantly, however, the Court explained what was *not* at issue. The Court emphasized that it was not ruling on whether Tennessee could “restrict the vote to bona fide Tennessee residents.” *Id.* The plaintiff-challenger was, without dispute, a Tennessee resident “when he attempted to register” to vote. *Id.* The issue, as the Court stated, was not Tennessee’s bona fide residency requirement, but the durational part of the residency requirement. *Id.* It’s only the durational residency requirement that penalizes someone who has recently moved into the state from elsewhere. *Id.* Indeed, the Court emphasized that its prior precedent had already established the constitutionality of “bona fide residence requirements”:

We emphasize again the difference between bona fide residence requirements and durational residence requirements. We have in the past noted approvingly that the States have the power to require that voters be bona fide residents of the relevant political subdivision. An appropriately defined and uniformly applied requirement of bona fide residence may be necessary to preserve the basic conception of a political community, and therefore could withstand close constitutional scrutiny. But durational residence requirements, representing a separate voting qualification imposed on bona fide residents, must be separately tested by the stringent standard.

Id. at 343-44 (citations and footnotes omitted).

Our Supreme Court has considered the impact of *Dunn* on the residency requirement of our own state constitution and determined that the bona fide residency requirement continues to apply. Our Supreme Court explained that *Dunn* drew a “careful distinction . . . between durational residence requirements and bona fide residence requirements.” *Lloyd*, 296 N.C. at 439, 251 S.E.2d at 858. Thus, “[a]ppropriately defined and [u]niformly applied bona fide residence requirements are permissible” under the federal constitution. *Id.* at 440, 251 S.E.2d at 859. And although those “who reside in a community and are subject to its laws must be permitted to vote there,” the corollary is that those who do *not* reside in a community are not permitted to vote. *Id.* Citing *Dunn*, the Court held that “[t]he power of the state to require that voters be bona fide residents is unquestioned.” *Id.*; accord *id.* at 441, 251 S.E.2d at 860 (“In both *Carrington* and *Dunn*, the Supreme Court made it clear that the states could classify persons as residents and non-residents and forbid non-residents from voting.”).

The continued viability of the state constitution’s bona fide residency requirement has already been confirmed twice this year. Just a few months ago, our Supreme Court confirmed that “nonresidents” are “categorically ineligible to vote” under the residency clause of the state constitution. *Bouvier*, 386 N.C. at 4 n.2, 900 S.E.2d at 843 n.2 (citing N.C. Const. art. VI, §§ 1-2). And a federal district court held that, under *Dunn*, North Carolina can enforce a 30-day residency requirement consistent with the federal constitution. *N.C. All. for Retired Americans v. Hirsch*, No. 5:24-CV-275-D, 2024 WL 3507677, at *13 (E.D.N.C. July 19, 2024) (Dever, J.) (to be published). This is not news to this Board, of

course, since the Board was a defendant in that case. The Board adopted the arguments of the legislative intervenors, who successfully argued that a 30-day residency requirement does not violate the federal constitution. State Bd. Defs.’ Resp. to Pl.’s Mot. for Prelim. Inj. at 18-21, *N.C. All. for Retired Americans v. Hirsch*, No. 5:24-CV-275-D, 2024 WL 3507677 (E.D.N.C. July 19, 2024) [App. 51-54]; Intervenors’ Resp. in Opp. to Pl.’s Mot. for Prelim. Inj. at 6, *N.C. All. for Retired Americans v. Hirsch*, No. 5:24-CV-275-D, 2024 WL 3507677 (E.D.N.C. July 19, 2024) [App. 23]. The argument adopted by this Board even criticized *Dunn* as bad law. Intervenors’ Resp. at 21 [App. 54].

The continuing viability of *Dunn*, however, is irrelevant. As these points show, *Dunn* does not invalidate the state constitution’s bona fide residency requirement.

Nor can *Dunn* operate to invalidate the residency clause in its entirety, as *Lloyd* itself demonstrated. It is not unusual for federal law to limit the applicability of electoral provisions of the state constitution. When such conflict occurs, the state constitution necessarily defers to federal law, but our courts still require that state constitutional provisions be enforced as much as federal law will permit.

Consider, for example, the “whole county” provisions of the state constitution. *See* N.C. Const. art. II, § 3(3), 5(3). Under these redistricting provisions, “[n]o county shall be divided in the formation of” a senate or representative district. *Id.* But the “one-person-one-vote” principles of the federal constitution require population equality among legislative districts. *Stephenson v. Bartlett*, 355 N.C. 354, 363, 562 S.E.2d 377, 384 (2002). In

Stephenson, this Board and the other state defendants argued that this federal law rendered the whole county provisions totally unenforceable. *Id.* at 369, 562 S.E.2d at 388.

Our Supreme Court disagreed. Rather than seek to render state constitutional provisions totally preempted by federal law, “North Carolina courts should make every effort” to reconcile state and federal law and avoid “striking State provisions as wholly unenforceable.” *Id.* at 370, 562 S.E.2d at 389. Although “an inflexible application of the [whole county provisions] is no longer attainable,” those provisions must still be applied where they serve “beneficial purposes” not inconsistent with federal law. *Id.* at 371, 562 S.E.2d at 389. The *Stephenson* Court then found the state legislative districts unconstitutional because they failed to conform to the whole county provisions “to the maximum extent possible.” *Id.* at 374-75, 562 S.E.2d at 391-92.

The same is true of *Dunn* and the residency clause. It could be true that, under *Dunn*, the full *durational* portion of the residency clause cannot be enforced. But *Dunn* certainly does not stop states from enforcing a bona fide residency requirement. By its own terms, *Dunn* validates bona fide residency requirements. 405 U.S. at 343-44. And, at a minimum, our residency clause requires a person to be a resident when they register to vote in the state or actually vote in a state election. Indeed, whether looked at as domicile or residence, a person must at a minimum prove that he has been physically present in the state before voting in our elections. *See Lloyd*, 296 N.C. at 444, 251 S.E.2d at 861 (“The requisites for domicile are legal capacity, *physical presence* and intent to acquire domicile.” (emphasis added)); *accord id.* at 446, 251 S.E.2d at 862 (“[A person] resides where he has his

established home, the place where he is habitually present” (quoting *Berry v. Wilcox*, 62 N.W. 249, 251 (Neb. 1895)).

This Board, like the General Assembly, is required to follow the preemption analysis in *Stephenson*. That mode of analysis requires the residency clause to be enforced “to the maximum extent possible.” *Stephenson*, 355 N.C. at 374, 562 S.E.2d at 391. Enforcement of that clause, in the context of this case, requires that persons be bona fide residents of North Carolina when they register to vote or vote in a state election. The voters at issue with this protest have already told the election boards that they have *never* resided in North Carolina or anywhere else in the United States. They’ve never been bona fide state residents. Therefore, counting the votes of these “Never Residents” violates the North Carolina Constitution.

C. If UMOVA permits these votes to be counted, it is unconstitutional.

Those wanting to count the votes of the “Never Residents” have turned to a state statute, UMOVA, to fulfill their aspirations. Of course, if the statute permits voting by those ineligible to vote under the constitution, it violates the constitution. UMOVA, therefore, should not be read to conflict with the state constitution.

In 2011, the General Assembly enacted the Uniform Military and Overseas Voters Act (UMOVA). N.C. Session Law 2011-182 (enacting N.C. Gen. Stat. §§ 163-258.1 to - 258.20). As the name suggests, this bill was originally drafted by the Uniform Law Commission, which recommended its adoption among the states. When the Commission drafts uniform laws for use by all states, it does not consider the North Carolina Constitution.

UMOVA lets a “covered voter” register to vote in various ways for elections for federal and state offices. *See* N.C. Gen. Stat. § 163-258.3 (defining elections covered by UMOVA); *id.* § 163-258.6 (setting out methods of registration).

At issue is who counts as a “covered voter.” The relevant definition is provided here in full:

(1) “Covered voter” means any of the following:

a. A uniformed-service voter or an overseas voter who is registered to vote in this State.

b. A uniformed-service voter defined in subdivision (7) of this section whose voting residence is in this State and who otherwise satisfies this State’s voter eligibility requirements.

c. An overseas voter who, before leaving the United States, was last eligible to vote in this State and, except for a State residency requirement, otherwise satisfies this State’s voter eligibility requirements.

d. An overseas voter who, before leaving the United States, would have been last eligible to vote in this State had the voter then been of voting age and, except for a State residency requirement, otherwise satisfies this State’s voter eligibility requirements.

e. An overseas voter who was born outside the United States, is not described in sub-subdivision c. or d. of this subdivision, and, except for a State residency requirement, otherwise satisfies this State’s voter eligibility requirements, if:

1. The last place where a parent or legal guardian of the voter was, or under this Article would have been, eligible to vote before leaving the United States is within this State; and

2. The voter has not previously registered to vote in any other state.

Id. § 163-258.2(1).

Protestors are challenging ballots cast by overseas voters who identified themselves as United States citizens who have never resided in the United States. Such voters could only plausibly count as UMOVA “covered voters” under subsection (1)(e). That subsection defines a covered voter as (1) a United States citizen “born outside the United States,” (2) is not described in subsections (c) and (d) as an overseas voter who previously lived in the United States, (3) meets the state’s voter eligibility requirements except for a “State residency requirement,” (4) the voter’s parent was last eligible to vote in this state before leaving the United States, and (5) the voter hasn’t registered to vote in another state. *Id.* § 163-258.2(1)(e).

UMOVA doesn’t define the phrase “State residency requirement” that such a voter needs to comply with. The term is not defined anywhere in the Act. As it stands, the phrase is ambiguous as to whether it means a durational residency requirement or a bona fide residency requirement. If the ambiguous phrase were interpreted to mean just a durational residency requirement, it’s possible that UMOVA would, at least in some circumstances, be constitutional under the residency clause, as that clause is limited by *Dunn*. But if, on the other hand, the ambiguous clause were interpreted to let someone vote who has *never* been a resident, it would be unenforceable under the bona fide residency requirement of the state constitution.

The canon of constitutional avoidance requires the Board to interpret N.C. Gen. Stat. § 163-258.2(1)(e) as exempting overseas voters only from a durational residency requirement, and not a bona fide residency requirement. Only such an interpretation could

save the statute from being invalidated. “[W]here one of two reasonable constructions will raise a serious constitutional question, the construction which avoids this question should be adopted.” *N.C. State Bd. of Educ. v. State*, 371 N.C. 149, 160, 814 S.E.2d 54, 62 (2018) (quoting *In re Arthur*, 291 N.C. 640, 642, 231 S.E.2d 614, 616 (1977)).

But if the Board does not believe this to be a reasonable interpretation of section 163-258.2(1)(e), then it would be the Board’s duty to refuse to enforce the statute at all. Every official in this state is “bound to give effect to the intent of framers” of the state constitution, as well as the intent “of the people adopting it.” *Id.* (quoting *Beaufort Cty. Bd. of Educ. v. Beaufort Cty. Bd. of Comm’rs*, 363 N.C. 500, 505, 681 S.E.2d 278, 282 (2009)). And that intent, based on the plain text of the state constitution, is clear: only residents can vote for state offices.

D. This argument has no impact on votes cast for federal elections, military voters, or North Carolina residents living overseas.

To be clear, the Protestors are not challenging the votes of military voters, nor are Protestors challenging any vote cast for federal contests.

None of the Protestors were candidates for federal offices. And federal statutory law, which imposes duties on states for uniformed services voters and other overseas voters, applies only to “elections for Federal office.” *See* 52 U.S.C. § 20302(a).

This matters for state law as well. Advocates of “Never Resident” voting have suggested that the General Assembly can reduce the residency requirement to zero days—in other words, write it out of the constitution. Although the argument makes little sense, it

also isn't relevant to the protests before the Board. The argument could only work for federal elections. Under the state constitution,

[t]he General Assembly may reduce the time of residence for persons voting in presidential elections. A person made eligible by reason of a reduction in time of residence shall possess the other qualifications set out in this Article, shall only be entitled to vote for President and Vice President of the United States or for electors for President and Vice President, and shall not thereby become eligible to hold office in this State.

N.C. Const. art. VI, § 2(2). But this provision does not empower the legislature to trim or eliminate the residency requirement for voting for state offices.

UMOVA also distinguishes between, on one hand, uniformed-service voters and overseas voters who have resided in this state, N.C. Gen. Stat. § 163-258.2(1)(a)-(d), and, on the other hand, overseas voters who were born abroad and have never resided in this state, *id.* § 163-258.2(1)(e). The Protestors have challenged the votes of this latter group only.

Anyway, a servicemember who previously resided in North Carolina but is deployed overseas does not lose his North Carolina residency. Unless a servicemember leaves the state and intends never to return, he remains a resident of the state. *See Lloyd*, 296 N.C. at 444, 251 S.E.2d at 861 (student who leaves for college becomes resident at the place of his college unless he intends to return to his former home after graduation). Unless the servicemember has “abandoned” his home in North Carolina, he remains a resident here for

voting purposes. *Id.* at 449, 251 S.E.2d at 864.³ By contrast, the “Never Residents” whose votes are being challenged in these protests never had a home in North Carolina that they could abandon.

* * *

Our state constitution imposes a commonsense requirement: people who are members of the political community can vote in state elections, and people who aren’t part of the community can’t. If the Board were to count the votes of people who have *never* been members of our political community, it will violate our state constitution. That harms the Protestors as well as the true members of our state’s political community.

III. Overseas Voters Who Did Not Provide Photo Identification Cannot Cast a Ballot in State Elections.

The final category of protests before the Board involves ballots cast by overseas voters. State law requires these voters to submit photo identification along with their absentee ballots. But the county boards accepted overseas absentee ballots without accompanying identification, in violation of state law.

3 Some proponents of “Never Resident” voting have suggested that these overseas voters “inherit” the residences of their parents. This argument analogizes to the law of domiciliary for infants. Yet the analogy crumbles upon inspection because infants can’t vote. N.C. Const. art. VI, § 1 (voting rights limited to those at least “18 years of age”). Unlike an infant, an 18-year-old chooses where he resides. If he wishes to become a member of North Carolina’s political community, he must decide, as an adult, to reside in North Carolina. Otherwise, he is not a member of our political community entitled to vote. There is no such thing as “birthright residency” for purposes of voting in our state’s elections.

Subchapter VII of Chapter 163 of the General Statutes contains the requirements for all types of absentee-ballot voting in North Carolina. Article 20 of that subchapter sets out the general rules for absentee voting. *See* N.C. Gen. Stat. §§ 163-226 to -239. Article 21A, also known as UMOVA, layers on additional rules for absentee voting by military and overseas voters. *See id.* §§ 163-258.1 to -258.31. The general absentee voting provisions of Article 20 apply to overseas absentee voting under Article 21A, and not vice versa. Section 163-239 states, “Except as otherwise provided therein, Article 21A of this Chapter [for overseas absentee voting] shall not apply to or modify the provisions of this Article [20].”

One of the key provisions of Article 20 is the requirement of photo identification for absentee voting. N.C. Gen. Stat. § 163-230.1(a)(4), (b)(4), (e)(3), (f1). These provisions equalize the burden of voting: both in-person voters and absentee voters must show photo identification to cast a ballot. *See id.* § 163-166.16(a) (requiring photo identification for in-person voting); N.C. Const. art. VI, §§ 2(4), 3(2) (same). If our legislature intended to exempt overseas absentee voters from the photo identification requirement, it would have said so explicitly.

But overseas voters are not exempt from this equalization requirement, and must provide photo identification to vote. All absentee ballots—cast under either Article 20 or Article 21A—must be transmitted to the relevant county board of elections by placing it in a “sealed container-return envelope.” *Id.* § 163-231(b)(1). Article 21A, however, makes no reference to a “sealed container-return envelope.” *See id.* §§ 163-258.1 to -258.31. To understand the requirements of the “sealed container-return envelope” for overseas absentee

ballots cast under Article 21A, it's necessary to turn to Article 20. Article 20 is clear that the "sealed container-return envelope" exists, in part, to hold the photo identification of *all* absentee ballots. The container-return envelope must contain a valid photo identification: "Each container-return envelope returned to the county board with application and voted ballots under this section shall be accompanied by a photocopy of identification" *Id.* § 163-230.1(f1). The failure to include a photo identification in the container-return envelope is a curable deficiency, but only if the proper identification is received the day before the county canvass. *Id.* § 163-230.1(e).

Even at a more general level, absentee ballots cast both within and without the United States (Article 20 and Article 21A absentee ballots) are generally treated alike and are all considered absentee ballots:

- "The county board shall report ballots cast during early voting under Part 5 of Article 14A of this Chapter separately from mail-in absentee ballots cast under Article 20 or 21A of this Chapter." *Id.* § 163-132.5G(a1)(4).
- "The sealed container-return envelope in which executed absentee ballots have been placed shall be transmitted to the county board of elections who issued those ballots as follows . . . All ballots issued under the provisions of this Article and Article 21A of this Chapter shall be transmitted by one of the following means" *Id.* § 163-231(b).
- The lawful procedure for counting absentee ballots cast under both Article 20 and Article 21A are set out in Article 20. *Id.* § 163-234.

Ultimately, it would make no sense to require photo identification for voters present in the United States, but not for overseas voters. The General Assembly did not require photo identification for one category of voter and not the other. Rather, *everyone* in North Carolina, whether voting in person or by any kind of absentee ballot, must submit a photo identification to vote in our elections.

This Board has a rule that purports to let overseas voters cast an Article 21A ballot without providing photo identification. 8 N.C. Admin. Code 17.0109(d). That rule is invalid, however, since it conflicts with the correct interpretation of the statutes, as set out above.

The rule would collapse under the state constitution anyway. If voters are to be treated differently, there must be a rational basis for the differential treatment. *See* N.C. Const. art. I, § 19 (“No person shall be denied the equal protection of the laws”); *Lloyd*, 296 N.C. at 439, 251 S.E.2d at 858 (“[A] citizen has a constitutionally protected right to participate in elections on an equal basis with other citizens in the jurisdiction.” (quoting *Dunn v. Blumstein*, 405 U.S. 330, 336 (1972))); *N.C. Bar & Tavern Ass’n v. Cooper*, 901 S.E.2d 355, 373 (N.C. Ct. App.), *review allowed*, 901 S.E.2d 232 (N.C. 2024); *Askew v. City of Kinston*, 906 S.E.2d 500, 507 (N.C. Ct. App. 2024). But there is no legitimate reason to impose a greater burden—photo identification—on actual North Carolina residents than is imposed on nonresidents casting ballots under Article 21A. There is no reason to think that the General Assembly intended that bizarre, differential treatment, which would violate the state constitution’s equal protection clause.

Therefore, these absentee ballots, submitted under Article 21A, cannot be counted for the contests that are the subject of these election protests.

Judge Griffin filed six protests challenging the eligibility of overseas voters who did not provide a copy of their photo identification (or a completed exemption form). Before filing the protest, counsel to Judge Griffin requested the list of such voters from six counties. *See* Public Records Request from Philip R. Thomas to Directors of County Election Boards re: UOCAVA Voters (Nov. 19, 2024) [App. 66]. At the time of the filing deadline, one county (Guilford) had provided information that identified such voters, and this list was included with the protest filed in Guilford County. Since filing the protests, Durham and Forsyth Counties have also provided information identifying these voters, and Judge Griffin has filed protest supplements that include these lists. *See* Letter from Philip R. Thomas to N.C. State Bd. of Elections re: Protest Amendments and Supplementation (Nov. 19, 2024) [App. 67-166]; Letter from Philip R. Thomas to N.C. State Bd. of Elections re: Forsyth County Protest Amendments and Supplementation (Nov. 25, 2024) [App. 167-198]. At the time of filing this brief, Judge Griffin is still awaiting the production of lists from the counties of Buncombe, Cumberland, and New Hanover. Judge Griffin has asked the State Board to issue subpoenas for this information. *See* Letter from Philip R. Thomas to N.C. State Bd. of Elections re: Request to Issue Subpoenas (Nov. 21, 2024) [App. 199-204].

IV. These Election Protests Were Not Required to Be Brought as Voter Challenges.

The Protestors' opponents have argued that these election protests should fail because they should have been brought as voter challenges. But this argument is wrong, and this Board has already rejected it.

The General Statutes define an election protest as “a complaint concerning the conduct of an election which, if supported by sufficient evidence, may require remedy by” a correction in the returns, a recount, or a new election. N.C. Gen. Stat. § 163-182(4). In other words, an election protest can challenge any “irregularity” in the conduct of an election that changes the outcome of an election. *See id.* § 163-182.9. A voter challenge, however, does not seek any of these remedies; it seeks merely to remove a person from the voter rolls. *Id.* §§ 163-85, -90.2. The key distinction is the remedy being sought.

Such protestable “irregularities” include a county board permitting ineligible persons to vote in elections. In 2016, an election protest was filed by the Pat McCrory campaign in the governor's race, challenging the eligibility of certain voters to cast ballots in that election. *Bouvier*, 386 N.C. at 5-6, 900 S.E.2d at 843-44. McCrory's opponent, Roy Cooper, argued that the protests should be dismissed because they merely challenged the eligibility of certain voters, and therefore should have been brought as voter challenges instead. *See Bouvier v. Porter*, 279 N.C. App. 528, 542, 865 S.E.2d 732, 741-42, *rev'd in part and remanded*, 386 N.C. 1, 900 S.E.2d 838 (2024); Order at 1-2, *In re Consideration of Certain Legal Questions Affecting the Authentication of the 2016 General Election* (N.C. State Bd. of Elections Nov. 28, 2016) [App. 59-60].

This Board rejected Cooper’s argument. *Id.* [App. 59-60]. In an order on Cooper’s request to dismiss the protests, the Board explained that an election protest “must prove the occurrence of an outcome-determinative violation of election law, irregularity, or misconduct.” *Id.* at 1 ¶ 3 [App. 59]. Although an election protest “may not merely dispute the eligibility of a voter,” an election protest may challenge a voter’s eligibility if the “claims regarding the eligibility of certain voters” are presented “as evidence that an outcome-determinative violation of election law, irregularity, or misconduct has occurred.” *Id.* at 2 ¶ 5 [App. 60]. Thus, an election board may “discount a ballot cast by an unqualified voter” if an election protest shows “that ineligible voters participated in number sufficient to change the outcome of the election.” *Id.* at 2 ¶ 7 [App. 60].

The McCrory election protest spun off collateral litigation that wound up at the Supreme Court of North Carolina as *Bouvier v. Porter*, 386 N.C. 1, 900 S.E.2d 838 (2024). One of the issues in *Bouvier* continued to be whether an election protest can challenge the eligibility of certain voters. The Supreme Court affirmed the logic of the Board’s 2016 order, explaining that “an election protest may address any ‘irregularity’ or ‘misconduct’ in the election process, including the counting and tabulation of ballots cast by ineligible voters.” *Id.* at 4, 900 S.E.2d at 843 (citations omitted). *Bouvier* then specifically held that an election protest could be used to challenge a ballot cast by a “nonresident,” who is “categorically ineligible to vote.” *Id.* at 4 n.2, 900 S.E.2d at 843 n.2.

Thus, as the Board and the Supreme Court have already determined, these election protests are properly brought as election protests.

V. These Election Protests Were Timely Filed.

There has been a suggestion that a handful of the protests filed with county boards were not timely filed. That suggestion is meritless, for several reasons.

First, the vast majority of the protests were emailed by or before 5:00pm on 19 November 2024, so there isn't a potential timeliness issue with these protests. The deadline for an election protest turns on the time of its "filing" by the protestors, not the time of its receipt by an election board. N.C. Gen. Stat. § 163-182.9(b)(4). As our statutes generally explain, service by email is timely when the email is "sent." N.C. Gen. Stat. § 1A, Rule 5(b)(1)(a), (b)(2)(c). Thus, if a person sends an email on or before 5:00pm, it is timely filed. Nearly all the protests before this Board meet that requirement. *See* Affidavit of Kyle Offerman [App. 61-65]. The unfortunate reality is that, due to the expedited timeline for filing protests and the challenges of obtaining pertinent voter information,⁴ the Protestors were working up until the deadline to compile necessary materials and file their protests. In the face of these challenges, the protests at issue were nevertheless filed before, or within minutes of, the deadline.

⁴ Despite submitting some public records requests to the State Board at least 10 days before the protest filing deadline, counsel for Judge Griffin was still awaiting requested information the day before the protest deadline and, therefore, felt compelled to file a lawsuit that morning seeking the State Board's production of the requested information. After the lawsuit was on file, the State Board offered to produce the requested information. *See* Verified Complaint, *N.C. Republican Party v. N.C. State Bd. of Elections*, No. 24CV036912-910 (Wake Cnty. Super. Ct.) [App. 205-225]; Email from Paul Cox, N.C. State Bd. of Elections, to Philip Thomas & Craig Schauer (Nov. 18, 2024, 9:51 AM) [App. 226-27].

Second, even if a few election protests were emailed or received by email shortly after 5:00pm on 19 November 2024, the filing of such protests still substantially complied with the deadline in N.C. Gen. Stat. § 163-182.9(b)(4)(c). As the election protest statutes make clear, absolute compliance with the election protest procedures is not required. Rather, an election protest is adequate if it “*substantially* complies with G.S. 163-182.9.” N.C. Gen. Stat. § 163-182.10(a)(1) (emphasis added) (“The county board shall, as soon as possible after the protest is filed, meet to determine whether the protest substantially complies with G.S. 163-182.9 and whether it establishes probable cause to believe that a violation of election law or irregularity or misconduct has occurred.”). The protest can be dismissed on procedural grounds only if the protest “does not substantially comply with G.S. 163-182.9.” *Id.* § 163-182.10(d)(2)(a).

The low and flexible “substantial compliance” standard makes sense. The election protest process is supposed to be “simple so that everyone, not just lawyers, can use it.” *Bouvier*, 386 N.C. at 4, 900 S.E.2d at 843. Substantial compliance—not perfect compliance—is all that’s called for.

Next, even if the Board thought a protest filed three or four minutes after 5:00pm did not substantially comply with a 5:00pm deadline, the Board would have the discretion to disregard the technical noncompliance. When this Board exercises jurisdiction over a protest, it “may consider protests that were not filed in compliance with G.S. 163-182.9.” N.C. Gen. Stat. § 163-182.12.

An exercise of such discretion would be appropriate here. Because of the nature of their challenges for a statewide race, counsel for the Protestors were required to file protests in every county of the state, based on information and data that was still being received from the state and county boards the day before and day of the deadline for the protests. By contrast, the Protestors' opponents cannot possibly show prejudice from a protest received a few minutes after 5:00pm.

Other courts have also dealt with similar filing issues and have excused them. In a contentious federal case, a party moving for summary judgment filed its motion four minutes after its midnight filing deadline. *Hyperphrase Techs. LLC v. Microsoft Corp.*, No. 02-C-647-C, 2003 WL 21920041, at *1 (W.D. Wis. July 1, 2003). The non-moving party promptly filed a motion to strike the brief as untimely. The federal court denied the motion in a humorous opinion that showed the perils of hyper-zealousness. *See id.* (“Wounded though this court may be by Microsoft’s four minute and twenty-seven second dereliction of duty, it will transcend the affront and forgive the tardiness. . . . Having spent more than that amount of time on Hyperphrase’s motion, it is now time to move on to the other Gordian problems confronting this court.”). Other courts, including our own, have taken similar views. *See, e.g., Hwang v. Cairns*, No. COA22-31, 2023 WL 192912, at *4 (N.C. Ct. App. Jan. 17, 2023), *review allowed on other grounds*, 385 N.C. 298, 890 S.E.2d 913 (2023) (forgiving party’s service of brief “two minutes after the deadline” and denying motion to dismiss appeal); *Carnell Const. Corp. v. Danville Redevelopment & Hous. Auth.*, No. 4:10CV00007, 2012 WL 2367157, at *3 n.2 (W.D. Va. June 21, 2012) (forgiving filing made

four minutes late); *McCarter v. Univ. of N.C. at Chapel Hill*, No. 1:20CV1050, 2024 WL 1142518, at *1 n.1 (M.D.N.C. Mar. 15, 2024) (forgiving late filing, especially due to lack of prejudice); *Winebarger v. Bos. Sci. Corp.*, No. 2:13-CV-28892, 2015 WL 1887222, at *25 (S.D.W. Va. Apr. 24, 2015) (forgiving filing that was made “just minutes after the deadline”).

Under the circumstances, the Protestors request that any late filing be forgiven.

CONCLUSION

For the reasons stated in this brief, as well as the reasons stated in the protests filed with the county boards of election, this Board should conclude that there is substantial evidence to believe that a violation of the election laws or other irregularity or misconduct occurred and that it was sufficiently serious to cast doubt on the apparent results of the elections being protested.

This the 27th day of November, 2024.

DECISION AND ORDER

At a public meeting held on December 11, 2024, the State Board of Elections (“State Board”) considered election protests filed by four candidates in the 2024 General Election: Jefferson Griffin, a Republican candidate for associate justice of the Supreme Court of North Carolina; Ashlee Adams, a Republican candidate for N.C. Senate District 18; Stacie McGinn, a Republican candidate for N.C. Senate District 42; and Frank Sossamon, a Republican candidate for N.C. House District 32 (collectively, the “Protesters”). The Board consolidated the protests filed by these candidates for its decision, because they all involve the same sets of legal issues.

Upon consideration of the protest materials submitted by the Protesters; the briefs submitted by the Protesters, opposing candidates, and other interested parties; the oral argument presented to the State Board by counsel for the candidates; and the matters upon which judicial notice was taken, the Board concluded that the protests did not substantially comply with the service requirements and did not establish probable cause to believe that a violation of election law or irregularity or misconduct occurred in the protested elections. The Board therefore dismisses these protests.

I. BACKGROUND

On November 19, 2024, the Protesters filed over 300 protests across the state challenging the apparent results of their elections. After the county boards of elections conducted recounts in all of these contests, the final canvassed results are as follows:

CONTEST	CANDIDATE	PARTY	BALLOT COUNT	PERCENT
Supreme Court Associate Justice	Allison Riggs	DEM	2,770,412	50.01%
	Jefferson G. Griffin	REP	2,769,678	49.99%
NC Senate District 18	Terence Everitt	DEM	59,667	48.47%
	Ashlee Bryan Adams	REP	59,539	48.36%
	Brad Hessel	LIB	3,906	3.17%
NC Senate District 42	Mrs. Woodson Bradley	DEM	62,260	50.08%
	Stacie McGinn	REP	62,051	49.92%
NC House District 32	Bryan Cohn	DEM	21,215	48.95%
	Frank Sossamon	REP	20,987	48.42%
	Ryan Brown	LIB	1,140	2.63%

Protests were filed in almost every county in the state.¹ Those protests are based on six categories of allegations that certain general election voters' ballots were invalid. Those six categories and the number of voters challenged per category are:

¹ The legislative candidates filed protests in only those counties within the jurisdiction of their legislative contests.

1. Ballots cast by registered voters whose voter registration database records contain neither a driver's license number nor the last-four digits of a social security number—60,273 voters challenged;
2. Ballots cast by overseas citizens who have not resided in North Carolina but whose parents or legal guardians were eligible North Carolina voters before leaving the United States—266 voters challenged;
3. Ballots cast by military or overseas citizens under Article 21A of Chapter 163, when those ballots were not accompanied by a photocopy of a photo ID or ID Exception Form—1,409 voters challenged;²
4. Ballots cast by voters who were serving a felony sentence as of Election Day—240 voters challenged;
5. Ballots cast by voters who were deceased on Election Day—156 voters challenged; and
6. Ballots cast by voters who registration was denied or removed—572 voters challenged.³

Across all counties and among the four Protesters, the protests alleging the same category of allegedly ineligible voters are structured and pleaded in the same fashion. The only differences among county protests of the same category are the identities of the voters being

² Griffin has sought to add voters to the second and third protest categories in supplemental filings submitted after the deadline to file an election protest. *See* G.S. § 163-182.9(b)(4). Because the Board determines these protests are legally deficient, it need not determine whether such supplementations are allowable under the General Statutes and Administrative Code.

³ Some challenged voters are included in multiple protests filed in the same county. For instance, voters removed after dying before Election Day may be in both the deceased and removed protests. Additionally, Griffin has withdrawn his protests in a few counties. Accordingly, while these last three types of protests together appear to total 968 voters, in actuality they involve a combined 817 voters.

challenged—i.e., only voters registered in the county receiving the protest are part of a protest that the county board received.

On Wednesday, November 20, 2024, the State Board held a meeting, noticed on an emergency basis under N.C.G.S. § 143-318.12, to consider whether to take jurisdiction over some of the protests, which the State Board may do under N.C.G.S. § 163-182.12. The Board voted unanimously to take jurisdiction over the first three categories of protests, which presented legal questions of statewide significance. The Board instructed the county boards of elections to retain jurisdiction to consider the remaining three categories of protests, which were focused on individual, fact-specific determinations of voter eligibility.

Currently, the last three categories of protests are at various stages in the election protest process, with some still pending with and yet to be finally decided by the county boards, some having been decided with no timely appeal, some that are subject to appeal, and some that have been withdrawn by the Protester.

This decision concerns the first three categories of election protests.

II. STANDARD OF DECISION

The State Board assumed jurisdiction over these protests pursuant to its authority under N.C.G.S. § 163-182.12, which states, in relevant part:

The State Board of Elections may consider protests that were not filed in compliance with G.S. 163-182.9, may initiate and consider complaints on its own motion, may intervene and take jurisdiction over protests pending before a county board, and may take any other action necessary to assure that an election is determined without taint of fraud or corruption and without irregularities that may have changed the result of an election.

When a protest is filed with a county board, the county board must first hold a “preliminary consideration” meeting. N.C.G.S. § 163-182.10(a). At that meeting, before a protest

may advance to an evidentiary hearing on the allegations, the county board must first “determine whether the protest substantially complies with G.S. 163-182.9 and whether it establishes probable cause to believe that a violation of election law or irregularity or misconduct has occurred.” *Id.* Only if a protest satisfies both of these requirements will it advance to an evidentiary hearing. *Id.*

The first preliminary consideration requirement considers whether the protest satisfied the filing requirements in N.C.G.S. § 163-182.9. These requirements include the deadline by which a protest must be filed, how the protest must be filed, and the use of the State Board’s election protest form, which is promulgated in an administrative rule, 08 NCAC 02 .0111, pursuant to a statutory mandate for the State Board to “prescribe forms for filing protests.” N.C.G.S. § 163-182.9.

The second preliminary consideration requirement considers whether the substance of the protest meets the pleading threshold to advance to a hearing—“whether it establishes probable cause to believe that a violation of election law or irregularity or misconduct has occurred.” N.C.G.S. § 163-182.10(a)(1). This standard involves both legal and factual questions. Legally, the Board must decide whether the claims made in the protest are actionable via a protest as a matter of law—whether the allegations even amount to a violation, irregularity, or misconduct in the conduct of the election. If so, the Board must decide whether the factual allegations and evidence attached to the protest establish probable cause to believe that the alleged violation, irregularity, or misconduct actually occurred.

Probable cause is a commonsense, practical standard: Is the material submitted by the protester sufficient for a reasonable and prudent person to believe that election law violations, irregularities, or misconduct occurred in the conduct of the election. It does not mean that such a

belief is necessarily correct or more likely true than false. A probability of an irregularity in the conduct of the election is sufficient. *See Adams v. City of Raleigh*, 245 N.C. App. 330, 336–37, 782 S.E.2d 108, 113–14 (2016).

The General Statutes are not clear whether the State Board must conduct preliminary consideration, which is prescribed for county board protest procedures in N.C.G.S. § 163-182.10, when the State Board exercises jurisdiction over a protest in the first instance under N.C.G.S. § 163-182.12. Nonetheless, the State Board adopts this established preliminary consideration procedure with regard to these protests, in the interest of the efficient administration of justice.

III. ANALYSIS

The protests at issue were not served on affected voters in accordance with law. Additionally, each of the three categories of protests is legally deficient. The protests are therefore dismissed.

A. Service of Protests on Challenged Voters⁴

The Board first concludes that the Protesters failed to serve the registered voters they seek to challenge in their protests in a manner that would comply with the North Carolina Administrative Code and be consistent with the requirements of constitutional due process.

When a board of elections conducts its preliminary consideration of a protest filing, it is tasked with first determining “whether the protest substantially complies with G.S. 163-182.9.” N.C.G.S. § 163-182.10(a)(1). That statute requires certain information to be contained within the protest filing (*i.e.*, identification of the protestor, the basis of the protest, and the remedy

⁴ A small number of the protests encompassed within this order may not have been timely filed under G.S. § 163-182.9(b)(4), including all of Adams’s protests and the Griffin protests filed in Moore, Orange, and Richmond counties. Nonetheless, the Board does not need to decide whether they were timely or whether the Board would exercise its jurisdiction under G.S. § 163-182.12 to consider such untimely protests, as it is dismissing these protests for other reasons.

requested), while also stating the following: “The State Board of Elections shall prescribe forms for filing protests.” N.C.G.S. § 163-182.9(c).

The State Board has promulgated such a form in the administrative code at 08 NCAC 02 .0111. This rule, which carries the force of law, makes clear the protestor’s responsibilities in completing, filing, and serving the form. The Board promulgated this rule in 2020 under its specific statutory authority to do so under N.C.G.S. §§ 163-182.9(c) and 163-182.10(e), and under its general statutory authority for rulemaking under N.C.G.S. § 163-22(a).

Any voters whose right to vote is called into question by the protest are “affected parties” who must be served with copies of all protest filings, as follows:

You must serve copies of all filings on every person with a direct stake in the outcome of this protest (“Affected Parties”). . . . If a protest concerns the eligibility or ineligibility of particular voters, all such voters are Affected Parties and must be served. Address information for registered voters is available from the county board of elections or using the Voter Lookup at www.ncsbe.gov.

08 NCAC 02 .0111 (emphasis added).

The rule provides the following instruction for how and when to serve the protest filings:

*Materials may be served by personal delivery, transmittal through U.S. Mail or commercial carrier service to the Affected Party’s mailing address of record on file with the county board of elections or the State Board, or by any other means affirmatively authorized by the Affected Party. . . . Service must occur within one (1) business day of filing materials with the county board of elections. If service is by transmittal through the U.S. Mail or commercial carrier service, service will be complete when the properly addressed, postage-paid *parcel* is deposited into the care and custody of the U.S. Mail or commercial carrier service. It is [the protester’s] responsibility to ensure service is made on all Affected Parties.*

Id. (emphasis added).

The question at hand is whether the Protesters’ method of service satisfies the requirement in 08 NCAC 02 .0111 to “serve” the voters with “copies of all filings.”

i. Method of service used by the Protesters

The Protesters did not personally deliver physical copies of the filings to the voters or mail physical copies of the filings to the voters' address in their voter registration record. Instead, the Protesters mailed a postcard, with the sender identified as the North Carolina Republican Party, and this message: "your vote may be affected by one or more protests filed in relation to the 2024 General Election," and an instruction to scan a QR code⁵ to view the protest filings. The postcard does not inform the voter that it is Griffin, Adams, McGinn, or Sossamon protesting, that they are challenging the voter's eligibility to vote, or include the text of the link that the QR code points to (https://www.nc.gop/griffin_protest). This means that the method of service used by Griffin requires a recipient to somehow know this postcard is intended to be a legal document, and to trust the card is not a scam⁶ or junk mail. The voter must also have a smartphone and know how to scan a QR code.⁷ There is no other way from the face of the postcard for the recipient voter to know what website to visit to obtain access to the information and materials necessary to know the nature of the proceeding and how the voter is affected by it.

⁵ "QR codes (or Quick Response codes) are two-dimensional codes that you can scan with a smartphone. The code contains information, usually a site address, and once you scan it, the code connects you with a resource on the web." *Introduction to QR codes*, Digital.gov, available at <https://digital.gov/resources/introduction-to-qr-codes/> (last visited December 9, 2024).

⁶ While generally useful and increasingly more common, the federal government has made clear that there can be security issues with using QR codes, because "[c]ybercriminals can tamper with QR codes, replacing them altogether with QR code stickers or interfering with the link that's embedded in the code." *Introduction to QR codes*, Digital.gov (referring to guidance from the Federal Bureau of Investigations in 2022).

⁷ See *Symbology Innovations, LLC v. Lego Sys.*, 158 F. Supp. 3d 916, 922 (E.D. Va. 2017) ("To access information stored in the QR code, a consumer must have a QR code reader application ("app") installed on the consumer's smart phone. When presented with a QR code, the consumer opens the app, which activates the smartphone's camera to scan the QR code. The app then processes the QR code, decodes its message, and uses the encoded URL to access the online content sought by the consumer." (citations omitted)).

If the voter has a smartphone and knows how to scan the QR code, then they will be taken to a website, on the browser app of their smartphone, hosted by the North Carolina Republican Party containing links to the hundreds of protests filed by all four of the Protesters.⁸ Despite the postcard informing the voter to “check under the county in which you cast a ballot to see what protest may relate to you,” only the Griffin protest is organized by county. The Adams protest filing links include names of counties that may clue in a voter that they must be registered to vote in that county to be subject to that particular protest, but the six McGinn protest filing links and five Sossamon protest filing links contain no such information. Again, the postcard does not inform the voter which candidate is challenging their eligibility, so a voter would need to review the Griffin, Adams, McGinn, and Sossamon protest filings to determine whether they are affected, and then choose from among the several categories of protests listed. All this must be done on the browser app of a voter’s smartphone if they have one.

Once a voter has located which of the hundreds of protest filings linked on the website might include them, they must then peruse the filings, on their smartphone, to locate their name in printouts of spreadsheets attached to a protest filing. These attachments do not list voters alphabetically and, depending on the basis of the protest, may contain hundreds of names across numerous pages. Take for instance the Lee County protests filed by Griffin. The “Incomplete Voter” protest alone contains almost 200 voters’ names across five pages,⁹ with another 10

voters challenged across three other protest filings.¹⁰ A Lee County voter in receipt of Griffin's postcard would have to read through every line of text in the spreadsheets attached to these four protests to determine if their name is on one or more of the lists of voters challenged by Griffin, as well as the other protests listed on the website. And even if the voter finds their name, in most instances the only way to confirm the name listed refers to them would be to look up their NCID number or voter registration number (VRN) on their voter registration card (if they have ready access to it) or voter profile on the State Board's website.¹¹ This is because the only demographic information listed on the spreadsheet for most of the protests is the voter's name and those identifier numbers, which are only relevant for administrative election purposes and are generally not known by a voter. The face of the protest form likewise does not contain any challenged voter's demographic information.

ii. Compliance with the service requirements

The method of service employed here does not comport with the plain text of the rule or the constitutional due-process requirements to serve an affected party.

First, a straightforward reading of the instructions in 08 NCAC 02 .0111 make it clear that the "materials" to be served through personal delivery or as a "parcel" in the mail are *physical* "copies of all filings."

This plain reading of the rule makes even more sense when considering how service is typically made in other contexts. For example, service of process on a natural person (*i.e.*, a

¹⁰ Copies of all protests filed by Griffin, including those that may have been late or not actually received by a county, are available on the State Board's website at: <https://dl.ncsbe.gov/?prefix=Legal/Nov%202024%20Protests/Griffin/>.

¹¹ Available at: <https://vt.ncsbe.gov/RegLkup/>.

person, not a corporation) in a civil lawsuit must be done by “*delivering a copy* of the summons and of the complaint” to person, or their agent, by “*leaving copies* thereof” at the person’s home, by “*mailing a copy* of the summons and of the complaint” by certified mail or through a designated delivery service. N.C.G.S. § 1A-1, Rule 4(j)(1) (emphasis added). As another example, when documents other than the summons and complaint must be served directly on a party to a civil lawsuit, service must be done as provided in Rule 4, or by “*delivering a copy* to the party,” which means physically “*handing it to* the party,” or by “*mailing a copy* to the party at the party’s last known address,” or by email “if the party has consented to receive e-mail service in the case at a particular e-mail address, and a copy of the consent is filed with the court by any party.” N.C.G.S. § 1A-1, Rule 5(b)(2) (emphasis added). There is no North Carolina statute or rule that authorizes service of a document to be made by directing a recipient to a website through a QR code located on a postcard mailed in lieu actually including the document required to be served. This is especially important here because the postcard never states clearly that the recipient’s right to vote is being challenged.

Second, the method of service employed by the Protesters violates the constitutional due process rights of the affected voters.

Election protests are quasi-judicial proceedings. *Bouvier v. Porter*, 386 N.C. 1, 12, 900 S.E.2d 838, 848 (2024). When a board of elections proceeds in its quasi-judicial capacity, the due process rights of the participants must be protected. *See Rotruck v. Guilford Cty. Bd. of Elections*, 267 N.C. App. 260, 265, 833 S.E.2d 345, 349 (2019) (applying *Coastal Ready-Mix Concrete Co. v. Bd. of Comm’rs*, 299 N.C. 620, 265 S.E.2d 379 (1980), in reviewing a voter registration challenge heard before a county board of elections). This protection is particularly important when the election protest challenges the eligibility of voters to vote in the protested

contest, because a successful protest will mean the discarding of their votes. Voters have a constitutionally protected liberty interest in their right to vote. See *Democracy N.C. v. N.C. State Bd. of Elections*, 476 F. Supp. 3d 158, 227 (M.D.N.C. 2020).

At a minimum, due process requires “notice and opportunity for hearing appropriate to the nature of the case.” *Mullane v. Cent. Hanover Bank & Tr. Co.*, 339 U.S. 306, 313, 70 S. Ct. 652, 656-57 (1950); see *McMillan v. Robeson Cty.*, 262 N.C. 413, 417, 137 S.E.2d 105, 108 (1964) (incorporating these procedural due process requirements through the “law of the land” and “due process of law” provisions of the North Carolina Constitution.). “This right to be heard has little reality or worth unless one is informed that the matter is pending and can choose for himself whether to appear or default, acquiesce or contest.” *Mullane*, 339 U.S. at 314, 70 S. Ct. at 657.

“An elementary and fundamental requirement of due process in any proceeding which is to be accorded finality is notice reasonably calculated, under all the circumstances, to apprise interested parties of the pendency of the action and afford them an opportunity to present their objections.” *Id.* at 314, 70 S. Ct. at 657 (cleaned up); see *In re Appeal of McElwee*, 304 N.C. 68, 81, 283 S.E.2d 115, 123 (1981) (applying *Mullane*). “[W]hen notice is a person’s due, process which is a mere gesture is not due process. The means employed must be such as one desirous of actually informing the absentee might reasonably adopt to accomplish it. The reasonableness and hence the constitutional validity of any chosen method may be defended on the ground that it is in itself reasonably certain to inform those affected, or, where conditions do not reasonably permit such notice, that the form chosen is not substantially less likely to bring home notice than other of the feasible and customary substitutes.” *Mullane*, 339 U.S. at 315, 70 S. Ct. at 657–58 (cleaned up).

The Protesters' chosen method of service is not reasonably calculated under the circumstances to inform the challenged voters as to what action is pending, nor does it provide enough information for the voters to determine what they can even do about it. Instead, the postcard with a QR code method can reasonably be described as a "mere gesture" at providing the voters with notice. After all, not every voter will even have a smartphone or the wherewithal for scanning the QR code, or be trusting enough of an unsolicited postcard mailing from a political party to even follow that QR code. And the wording of the postcard is so vague that it is unlikely to clearly inform the recipient that a legal proceeding has been filed against them. For those voters who happen to understand that the postcard is notifying them that a legal proceeding has been filed against them, and who are trusting and savvy enough to follow the QR code on their smartphone, they still have to engage in a needle-in-a-haystack effort to locate what has been alleged about them and by whom, and what is the authority underlying the legal proceeding which would perhaps give them an indication of how and whether they can respond. The method of service chosen here is substantially less likely to give the voters notice than any other customary alternatives.

As Griffin notes in his brief, the Supreme Court of North Carolina has observed that the election protest process is supposed to be "simple so that everyone, not just lawyers, can use it." *Bouvier v. Porter*, 386 N.C. 1, 4, 900 S.E.2d 838, 843 (2024).¹² The applicable rule is quite simple when it comes to service of the protest filings on affected parties. And following its direction would indeed ensure that the affected party receives adequate notice of the proceedings. Yet, instead of simply mailing to each voter a physical copy of the filing that is actually

¹² This notion should apply to not only the people bringing the protest, but obviously, for those who may have their votes stripped through the protest, as well.

applicable to the voter, the Protesters chose to have their political party send each of voters they have challenged on a journey that would likely leave many of the voters wishing they had a digital-age Lewis and Clark to lead the way. Accordingly, the Protesters have failed to meet this “elementary and fundamental requirement of due process” with their chosen method of service. *Mullane*, 339 U.S. at 314, 70 S. Ct. at 657.

In sum, the Protesters have failed to show substantial compliance with the requirement of 08 NCAC 02 .0111 to “serve” the voters they are challenging with “copies of all filings,” and their decision to employ the postcard QR code method of service was not reasonably certain to inform the affected voters of the matter such that they could choose for themselves how to respond.

For these reasons, the State Board concludes, by a vote of 3 to 2, that the protests were not properly served on affected parties required to receive service of copies of the protest filings and therefore do not substantially comply with N.C.G.S. § 163-182.9. The Board will nonetheless address the remaining aspects of preliminary consideration review, because the General Statutes call for reviewing the protest for both procedural compliance and probable cause at the preliminary consideration stage. *See* N.C.G.S. § 163-182.10(a)(1) (“If the board determines that one *or both requirements* are not met, the board shall dismiss the protest.” (emphasis added)).

B. Alleged Incomplete Registrations

The protests regarding allegedly incomplete voter registration forms fail to establish probable cause that a violation, irregularity, or misconduct in the election, that is actionable via a post-election protest, has occurred.

The Protesters filed a series of protests across the state which challenged the eligibility of over 60,000 voters who cast ballots in the November 2024 general election and whose electronic voter registration database records displayed neither a driver's license number nor the last four digits of a social security number. The Protesters conclude that these voters never submitted either of these numbers when registering to vote. Accordingly, the Protesters request that these voters' ballots be removed from the official count, or, if the voters submit the missing information in some post-canvass information-gathering procedure yet to be devised, their vote may count.

i. Factual basis for the protests

As an initial matter, the Protest filings include insufficient allegations and evidence to establish probable cause to believe that their challenged voters failed to provide one of these identification numbers on their voter registration application.

The Protesters and their affiant in support of their protest filings make the factual assumption that a list of voters who lack certain data in the voter registration database record never provided that data. As their affiant states, to produce their list, they requested a list of voters who "do not contain data in one or more of the following data fields: (1) Driver's License Number; or (2) Last Four Digits of Social Security Number." It requires a factual inference to then conclude that the absence of these data elements in a database means that a voter's registration application was incomplete when submitted. It would be an unwarranted inference, based on the language of our statutes and prior Board decisions on this issue.

First, a voter who submits a registration application without one of these identification numbers because they do not have one is nonetheless allowed to register to vote, despite their form lacking these numbers. *See* N.C.G.S. § 163-82.4(b) ("The State Board shall assign a unique

identifier number to an applicant for voter registration if the applicant has not been issued either a current and valid drivers license or a social security number.”); *see also* 52 U.S.C. § 21083(a)(5)(ii) (similar).

Second, when a registrant provides one of these numbers but the number does not validate through a database match among different government databases, their voter registration database record will lack such a number. When a person submits a voter registration application with a driver’s license number or the last four digits of a social security number, the county board must attempt to validate that number using N.C. Division of Motor Vehicles (NCDMV) and Social Security Administration databases. *See* N.C.G.S. § 163-82.12(6)–(9). If that number does not validate, then the person must be informed of that fact and offered an alternative means of confirming their identity before they first vote. *Id.* §§ 163-82.12(9), 163-166.12(d). They may do so by presenting a “current and valid photo identification,” or a “copy of one of the following documents that shows the name and address of the voter: a current utility bill, bank statement, government check, paycheck, or other government document.” *Id.* § 163-166.12(a), (d). Unvalidated identification numbers are not retained in a voter’s registration record. *See In re: HAVA Complaint of Joanne Empie*, N.C. State Bd. of Elections, at 7 (Nov. 11, 2024) (“Once that happens, the database removes the unverified driver’s license number or last four digits of a social security number from the electronic registration record, although the data is still retained elsewhere within the system.”).¹³

¹³ Available at <https://s3.amazonaws.com/dl.ncsbe.gov/HAVA%20Administrative%20Complaints/2024-08-07%20Empie/ED%20Recommendation%20-%20HAVA%20Complaint%20Decision%20-%20Empie.pdf>. The State Board takes judicial notice of its prior decisions on the issue of identification numbers on voter registration applications. Such notice was announced at the State

Accordingly, it would be an unwarranted inference to conclude that the lack of numbers in a voter registration database field for a driver's license number or last four digits of a social security number means that the person registered to vote without providing one of these numbers, despite having such a number. The Protesters offer no reason in their protest papers to conclude that any of the voters they are challenging fall outside these categories. The Protests therefore lack sufficient factual enhancement to establish probable cause to believe a violation of law, irregularity, or misconduct in the conduct of the election has occurred, even assuming what has been alleged is such a violation. N.C.G.S. § 163-182.10(a)(1).

ii. Legal basis for the protests

Even assuming the facts alleged and the affidavit accompanying the protests established probable cause to believe some voters registered without providing their identification numbers and they actually possessed such numbers, the fact that these registered voters cast ballots is not a violation, irregularity, or misconduct in the conduct of the election, for the following reasons.

a. Previous decisions foreclose these protests.

The legal requirement to require one of these identification numbers derives from federal law, and the complained-of issue has been remedied consistent with federal law.

No provision of North Carolina law clearly states that a county board may not process a registration application from a voter who does not provide one of these identification numbers. The General Statutes provide that the voter registration form must "request" this information. N.C.G.S. § 163-82.4(a). It requires an inference, based on the fact that specific other items are

Board's December 11, 2024, meeting where the Board received argument from Protesters' and Respondents' counsel, and counsel were offered an opportunity to object to such notice. No objection was raised.

referred to as “optional” in the statute, to conclude that the absence of such “request[ed]” information on a voter registration application requires a county board to reject a person’s registration application as a matter of state law, as the Protesters contend. They perhaps draw that inference from another subsection of the same statute, subsection (f), which states, “If the voter fails to complete any *required item* on the voter registration form but provides enough information on the form to enable the county board of elections to identify and contact the voter, the voter shall be notified of the omission and given the opportunity to complete the form at least by 5:00 P.M. on the day before the county canvass as set in G.S. 163-182.5(b).” (Emphasis added.) But it’s a question-begging argument to assert that the “request[ed]” identification numbers identified in subsection (a) of this statute is a “required item” under subsection (f), simply because subsection (f) refers indiscriminately to a “required item” on the form.

To be sure, the State Board considers this a required item, not because of state law, but because of federal law. Since 2004,¹⁴ the federal Help America Vote Act (HAVA) has prohibited a state from processing a voter registration application without one of these numbers, if the voter has one. 52 U.S.C. § 21083(a)(5)(A). But this Board and a federal court, examining this very issue prior to and during this election, determined that any previous failure to implement this federal requirement cannot be held against already-registered voters casting ballots in this election, as explained below.

After receiving a HAVA administrative complaint in 2023 seeking a similar remedy based on the alleged registration of voters who did not provide these numbers despite having them, this Board determined that retroactively requiring this information of registered voters was

¹⁴ Or 2006, depending on a federal waiver. *See* 52 U.S.C. § 21083(d)(1).

a remedy not authorized by HAVA. *In re: HAVA Complaint of Carol Snow*, N.C. State Bd. of Elections, at 4 (Dec. 6, 2023).¹⁵ In its determination, the Board noted that “the law’s purpose of identifying the registrant upon initial registration is already accomplished because any voter who did not provide a driver’s license number or the last four digits of a Social Security number would have had to provide additional documentation to prove their identity before being allowed to vote, by operation of the separate provision of HAVA In other words, no one who lacked this information when registering since the enactment of HAVA would have been allowed to vote without proving their identity consistent with HAVA.” *Id.* at 4–5.

That separate provision of HAVA states that a new voter registration applicant must provide an alternative form of identification before or upon voting for the first time, if the state did not have a system complying with the requirement to collect a driver’s license number or last four digits of a social security number. *See* 52 U.S.C. § 21083(b)(1)–(3). Those alternative forms of identification, as discussed already, include “a current and valid photo identification,” or “a copy of a current utility bill, bank statement, government check, paycheck, or other government document that shows the name and address of the voter.” *Id.* § 21083(b)(2)(A)(i)–(ii). North Carolina’s election officials refer to these alternative forms of identification as “HAVA ID.” As

The motion that the Board unanimously adopted at this hearing stated, “the State Board resolve[s] the HAVA complaint filed by Carol Snow by determining that a violation of Section 303 of HAVA could occur as a result of the voter registration application form failing to require an applicant to provide an identification number or indicate that they do not possess such a number, and that the appropriate remedy is the implementation of staff’s recommended changes to the voter registration application form and any related materials.” *See* Minutes of Meeting, N.C. noted in this prior Board decision on the HAVA complaint, the boards of elections require voters without these numbers in their database record to provide HAVA ID before they can first cast a ballot. *In re: HAVA Complaint of Carol Snow* at 4–5.

Prior to the General Election, the Republican National Committee and North Carolina Republican Party filed a lawsuit seeking the same relief sought by Protesters here. The federal district court for the Eastern District of North Carolina acknowledged the legal flaw in awarding such relief in the instant election, given that there had been no meaningful opportunity for the voters at issue to address any potential deficiency far enough in advance of the election to comply with the law. The court noted that it was a meritorious contention that equitable principles “prohibit[] granting Plaintiffs relief in connection with the most recent election.” Order at 4, *Repub. Nat’l Comm. v. N.C. State Bd. of Elections*, No. 5:24-cv-547 (Nov 22, 2024). The court further affirmed, when discussing the equitable doctrine of laches, that “Plaintiffs in this action are not going to obtain any relief in connection with the most recent election.” *Id.*

Accordingly, to the extent there is a potential violation of HAVA involved in the registration of voters in the past, it was remedied consistent with a separate provision of HAVA, and a federal court has determined that no further remedy would be permissible for the current election.

b. Protests cannot be used to remove ballots of eligible voters who did everything they were told to do to register.

A violation, irregularity, or misconduct does not occur when a voter does everything the government requires of them to register, they possess the qualifications to vote, and they vote. Because the protests do not allege otherwise, they have failed to allege a protest that is actionable as a matter of law.

Assuming that the protests provide a sufficient basis to conclude that any of the challenged voters registered without providing an identification number and did not indicate that they lacked such numbers, the Protesters admit that it would not have been the voter's fault that they were able to nonetheless register. They explain, correctly, that for a number of years and spanning multiple Board administrations, the voter registration form in North Carolina did not fully inform voters that these identification numbers were required to be submitted with the form. As the State Board concluded when considering the aforementioned HAVA complaint, "a violation of [HAVA's requirement to gather these numbers during registration] could occur as a result of the current North Carolina voter registration application form failing to require an applicant to provide an identification number or indicate that they do not possess such a number." *In re: HAVA Complaint of Carol Snow*, N.C. State Bd. of Elections, at 4 (Dec. 6, 2023). The Board therefore ordered the form be changed in December 2023 and ordered that county boards be instructed that such numbers must be obtained before processing registrations going forward, unless the voter affirmed that they lacked these numbers. *Id.*

With regard to already-registered voters, the Board explained that any voters who were able to register without providing one of the identification numbers would have been required to use HAVA's alternative means of confirming their identity before voting: a current and valid photo identification, or a copy of a current utility bill, bank statement, government check, paycheck, or other government document that shows the name and address of the voter. *See id.* at 4–5 (citing to 52 U.S.C. § 21083(b)(2)(A)). Moreover, in all elections since April 2023, all such voters, whether they had provided an identification number at registration or presented an alternative form of ID when they first voted, have be asked to provide a valid photo ID under state law to prove their identity during every election. N.C.G.S. § 163-166.16.

Accordingly, at best, the Protesters' argument is that the voters they challenge did everything that was asked of them to prove their identity to register and vote, yet through an administrative error in the processing of registration forms, the boards of elections did not collect these voters' driver's license or last four digits of the social security number. Importantly, the Protesters do not allege that any of the challenged voters in this category lack the substantive qualifications to vote. This category of protests hinges only on alleged noncompliance with voter registration procedures. Under North Carolina law, however, this sort of challenge to an election is forbidden.

In a directly applicable case from the North Carolina Supreme Court, the court concluded that an error by election officials in the processing of voter registration cannot be used to discount a voter's ballot. *Woodall v. W. Wake Highway Com.*, 176 N.C. 377, 388, 97 S.E. 226, 231 (1918). There, registrars failed to administer an oath to voters, which was a legal prerequisite to registration. The court held,

A vote received and deposited by the judges of the election is presumed to be a legal vote, although the voter may not actually have complied entirely with the requirements of the registration law; and it then devolves upon the party contesting to show that it was an illegal vote, and this cannot be shown by proving merely that the registration law had not been complied with.

Id. at 389, 97 S.E. at 232. The court further explained,

Where a voter has registered, but the registration books show that he had not complied with all the minutiae of the registration law, his vote will not be rejected. Such legislation is not to be regarded as hostile to the free exercise of the right of franchise, and should receive such construction by the courts as will be conclusive as to a full and fair expression of the will of the qualified voters.

Id.

The Supreme Court reaffirmed the holding in *Woodall* decades later in *Overton v. Mayor & City Comm'rs of Hendersonville*, 253 N.C. 306, 316, 116 S.E.2d 808, 815 (1960). The court stated,

[A] statute prescribing the powers and duties of registration officers should not be so construed as to make the right to vote by registered voters depend upon a strict observance of the registrars of all the minute directions of the statute in preparing the voting list, and thus render the constitutional right of suffrage liable to be defeated, without the fault of the elector, by fraud, caprice, ignorance, or negligence of the registrars.

Id. (quoting *Gibson v. Bd. of Comm'rs*, 163 N.C. 510, 513, 79 S.E. 976, 977 (1913)).

Counsel for the Protesters offered no response to this directly applicable legal authority on which they had notice prior to the argument on these protests, even despite a Board member's request during argument for the Protesters to rebut it.

Not only does North Carolina law forbid this type of election protest, federal law also forbids it because it would violate substantive due process protections under the U.S. Constitution.

In *Griffin v. Burns*, 570 F.2d 1065 (1st Cir. 1978), election officials in Rhode Island, believing the issuance of absentee ballots in party primaries was authorized, and acting in accordance with a practice that had existed for about seven years in the case of primaries, advertised and issued those ballots for use in a party primary. *Id.* at 1067. After the primary, the losing candidate for the first time questioned the statutory and constitutional authority of the election officials to issue and count the ballots. *Id.* After being denied relief by the state elections board, the Rhode Island Supreme Court invalidated those absentee ballots and quashed the certificate of nomination, finding “there is no constitutional or statutory basis for allowing absentee and shut-in voters to cast their votes in a primary election.” *Id.* at 1068. The prevailing

candidate then filed a lawsuit in federal court. The First Circuit found that the retroactive invalidation of the ballots cast constituted “broad-gauged unfairness” prohibited under substantive due process jurisprudence, because the “issuance of such ballots followed long-standing practice; and *in utilizing such ballots voters were doing no more than following the instructions of the officials charged with running the election.*” *Id.* at 1075-76 (emphasis added).

The Fourth Circuit has adopted the Griffin framework as “settled” law. *Hendon v. N.C. State Bd. of Elections*, 710 F.2d 177, 182 (4th Cir. 1983); *see also Bennett v. Yoshina*, 140 F.3d 1218, 1226–27 (9th Cir. 1998) (adopting the *Griffin* framework and explaining, “a court will strike down an election on substantive due process grounds if two elements are present: (1) likely reliance by voters on an established election procedure and/or official pronouncements about what the procedure will be in the coming election; and (2) significant disenfranchisement that results from a change in the election procedures.”).

Here, the protests are premised on voters not supplying their driver’s license or social security number when registering to vote, and the county boards of elections processing those forms. The grounds for the protest resulted from the State Board-produced voter registration form and past guidance from the State Board that would lead those counties to treat forms without such an identifier as requiring the voter to show a HAVA ID before voting rather than be considered incomplete. That is what the voters were informed to do to validly vote, and they relied on that information. Under these circumstances, to remove the ballots of any of these voters—whether automatically in resolution of the protest after hearing the evidence¹⁶ or upon

¹⁶ Even if the State Board agreed with the Protesters that should voters’ ballots could be removed pursuant to the protest, before doing so, evidence would need to establish that each of these voters was actually registered after the effective date of HAVA without providing a driver’s

some post-canvass notice procedure involving the voters, as the Protesters suggest would be permissible—would result in “the kind of ‘broad-gauged unfairness’ that renders an election patently and fundamentally unfair.” *Lecky v. Va. State Bd. of Elections*, 285 F. Supp. 3d 908, 916 (E.D. Va. 2018). As Chief Judge Myers of the Federal District Court for the Eastern District of North Carolina stated during oral argument over this same class of voters, “We certainly can’t be disenfranchising people who did what they were told to do who are eligible voters.” Transcript at 64:7–9, Doc. 63, *Repub. Nat’l Comm. v. N.C. State Bd. of Elections*, No. 5:24-cv-547 (Oct. 20, 2024). Accordingly, regardless of whether state law permits this election protest to proceed, the federal constitution does not.

c. Removing these voters’ ballots on this basis would violate the registration laws.

To grant the Protesters the relief they request in these protests, moreover, would violate state and federal voter registration laws. Without question, these challenged voters are registered voters. State and federal statutes restrict the removal of voters from “the official list of eligible voters” in an election unless those voters do not meet the substantive qualifications to vote. 52 U.S.C. § 20507(a)(3); N.C.G.S. § 163-82.14(a).

license number or last four digits of their social security number on their voter registration application, if they had one. As noted in the previous section, voter records routinely lack these numbers for other permissible reasons. Any such evidentiary review would also need to factor in routine data entry errors where county workers do not enter all the data from a registration form into the database, situations when a voter supplied such a number in a previous application under a different registration record than the one challenged, and situations when a voter registered prior to the effective date of HAVA but a new registration was created for them that is not linked to that older registration, among other potential reasons that any of the challenged voters may have been registered consistent with HAVA but nonetheless their database record lacks these numbers.

Under state law, “[e]very person registered to vote by a county board of elections in accordance with this Article *shall remain registered* until: (1) The registrant requests in writing to the county board of elections to be removed from the list of registered voters; or (2) The registrant becomes disqualified through death, conviction of a felony, or removal out of the county; or (3) The county board of elections determines, through the procedure outlined in G.S. 163-82.14, that it can no longer confirm where the voter resides.” N.C.G.S. § 163-82.1(c) (emphasis added). None of these provisions apply to permit the removal of the registrants challenged by the Protesters.

Under federal law, the National Voter Registration Act (NVRA), once a person is registered to vote, “a registrant may not be removed from the official list of eligible voters except” (A) at the request of the registrant; (B) by reason of criminal conviction or mental incapacity under state law; or (C) through list maintenance based on change of residency or death. 52 U.S.C. § 20507(a)(3), (a)(4), (c)(1). None of those reasons apply here. Another provision of the NVRA prohibits a state from conducting “any program” to “systematically remove the names of ineligible voters from the official lists of eligible voters” within 90 days of a federal election. *Id.* § 20507(c)(2).¹⁷

¹⁷ It cannot reasonably be contended that removing voters under such a program from the list of voters eligible to cast a ballot in an election would be permissible if done immediately after an election and that removal is retroactive to the election. The result is the same—the voter has been removed from the “official list of eligible voters” in *that election* in a manner that occurred too late under federal law. 52 U.S.C. § 20507(a). The Protesters sought to draw a distinction at oral argument between a voter being on the list of eligible voters in an election and that voter having their ballot removed from the count in that election yet remaining on the list of eligible voters. To describe that attempted distinction is to prove its lack of logic. It would completely undermine the purpose of having a list of voters who are eligible to vote in an election if a voter is on that list yet the government removes their ballot. *See Majority Forward v. Ben Hill Cty. Bd. of Elections*, 512 F. Supp. 3d 1354, 1368 (M.D. Ga. 2021) (rejecting this same argument as

A separate federal law, HAVA, requires that any maintenance of the voter lists by a state be “conducted in a manner that ensures that—(i) the name of each registered voter appears in the computerized list; [and] (ii) only voters who are not registered or who are not eligible to vote are removed from the computerized list.” 52 U.S.C. § 21083(a)(2)(B). Like the reasons set forth in the NVRA, those reasons for removal do not apply here either, by Protesters own admission.

Our state law directs that we maintain the voter rolls in compliance with the NVRA, N.C.G.S. § 163-82.14(a1), and this provision of HAVA, *id.* § 163-82.11(c). In other words, North Carolina has what is called a “unified” registration system, meaning that we have the same rules for registration for voters in state and federal elections, and there is one eligible voter list for both types of elections. *Republican Nat’l Comm. v. N.C. State Bd. of Elections*, 120 F.4th 390 (4th Cir. 2024).

Retroactively removing these voters from the list of voters eligible to cast a ballot in the election would violate all of these federal law provisions. Accordingly, this protest does not allege a violation, irregularity, or misconduct that is legally actionable via a post-election protest.

d. The protests contravene the intent of North Carolina law.

This category of protests is also unlawful under state law because it would undermine the clear intent of the legislature with regard to how a voter may have their eligibility to vote challenged in an election.

The General Statutes provide that the only basis to discount a registered voter’s ballot is to properly allege and prove that such a voter lacks the substantive qualifications to vote in the

drawing “a distinction without a difference” because “[t]he effect of not appearing on the list of electors is the same as not being eligible to vote”).

election, the voter has already voted or is being impersonated, or the voter failed to follow the photo ID law. *See* N.C.G.S. ch. 163, art. 8 (governing voter challenges). The voter challenge statutes of Chapter 163 provide that the only valid bases to challenge the right of someone's ballot to count in a general election are:

- the voter is not a resident of voting jurisdiction,
- the voter is not 18 years of age (or will not be by Election Day),
- the voter is serving a felony sentence,
- the voter is dead,
- the voter is not a citizen of the United States,
- the voter is not who he or she represents himself or herself to be,
- the voter already voted,
- the voter does not present photo identification in accordance with N.C.G.S. § 163-166.16.

N.C.G.S. §§ 163-85(c), -87, -89(c). The Protesters allege none of these disqualifications among the voters they challenge.

For the State Board to permit an election protest to seek to disqualify voters' ballots on bases that are not permitted by the voter challenge statutes would violate the clear intent of state law. The General Assembly has specifically provided the specific substantive grounds for challenging the eligibility of voters in an election. Allowing an election protest to expand on those grounds would work an end-run around that law. *DTH Media Corp. v. Folt*, 374 N.C. 292, 300, 841 S.E.2d 251, 257 (2020) ("When multiple statutes address a single matter or subject, they must be construed together, *in pari materia*, to determine the legislature's intent."); *Cooper v. Berger*, 371 N.C. 799, 810, 822 S.E.2d 286, 296 (2018) ("Under the doctrine of *expressio*

unius est exclusio alterius, when a statute lists the situations to which it applies, it implies the exclusion of situations not contained in the list. . . . In other words, sometimes a provision is written (or a set of provisions are written) in such a way that a reasonable negative inference can and should be drawn.”).

For all these reasons, the State Board concluded, by a vote of 3 to 2, that this category of protests does not establish probable cause to believe a violation of law, irregularity, or misconduct occurred in the conduct of the general election. N.C.G.S. § 163-182.10(a)(1).

C. U.S. Citizens Whose Parents Were North Carolina Residents but Who Have Never Resided in the United States

Next, the Board concludes that the protests regarding overseas-citizen voters who have never resided in the United States but whose parents resided in North Carolina before moving abroad fails to allege a violation, irregularity, or misconduct in the conduct of the election.

With regard to this category of protests, the Protesters are asking the State Board of Elections, an administrative agency, to ignore a statute of the General Assembly under the theory that the State Board should deem that statute unconstitutional. This, the Board cannot do.

In June 2011, the North Carolina General Assembly, while under the control of the Protesters’ political party, unanimously adopted Session Law 2011-182, entitled “An Act to Adopt Provisions of the Uniform Military and Overseas Voters Act Promulgated by the National Conference of Commissioners on Uniform State Law, While Retaining Existing North Carolina Law More Beneficial to Those Voters.”¹⁸ The act referenced in the title of the session law is a federal law that extends certain absentee voting privileges to military members and their families

¹⁸ <https://www.ncleg.gov/Sessions/2011/Bills/House/PDF/H514v0.pdf>.

and overseas citizens that are not available to civilians living in the United States. *See* 52 U.S.C. §§ 20301 – 20311.

Session Law 2011-182 specifically authorized U.S. citizens who have never lived in the United States to vote in North Carolina elections if they have a familial connection to this state. The session law enacted Article 21A of Chapter 163 of the General Statutes, or the Uniform Military and Overseas Voters Act. That Act allows “covered voters” to use unique procedures to register to vote, request an absentee ballot, and submit an absentee ballot, which are not available to civilian voters in the United States who may only vote absentee using procedures in Article 20 of Chapter 163. *See* N.C.G.S. §§ 163-258.6 through -258.15. Particularly relevant here, the Act defines “covered voters” to include the following:

An overseas voter who was born outside the United States, is not described in sub-subdivision c. or d. of this subdivision, and, except for a State residency requirement, otherwise satisfies this State’s voter eligibility requirements, if:

1. The last place where a parent or legal guardian of the voter was, or under this Article would have been, eligible to vote before leaving the United States is within this State; and
2. The voter has not previously registered to vote in any other state.

Id. § 163-258.2(1)e.

The Act further reiterates the special procedures afforded such voters when it deems, for the purpose of voter registration, that the residence assigned to such voters shall be “the address of the last place of residence in this State of the parent or legal guardian of the voter. If that address is no longer a recognized residential address, the voter shall be assigned an address for voting purposes.” *Id.* § 163-258.5. Such voters are authorized to use special forms, developed by

the United States Government for military and overseas-citizen voters, to register to vote and request an absentee ballot. *Id.* §§ 163-258.6, -258.7.

The Act is very clear that such voters are entitled to cast an absentee ballot under these procedures: “An application from a covered voter for a military-overseas ballot shall be considered a valid absentee ballot request for any election covered under G.S. 163-258.3 held during the calendar year in which the application was received.” *Id.* § 163-258.8. The Act is also clear that a validly returned absentee ballot from such voters must be counted: “A valid military-overseas ballot cast in accordance with G.S. 163-258.10 shall be counted if it is delivered to the address that the appropriate State or local election office has specified by the end of business on the business day before the canvass conducted by the county board of elections held pursuant to G.S. 163-182.5 to determine the final official results.” *Id.* § 163-258.12(a).

The foregoing statutes have been the law of North Carolina for thirteen years and have been faithfully implemented in 43 elections in this state since that time.¹⁹

In spite of the clear instructions from the General Assembly in the Act, the Protesters ask the State Board to invalidate the ballots of a specific category of “covered voters,” thereby contravening the governing statutes. The State Board of Elections will not do this.

As an administrative agency, the State Board is bound to follow the law that governs it. The Protesters suggest that this law need not be followed because, in their view, it violates the North Carolina Constitution. The State Board does not have the authority to declare an act of the General Assembly to be unconstitutional and thereby ignore it. *In re Redmond*, 369 N.C. 490, 493, 797 S.E.2d 275, 277 (2017) (“[I]t is a well-settled rule that a statute’s constitutionality shall

¹⁹ See er.ncsbe.gov, showing in the “Election” dropdown menu each election that has occurred since the effective date of the Act, January 1, 2012.

be determined by the judiciary, not an administrative board.” (internal quotations omitted)).

Absent a judicial decision declaring the aforementioned laws unconstitutional, they are presumed to be valid and in compliance with the constitutional. *Hart v. State*, 368 N.C. 122, 126, 774 S.E.2d 281, 284 (2015).

Additionally, for the reasons discussed above regarding the identification number protests, even if it were later determined that these statutes are unconstitutional, it would violate the federal constitution’s guarantee of substantive due process to apply such a newly announced rule of law to remove voters’ ballots after an election, when those voters participated in the election in reliance on the established law at the time of the election to properly cast their ballots.

The State Board therefore concludes, by a vote of 3 to 2, that this category of protests does not allege a violation of law, irregularity, or misconduct in the conduct of the general election. N.C.G.S. § 163-182.10(a)(1).

D. Military and Overseas Citizen Absentee Voters Who Did Not Send Photo ID

Finally, the Board concludes that the protests regarding military and overseas-citizen voters who did not include a photocopy of photo identification or an ID Exception Form with their absentee ballots fails to allege a violation, irregularity, or misconduct in the conduct of the general election.

As with the prior category of protests, the body of law that applies to the voters challenged in this category of protests is Article 21A of Chapter 163 of the General Statutes. That article comprehensively addresses the requirements for voting by absentee ballot for “covered persons.” By contrast, the provisions of Article 20 comprehensively address the requirements for civilian absentee voting. The requirements of one article do not apply to the class of individuals subject to the other article, unless otherwise stated in statute.

To request a ballot under Article 21A, a covered voter must apply for an absentee ballot, which typically involves the submission of a standard federal form, a federal postcard application (FPCA) or a federal write-in absentee ballot (FWAB).²⁰ N.C.G.S. § 163-258.7. The State Board also makes the FPCA available through a secure online portal that covered voters may use to request and submit their absentee ballots. *Id.* §§ 163-258.4(c), -258.7(c), -258.9(b), -258.10. To confirm the voter's identity, the standard federal forms require the voter to provide their name, birthdate, and their driver's license number or social security number. The voter must also attest under penalty of perjury that the information on the forms "is true, accurate, and complete to the best of my knowledge." Additionally, Article 21A requires covered voters to complete a declaration where they "swear or affirm specific representations pertaining to the voter's identity, eligibility to vote, status as a covered voter, and timely and proper completion of an overseas-military ballot." *Id.* § 163-258.4(e); *see id.* § 163-258.13.

These are the sole provisions applying to the authentication of a covered voter who uses the provisions of Article 21A to vote by absentee ballot. Nowhere in Article 21A is there any reference to a covered voter supplying a photocopy of a photo ID with their absentee ballot. To remove any doubt about whether a separate authentication is required, a provision in Article 21A spells this out plainly: "An authentication, other than the declaration specified in G.S. 163-258.13 or the declaration on the federal postcard application and federal write-in absentee ballot, *is not required for execution of a document under this Article.* The declaration and any

information in the declaration may be compared against information on file to ascertain the validity of the document.” *Id.* § 163-258.17(a) (emphasis added).

The requirement to provide a photocopy of photo ID with an absentee ballot appears in Article 20 of Chapter 163, which governs civilian absentee voters residing in the United States. The relevant statute reads, “Each container-return envelope returned to the county board with application and voted ballots *under this section* shall be accompanied by a photocopy of identification described in G.S. 163-166.16(a) or an affidavit as described in G.S. 163-166.16(d)(1), (d)(2), or (d)(3).” *Id.* § 163-230.1(f1) (emphasis added). When the statute refers to “this section,” it is referring to N.C.G.S. § 163-230.1, which is a statute that provides requirements for requesting and completing absentee ballots for civilian voters under Article 20. Recall that the requirements for covered voters to request and complete absentee ballots appear in a completely different article of Chapter 163, at sections 163-258.7 and 163-258.12 of Article 21A. In addition to requiring photo ID from civilian absentee voters, Article 20 also requires two witnesses or a notary to authenticate a civilian absentee voter. *Id.* § 163-231. Article 20 also requires a civilian absentee voter, when they request an absentee ballot, to complete a request form created by the State Board (not the federal government) that includes their personal information, their birth date, and either an NCDMV identification number or the last four digits of the voter’s social security number. *Id.* § 163-230.2(a).

Additionally, the methods and deadlines for submitting absentee ballot requests and absentee ballots for civilian voters are completely distinct from such provisions for military and overseas-citizen voters. *Compare id.* §§ 163-230.2, -230.3, -231 (civilian), *with id.* §§ 163-258.7, -258.8, -258.10, -258.12 (military and overseas).

As the foregoing shows, by setting forth two distinct sets of comprehensive regulations for requesting and casting absentee ballots for two distinct classes of voters, and separating those comprehensive regulations in different statutory articles, the General Assembly clearly did not intend for the State Board to pick and choose laws from one article and apply those laws to persons subject to the other article, as the Protesters would have the State Board do.

To be sure, “covered voters” subject to Article 21A are expressly authorized to decline to use the absentee voting procedures of that article, and may choose instead to vote using the procedures applicable to civilian voters in Article 20. A covered voter “may apply for a military-overseas ballot using either the regular application provided by Article 20 of this Chapter or the federal postcard application.” *Id.* § 163-258.7(a). This just reiterates the distinction between the two application methods. If a covered voter chooses to submit an “application provided by Article 20,” that application is required to be “accompanied by” a photocopy of a photo ID. *Id.* § 163-230.1(f1). But the federal postcard application has no such requirement. Similarly, Article 21A “does not preclude a covered voter from voting an absentee ballot under Article 20 of this Chapter.” *Id.* § 163-258.7(f). This express authorization to vote by either method further proves that the legislature intended these methods of voting to be governed by different bodies of law.

The crux of Protesters’ argument that the provisions of Article 20 apply to voters using the provisions of Article 21A is language from a section of Article 20, section 163-239. That section is entitled, “Article 21A relating to absentee voting by military and overseas voters *not applicable*.” (Emphasis added.) It states, “[e]xcept as otherwise provided therein, Article 21A of this Chapter shall not apply to or modify the provisions of this Article.” *Id.* § 163-239. This language, and especially the title of the statute, prove the point that the legislature intended to establish two distinct absentee voting schemes for these distinct classes of voters. This provision

merely highlights that the special provisions applicable to military and overseas-citizen voters “shall not apply to or modify” the provisions of Article 20, which apply to all other voters. The clear intent is to remove any doubt that only voters subject to Article 21A may use the procedures in Article 21A to vote by absentee ballot.

Even if the State Board were to adopt the Protesters’ reading of this statute and assume that Article 20 applied to covered voters, it would still do so “[e]xcept as otherwise provided [in Article 21A].” *Id.* And, as explained, when it comes to voter identification requirements, Article 21A provides otherwise. It states that “the voter’s identity” is affirmed by a specific declaration applicable only to covered voters. *Id.* § 163-258.4(e). And it confirms that “[a]n authentication, other than the declaration specified in G.S. 163-258.13 or the declaration on the federal postcard application and federal write-in absentee ballot, *is not required for execution of a document under this Article.*” *Id.* § 163-258.17(a) (emphasis added). Accordingly, the statute the Protesters rely on for their argument actually undermines their reading of the law.

In recognition of the fact that Article 21A includes no requirement for covered voters to include a photocopy of their photo ID, the State Board has promulgated an administrative rule through permanent rulemaking that makes it clear that the county boards of elections may not impose the photo ID requirement on such voters. In a Rule entitled “Exception for Military and Overseas Voters,” the Code provides that “A voter who is casting a ballot pursuant to G.S. 163, Article 21A, Part 1 is not required to submit a photocopy of acceptable photo identification under Paragraph (a) of this Rule or claim an exception under G.S. 163-166.16(d).” 08 NCAC 17

.0109(d). This Rule has been in effect, first as a temporary rule that became effective on August 1, 2023, and now as a permanent rule that became effective April 1, 2024.²¹

During the rulemaking process, none of the Protesters submitted comments on this Rule objecting to it. Nor did they seek to use administrative or judicial procedures to challenge the validity of this Rule prior to the election. The North Carolina Republican Party, which is participating in the prosecution of these protests, submitted thorough comments on this Rule but notably did *not* object to this aspect of the Rule, or seek to invalidate that aspect of the Rule using administrative or judicial procedures.²² The Rule was approved unanimously by the Rules Review Commission,²³ an agency appointed by the leadership of the General Assembly that is required to object to rules proposed by an administrative agency if those rules exceed the authority of the agency to adopt them. G.S. § 150B-21.9(a)(1). This Rule is therefore directly applicable and enforceable.

Even if there was no such rule, it is questionable whether the State Board could have imposed a photo ID requirement on voters covered under the federal Uniformed and Overseas Citizens Absentee Voting Act (UOCAVA).

Federal law, specifically 52 U.S.C. §§ 20301 – 20311, as implemented through Article 21A of Chapter 163, governs the process for a covered voter to request and submit a ballot. Specifically, under 52 U.S.C. § 20302(a)(3) and (4), a state is required to permit such voters to

²¹ This particular language in the rule was also in its original codification as a temporary rule that became effective on August 23, 2019, after the photo ID law was originally enacted.

use the federal write-in absentee ballot (FWAB) to vote in general elections for federal office and use the federal postcard application (FPCA) as both a registration application and absentee ballot application. These federally prescribed forms and their instructions, like Article 21A of our general statutes, do not include a requirement for covered voters to include a photocopy of photo identification. In fact, a review of the Federal Voting Assistance Program's (FVAP) comprehensive 2024-2025 Voting Assistance Guide reveals no instruction from any state to its UOCAVA voters stating that they must comply with a photo ID requirement when requesting or voting their ballot.²⁴ FVAP is an agency of the U.S. Department of Defense that is tasked with administering the federal responsibilities of UOCAVA, *see* 52 U.S.C. § 20301, and the Guide provides UOCAVA voters with instructions on how to register to vote, request a ballot, and transmit their ballot back to their local election office, including the use of an FWAB. There are only two instances where “photo ID” is even mentioned, neither of which apply a photo ID requirement for the submission and counting of a UOCAVA voter's ballot.²⁵

Under the Supremacy Clause of the federal Constitution, and even under our state constitution, an effort to place additional, state-level requirements on UOCAVA voters casting a ballot by methods ultimately provided and governed by federal law would be of questionable validity. U.S. Const. art. VI, cl. 2; *see* N.C. Const. art. I, § 5 (“Every citizen of this State owes paramount allegiance to the Constitution and government of the United States, and no law or

²⁴ The Guide is available at: <https://www.fvap.gov/uploads/FVAP/States/eVAG.pdf>.

²⁵ Indiana permits a voter to provide a copy of their photo ID rather than write their ID number or Social Security Number on their ballot request form, and only if doing so must that ID meet the state's photo ID law. Wisconsin informs “temporary overseas voters” that they must include a copy of a photo ID with their ballot because that state does not consider them to be an overseas voter.

ordinance of the State in contravention or subversion thereof can have any binding force.”).

Notably, FVAP has taken that view in the past, informing a state that applying a photo ID requirement to a UOCAVA voter using an FPCA “may likely be in conflict with federal statute.”²⁶

In sum, as this Board has determined through rulemaking, military and overseas-citizen voters are not subject to the requirement to provide a photocopy of their photo ID with their absentee ballot when voting under the provisions of Article 21A. This has been the clear, established law in North Carolina ever since the photo ID law was given effect in April 2023, through six separate elections. In accordance with this established law, no voters using the Article 21A processes were ever informed that they were required to provide photo ID with their absentee ballots.

For these reasons, as with the prior two categories of protests, even if it were later determined that the state photo ID requirement actually applies to these voters, it would violate the federal constitution’s guarantee of substantive due process to apply such a newly announced rule of law to remove voters’ ballots after an election, when those voters participated in the election in reliance on the established law at the time of the election to properly cast their ballots.

For these reasons, the State Board concludes, by a 5 to 0 vote, that this category of protests fails to allege a violation, irregularity, or misconduct in the conduct of the general election.

²⁶ FVAP’s letter communicating this position is available at:
https://www.fvap.gov/uploads/FVAP/EO/VaSEOLtrSB872_20170206_FINAL.pdf.

IV. CONCLUSION

When a person challenges the results of an election by alleging that certain voters cast ineligible ballots, our law requires that person to provide adequate notice to these voters. That was not done here. These protests therefore fail to substantially comply with the requirements to initiate a protest under N.C.G.S. § 163-182.9. Even if the voters challenged in these protests had received adequate notice, the grounds for these protests are legally invalid for the reasons outlined in this decision.

The protests are DISMISSED.

STATE OF NORTH CAROLINA

WAKE COUNTY

BEFORE THE STATE BOARD OF ELECTIONS

In re Protests of JEFFERSON
GRIFFIN, ASHLEE ADAMS, FRANK
SOSSAMON, and STACIE MCGINN,

**Motion to Disqualify
Siobhan Millen**

Pursuant to N.C. Const. art. I, § 19 (the Law of the Land clause) and N.C. Gen. Stat. § 138A-36(a) and (c) (the North Carolina State Government Ethics Act), Judge Jefferson Griffin hereby respectfully moves for the removal of North Carolina State Board of Elections (“NCSBE”) Member Siobhan Millen from participating in any matters before the NCSBE concerning the November 5, 2024 election for Associate Justice of the North Carolina Supreme Court. This request for Ms. Millen’s removal applies to all election protests involving Judge Griffin and Justice Riggs over which the NCSBE has taken or takes jurisdiction in the first instance and any protests concerning these parties that are appealed to the NCSBE.

INTRODUCTION

Womble Bond Dickinson (“Womble”) represents Justice Riggs—and it has done so both before and after Election Day. Pressley Millen is a partner at Womble, and, leading up to Election Day, he held himself out as Justice Riggs’ lead attorney. For Judge Griffin’s election protests, however, Mr. Millen has declined to make an appearance and, instead, he has let his two partners—Samuel Hartzell and Ray Bennett—be the face of Justice Riggs’s legal team to this Board.

The disappearance of Mr. Millen from Womble’s public-facing legal team is insufficient to avoid Siobhan Millen’s disqualification from participating in matters involving her husband’s current client, Justice Riggs.

A reasonable observer would question the objectivity of Ms. Millen, who is the wife of the long-standing leader of Justice Rigg’s legal team. A reasonable observer would also conclude that Ms. Millen stands to benefit financially from this litigation through Mr. Millen’s ownership of a partnership share at Womble. Mr. Millen’s representation of Justice Riggs—and the Millen family’s financial connection to the Riggs matter before the NSCBE—requires the disqualification of Ms. Millen from considering the election protests concerning Judge Griffin and Justice Riggs.

ARGUMENT

I. Judge Griffin has a right to an impartial election tribunal.

Both the North Carolina Constitution and the State Government Ethics Act require Ms. Millen to remove herself from considering the Griffin-Riggs dispute.

Article I, Section 19 of the North Carolina Constitution guarantees that “[n]o person shall be taken, imprisoned, or disseized of his freehold, liberties, or privileges, or outlawed, or exiled, or in any manner deprived of his life, liberty, or property, but by the law of the land.” N.C. Const. art. I, § 19. The expression “the law of the land” as used in Article I, Section 19 of the North Carolina Constitution, is synonymous with the concept of “due process of law.” *State v. Ballance*, 229 N.C. 764, 769, 51 S.E.2d 731, 734 (1949).

“A fair trial in a fair tribunal is a basic requirement of due process.” *In re Murchison*, 349 U.S. 133, 136 (1955). And a fair hearing that comports with due process necessitates “an unbiased, impartial decision-maker.” *Crump v. Bd. of Education*, 326 N.C. 603, 615, 392 S.E.2d 579, 585 (1990). Therefore, under the North Carolina Constitution, Judge Griffin is entitled to a fair proceeding before unbiased decision-makers.

Judge Griffin’s constitutional right to a fair hearing before an unbiased decision-maker have been codified in North Carolina’s General Statutes. Specifically, the State Government Ethics Act provides that a “public servant shall take appropriate steps, under the particular circumstances and considering the type of proceeding involved, to remove . . . herself to the extent necessary, to protect the public interest and comply with this Chapter from any proceeding in which the public servant’s impartiality might reasonably be questioned due to the public servant’s familial, personal, or financial relationship with a participant in the proceeding.” N.C. Gen. Stat. § 138A-36(c).

Relevant here, a “participant” includes a “owner, . . . *partner*, . . . employee [or] agent of a business, organization, or group involved in the proceeding.” *Id.* (emphasis added). Under this definition, Womble and its partner, Mr. Millen, are each “participants” in the State Board proceeding. N.C. Gen. Stat. § 138A-36(c)(i). The fact that Mr. Millen is no longer publicly appearing as part of Womble’s legal team in this matter is legally irrelevant. He and Womble are both covered “participants” in this proceeding as a matter of law.

Additionally, Ms. Millen is a “public servant” within the meaning of the Act. N.C. Gen. Stat. § 138A-3(70)(i).¹ Ms. Millen therefore has an unacceptable conflict of interest based on her “familial, personal, or financial relationship with a participant in the proceeding” before the State Board. The State Government Ethics Act was enacted to prevent the potential of impartial decisions by public servants from infecting the public’s perception of the administration of State government. Ms. Millen has a statutory duty to recuse herself from these proceedings. *See* N.C. Gen. Stat. § 138A-36(c).

II. Ms. Millen’s impartiality will be questioned due to her husband’s leadership of the Womble practice group defending Justice Riggs.

Ms. Millen is married to the *de facto* leader of Justice Riggs’ legal team: Mr. Millen.

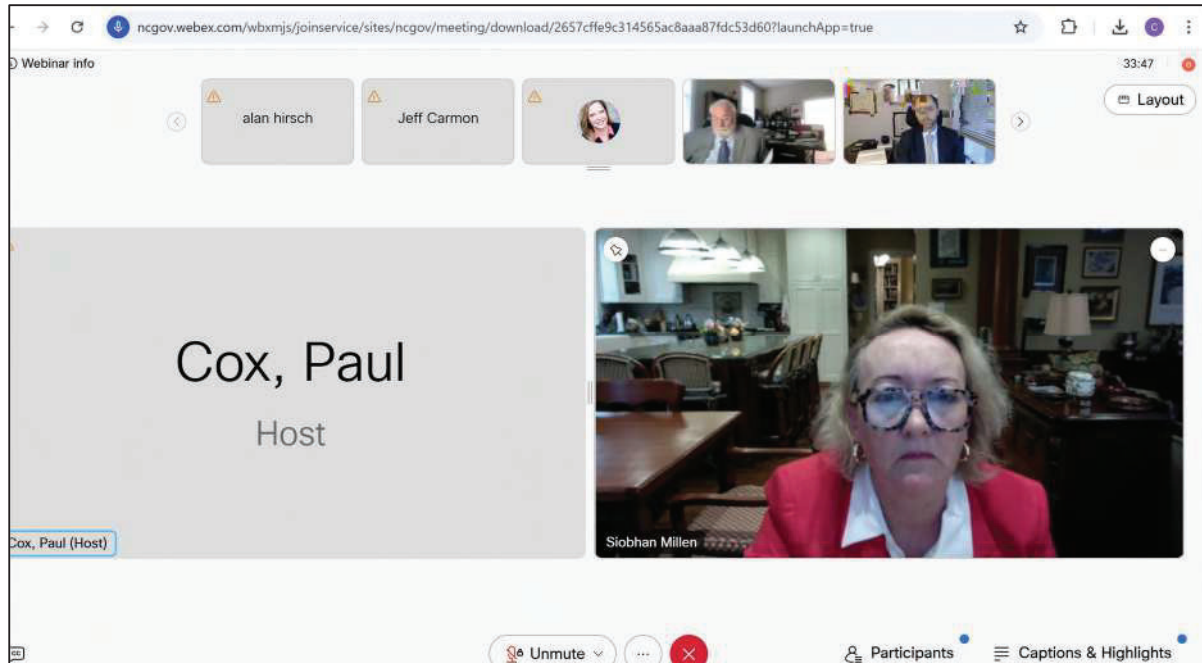

Womble attorneys Ray Bennett and Sam Hartzell are frequent collaborators with Mr. Millen, with Mr. Millen acting as the senior attorney of the group. Mr. Bennett and Mr. Millen have been co-counsel in approximately 37 decisions reported on Westlaw; and Mr. Hartzell and Mr. Millen are co-counsel in approximately 47 reported matters. As recently as last year, Mr. Millen led this trio of lawyers in a federal lawsuit filed on behalf of another sitting member of the North Carolina Supreme Court, Associate Justice Anita Earls, that was voluntarily dismissed after the federal courts refused to grant the relief requested. *See Earls v. N.C. Judicial*

¹ *See* N.C. State Ethics Commission, List of Covered Boards (identifying NCSBE is a board covered by State Government Ethics Act), *available at* <https://ethicssei.nc.gov/Tools/CoveredBoards?type=7>.

Standards Comm’n, et al., Case No. 1:23-CV-734 (M.D.N.C.). Thus, it is no surprise that this Womble team would represent Justice Riggs in the present proceedings.

Mr. Millen’s role as lead counsel for Justice Riggs was evident in the days leading up to Election Day. On October 16, 2024, Mr. Millen sent a cease-and-desist letter on behalf of Justice Riggs to the Griffin campaign, accusing it of disseminating allegedly false information about her candidacy, specifically regarding claims of an investigation by the Judicial Standards Commission. See **Exhibit 1**. As the letter shows, Mr. Millen counts Justice Riggs as a current client who he is actively representing. He wrote to the Jefferson Griffin campaign, “I am counsel to Associate Justice Allison Riggs of the North Carolina Supreme Court.” *Id.* at 1.

Although Womble may try to argue that Mr. Millen is no longer the partner handling Ms. Riggs’s representation, Mr. Millen has likely already gained comprehensive knowledge about Ms. Riggs’s campaign, about disputes with Mr. Griffin’s campaign, and likely other sensitive information about matters at issue in these proceedings. A reasonable observer would perceive an intolerable risk that Mr. Millen has or may have shared such information with his wife. Indeed, Ms. Millen has already participated in a State Board hearing on this matter from the home that she shares with Mr. Millen. Below is an image taken from the Board’s November 20, 2024 hearing in which the Board decided to take jurisdiction over three of the protests filed by Judge Griffin.

The public cannot avoid questioning the objectivity of Ms. Millen when she openly sits in the living room of the *de facto* leader of Justice Riggs’s legal team while she determines the fate of Justice Riggs’s election. This inescapable conflict of interest undermines public confidence in the impartiality of these proceedings. As such, Ms. Millen must remove herself to ensure compliance with the State Government Ethics Act, the principles of impartial governance, and the due process of law.

III. Ms. Millen likely stands to benefit financially from Womble’s litigation on behalf of Justice Riggs.

The problem is not only with Ms. Millen’s intimate relationship with Mr. Millen, but also her own financial interests. The Millen family stands to benefit financially from the election-protest proceedings currently before the Board.

Mr. Millen owns a partnership share at Womble, which Ms. Millen disclosed and reaffirmed on her 2023 and 2024 Statements of Economic Interest (“SEI”). *See*

Exhibit 2. An excerpt from Ms. Millen's 2023 SEI, which includes her sworn admission of her husband's possession of a partnership share in Womble, is below:

<p>6. List each source of income (not specific amounts) of more than \$5,000 received by you or any members of your immediate family during 2022. Include salary, wages, state/local government retirement income, professional fees, honoraria, interest, dividends, rental income, business income, and any other types of income required to be reported on your State <i>and/or</i> federal income tax returns.</p> <ul style="list-style-type: none">• Attention! You must disclose salary or wages received from any governmental or private entity, including employers that you may have already listed in response to other SEI questions.• Do not include income received from the following sources: capital gains; federal government or military retirement benefits; or Social Security retirement, survivors, or disability benefits.			
Recipient of Income	Name of Source	Type of Business/ Industry	Type of Income
<input type="checkbox"/> I had no reportable income over \$5,000 in 2022.			
Pressly Mr. Millen	Womble Bond Dickinson (us) LLP	law firm	partnership share

Through Mr. Millen's partnership shares and rights to a portion of the profits at Womble, Ms. Millen will benefit financially from this election litigation, which stands to generate substantial legal fees for the law firm.

But even if Ms. Millen did not have a direct financial interest in this ongoing litigation through her husband's partnership rights, she nevertheless has an indirect interest in the success of the election dispute over which she presides. If Justice Riggs prevails against the pending election protests, the Womble practice group (of which Mr. Millen is the lead partner) stands to be able to tout its success to potential future candidates. More political clients begets more income for the Millens. Conversely, a loss in this election litigation could impede Mr. Millen's practice group's ability to retain current political clients and solicit new ones. In sum, Ms. Millen's financial interests are tethered to the success of Mr. Millen's practice group in the proceedings currently pending before Ms. Millen.

Thus, a neutral observer would reasonably doubt the outcome of the protest proceedings, if Justice Riggs prevails, wondering whether Ms. Millen exercised her official power and influence in a way that helped Womble—a law firm in which Ms. Millen’s husband owns a partnership share—achieve success. The very fact that the question can be asked illustrates that Ms. Millen is conflicted.

IV. Ethical canons require judges to recuse themselves when a party before the judge is represented by a spouse’s law firm.

The conclusion that Ms. Millen must recuse herself from these proceedings is well settled by ethical canons governing tribunals. Any other judge finding herself in Ms. Millen’s situation would be compelled by such ethical rules to recuse herself. Ms. Millen is no exception.

Judicial ethics require a judge to recuse herself if her spouse has an “interest that could be substantially affected by the outcome of the proceeding.” Canon 3(C)-(D)(iii), N.C. Canon of Judicial Ethics.² The Judicial Conference’s Committee on Codes of Conduct is more blunt on this point: A judge must recuse whenever the judge’s spouse “is an equity partner in a law firm that represents a party.” *Guide to Judiciary Policy*, Vol. 2B, Ch. 2, § 220, Ethics Advisory Opinion No. 58 (Disqualification When Relative is Employed by a Participating Law Firm), *available at* <https://www.uscourts.gov/sites/default/files/guide-vol02b-ch02.pdf>. The Committee further stated that “an equity partner in a law firm generally has ‘an interest that

² Election protests are a quasi-judicial proceeding, so consultation of judicial ethics standards as authority is appropriate.

could be substantially affected by the outcome of the proceeding’ in all cases where the law firm represents a party before the court.” *Id.*

Here, Ms. Millen’s Statements of Economic Interest establish that her husband, Mr. Millen, is an “equity partner in a law firm [Womble] that represents a party.” Recusal of Ms. Millen is required regardless of whether Mr. Millen claims that he is no longer actively participating in the representation of Justice Riggs. His partnership share in Womble is sufficient to trigger Ms. Millen’s recusal. *Guide to Judiciary Policy*, Vol. 2B, Ch. 2, § 220, Ethics Advisory Opinion No. 58: *Disqualification When Relative is Employed by a Participating Law Firm*.

In addition, Judicial Standards Commission’s Formal Advisory Opinion 2015-03 states that a judge should recuse herself if a family member “contributed to the preparation of the matter before the judge.” If Mr. Millen assisted in this election dispute in any way, Ms. Millen should recuse herself. This ethical requirement for judges mirrors the ethical obligations of attorneys appearing before them: attorneys are to avoid working on cases over which a spouse will preside. *See* N.C. State Bar, 2005 FEO 1 (Oct. 21, 2005) (Inquiry No. 2).

In sum, in the mind of a detached observer, Ms. Millen’s impartiality might reasonably be questioned as to any election-related dispute concerning the Riggs-Griffin race. Ms. Millen is in an untenable position where her decisions cannot help but appear to be influenced by her husband’s professional and financial interests. Judges are required to recuse themselves in such situations to maintain public trust in the integrity of their decisions. Ms. Millen must do likewise.

CONCLUSION

Judge Griffin respectfully requests the disqualification of Siobhan Millen from participating in the Griffin-Riggs election protest proceedings before the North Carolina State Board of Elections pursuant to the North Carolina Constitution and the State Government Ethics Act, and for such other and further relief as the Board deems appropriate.

Sirs:

I am counsel to Associate Justice Allison Riggs of the North Carolina Supreme Court who, as you know, is a candidate to retain her seat on that Court in this year's election. If you are represented by counsel, you should forward this letter to counsel for their consideration and response.

It has come to our attention that your Committee is running an advertisement in various media attacking Justice Riggs (found at [NC SUP CRT: Griffin "Radical Liberal"](#)). Specifically, that advertisement – which contains the statutorily required legend “Paid for by the Jefferson Griffin Committee” – states that Justice Riggs is a “radical liberal under investigation by the Judicial Standards Commission for her false ads against conservative Judge Jefferson Griffin.”

That statement is false.

I reached out to Ms. Brittany Pinkham, the Executive Director of the North Carolina Judicial Standards Commission, whose attached response indicates that no formal investigation of Justice Riggs is on-going and that Justice Riggs will be issued a notification “in the event that [the issue] becomes germane to Justice Riggs.” (See Response of Pinkham, dated October 16, 2024, attached.)

To the extent, moreover, that your Committee's political advertisement is relying on confidential information revealed from within the Commission – especially confidential information about Justice Riggs as to which she herself has not been informed – that would constitute an egregious violation of the Commission's Rules in an effort to turn the Commission's deliberations into fodder for political attacks. I can imagine no course more likely to undermine judicial independence and the corollary constitutional right to the free speech of judges – not to mention the putative non-partisan status of the Judicial Standards Commission – than for a judge's political committee to use a breach of confidentiality from within the Commission to attack an opponent.

October 16, 2024
Page 2

For these reasons, we are demanding that your Committee immediately cease and desist from any further dissemination of the advertisement at issue, whether on television, on-line, or through any other media. Your failure to immediately cease and desist will result in our taking further action, including actions with respect to any disseminating media outlets and/or service providers to the Committee.

Please confirm compliance with this demand to me no later than noon on October 17, 2024.

If you or your counsel have any questions, you may call me. Thank you for your attention to this matter.

Sincerely,

WOMBLE BOND DICKINSON (US) LLP

Subject: RE: Riggs -- Let to JSC.pdf

Mr. Millen:

Thank you for reaching out.

As you have pointed out, Judicial Standards Commission Rule 6(a) says that "all complaints and related information received by the Commission, meeting materials and records, investigative files, documents and evidence relating to the disciplinary and disability proceedings, private letters of caution, informal advisory opinions, and all documents and communications related to any of the foregoing are confidential." However, if a complaint reaches the point of a "formal investigation," Commission Rule 10(c) requires that the respondent judge be notified in writing by Commission staff and afforded an opportunity to respond. Operating under these Rules, Commission staff will issue such notification in the event that this becomes germane to Justice Riggs.

I hope this was helpful. Please free feel to reach out anytime.

Chairman Alan Hirsch
North Carolina State Board of Elections
430 North Salisbury Street (Dobbs Building)
Raleigh, NC 27603

Dear Chairman Hirsch,

In response to the motion to disqualify me from any matters concerning the election contests for Associate Justice of the North Carolina Supreme Court, I am setting forth my line of thinking herein. My husband and I have been part of the community in Raleigh, North Carolina for 36 years, and we take seriously any suggestion that we might act in an unethical manner. To cut to nub of the matter, I do not believe that I have a conflict of interest in this election protest, but in an abundance of caution, I ask you as the chair to give me your guidance on this issue.

Since my appointment to the North Carolina State Board of Elections (NCSBE) in May of 2023, I have been mindful of the requirement that I avoid any conflicts of interest arising out of my husband, Press Millen's, employment as a partner with the Womble Bond Dickinson (US LLP) law firm. At that time, I filed my required Statement of Economic Interest (SEI) with the State Ethics Commission. I received in response a letter from Mary Roerden, of the SEI unit within that commission (See attached letter). The letter stated, in pertinent part:

We did not find an actual conflict of interest but found the potential for a conflict of interest. The potential conflict identified does not prohibit service on this entity.

Ms. Roerden directs that I remove myself "from proceedings in which [my] impartiality might reasonably be questioned due to a familial, personal, or financial relationship with a participant in the proceedings," quoting NCGS section 138A-36(c). While I clearly have a familial relationship with my spouse, it is unclear to me how he could be construed as a participant in these proceedings. Since the beginning of my board tenure, my husband and I have taken care that he not appear before the NCSBE or work on any matter that might come before the board (see Press Millen affidavit, attached). From the beginning of my NCSBE tenure, an ethical screen was set up by his firm to make sure that if anyone in his multistate, 600-lawyer firm worked on North Carolina elections contests, all information about such representation would be screened off from him.

In the run-up to the recent elections, my husband counseled Justice Riggs and other candidates on

political advertising matters, which do not fall under the authority of the NCSBE. (See affidavit) In the current election protest matter, my husband has not taken any part in the representation. (See affidavit). He has no knowledge as to the fees being charged to the candidate. The hourly billings charged by lawyers in his firm would presumably be the same, though, whether those lawyers end up being successful in the protest matter, or not. In other words, the matter is not being billed on a contingency basis. His profit share on this matter is minimal, but to remove any question, he is foregoing any profit accruing to him from his firm's representation in the protest matter (See affidavit).

The ultimate question, which is the touchstone of all recusal issues, is whether I can be fair and impartial in carrying out my duties. I believe that I can be. These circumstances do not warrant recusal, in my view. However, in case others might view this situation differently, I am disclosing all the above to you, the presiding officer of the NCSBE, to seek your guidance as provided for in NCGS section 138A-36 (d). I will of course abide by your guidance in this matter. Please do not hesitate to let me know if you need further information.

Sincerely yours,

Siobhan Millen

AFFIDAVIT OF PRESSLY M. MILLEN

STATE OF NORTH CAROLINA)
) ss.: Raleigh
COUNTY OF WAKE)

PRESSLY M. MILLEN, being duly sworn according to law, does depose and state:

1. I am a partner in the law firm of Womble Bond Dickinson (US) LLP (“Womble Bond” or the “Firm”), and am admitted and a member in good standing of the Bar of the State of North Carolina since 9 September 1988. I am over 18 years of age and am competent to make this Affidavit which is based on my personal knowledge.

2. I have read the Motion to Disqualify Siobhan Millen filed by Counsel for Jefferson Griffin on 26 November 2024 in *In re Protests of Jefferson Griffin, Ashlee Adams, Frank Sossamon, and Stacie McGinn*, and am familiar with its contents. I make this Affidavit to correct the multiple factual inaccuracies and faulty premises contained in the Motion concerning me and my practice.

3. Womble Bond is a multi-jurisdictional law firm with over 600 lawyers operating from 24 offices in 11 States, including Alabama, California, Colorado, Delaware, the District of Columbia, Maryland, Massachusetts, New York, North Carolina, South Carolina, Tennessee, Texas, Virginia.

4. I am one of over 170 partners who are entitled to share in profits of the Firm to the extent that the Firm is profitable.

5. When my wife, Siobhan Millen, became a member of the North Carolina State Board of Elections (the “Board”) in 2023, I determined that I would not appear before the Board, represent any client before the Board, or otherwise participate in any Board-related matter.

6. I also arranged with the Firm's Office of the General Counsel that in the event that any other Womble Bond lawyer were to represent a client before the Board or involving the Board on any matter, an ethical screen would be erected between such representation and me. The ethical screen was established in June 2023.

7. Beginning on 29 July 2024, I was engaged to represent Justice Riggs. That representation was solely related to issues regarding advertising ("Former Matter"). None of the Former Matter issues related to the Board or touched upon matters related to the Board's authority.

8. My work concerning the Former Matter occurred before the election and I have performed no further work on that matter since 29 October 2024, one week before Election Day.

9. As I understand it, after Election Day on 5 November 2024, other lawyers in the Firm undertook to represent Justice Riggs in matters related to the election recount and any protests that might be filed ("Current Matter").

10. The Current Matter is entirely unrelated to the Former Matter, and I have in no way acted for or participated in the Current Matter. At the initiation of the Current Matter, the existing ethical screen involving the Board was updated to include the Current Matter.

11. Because of the erection of the ethical screen, I have been walled off from any participation in the Current Matter and prohibited from communicating with the lawyers involved in the Current Matter concerning that matter. Furthermore, all materials and confidential information relating to the Current Matter are maintained in a manner inaccessible to me.

12. Use of such ethical screens is permitted under the Rules of Professional Conduct, including in North Carolina, which recognizes that lawyers may be screened from potential conflicts of interest.

13. In addition to the ethical screen, I will be receiving no share of the profits arising from the Current Matter inasmuch as I am declining my share of any profits that might be received in connection with the Current Matter.

14. While it is accurate to state that I have represented various clients in politically related matters, those matters represent a financially negligible part of my overall practice, which focuses on representing business from inside and outside of North Carolina in litigation, arbitration, and other disputes. Since 1 October 2018, I have held no management or leadership roles within the Firm. In the past, my leadership roles have not included being a practice group leader within the Firm

15. In the one-year period through October 31, 2024, billings for my work on behalf of political candidates, committees, or parties (including Justice Riggs) totaled less than one-half of one percent of my total billings.

16. Based upon the foregoing account, I can state that the following factual assertions and premises in Griffin's Motion are untrue:

- a. The Motion refers to me as "the long-standing leader of Justice Rigg's [*sic*] legal team" (Mot. at 2), the "*de facto* leader of Justice Riggs' legal team" (*id.* at 4, 6), and "lead counsel for Justice Riggs" (*id.* at 5).

Fact: As stated above, I am not the "lead counsel" on the matters pending before the Board and, in fact, have provided no services to Justice Riggs on those matters and have been entirely shielded from them as a result of the ethical screen. In no way am I acting as a lawyer in the Current Matter, nor have I

represented Justice Riggs as a litigant in the Current Matter, nor have I in any respect contributed to any aspect of the preparation of the Current Matter for consideration by the Board.

- b. The Motion refers to me as the lawyer with “leadership of the Womble practice group defending Justice Riggs” (Mot. at 4), and as “the lead partner” of “the Womble practice group” (*id.* at 7).

Fact: As stated above, I am not now, nor have I ever been a practice group leader within the Firm and I have held no leadership positions within the Firm for over six years.

- c. The Motion states that I have “ownership of a partnership share at Womble” (Mot. at 2), “own[] a partnership share at Womble” (*id.* at 6, 8), and am in “possession of a partnership share in Womble” (*id.* at 7).

Fact: I do not “own” any partnership share, but am instead one of over 170 Firm lawyers spread out across the U.S. who have a contractual right to a share of the Firm’s profits.

- d. The Motion describes me as a “participant in the proceeding before the State Board” (Mot. at 4).

Fact: I have not participated in any matter before the Board since before 2023, including the Current Matter, nor have I participated in any respect in the preparation of the Current Matter for consideration by the Board.

- e. The Motion contends that I have “let” two of my partners “be the face of Justice Riggs’s legal team to th[e] Board” (Mot. at 1).

Fact: Those two lawyers are entirely in charge of the Current Matter, in which, as noted above, I have not participated in any manner nor provided any input.

- f. The Motion contends that I have an “interest that could be substantially affected by the outcome of the proceeding” (Mot. at 8, 9), that I “will benefit financially from this election litigation,” (*id.* at 2), and that my family and I “stand[] to benefit” from the outcome of this matter (*id.* at 2, 6.).

Fact: I have no financial interest in the outcome of the Current Matter nor any interest of any kind that will be substantially affected by its outcome. I will be receiving no share of the profits arising from the Current Matter.

17. In sum, the Motion, citing the Judicial Standards Commission's Formal Advisory Opinion 2015-03, states that "[i]f Mr. Millen assisted in this election dispute in any way, Ms. Millen should recuse herself." (Mot. at 9.) As indicated in detail above, I can state categorically that I have not "assisted in this election dispute in any way," nor do I have any financial interest in the matter.

**Re: Evaluation of Statement of Economic Interest filed by Ms. Siobhan Millen
Prospective Appointee to the State Board of Elections**

Dear Governor Cooper:

Our office has received **Ms. Siobhan Millen's** 2023 Statement of Economic Interest as a prospective appointee to the **State Board of Elections (the "Board")**. We have reviewed it for actual and potential conflicts of interest pursuant to Chapter 138A of the North Carolina General Statutes ("N.C.G.S."), also known as the State Government Ethics Act (the "Act").

Compliance with the Act and avoidance of conflicts of interest in the performance of public duties are the responsibilities of every covered person, regardless of this letter's contents. This letter, meanwhile, is not meant to impugn the integrity of the covered person in any way. This letter is required by N.C.G.S. § 138A-28(a) and is designed to educate the covered person as to potential issues that could merit particular attention. Advice on compliance with the Act is available to certain public servants and legislative employees under N.C.G.S. § 138A-13.

We did not find an actual conflict of interest but found the potential for a conflict of interest. The potential conflict identified does not prohibit service on this entity.

The State Board of Elections has general supervision over the primaries and general elections in the State, and the authority to make rules and regulations with respect to such elections. It also publishes and distributes to the electorate materials explanatory of primary and election laws and procedures. The Board appoints all members of the county boards of elections and advises them and municipal elections board members as to the proper methods of conducting primaries and elections.

The Act establishes ethical standards for certain public servants and prohibits public servants from: (1) using their positions for their financial benefit or for the benefit of their extended family or business, N.C.G.S. § 138A-31; and (2) participating in official actions from which they or certain associated persons might receive a reasonably foreseeable financial benefit, N.C.G.S. § 138A-36(a). The Act also requires public servants to take appropriate steps to remove themselves from proceedings in which their impartiality might reasonably be questioned due to a familial, personal, or financial relationship with a participant in those proceedings. N.C.G.S. § 138A-36(c).

Ms. Millen's spouse is a partner with the law firm of Womble Bond Dickinson (US) LLP. As such, she has the potential for a conflict of interest and should exercise appropriate caution in the performance of her public duties should the business of the law firm of Womble Bond Dickinson (US) LLP or its clients come before the Board for official action.

In addition to the conflict standards noted above, the Act prohibits public servants from accepting gifts from (1) a lobbyist or lobbyist principal, (2) a person or entity that is seeking to do business with the public servant's agency, is regulated or controlled by that agency, or has financial interests that might be affected by their official actions, or (3) anyone in return for being influenced in the discharge of their official responsibilities. N.C.G.S. § 138A-32. Exceptions to the gifts restrictions are set out in N.C.G.S. § 138A-32(e).

When this letter cites an actual or potential conflict of interest under N.C.G.S. § 138A-24(e), the conflict must be recorded in the minutes of the applicable board and brought to the membership's attention by the board's chair as often as necessary to remind all members of the conflict and to help ensure compliance with the Act. N.C.G.S. § 138A-15(c).

Finally, the Act mandates that all public servants attend an ethics and lobbying education presentation. N.C.G.S. § 138A-14. Please review the attached document for additional information concerning this requirement.

Please contact our office if you have any questions concerning our evaluation or the ethical standards governing public servants under the Act.

Sincerely,

MEMORANDUM

December 10, 2024

Pursuant to G.S. § 138A-15, as Chair of the North Carolina State Board of Elections, I have the duty to further compliance with the State Government Ethics Act. Earlier today, Member Siobhan Millen requested guidance under G.S. § 138A-36(d) concerning participation *In re Protests of Jefferson Griffin, Ashlee Adams, Frank Sossamon, and Stacie McGinn* and provided an affidavit from her spouse, Pressley Millen. After consultation with legal counsel for the State Board of Elections, I find the following:

1. Pressley Millen is a partner in the law firm of Womble Bond Dickson, which maintains offices in eleven States with over 600 lawyers and over 170 partners. Other lawyers from Womble Bond Dickson are currently representing Justice Allison Riggs *In re Protests of Jefferson Griffin, Ashlee Adams, Frank Sossamon, and Stacie McGinn*.
2. Mr. Millen has taken a number of steps to ensure that he does not participate in any way with any work lawyers in his firm have done or may do before the State Board of Elections (see attached affidavit).
3. Womble Bond Dickson established an ethical screen in June 2023 to ensure that Mr. Millen does not participate in any State Board of Elections-related matter.
4. As a result of the ethical screen, Mr. Millen has been walled off from participating in the election recount and any protests involving Justice Riggs, and any other matter before the State Board of Elections. He has been prohibited from communicating with Womble Bond Dickson lawyers and staff concerning the election recount and protests.
5. Mr. Millen has expressly declined any share of any profits to Womble Bond Dickson which may arise from the work of others on the election recount and protests and has no financial interest in this proceeding.
6. Because of Mr. Millen's removal from any participation in or benefit from these matters, Member Millen's impartiality cannot reasonably be questioned due to her relationship with Mr. Millen. The steps taken by Womble Bond Dickson and Mr. Millen ensure that Mr. Millen has no connection with this matter. Therefore, Member Millen's independence of judgment is not impaired, and her participation in *In re Protests of Jefferson Griffin, Ashlee Adams, Frank Sossamon, and Stacie McGinn* has not been influenced.

7. Given these circumstances, it would be inappropriate for Member Millen to be removed from consideration of this matter, and Member Millen will be permitted to fully participate.

AFFIDAVIT OF PRESSLY M. MILLEN

STATE OF NORTH CAROLINA)
)
COUNTY OF WAKE) ss.: Raleigh

PRESSLY M. MILLEN, being duly sworn according to law, does depose and state:

1. I am a partner in the law firm of Womble Bond Dickinson (US) LLP (“Womble Bond” or the “Firm”), and am admitted and a member in good standing of the Bar of the State of North Carolina since 9 September 1988. I am over 18 years of age and am competent to make this Affidavit which is based on my personal knowledge.

2. I have read the Motion to Disqualify Siobhan Millen filed by Counsel for Jefferson Griffin on 26 November 2024 in *In re Protests of Jefferson Griffin, Ashlee Adams, Frank Sossamon, and Stacie McGinn*, and am familiar with its contents. I make this Affidavit to correct the multiple factual inaccuracies and faulty premises contained in the Motion concerning me and my practice.

3. Womble Bond is a multi-jurisdictional law firm with over 600 lawyers operating from 24 offices in 11 States, including Alabama, California, Colorado, Delaware, the District of Columbia, Maryland, Massachusetts, New York, North Carolina, South Carolina, Tennessee, Texas, Virginia.

4. I am one of over 170 partners who are entitled to share in profits of the Firm to the extent that the Firm is profitable.

5. When my wife, Siobhan Millen, became a member of the North Carolina State Board of Elections (the “Board”) in 2023, I determined that I would not appear before the Board, represent any client before the Board, or otherwise participate in any Board-related matter.

6. I also arranged with the Firm's Office of the General Counsel that in the event that any other Womble Bond lawyer were to represent a client before the Board or involving the Board on any matter, an ethical screen would be erected between such representation and me. The ethical screen was established in June 2023.

7. Beginning on 29 July 2024, I was engaged to represent Justice Riggs. That representation was solely related to issues regarding advertising ("Former Matter"). None of the Former Matter issues related to the Board or touched upon matters related to the Board's authority.

8. My work concerning the Former Matter occurred before the election and I have performed no further work on that matter since 29 October 2024, one week before Election Day.

9. As I understand it, after Election Day on 5 November 2024, other lawyers in the Firm undertook to represent Justice Riggs in matters related to the election recount and any protests that might be filed ("Current Matter").

10. The Current Matter is entirely unrelated to the Former Matter, and I have in no way acted for or participated in the Current Matter. At the initiation of the Current Matter, the existing ethical screen involving the Board was updated to include the Current Matter.

11. Because of the erection of the ethical screen, I have been walled off from any participation in the Current Matter and prohibited from communicating with the lawyers involved in the Current Matter concerning that matter. Furthermore, all materials and confidential information relating to the Current Matter are maintained in a manner inaccessible to me.

12. Use of such ethical screens is permitted under the Rules of Professional Conduct, including in North Carolina, which recognizes that lawyers may be screened from potential conflicts of interest.

13. In addition to the ethical screen, I will be receiving no share of the profits arising from the Current Matter inasmuch as I am declining my share of any profits that might be received in connection with the Current Matter.

14. While it is accurate to state that I have represented various clients in politically related matters, those matters represent a financially negligible part of my overall practice, which focuses on representing business from inside and outside of North Carolina in litigation, arbitration, and other disputes. Since 1 October 2018, I have held no management or leadership roles within the Firm. In the past, my leadership roles have not included being a practice group leader within the Firm

15. In the one-year period through October 31, 2024, billings for my work on behalf of political candidates, committees, or parties (including Justice Riggs) totaled less than one-half of one percent of my total billings.

16. Based upon the foregoing account, I can state that the following factual assertions and premises in Griffin's Motion are untrue:

- a. The Motion refers to me as "the long-standing leader of Justice Rigg's [*sic*] legal team" (Mot. at 2), the "*de facto* leader of Justice Riggs' legal team" (*id.* at 4, 6), and "lead counsel for Justice Riggs" (*id.* at 5).

Fact: As stated above, I am not the "lead counsel" on the matters pending before the Board and, in fact, have provided no services to Justice Riggs on those matters and have been entirely shielded from them as a result of the ethical screen. In no way am I acting as a lawyer in the Current Matter, nor have I

represented Justice Riggs as a litigant in the Current Matter, nor have I in any respect contributed to any aspect of the preparation of the Current Matter for consideration by the Board.

- b. The Motion refers to me as the lawyer with “leadership of the Womble practice group defending Justice Riggs” (Mot. at 4), and as “the lead partner” of “the Womble practice group” (*id.* at 7).

Fact: As stated above, I am not now, nor have I ever been a practice group leader within the Firm and I have held no leadership positions within the Firm for over six years.

- c. The Motion states that I have “ownership of a partnership share at Womble” (Mot. at 2), “own[] a partnership share at Womble” (*id.* at 6, 8), and am in “possession of a partnership share in Womble” (*id.* at 7).

Fact: I do not “own” any partnership share, but am instead one of over 170 Firm lawyers spread out across the U.S. who have a contractual right to a share of the Firm’s profits.

- d. The Motion describes me as a “participant in the proceeding before the State Board” (Mot. at 4).

Fact: I have not participated in any matter before the Board since before 2023, including the Current Matter, nor have I participated in any respect in the preparation of the Current Matter for consideration by the Board.

- e. The Motion contends that I have “let” two of my partners “be the face of Justice Riggs’s legal team to th[e] Board” (Mot. at 1).

Fact: Those two lawyers are entirely in charge of the Current Matter, in which, as noted above, I have not participated in any manner nor provided any input.

- f. The Motion contends that I have an “interest that could be substantially affected by the outcome of the proceeding” (Mot. at 8, 9), that I “will benefit financially from this election litigation,” (*id.* at 2), and that my family and I “stand[] to benefit” from the outcome of this matter (*id.* at 2, 6.).

Fact: I have no financial interest in the outcome of the Current Matter nor any interest of any kind that will be substantially affected by its outcome. I will be receiving no share of the profits arising from the Current Matter.

17. In sum, the Motion, citing the Judicial Standards Commission's Formal Advisory Opinion 2015-03, states that "[i]f Mr. Millen assisted in this election dispute in any way, Ms. Millen should recuse herself." (Mot. at 9.) As indicated in detail above, I can state categorically that I have not "assisted in this election dispute in any way," nor do I have any financial interest in the matter.

No. 283A22-2

|

Filed December 13, 2024

Appeal pursuant to N.C.G.S. § 7A-30(2) (2023) from the decision of a divided panel of the Court of Appeals, 289 N.C. App. 271, 889 S.E.2d 462 (2023), affirming an order entered on 5 April 2022 by Judge Thomas H. Lock in Superior Court, Franklin County. On 15 December 2023, the Supreme Court allowed petitioner's and respondent's petitions for discretionary review as to additional issues. Heard in the Supreme Court on 19 September 2024.

Opinion

RIGGS, Justice.

*1 Clerks of the superior court are constitutional officers elected by qualified voters in the county where they serve. N.C. Const. art. IV, § 9(3). The North Carolina Constitution allows for removal of a duly-elected clerk “for misconduct or mental or physical incapacity by the senior regular resident Superior Court Judge serving the county.” N.C. Const. art. IV, § 17(4).

In this case, we consider the proper procedure for removal of a clerk in accordance with Article IV of the North Carolina Constitution. We hold that when the senior regular resident superior court judge is recused from the case and a replacement judge is commissioned to serve in that position for the removal proceeding, the replacement judge, serving

in the official role of senior regular resident superior court judge in that matter, has the authority to remove the clerk. Further, we hold that procedural due process requires that the clerk only be subject to removal for conduct identified in the sworn affidavit that initiates the removal proceeding under N.C.G.S. § 7A-105. Lastly, we hold that removal of a clerk under Article IV is on the basis of the misconduct standard set forth in the plain language of Article IV, Section 17(4) of the North Carolina Constitution, not under the willful misconduct standard articulated in N.C.G.S. § 7A-105.

For these reasons, we vacate the decision of the Court of Appeals in *In re Chastain* (*Chastain II*), 289 N.C. App. 271, 889 S.E.2d 462 (2023), overrule the holding of *In re Chastain* (*Chastain I*), 281 N.C. App. 520, 869 S.E.2d 738 (2022), and remand the case for reconsideration of removal under Article IV not inconsistent with the standards established in this opinion.

I. Facts & Procedural Background

In May 2013, Patricia Burnette **Chastain** was appointed to the position of clerk of superior court in Franklin County. In the November 2013 election, the voters in Franklin County elected her to a four-year term as clerk. She was reelected to a second term in 2017.

On 13 July 2020, Jeffrey Thompson, an attorney in Franklin County, requested “an inquiry be commenced by the Senior Resident Judge of the Ninth Judicial District to determine if it is appropriate to remove Ms. **Chastain** as Clerk of the Franklin County Superior Court.” Mr. Thompson filed an affidavit pursuant to N.C.G.S. § 7A-105 (Charging Affidavit) identifying the specific incidents that motivated his desire for an inquiry. The Charging Affidavit accused Ms. **Chastain** of willful misconduct, willful and persistent failure to perform her duties, habitual intemperance, and conduct prejudicial to the administration of justice. Mr. Thompson alleged¹ in the Charging Affidavit that Ms. **Chastain**, acting in her official capacity as clerk: (1) distributed gift certificates for smoothies to jurors in a criminal case; (2) allowed a judicial candidate to address a jury venire²; (3) acted unprofessionally with correctional officers at the Franklin County Detention Center and demanded access to detainees; (4) injected herself in a property dispute without proper authority and attempted to mediate the dispute outside the presence of the parties’ attorneys; (5) attempted to mediate a child custody dispute that she did not have jurisdiction over; (6) requested medical

records on official judicial letterhead without authority to request the records; (7) failed to timely and accurately reconcile bank records and report on financial matters within the clerk's office; (8) made inappropriate comments about the chief magistrate to members of the public; and (9) kept irregular work hours and acted erratically while at work.

*2 On the day the Charging Affidavit was filed, Judge John M. Dunlow, Franklin County's senior resident superior court judge, entered an order suspending Ms. **Chastain** and set the matter for a hearing on 6 August 2020. Ms. **Chastain** filed a motion to recuse Judge Dunlow and the only other Franklin County superior court judge, Cindy Sturges, from presiding over the removal inquiry because of their involvement in one of the incidents in the Charging Affidavit. Special Superior Court Judge J. Stanley Carmical granted the motion of recusal. Based upon the recusal of these judges, the Chief Justice of the Supreme Court of North Carolina commissioned Superior Court Judge Thomas H. Lock to preside over the removal inquiry.

Judge Lock held an evidentiary hearing on 28 through 30 September 2020. After considering the evidence, Judge Lock entered an order on 16 October 2020 (2020 Removal Order), permanently removing Ms. **Chastain** from her elected position as clerk based upon the removal procedures found in N.C. Const. art. IV, § 17(4) and N.C.G.S. § 7A-105. In the 2020 Removal Order, Judge Lock made findings of fact regarding the allegations in the Charging Affidavit. Additionally, Judge Lock made findings of fact about two allegations that were not included in the Charging Affidavit. The additional allegations were: (1) Ms. **Chastain** frequently approached District Attorney Michael D. Waters on “behalf of citizens charged with traffic and minor criminal offenses and ask[ed] him to reduce or dismiss their charges”; and (2) Ms. **Chastain** frequently asked Chief District Court Judge W. Davis to strike orders for arrest. Judge Lock concluded that “[e]ven if Respondent's acts of misconduct viewed in isolation do not constitute willful misconduct, her knowing and persistently repeated conduct prejudicial to the administration of justice itself rises to the level of willful misconduct” and “warrant[ed] her permanent removal from the office” of Franklin County Clerk of Superior Court. Ms. **Chastain** appealed.

The Court of Appeals concluded that Article IV “confers on a single individual[], the authority to remove the elected Clerk in a county; namely, the senior regular resident Superior Court Judge in that same county.” *Chastain I*, 281 N.C. App. at 523,

869 S.E.2d 738. For this reason, the Court of Appeals held that the replacement judge, Judge Lock, lacked authority to consider Ms. **Chastain's** removal under Article IV. *Id.* at 524, 869 S.E.2d 738. The Court of Appeals then considered “the other constitutional avenue by which a sitting Clerk may be removed,” concluding that Ms. **Chastain** could “be removed from her current term as a consequence of being disqualified from holding any office under Article VI [if] she is adjudged guilty of corruption or malpractice in any office.” *Id.* at 524–25, 869 S.E.2d 738 (cleaned up). The court went on to define “corruption and malpractice,” ultimately holding that “acts of willful misconduct which are egregious in nature” constitute “corruption or malpractice” under Article VI. *Id.* at 528, 869 S.E.2d 738 (citing *In re Peoples*, 296 N.C. 109, 250 S.E.2d 890 (1978)). The Court of Appeals vacated the order and remanded for reconsideration of whether Ms. **Chastain's** conduct rose to the level of corruption or malpractice under Article VI. *Id.* at 530, 869 S.E.2d 738.

On remand, Judge Lock entered a new order on 5 April 2022 (2022 Removal Order), concluding Ms. **Chastain** was “permanently disqualified from serving in the Office as Clerk of Superior Court of Franklin County.” Judge Lock concluded that “[e]ven if Respondent's acts of misconduct viewed in isolation do not constitute willful misconduct, her knowing and persistently repeated conduct prejudicial to the administration of justice itself rises to the level of willful misconduct [and] is equivalent to corruption or malpractice under Article VI of the Constitution of North Carolina and warrants permanent disqualification from office.” Ms. **Chastain** again appealed to the Court of Appeals.

*3 During the second appeal, a divided panel at the Court of Appeals affirmed the 2022 Removal Order, holding that the findings of fact supported the conclusion that Ms. **Chastain's** conduct rose to the level of corruption or malpractice. *Chastain II*, 289 N.C. App. at 291, 889 S.E.2d 462. The majority, however, went on to note its disagreement with the holding in *Chastain I*. *Id.* at 292, 889 S.E.2d 462. Specifically, the majority in *Chastain II* opined that Article VI, Section 8, “concerns disqualification for office, not removal from office,” *id.* at 292, 889 S.E.2d 462, and thus the *Chastain II* majority did not believe removal from office would be proper under Article VI, *id.* at 294, 889 S.E.2d 462. Instead, the majority in *Chastain II* believed that the Court of Appeals in *Chastain I* should have remanded the matter for further proceedings by Judge Dunlow under Article IV. *Id.* 294–95, 889 S.E.2d 462. Notwithstanding that disagreement, the *Chastain II* majority proceeded, consistent with *In re Civil*

Penalty, 324 N.C. 373, 384, 379 S.E.2d 30 (1989), and followed the *Chastain I* decision on Article VI. *Id.*

Judge Wood dissented from the holding that Ms. *Chastain's* conduct rose to the level of corruption or malpractice. *Id.* at 300, 889 S.E.2d 462 (Wood, J., dissenting). In her view, Ms. *Chastain's* conduct was “not *egregious* as to merit her disqualification and removal from the elected office of Clerk of Superior Court” under Article VI. *Id.*

Ms. *Chastain* appealed to this Court based on Judge Wood's dissent. We also allowed Ms. *Chastain's* petition for discretionary review as to additional issues and Mr. Thompson's petition for discretionary review as to additional issues.

II. Analysis

This case addresses the proper procedure for the removal of a duly-elected clerk of superior court. At the outset, we acknowledge that the Court of Appeals in *Chastain II* was bound to consider whether Ms. *Chastain's* removal was proper under Article VI based upon the earlier Court of Appeals' decision in *Chastain I*, as opposed to revisiting the decision about Article IV removal. *Chastain II*, 289 N.C. App. at 274, 889 S.E.2d 462; *see also In re Civ. Penalty*, 324 N.C. at 384, 379 S.E.2d 30 (“Where a panel of the Court of Appeals has decided the same issue, albeit in a different case, a subsequent panel of the same court is bound by that precedent, unless it has been overturned by a higher court.”).

However, we do not agree with the Court of Appeals' holding in *Chastain I* that the “only individual” with authority under Article IV to remove Ms. *Chastain* was Judge Dunlow, Franklin County's senior regular resident superior court judge. *Chastain I*, 281 N.C. App. at 523, 869 S.E.2d 738. The Constitution designates the senior regular resident superior court judge as the judicial officer with the authority to preside over a removal proceeding when charges are brought against a clerk. N.C. Const. art. IV, § 17(4). Because that proceeding is judicial in nature, when the senior resident superior court judge has a conflict of interest and cannot fairly conduct that proceeding, the judicial branch may designate another superior court judge to preside. Therefore, when Judge Dunlow was recused from the matter and Judge Lock was commissioned to replace him, Judge Lock had the constitutional authority under Article IV to preside over the removal hearing.

Next, in both *Chastain I* and *Chastain II*, the Court of Appeals recognized that removal of a clerk is only proper based upon allegations put forth in the affidavit that initiates the proceeding. *Chastain I*, 281 N.C. App. at 528–29, 869 S.E.2d 738; *Chastain II*, 289 N.C. App. at 277–78, 889 S.E.2d 462. We affirm the determination that removal under Article IV is only properly based upon allegations identified in the affidavit that initiates the removal process per N.C.G.S. § 7A-105.

Lastly, neither *Chastain I* nor *Chastain II* laid out the proper standard for removal under Article IV. We clarify that the proper standard for the removal of a clerk under Article IV is misconduct—as stated in the Constitution—rather than the willful misconduct standard identified in N.C.G.S. § 7A-105. *See* N.C.G.S. § 7A-105 (2023). On remand, Judge Lock should consider whether removal is proper based upon the standard for misconduct described below.

A. Article IV Removal Hearing

*4 A clerk of superior court is an elected constitutional and judicial officer with “jurisdiction and powers as the General Assembly shall prescribe by general law uniformly applicable to every county of the State.” N.C. Const. art. IV, §§ 9(3), 12(3). The Constitution also sets forth conditions under which an elected clerk may be removed from office; clerks “may be removed from office for misconduct or mental or physical incapacity by the senior regular resident Superior Court Judge serving the county.” N.C. Const. art. IV, § 17(4).

In *Chastain I*, the Court of Appeals interpreted the language in Section 17(4) to “confer on a single individual[], the authority to remove the elected Clerk in a county” and “no other judge may be conferred with jurisdiction over the subject matter of removing a Clerk for misconduct under Article IV.” *Chastain I*, 281 N.C. App. at 523, 869 S.E.2d 738. However, “issues concerning the proper construction and application of ... the Constitution of North Carolina can only be answered with finality by this Court.” *State ex rel. Martin v. Preston*, 325 N.C. 438, 449, 385 S.E.2d 473 (1989). In interpreting our Constitution, where the meaning is clear from the words, there is no need to search for meaning elsewhere. *Id.* When interpreting the “clemency power” granted to the Governor under Article III, Section 5(6) of the Constitution, this Court held that only the Governor, and no other executive branch official, can exercise the power of clemency. *Bacon v. Lee*, 353 N.C. 696, 718, 549 S.E.2d 840 (2001). In *Bacon*, a death row inmate sought to have the Governor—who was

involved in prosecuting the inmate's criminal case—delegate the clemency power to the Lieutenant Governor, who had no potential conflict of interest. *Id.* In rejecting this request, this Court held that “only the Governor ... may exercise the clemency authority established by the people of North Carolina in their Constitution.” *Id.*

Following this reasoning, the Court of Appeals in *Chastain I* held that only the senior regular resident superior court judge serving Franklin County could conduct the removal proceeding in this case and, if that judicial official could not do so, no other judge could replace him. However, examining Article IV, Section 17(4), within the structure of Article IV as a whole explains why the analogy to the executive's clemency power does not answer the question here.

The position of “senior regular resident Superior Court Judge”³ appears three times in Article IV. See *N.C. Const. art. IV, §§ 9(3), 10, 17(4)*. The first two provisions grant the senior regular resident superior court judge the power to appoint other public officials: allowing appointment of a temporary clerk, *id. art. IV, § 9(3)*; and allowing appointments of magistrates, *id. art. IV, § 10*. The third provision—removal of a clerk of superior court—is at issue in this case. *Id. art. IV, § 17(4)*.

In each provision, the constitution provides the senior resident superior court judge with special authority that would not function unless only one person could wield it at any given time. See *id.* But unlike the other two provisions—which grant appointment power—the removal proceeding in Section 17(4) of Article IV requires the judge to preside over a hearing and enter a judgment according to law. *Id.* In other words, it requires the judge to wield the judicial power. When adjudicating cases, all superior court judges are judicial officers of the Superior Court Division of our General Court of Justice. See *id. art. IV, § 2*. Thus, in this context, the senior regular resident superior court judge has no unique constitutional power greater than other judges of the superior court. See also *N.C.G.S. § 7A-41.1(c) (2023)* (“Senior resident superior court judges and regular resident superior court judges possess equal judicial jurisdiction, power, authority and status[.]”).

*5 Article IV, Section 17 of the Constitution does not limit the authority to preside over a clerk's removal proceeding to a single judge in the same way that Article III, Section 5 limits the clemency power solely to the Governor. Instead, Section 17 of Article IV identified the position of senior

regular resident superior court judge serving the county as the default judicial officer who must adjudicate charges brought against a clerk of superior court under Article IV. *Id. art. IV, § 17(4)*. But in a circumstance where that superior court judge has a conflict of interest and cannot fairly hear the case, the judicial branch may substitute another superior court judge of the General Court of Justice to preside over the proceeding and enter the judgment of the trial division. See *N.C. Const. art. IV, § 9(1)* (granting the General Assembly the authority to provide by general law for the selection or appointment of special or emergency Superior Court Judges); see also *N.C.G.S. § 7A-41.1(e)* (providing the Chief Justice the authority to appoint an acting senior resident superior court judge when the regular senior resident superior court judge is unable to perform their duties).

That is the scenario in this case. When Judge Dunlow was recused from this case, the Chief Justice exercised her authority to appoint Judge Lock as the superior court judge authorized to preside over the matter. Accordingly, we hold that Judge Lock properly had the constitutional authority to preside over the Article IV removal proceeding in this case.

The Court of Appeals went on to acknowledge that where the disqualification of a judge “would result in a denial of a litigant's constitutional right to have a question properly presented” to a court of last resort, then the Rule of Necessity operates to allow a judge to hear a matter notwithstanding that their participation may violate a judicial ethical canon. *Chastain I*, 281 N.C. App. at 523, 869 S.E.2d 738 (quoting *Lake v. State Health Plan for Tchrs. & State Emps.*, 376 N.C. 661, 664, 852 S.E.2d 888 (2021)). But here Judge Dunlow's recusal would not deny Ms. *Chastain* her constitutional right to have the removal question presented to the court. The Chief Justice has authority to appoint a judge to step into the position of senior regular resident superior court judge to preside over the removal hearing. Because Judge Dunlow was recused and Judge Lock was properly appointed, Judge Lock had jurisdiction to preside over the Article IV removal proceeding.

B. Due Process for the Removal Proceeding

Having concluded that Judge Lock had subject matter jurisdiction over the Article IV removal proceeding, we turn our attention to the question of whether removal under Article IV can only be based upon acts identified in the affidavit used to initiate the proceeding. See *N.C.G.S. § 7A-105* (mandating that “the procedure shall be initiated by the filing of a sworn affidavit with the chief district judge of the district in which

the clerk resides”). A proceeding resulting in the removal of an elected public official must afford the individual all the benefits of due process of law. *In re Spivey*, 345 N.C. 404, 413–14, 480 S.E.2d 693 (1997) (concluding that the North Carolina Constitution does not prohibit the General Assembly from enacting a statutory method of removal so long as the removal process provides due process of law). “An elementary and fundamental requirement of due process in any proceeding which is to be accorded finality is notice reasonably calculated, under all the circumstances, to apprise interested parties of the pendency of the action and afford them an opportunity to present their objections.” *McLean v. McLean*, 233 N.C. 139, 146, 63 S.E.2d 138 (1951) (quoting *Mullane v. Cent. Hanover Bank & Tr., Co.*, 339 U.S. 306, 314, 70 S.Ct. 652, 94 L.Ed. 865 (1950)).

Because a removal proceeding is neither a civil nor criminal proceeding, the only notice a respondent receives of the removal proceeding is the affidavit that initiates the process. See N.C.G.S. § 7A-105 (outlining the procedures for removal of a clerk and incorporating by reference the requirements for removal of a district attorney under N.C.G.S. § 7A-66); see also N.C.G.S. § 7A-66 (2023) (outlining the procedures for removal of district attorneys). The statutory process designates that the affidavit which initiates the proceeding must state the grounds for removal. N.C.G.S. § 7A-66 (“A proceeding ... is commenced by filing ... a sworn affidavit charging ... one or more grounds for removal.”). Additionally, the General Assembly requires “immediate written notice of the proceedings and a true copy of the charges” and that “the matter shall be set for hearing not less than 10 days nor more than 30 days thereafter.” *Id.* So long as the statutory language does not conflict with the Constitution, we presume that the procedure set forth in the statute is valid. See *State ex rel. Martin*, 325 N.C. at 448–49, 385 S.E.2d 473 (“All power which is not expressly limited by the people in our State Constitution remains with the people, and an act of the people through their representatives in the legislature is valid unless prohibited by that Constitution.”).

*6 Ms. **Chastain** argues that the 2020 and the 2022 Removal Orders relied upon acts not identified in the Charging Affidavit as some partial basis for removal. The Court of Appeals in *Chastain I* agreed with Ms. **Chastain** as to the 2020 Removal Order and concluded that reliance on “acts that were not alleged in [the Charging Affidavit] violated Ms. **Chastain's** due process rights.” *Chastain I*, 281 N.C. App. at 529, 869 S.E.2d 738. The Charging Affidavit contained a long list of alleged misconduct, including nine specific incidents

where Mr. Thompson asserted that Ms. **Chastain** acted in a manner constituting willful misconduct, willful and persistent failure to perform her duties, habitual intemperance, and conduct prejudicial to the administration of justice. As part of the removal proceeding, Judge Lock made more than thirty findings of fact about the allegations identified in the Charging Affidavit.⁴

However, during the removal hearing, Judge Lock also heard testimony and made findings about two additional allegations of misconduct that were not identified in the Charging Affidavit. Those allegations were that Ms. **Chastain** asked the district attorney to reduce or dismiss charges for traffic and minor criminal offenses and that Ms. **Chastain** asked the chief district court judge to strike orders for arrest. Relying on allegations not proffered in the Charging Affidavit does not comport with the procedures for removal of a clerk set forth by the General Assembly; specifically, our statutes require that the grounds for removal are identified in the sworn affidavit that initiates the removal proceeding. See N.C.G.S. §§ 7A-105, -66.

In a removal proceeding, which by statute must commence within thirty days after the filing of the affidavit, respondents must have notice of all allegations in the affidavit so that they can mount a defense against those allegations. Therefore, on remand, Judge Lock may only consider the allegations in the Charging Affidavit as grounds for removal under Article IV.

C. Standard for Removal Under Article IV

Lastly, we consider the standard for the removal of a clerk of superior court under Article IV. Section 17(4) of Article IV states that a clerk “may be removed from office for misconduct or mental or physical incapacity.” N.C. Const. art. IV, § 17(4) (emphasis added). Notably, subsection four does not use the “willful misconduct” standard which is used in Section 17(2) of Article IV, addressing removal of judges and justices. See N.C. Const. art. IV, § 17(2). The statutory procedure for removal or suspension of a clerk, though, identifies that higher standard for removal—willful misconduct—as the applicable standard. N.C.G.S. § 7A-105. However, when “there is a conflict between a statute and the Constitution, this Court must determine the rights and liabilities or duties of the litigants before it in accordance with the Constitution, because the Constitution is the superior rule of law in that situation.” *City of Asheville v. State*, 369 N.C. 80, 88, 794 S.E.2d 759 (2016) (quoting *Adams v. N.C. Dep’t of Nat. & Econ. Res.*, 295 N.C. 683, 690, 249 S.E.2d 402

(1978)). The constitutional language controls and, therefore, removal of a clerk under N.C. Const. art. IV, § 17(4) and N.C.G.S. § 7A-105 may be based upon misconduct, even if that conduct would not rise to the level of willful misconduct.

Nevertheless, this Court has not defined “misconduct” in the context of removal of a clerk under Article IV. The Court of Appeals, in the context of the Crime Victims Compensation Act, looking at whether a claimant's own misconduct was a proximate cause of his or her injury, recognized that misconduct is conduct “not within the accepted norm or standard of proper behavior.” *Evans v. N.C. Dep't of Crime Control & Pub. Safety*, 101 N.C. App. 108, 117, 398 S.E.2d 880 (1990). “While misconduct includes unlawful conduct as a matter of law, it may be something less than unlawful conduct, though more than an act done in poor taste.” *Id.* In the context of the removal of a prosecutor, this Court recognized that misconduct includes the “official doing of a wrongful act, or the official neglect to do an act which ought to have been done” even without a corrupt or malicious motive. *State ex. rel. Hyatt v. Hamme*, 180 N.C. 684, 688, 104 S.E. 174 (1920). These definitions align with the definition of misconduct found in Black's Law Dictionary: “dereliction of duty; unlawful, dishonest, or improper behavior, esp. by someone in a position of authority or trust.” *Misconduct*, Black's Law Dictionary (12th ed. 2024). Applying these standards to the constitutional office of clerk of superior court, we conclude that misconduct for a clerk is wrongful, unlawful, dishonest, or improper conduct performed under the color of authority for the clerk of superior court as identified in N.C.G.S. § 7A-103. See N.C.G.S. § 7A-103 (2023) (outlining the authority of clerk of superior court).

*7 Because the 2020 Removal Order is not before us, we do not simply reinstate that order. Nor do we suggest that the 2020 Removal Order, without factual findings on acts not identified in the Charging Affidavit, is necessarily inconsistent with this opinion. Thus, we remand this case to the Court of Appeals for further remand to Judge Lock to consider, consistent with this opinion, whether the findings of fact demonstrate misconduct sufficient to justify removal.

D. Disqualification of a Clerk Under Article VI

In his petition for discretionary review, Mr. Thompson asked this Court to outline the governing legal and procedural standard for removal under Article IV, Section 17(4), and disqualification under Article VI, Section 8, for a clerk of superior court. See N.C. Const. art. IV, § 17(4); N.C. Const. art. VI, § 8. Because we hold that Judge Lock has the authority

to consider removal under Article IV, we do not need to consider the question of the proper legal and procedural standard for disqualification of a clerk under Article VI. We decline to reach that question until it is properly presented to this Court. Accordingly, we conclude that the petition for discretionary review as to the issue of the proper procedure for disqualification under N.C. Const. art. VI, § 8, was improvidently allowed.

III. Conclusion

In sum, we hold that after Judge Lock was commissioned to oversee the removal proceeding, he assumed the position of senior regular resident superior court judge for Article IV, Section 17(4) purposes and therefore, had authority to consider the removal of Ms. **Chastain** under N.C. Const. art. IV, § 17(4). Furthermore, procedural due process requires that removal only be based upon incidents identified in the sworn affidavit that initiates the removal procedure pursuant to N.C.G.S. § 7A-105. Lastly, we affirm that the standard for removal of a clerk under Article IV as set forth in the Constitution is misconduct. For these reasons, we overrule the holding in **Chastain I**, 281 N.C. App. 520, 869 S.E.2d 738, that Judge Lock did not have jurisdiction to remove Ms. **Chastain** under N.C. Const. art. IV, § 17(4). Additionally, we vacate the Court of Appeals' decision in **Chastain II**, 289 N.C. App. 271, 889 S.E.2d 462.

We remand the case to the Court of Appeals with instructions to further remand to Judge Lock for consideration of whether removal is proper under N.C. Const. art. IV, § 17(4) based upon the incidents identified in the Charging Affidavit and the standard for removal set forth in this opinion. Judge Lock retains the discretion to determine whether an additional hearing is necessary on this matter. Lastly, we note that discretionary review was improvidently allowed as to the proper procedure and guidelines for disqualification of a clerk of superior court under N.C. Const. art. VI, § 8.

Case No. 5:24-cv-699

COMPLAINT

INTRODUCTION

1. As the Supreme Court has explained, the right to vote ““is a fundamental matter in a free and democratic society,”” and a right that is ““preservative of other basic civil and political rights.”” *Harper v. Virginia State Board of Elections*, 383 U.S. 663, 667 (1966) (quoting *Reynolds v. Sims*, 377 U.S. 533, 561-562 (1964)). Indeed, the Court has said, “[n]o right is more precious in a free country than that of having a voice in the election of those who make the laws under which, as good citizens, we must live.” *Wesberry v. Sanders*, 376 U.S. 1, 17 (1964). Accordingly, “[i]t has been repeatedly recognized that all qualified voters have a constitutionally protected right to vote *and to have their votes counted*.” *Reynolds*, 377 U.S. at 554 (citation omitted) (emphasis added).

2. From September 20 to November 5, millions of eligible voters exercised that fundamental right to vote in North Carolina’s 2024 general election. Some contests, including for associate justice of the North Carolina Supreme Court and certain state legislative seats, were extremely close. For example, with all counties having canvassed their results, Allison Riggs, the Democratic nominee for associate justice (and the incumbent), received several hundred more votes than Jefferson Griffin, the Republican nominee.

3. Griffin has filed 307 election protests in counties across North Carolina, claiming that 60,000 voters’ ballots should not be counted. The Republican candidates for three legislative seats—Ashlee Adams, Frank Sossamon, and Stacie McGinn—have also filed protests.¹

4. On November 20, the North Carolina State Board of Elections (“NCSBE”) issued an order (attached as Exhibit A) taking jurisdiction over three categories of protests (collectively, the “Protests”). Specifically, the NCSBE has taken jurisdiction over protests filed by Griffin, Sossamon, Adams, and McGinn alleging that ballots were unlawfully counted for one of the following reasons described by the NCSBE:

- a. Ballots were cast by overseas citizens who have not resided in North Carolina but whose parents or legal guardians were eligible North Carolina voters before leaving the United States;
- b. Ballots were cast by military or overseas citizens under Article 21A of Chapter 163, when those ballots were not accompanied by a photocopy of a qualifying photo ID or ID Exception Form; and
- c. Ballots were cast by registered voters whose voter-registration database records contain neither a driver’s license number nor the last-four digits of a social security number.

¹ These protests are public records available on the North Carolina State Board of Elections website at <https://dl.ncsbe.gov/?prefix=Legal/Nov%202024%20Protests>. All URLs cited herein without a publication date were visited on December 6, 2024.

Exhibit A ¶1. The NCSBE has ordered briefing on the Protests, to be completed today, December 6. *Id.* ¶6.

5. While protests have historically been used to challenge individual voter eligibility based on *individualized* evidence (e.g., evidence that a voter has been convicted of a felony, or moved to another jurisdiction and registered to vote there), each of the three categories presents a *systematic* challenge. Two of the three, moreover, rest on legal theories advanced unsuccessfully before the election by the North Carolina Republican Party (“NCRP”) and the Republican National Committee (“RNC”).

6. Because they involve systematic challenges, the Protests—though framed in state-law terms—implicate multiple provisions of federal law in ways that the traditional use of the protest process does not. As systematic challenges to voter eligibility raised after the election, for example, the first and third categories of protest contravene the National Voter Registration Act (“NVRA”), which prohibits what is in essence retroactive post-election voter-roll maintenance. Constitutional due process also prohibits the relief the protesters seek, both because the protesting candidates failed to provide affected voters adequate notice (as required to ensure they have an opportunity to be heard) and because changing the rules for eligibility or voting after an election imposes an undue burden on the right to vote, even if the state provides notice and a chance to be heard after the election is over. The first two categories of Protests also involve ballots cast by military and overseas citizens pursuant to the protections provided by the Uniformed and Overseas Citizens Absentee Voting Act (“UOCAVA”), as implemented by the North Carolina Uniform Military and Overseas Voting Act (“UMOVA”). The third category, meanwhile, is grounded in a state statutory provision that incorporates the federal Help America Vote Act (“HAVA”)—which prohibits (and certainly does not authorize) refusing to

count a ballot on the ground that the voter's registration records do not contain a driver's license number or the last four digits of a social security number.

7. Put simply, the Protests demand that the NCSBE violate federal laws safeguarding North Carolinians' fundamental right to have their votes counted. In light of that demand, and given the prospect of further state proceedings by parties aggrieved by the NCSBE's disposition of the Protests, this Court should issue a declaratory judgment regarding the application of federal law to the Protests. In particular, the NCDP requests a declaratory judgment that federal law prohibits throwing out votes in an election on the basis of the mass, systemic challenges lodged by the Protests.

JURISDICTION AND VENUE

8. This Court has subject-matter jurisdiction under 28 U.S.C. §1331, as this action arises under federal statutes—the NVRA and HAVA—and the U.S. Constitution. This Court also has subject-matter jurisdiction under 28 U.S.C. §1343(a) and 42 U.S.C. §1983, as plaintiff seeks equitable and declaratory relief to protect the right to vote.

9. This Court has personal jurisdiction over the North Carolina State Board of Elections, which is a state agency of (and located in) North Carolina.

10. This Court has personal jurisdiction over NCSBE Executive Director Karen Brinson Bell, NCSBE Chair Alan Hirsch, Secretary Jeff Carmon, and NCSBE members Stacy Eggers IV, Kevin N. Lewis, Siobhan O'Duffy Millen, as they are each sued in their official capacities as appointed officials in North Carolina. Each also works and resides in North Carolina. *See infra* ¶¶17-22.

11. Venue in this Court is proper under 28 U.S.C. §1391(b). The NCSBE and its members reside in this district, and the NCSBE has assumed jurisdiction over the Protests giving

rise to the complaint. Furthermore, a substantial portion of the federal-law violations outlined in this complaint have occurred or will occur in this district, because many of the voters whose ballots are challenged by the Protests reside within this district, cast their ballots within this district, and had their ballots duly counted by their respective county boards of elections within this district.

12. This Court has the authority to grant declaratory (and injunctive) relief under 28 U.S.C. §§2201-2202. The Court also has authority to enter a declaratory judgment and provide injunctive relief under Federal Rules of Civil Procedure 57 and 65.

PARTIES

A. Plaintiff

13. The North Carolina Democratic Party (“NCDP”) is a state committee, as that term is defined by 52 U.S.C. §30101. The NCDP’s purpose is to elect Democratic candidates to public office throughout North Carolina, including the Democratic nominees for associate justice of the North Carolina Supreme Court and the state legislative seats at issue here. To accomplish that purpose, the NCDP supports Democratic candidates in national, state, and local elections through fundraising and organizing efforts; protects the legal rights of voters; and ensures that all voters can cast ballots and have their votes counted in North Carolina. The NCDP has members and other constituents throughout North Carolina, including many voters who regularly support and vote for candidates affiliated with the Democratic Party (and did so in this election), such as Justice Riggs and the Democratic candidates for the relevant legislative seats: Representative Terrence Everitt, Bryan Cohn, and Woodson Bradley.

14. There are over 2.4 million registered members of the Democratic Party in North Carolina. *See Voter Registration Statistics*, NCSBE.² Members of the NCDP, and other individuals who voted for Justice Riggs and/or one of the Democratic nominees for the relevant legislative seats, will have their votes thrown out if the Protests are sustained. As a representative of those voters, the NCDP can obtain relief on their behalf without their individual participation. The NCDP thus brings the claims below on behalf of its members as well as other individuals who voted for Justice Riggs and/or its legislative nominees and will be harmed by the Protests.

15. The Protests also directly harm the NCDP as an organization, and hence it also has standing to sue on its own behalf. The NCDP has expended significant funds and resources on voter outreach and mobilization efforts in the 2024 general election. Forcing the NCDP to protect its members by defending against these Protests will divert the NCDP's funds from its core voter-counseling business by requiring significant additional expenditures on voter outreach and mobilization in the future to ensure disenfranchised voters are able to both cast their ballots and have their votes counted in future elections. Any erroneous denial of Democratic voters' right to have their ballots counted further injures the NCDP by undermining the NCDP's ability to succeed in getting Democrats elected.

B. Defendants

16. The North Carolina State Board of Elections is the state agency with "general supervision over the primaries and elections in the State." N.C. Gen. Stat. §163-22. It is thus "the state agency charged with the administration of the elections process and campaign finance

FACTUAL ALLEGATIONS

A. The NCRP's Previous Attempts To Systematically Purge Voters From The Rolls

23. In North Carolina, “[e]very person born in the United States and every person who has been naturalized,” is “18 years of age,” and meets certain qualifications “shall be entitled to vote at any election.” N.C. Const. art. VI, §1. To the extent a private party believes that a person is not eligible to vote, the party must challenge the person’s eligibility: (1) well before the election (at least 25 days), N.C. Gen. Stat. §163-85; (2) when the challenged voter casts a ballot in person on election day, *id.* §163-87; or (3) by 5 pm on the business day after the deadline for receipt of absentee ballots, if the challenged voter cast such a ballot, *id.* §163-89. The challenger must come forward with affirmative, individualized proof that the voter is ineligible to cast a ballot at the relevant time, and the voter must be afforded notice and an opportunity to be heard when challenged. *See id.* §§163-86, 163-88, 163-89.

24. During the 2024 general election, none of the Republican candidates’ campaigns (i.e., the campaigns of Griffin, Adams, Sossamon, and McGinn) availed itself of these procedures, nor did the NCRP. Instead, the NCRP, along with the RNC, filed several lawsuits to disenfranchise specified categories of voters en masse.

25. For example, in August 2024, the NCRP and RNC asked a North Carolina superior court to purge up to 225,000 registered North Carolinians from the voter rolls or force them to cast provisional ballots that are presumptively not counted, even though these voters filled out the state’s voter-registration form, had their eligibility to vote verified by election officials, and had brought or would bring identification to the polls when they voted (as state and federal law require). The lawsuit claimed that these 225,000 voters *might* be ineligible because they (1) allegedly registered using an NCSBE registration form that supposedly did not make

clear that voters with a North Carolina driver's license or social security number must provide one of those numbers on the form, as required by the federal Help America Vote Act, 52 U.S.C. §21083(a)(5)(A), which is incorporated into state law, N.C. Gen. Stat. §§63-82.11(c), 163-82.4(a)(11), and (2) allegedly did not provide this information. Because the case hinged on the interpretation of HAVA and the NVRA, it was removed to federal court in this district. The district court dismissed the statutory claim based on its interpretation of HAVA, and the Fourth Circuit rejected the plaintiffs' attempt to remand the constitutional claim to state court. *See Republican National Committee v. North Carolina State Board of Elections*, 120 F.4th 390, 393 (4th Cir. 2024). The NCRP and RNC did not appeal the dismissal of their statutory claim; litigation over their constitutional claim continues in federal court. *See* Case No. 24-cv-547 (E.D.N.C.).

26. Two months after filing the lawsuit just discussed, the NCRP and RNC brought a case seeking to disenfranchise specified categories of overseas voters, including military servicemembers and their families, who cast ballots pursuant to (1) UOCAVA—which safeguards the rights of military and overseas voters in federal elections—and (2) UMOVA, a state law that incorporates and expands upon UOCAVA's protections for elections for state office. The NCRP and RNC claimed that U.S. citizens born overseas who have not lived in the United States but whose parents were eligible North Carolina voters before moving abroad are not eligible to vote, despite a state law granting them that right, N.C. Gen. Stat. §163-258.2(1)(e), and further claimed that all overseas voters should be required to provide identification proving residency under state law. The NCRP and RNC declined to pursue injunctive relief in state court regarding the latter claim. They did seek a preliminary injunction as to the former claim, but their request was denied, as was their request for extraordinary relief

from the North Carolina Court of Appeals. They also sought extraordinary relief from the North Carolina Supreme Court, a request which remains pending. *See Kivett v. North Carolina State Board of Elections*, Case No. 281P24 (N.C. Nov. 1, 2024).

27. In each of these cases, the courts appropriately exercised judicial restraint, refusing to alter the rules of the ongoing 2024 general election in a manner that would disenfranchise voters.

B. Republican Candidates' Post-Election Protests

28. Voting in the 2024 general election commenced on September 20, 2024, with the distribution of military and overseas ballots. Absentee ballots were distributed beginning on September 24, and election day was November 5.

29. One closely contested race was for associate justice of the North Carolina Supreme Court. That court comprises a chief justice and six associate justices. Each of the seven members serves an eight-year term. Governor Roy Cooper appointed Justice Riggs to fill the vacancy in seat #6 in September 2023. In March 2024, following primary elections, she was nominated by the NCDP to stand for re-election. The NCRP nominated Judge Griffin to challenge Justice Riggs.

30. Several state legislative races in North Carolina were also closely contested in the 2024 general election, including those for Senate Districts 18 and 42 and House District 32.

31. North Carolina's county boards of elections canvassed the 2024 general election results on November 15 and 18. Pursuant to that canvass, Justice Riggs won re-election by several hundred votes; the Democratic nominees for Senate District 18 (Everitt), Senate District 42 (Bradley), and House District 32 (Cohn) also won their elections, each by a margin of a few hundred votes.

32. Dissatisfied with the results of the canvass, Griffin, along with the Republican candidates for Senate District 18 (Adams), Senate District 42 (McGinn), and House District 32 (Sossamon) filed a slew of election protests. In North Carolina, “[a] protest concerning the conduct of an election may be filed with the county board of elections by any registered voter who was eligible to vote in the election or by any person who was a candidate for nomination or election in the election,” and it must concern “the manner in which votes were counted and results tabulated” or “some other irregularity.” N.C. Gen. Stat. §§163-182.9(a), (b)(2). A protest must be dismissed where there is “not substantial evidence of any violation [of the election law], irregularity, or misconduct sufficient to cast doubt on the results of the election.” *Id.* §§163-182.10(d)(2). Historically, protests have been used to challenge tabulation accuracy or individual voter eligibility, such as where voters have died, been convicted of felonies, voted twice, or where their votes were improperly excluded.⁴

33. Griffin has filed 307 election protests in counties across North Carolina, claiming that 60,000 voters’ ballots should not be counted, and the legislative candidates have filed several similar protests. Some of these protests raise factual, record-based challenges, such as (again) that county boards of elections unlawfully counted votes by voters who had died or been convicted of felonies. But others use the protest process to raise systematic legal challenges to the eligibility of groups of voters and validity of their votes based on the same or similar legal theories the NCRP and RNC have pushed in litigation.

34. On November 20, 2024, the NCSBE issued an order specifying how the protests would be considered. *See* Exhibit A. Under that order, the NCSBE took jurisdiction over protests filed with county boards of elections by Griffin, Sossamon, Adams, and McGinn that “allege that ballots were unlawfully counted for one of [three] reasons.” *Id.* ¶1. The NCSBE described those reasons, which mirror the legal theories advanced in the lawsuits discussed above, as:

- a. Ballots were cast by overseas citizens who have not resided in North Carolina but whose parents or legal guardians were eligible North Carolina voters before leaving the United States;
- b. Ballots were cast by military or overseas citizens under Article 21A of Chapter 163, when those ballots were not accompanied by a photocopy of a photo ID or ID Exception Form; and
- c. Ballots were cast by registered voters whose voter registration database records contain neither a driver’s license number nor the last-four digits of a social security number.

Id. Examples from each of the three categories—the three that are at issue here—are attached as Exhibits B, C, and D, respectively.⁵ The county boards of elections retained jurisdiction over all other protests, including individualized challenges to voter eligibility. Exhibit A ¶4. The NCSBE has ordered briefing on the protests under its jurisdiction to be completed today, December 6, 2024. *Id.* ¶6.

35. Voters targeted by the first category have been assured for over thirteen years that (contrary to the protestors’ claim) they are eligible to vote because a state statute—which the NCRP and RNC have (unsuccessfully) challenged in court—grants them that right. *See* N.C. Gen. Stat. §163-258.2(1)(e). That statute is consistent with established state law construing voter

⁵ While these examples are protests filed by Judge Griffin, the protests filed by the legislative candidates within each category are identical or nearly identical. *See supra* ¶ 3 & n.1.

residence and domicile. *See Thayer v. Thayer*, 187 N.C. 573, 574 (1924); N.C. Const. art. VI, §2(2).

36. Similarly, both NCSBE guidance and North Carolina law informed voters targeted by the second category that (contrary to the protestors’ claim) they did not have to submit photo identification along with their absentee ballots. The NCSBE has stated that “neither federal nor state law requires” such voters to “provide ID when returning their ballot.” Exhibit C at 1, 8. And state law provides that unless they request a regular absentee ballot, UMOVA voters are given ballots “specifically prepared or distributed for” their use. N.C. Gen. Stat. §163-258.2. Only a declaration, and no photo identification, must accompany such ballots. *Id.* §163-258.17(b). Even if photo identification were required, moreover, state law provides that “[i]f a [UMOVA] voter’s mistake or omission in the completion of” a ballot “does not prevent determining whether a covered voter is eligible to vote, the mistake or omission does not invalidate” the ballot. *Id.* §163-258.17(a).

37. Likewise, voters targeted by the third category of Protests registered using state-provided registration forms—which the RNC and NCRP have argued did not “clearly indicate that” a registrant was “required to list her driver’s license number or the last four digits of her social security number,” *Republican National Committee*, 120 F.4th at 399—and were then allowed to vote, which means their registrations were accepted and eligibility confirmed by election officials. *See* N.C. Gen. Stat. §§163-82.1(a), 183-82.6, 183-82.7.

38. In an apparent effort to comply with state requirements that protesters provide notice of protests to affected voters, the NCRP mailed postcards to broad categories of voters. *See* Exhibit E (Offerman affidavit) ¶¶10-20. For example, the NCRP claims to have mailed postcards to every person who cast a ballot in the November 2024 general election, who

registered after January 1, 2004, and whose registration-database records do not contain a driver's license number or the last four digits of a social security number. *See* Exhibit D at 11. The postcards, however, contain minimal or misleading information. For example, they do not indicate which candidate has filed the protest or even which race is at issue. *See* Exhibit E at 5. Nor do they indicate which of the hundreds of protests concern the recipient. Rather, the postcards merely state that “your vote *may* be affected by one or more protests filed in relation to the 2024 General Election” and instruct voters to “scan [a] QR code to view the protest filings” and “check under the county in which you cast a ballot to see what protest *may* relate to you.” *Id.* (emphases added). At least some of the postcards, moreover, were addressed to the challenged voter “or current resident.” *See* Exhibit F.⁶ And while the postcards note that “more information on when your County Board of Elections will hold a hearing on this matter” is available at a link found via the QR code, *id.*, following that link merely directs voters to a dropdown list of counties, and selecting a county leads to a link to the landing page for that county's board of elections—not to information on hearing dates. Finally, nothing on the postcard indicates that voters will have any opportunity to be heard at a hearing or otherwise. *See id.*

CLAIMS FOR RELIEF

Count I: Violation of the National Voter Registration Act, 52 U.S.C. §§20507(c)(2)(A), 20507(b)(1) – Systematic Removal of Voters⁷

39. Plaintiff realleges all preceding paragraphs as if fully set forth herein.

⁶ Exhibit F is extracted from an image of an as-sent postcard published by the Southern Coalition for Social Justice. *See* Southern Coalition for Social Justice (@scsjofficial), Instagram (Dec. 4, 2024), https://www.instagram.com/scsjofficial/p/DDKzasev_dz/?img_index=1.

⁷ Because the election has already occurred, the NCDP was not required to provide notice of this NVRA violation to North Carolina's chief election official before suing. *See* 52 U.S.C. §20510(b)(3) (requiring notice only where violations are occurring or will occur “more than 30 days before the date of an election for Federal office”).

40. With exceptions not relevant here, federal law requires each state to (1) maintain a single authoritative list of voters registered in the state, and (2) conduct “list maintenance” to remove ineligible individuals from the rolls. 52 U.S.C. §21083(a). Under the NVRA, voters may be removed from the rolls at their request or because of a change in residence, a criminal conviction, mental incapacity, or death. *Id.* §20507(a)(3), (4). North Carolina law provides for removal from the voter rolls for largely the same reasons. *See* N.C. Gen. Stat. §163-82.1(c).

41. At the same time, the NVRA sharply limits states’ ability to deem voters ineligible shortly before or after any federal election. Section 8 of the NVRA provides that:

A State shall complete, not later than 90 days prior to the date of a primary or general election for Federal office, any program the purpose of which is to systematically remove the names of ineligible voters from the official lists of eligible voters.

52 U.S.C. §20507(c)(2)(A). North Carolina law requires that systematic efforts to remove ineligible voters from the rolls, for the purposes of both federal and state elections, comply with the NVRA. N.C. Gen. Stat. §163-82.14(a).

42. In a prior case, another federal district court in North Carolina held that North Carolina county boards of elections violated 52 U.S.C. §20507(c)(2)(A) when they systematically removed voters from the rolls within 90 days of a federal election based on challenges stemming from mailings to those voters being returned as undeliverable. *See North Carolina State Conference of NAACP v. Bipartisan Board of Elections and Ethics Enforcement*, 2018 WL 3748172, at *5-10 (M.D.N.C. Aug. 7, 2018). The Court enjoined North Carolina officials from continuing to do so “without individualized inquiry as to the circumstances of each voter in the 90 days preceding a federal election.” *Id.* at *12. The Court further enjoined

officials from “holding hearings or taking any other action(s) to process challenges” designed to facilitate systematic removal. *Id.*⁸

43. The NVRA thus prohibits North Carolina from now discarding votes based on the systematic challenges contained in the first and third categories of Protests, which dispute voters’ status on the voter rolls. For the 2024 general election, the deadline for the NCSBE to complete systematic list maintenance was August 7, 2024. After that date, voters could not be legally deemed ineligible for systematic, rather than individualized, reasons. But the Protests do not raise individualized challenges against any of the registered voters whose votes they seek to cancel. Rather, by endeavoring to throw away the already-cast votes of large swaths of voters based on generic legal challenges, the Protests, in essence, call for retroactive post-election voter-roll maintenance. That is barred by the NVRA.

44. Although split into separate county-specific packages, the Protests amount to requests for the kind of systematic, non-individualized bulk removal of voters that the NVRA bars and which the RNC and NCRP failed to obtain through pre-election litigation. For example, Protests in the first category each follow the same template, asking the NCSBE to retroactively disenfranchise *all* voters who have never “resided in the United States,” whom they identify by attaching a short chart listing the names and residential addresses of such suspected voters in the county. *See, e.g.*, Exhibit B at 16. But a voter is “domiciled” in North Carolina—and thereby satisfies North Carolina’s residency requirement—even if he has never lived in North Carolina,

⁸ In accordance with the NVRA and the Court’s order, the NCSBE promulgated Numbered Memo 2018-07, which reiterates that within 90 days of a federal election, county boards may not remove a voter from the rolls based on a voter challenge brought without an individualized inquiry as to the circumstances of each voter, meaning reliable first-hand evidence specific to the voters challenged. Generic evidence that conveys no information about each challenged voter’s specific circumstances is not sufficient.

so long as he was born to North Carolina residents and never established a new domicile.

Thayer, 187 N.C. at 574; *see also Mississippi Band of Choctaw Indians v. Holyfield*, 490 U.S. 30, 48 (1989).

45. Similarly, the third category of Protests targets voters who did not provide their driver's license number or last four digits of their social security number on their voter registration forms. But many of these voters—i.e., those who omitted this information while registering by mail—were required by HAVA and its state analog to present a valid photo identification or other identifying document the first time they voted. *See* 52 U.S.C. §21083(b); N.C. Gen. Stat. §163-166.12(a). The NVRA's requirement of individualized eligibility determinations ensures that each voter targeted for disenfranchisement is in fact ineligible to vote. By contrast, sweeping protests that target voters en masse, like the ones here, are forbidden after the 90-day mark.

46. Lastly, the NVRA requires that any "State program or activity" to de-register voters be "uniform, nondiscriminatory, and in compliance with" the Voting Rights Act. 52 U.S.C. §20507(b)(1). That requirement is violated when a method for purging voters is over-inclusive, "identif[ying] many properly registered citizens as potential noncitizens." *United States v. Florida*, 870 F.Supp.2d 1346, 1350 (N.D. Fla. 2012).

47. Protests in the third category, which seek to discard ballots "cast by registered voters whose voter registration database records contain neither a driver's license number nor the last-four digits of a social security number," Exhibit A ¶1(c), are undoubtedly over-inclusive. Even if it were lawful to discard ballots of voters whose NCSBE-provided registration forms were accepted despite not providing the information required by HAVA, HAVA does not require every voter to provide a driver's license number or the last four digits of their social security

number. Rather, “[i]f an applicant for voter registration ... has not been issued a current and valid driver’s license or a social security number,” then “the State shall assign the applicant a number which will serve to identify the applicant for voter registration purposes.” 52 U.S.C. §21083(a)(5)(A)(ii). And neither the Protests nor the NCRP-RNC lawsuit on this issue contains *any* allegation that the State Board failed to assign an identifying number to any—let alone all—of the applicants who did not provide such information when registering with the prior form. Indeed, the NCRP conceded in litigation that the voters targeted for removal on this basis are only “*potentially* ineligible.” See Complaint ¶94, *Republican National Committee v. North Carolina State Board of Elections*, No. 24-cv-26995-910 (N.C. Super. Ct. Aug. 23, 2024) (emphasis added).

48. Absent this Court’s adjudication, there is a substantial risk of mass disenfranchisement of thousands of NCDP members, in contravention of the NVRA. The Court should therefore enter a declaratory judgment that the NVRA prohibits throwing out votes after an election on the basis of the systemic challenges raised by the first and third categories of Protests.

**Count II: Violation of the Fourteenth Amendment to the United States Constitution –
Procedural Due Process**

49. Plaintiff realleges all preceding paragraphs as if fully set forth herein.

50. Due process prohibits states from depriving “any person of life, liberty, or property without due process of law.” U.S. Const. amend. XIV, §1. A state thus may not deny a constitutionally protected liberty interest without adequate procedural protections.

51. To succeed on a procedural-due-process claim, a plaintiff must show: “(1) a cognizable liberty interest or property interest; (2) the deprivation of that interest by some form of state action; and (3) that the procedures employed were constitutionally inadequate.”

Kendall v. Balcerzak, 650 F.3d 515, 528 (4th Cir. 2011) (quotation marks omitted). On the last element, procedures are typically inadequate if they do not provide “notice and an opportunity to be heard.” *Wolf v. Fauquier County Board of Supervisors*, 555 F.3d 311, 323 (4th Cir. 2009); *see also Fuentes v. Shevin*, 407 U.S. 67, 81 (1972).

52. To assess the adequacy of procedural protections, courts examine three factors: (1) “the private interest that will be affected by the official action”; (2) “the risk of an erroneous deprivation of such interest through the procedures used, and the probable value, if any, of additional or substitute procedural safeguards”; and (3) “the Government’s interest, including the function involved and the fiscal and administrative burdens that the additional or substitute procedural requirement would entail.” *Mathews v. Eldridge*, 424 U.S. 319, 335 (1976).⁹

53. Procedural due process prohibits discarding votes on the basis of the Protests because the Protests fail to provide affected voters adequate notice or an opportunity to be heard before they are deprived of their fundamental right to have their votes counted.

54. All three groups of voters that the Protests target registered via an NCSBE form, which required them to swear under oath that they were eligible voters, had their eligibility verified by election officials, were registered to vote by county boards of elections, cast their ballots in accordance with the provided instructions, and had their ballots accepted and counted. As explained, North Carolina passed a statute codifying the right to vote in the state for citizens

⁹ “Multiple district courts ... have considered procedural due process challenges to election regulations under ordinary procedural due process principles,” i.e., the *Mathews* factors. *Arizona Democratic Party v. Hobbs*, 485 F.Supp.3d 1073, 1093 (D. Ariz. 2020) (collecting cases); *see also Democracy North Carolina v. North Carolina State Board of Elections*, 476 F.Supp.3d 158, 228-229 (M.D.N.C. 2020) (applying the *Mathews* factors for a procedural-due-process claim against a North Carolina law governing absentee ballots). But sustaining the Protests would be unconstitutional even if a procedural-due-process claim were assessed instead under the *Anderson-Burdick* framework.

born overseas who have not lived in the United States but whose parents were eligible North Carolina voters before moving abroad. *See* N.C. Gen. Stat. §163-258.2(1)(e). Likewise, a state statutory provision informs overseas voters that no photo identification need accompany their ballot, *id.* §163-258.17(b)—a message NCSBE has reinforced, Exhibit C at 1, 8. And North Carolina provided the registration form that voters who are targeted by the third category completed, processed their registrations, added them to the voter rolls, allowed them to vote, and accepted and counted their ballots. It does not comport with procedural due process for any of these voters to be told only now—after the election—that through no fault of their own their votes will not count after all, absent notice and opportunity to provide whatever information or ID the Protests assert was missing.

55. Affected voters have not been given adequate notice and an opportunity to provide the allegedly missing information. The postcards sent by the NCRP are insufficient. They do not inform voters which candidate has filed a protest, which of the hundreds of protests filed by various candidates affects the recipient, or even which race is at issue. Nor do the postcards disclose that the recipient has been named in a protest; they merely state that “your vote *may* be affected by one or more protests filed in relation to the 2024 General Election” and instruct voters to “scan [a] QR code to view the protest filings” and “check under the county in which you cast a ballot to see what protest *may* relate to you.” Exhibit E at 5 (emphases added). Indeed, the postcards do not even indicate that the person who reads it may be affected by any protest, because at least some were addressed to a named voter “or current resident.” *See* Exhibit F. The NCRP’s use of such an “exceptional address format” (39 C.F.R. §111.1(a)(2)(ii)) ensured that the mail would not be forwarded to the named voter or returned undeliverable if the voter

had moved. *See* U.S. Postal Service, *Domestic Mail Manual*, Part 602 (Addressing), §§3.1.3, 3.4.1.¹⁰ As a result, the voter might never receive even this paltry “notice.”

56. Providing access to information only through a QR code—the postcards do not contain a web address—is not reasonably calculated to provide notice to many voters, particularly those without access to or familiarity with the latest technology, who are disproportionately likely to be older or of lower socioeconomic status. The postcards also do not indicate that affected voters will have any opportunity to be heard before their votes are discarded. While the postcards note that “more information on when your County Board of Elections will hold a hearing on this matter” is available at a link found via the QR code, *see* Exhibit E at 5, following that link directs voters to a dropdown list of counties, and selecting a county leads to a link to the landing page for that county’s board of elections rather than to information on hearing dates. In any event, the postcards do not indicate that the recipient may be able to speak at that hearing. And they certainly do not suggest that affected voters will have the opportunity to provide whatever information or identification the Protests assert was missing.

57. Application of the three *Mathews* factors confirms that procedural due process prohibits discarding votes on the basis of the Protests.

58. *First*, the private interest at stake is extremely strong. “No right is more precious in a free country than that of having a voice in the election of those who make the laws.” *Wesberry*, 376 U.S. at 17; *see also North Carolina State Conference of NAACP v. McCrory*, 831 F.3d 204, 241 (4th Cir. 2016). But the Protests threaten the right to vote, which encompasses voters’ right both to “cast their ballots” *and* to “have them counted.” *United States v. Classic*, 313 U.S. 299, 315 (1941).

¹⁰ Available at <https://pe.usps.com/text/dmm300/welcome.htm>.

59. *Second*, disenfranchising voters based on the claims made in the Protests poses a serious risk of error. With the possible exception of those concerning overseas voters who have never lived in North Carolina, the Protests do not allege that any of the targeted voters are actually ineligible to vote. As explained, neither the Protests nor the prior litigation over HAVA requirements allege that any of the targeted voters were, in fact, ineligible. Likewise, the protests concerning ballots cast by military or overseas citizens that were not accompanied by a photocopy of a photo ID or ID exception form do not allege that voters who did not include a photo ID—because they were never instructed to do so—are ineligible to vote. *See* Exhibit C. Even if some of these voters were not eligible, additional procedures would reduce the risk of any inaccurate determinations, because voters who are in fact eligible would be able to demonstrate their eligibility. *See Rockville Cars, LLC v. City of Rockville*, 891 F.3d 141, 145-146 (4th Cir. 2018).

60. *Third*, there is no risk of unreasonable burden on the government, because state law already establishes a system for providing notice and an opportunity to be heard: North Carolina’s challenge process involves voters receiving *meaningful* notice and a hearing before being de-registered based on a challenge from another voter. *See* N.C. Gen. Stat. §§163-85, 163-86. There is no reason such a process could not work here.

61. In a recent case involving baseless allegations of voting by non-U.S. citizens, the chief justice of the Arizona Supreme Court rejected an attempt (similar to the Protests) to deny nearly 100,000 voters the ability to vote in state and local elections because they supposedly had not provided documentary proof of U.S. citizenship when they registered. *See Richer v. Fontes*, 2024 Ariz. LEXIS 263, at *8 (Ariz. Sept. 20, 2024) (Timmer, C.J.). The chief justice was “unwilling” to “disenfranchise voters en masse” when doing so “is not authorized by state law

and would violate principles of due process.” *Id.* That was “particularly true” given that (1) it was a “state administrative failure” that led to voters being registered without the requisite proof of citizenship, and (2) there was “so little time remaining before the beginning of the 2024 General Election.” *Id.* at *7. The same conclusion is warranted here.

62. Absent this Court’s adjudication, there is a substantial risk of mass disenfranchisement of thousands of NCDP members in violation of the constitutional guarantee of procedural due process. The Court should therefore enter a declaratory judgment that procedural due process prohibits discarding votes after an election on the basis of systematic challenges, including the particular challenges raised by the Protests.

Count III: Violation of the First and Fourteenth Amendments to the United States Constitution – Undue Burden on the Fundamental Right To Vote

63. Plaintiff realleges all preceding paragraphs as if fully set forth herein.

64. State laws that burden the right to vote violate the First and Fourteenth Amendments to the U.S. Constitution unless relevant and legitimate state interests of sufficient weight justify the burden or burdens. *See Anderson v. Celebrezze*, 460 U.S. 780, 788-790 (1983); *Burdick v. Takushi*, 504 U.S. 428, 434 (1992). The more severely a law burdens the right to vote, the more strictly it must be scrutinized. Hence, “election laws that impose a severe burden on ballot access are subject to strict scrutiny, and a court applying strict scrutiny may uphold the restrictions only if they are ‘narrowly drawn to advance a state interest of compelling importance.’” *Pisano v. Strach*, 743 F.3d 927, 933 (4th Cir. 2014) (quoting *McLaughlin v. North Carolina Board of Elections*, 65 F.3d 1215, 1220 (4th Cir. 1995)); *see also Burdick*, 504 U.S. at 434.

65. Discarding votes on the basis of the systematic challenges raised in the Protests would impose severe burdens on North Carolinians’ right to vote, with no sufficient justification.

66. Declining to count a voter's vote due to a procedural "error" that was affirmatively induced by the state—such as not including a driver's license number on a registration form or a photocopy of a photo ID with an overseas mail-in ballot—severely burdens the right to vote, even if the state provides notice and a hearing after the election is over. So does declining to count a vote of an overseas voter who, for thirteen years, was informed by state law that she could vote despite never having lived in North Carolina, no matter if some process is provided. The state cannot simply change the rules after an election and claim it is lawful because it gave voters notice and a chance to be heard. For instance, North Carolina could not now decide that it is only going to count the votes of those who voted in person (rather than by absentee ballot), even if it gave all voters notice and a hearing.

67. No sufficiently weighty state interest justifies discarding votes on the basis of the Protests. North Carolina has no interest in—and, in fact, has a strong interest against—retroactively disenfranchising voters who registered and voted in reliance on its own statutes and instructions.

68. Absent this Court's adjudication, there is a substantial risk of mass disenfranchisement of thousands of NCDP members in violation of the First and Fourteenth Amendments. The Court should therefore enter a declaratory judgment that the First and Fourteenth Amendments prohibit discarding votes after an election on the basis of systematic challenges, including the particular challenges raised by the Protests.

**Count IV: Violation of the Help America Vote Act, 52 U.S.C. §52 U.S.C. §21083(a)
– Removal of Eligible Voters**

69. Plaintiff realleges all preceding paragraphs as if fully set forth herein.

70. HAVA commands that states maintain their voter lists “in a manner that ensures that[] ... only voters who are not registered or who are not eligible to vote are removed.” 52 U.S.C. §21083(a)(2)(B)(ii).

71. HAVA thus prohibits North Carolina from effectively conducting retroactive post-election voter-list maintenance by discarding votes based on the systematic challenge contained in the third category of Protests, which targets voters whose registration database records do not include a driver’s license or social security number. As explained, these voters completed NCSBE-provided registration forms and were deemed eligible to vote. And the Protests do not even allege that any of these voters were, in fact, ineligible. *See supra* ¶47. Defects in voter-registration *forms* do not render a voter ineligible. Recognizing as much, North Carolina law does not allow challenges on the basis of defects in registration forms, instead permitting challenges only on limited statutory grounds that go to actual eligibility or a defect in a ballot. *See* N.C. Gen. Stat. §§163-85, 163-90.3.

72. Absent this Court’s adjudication, there is a substantial risk of mass disenfranchisement of thousands of NCDP members, in contravention of HAVA. The Court should therefore enter a declaratory judgment that HAVA prohibits discarding votes after an election on the basis of the systematic challenge presented in the third category of Protests.

PRAYER FOR RELIEF

WHEREFORE, the NCDP requests entry of a judgment:

- a. Declaring that federal law—specifically, the NVRA, the First and Fourteenth Amendments, and HAVA—prohibits discarding votes after an election on the basis of the challenges lodged by the Protests.
- b. Directing defendants, their agents, successors in office, and all persons acting in concert with any of the foregoing to take any necessary and appropriate action to ensure that state, county, and local authorities who administer North Carolina’s elections and post-election protests comply with this Court’s orders;

- c. Awarding plaintiffs such other and further relief as the Court deems just and proper.

STATE OF NORTH CAROLINA
WAKE COUNTY

BEFORE THE STATE BOARD OF ELECTIONS

IN RE: HAVA COMPLAINT OF
CAROL SNOW

)
)
)
)
)
)

ORDER

Carol Snow (Petitioner) filed a Help America Vote Act (HAVA) Complaint with the State Board of Elections on October 6, 2023, pursuant to procedures set forth in 52 U.S.C. § 21112, N.C.G.S. § 163-91, and the State Board’s adopted [HAVA Administrative Complaint Procedure](#).

Petitioner alleged a violation of Section 303(a)(5)(a) of HAVA, contending that North Carolina’s voter registration form—on the face of the form and in its instructions—does not clearly state that a voter registration applicant is required to provide their driver’s license number or last four digits of their Social Security number if they have been issued such a number, for their registration to be processed. She also asserts that a State Board informational video on YouTube regarding the registration form fails to explain that one of these identification numbers must be provided by the applicant.

Petitioner requests that the voter registration form be revised “to use red colored text and red tinted background for all required personal identifying information, including the Driver License number if issued, or if no Driver License, the last 4 digits of their Social Security Number if issued,” and for a voter without one of those numbers to be required to verify that they lack those numbers on the form. She also requests that the associated YouTube video be revised accordingly. She also requests that no current voter registration applications in

circulation be accepted; only forms as revised per her request. Finally, she requests that any registered voters for whom there is no driver's license or last four digits of their Social Security number listed on their voter registration record be asked to provide this information, if possessed.

The relevant provision of HAVA states as follows:

52 U.S.C. § 21083. Computerized statewide voter registration list requirements and requirements for voters who register by mail

(a) Computerized statewide voter registration list requirements

...

(5) Verification of voter registration information

(A) Requiring provision of certain information by applicants

(i) In general

Except as provided in clause (ii), notwithstanding any other provision of law, an application for voter registration for an election for Federal office may not be accepted or processed by a State unless the application includes—

(I) in the case of an applicant who has been issued a current and valid driver's license, the applicant's driver's license number; or

(II) in the case of any other applicant (other than an applicant to whom clause (ii) applies), the last 4 digits of the applicant's social security number.

(ii) Special rule for applicants without driver's license or social security number

If an applicant for voter registration for an election for Federal office has not been issued a current and valid driver's license or a social security number, the State shall assign the applicant a number which will serve to identify the applicant for voter registration purposes. To the extent that the State has a computerized list in effect under this subsection and the list assigns unique identifying numbers to registrants, the number assigned under this clause shall be the unique identifying number assigned under the list.

(iii) Determination of validity of numbers provided

The State shall determine whether the information provided by an individual is sufficient to meet the requirements of this subparagraph, in accordance with State law.

...

A separate provision of the same section of HAVA addresses how an applicant for registration is to have their identity verified, before they are allowed to vote a regular ballot, if they do not provide a driver's license number or last four digits of a Social Security number than can be verified. That provision states as follows:

52 U.S.C. § 21083. Computerized statewide voter registration list requirements and requirements for voters who register by mail

...

(b) Requirements for voters who register by mail

(1) In general

Notwithstanding section 6(c) of the National Voter Registration Act of 1993 (42 U.S.C. 1973gg-4(c)) [now 52 U.S.C. 20505(c)] and subject to paragraph (3), a State shall, in a uniform and nondiscriminatory manner, require an individual to meet the requirements of paragraph (2) if—

- (A) the individual registered to vote in a jurisdiction by mail; and
- (B)(i) the individual has not previously voted in an election for Federal office in the State; or
- (ii) the individual has not previously voted in such an election in the jurisdiction and the jurisdiction is located in a State that does not have a computerized list that complies with the requirements of subsection (a).

(2) Requirements

(A) In general

An individual meets the requirements of this paragraph if the individual—

- (i) in the case of an individual who votes in person—
 - (I) presents to the appropriate State or local election official a current and valid photo identification; or
 - (II) presents to the appropriate State or local election official a copy of a current utility bill, bank statement, government check, paycheck, or other government document that shows the name and address of the voter; or
- (ii) in the case of an individual who votes by mail, submits with the ballot—
 - (I) a copy of a current and valid photo identification; or
 - (II) a copy of a current utility bill, bank statement, government check, paycheck, or other government document that shows the name and address of the voter.

(B) Fail-safe voting

(i) In person

An individual who desires to vote in person, but who does not meet the requirements of subparagraph (A)(i), may cast a provisional ballot under section 21082(a) of this title.

(ii) By mail

An individual who desires to vote by mail but who does not meet the requirements of subparagraph (A)(ii) may cast such a ballot by mail and the ballot shall be counted as a provisional ballot in accordance with section 21082(a) of this title.

....

The State Board met on November 28, 2023, and concluded that a violation of Section 303 of HAVA could occur as a result of the current North Carolina voter registration application form failing to require an applicant to provide an identification number or indicate that they do not possess such a number, and that the appropriate remedy is to implement changes recommended by staff to the voter registration application form and any related materials.

The State Board did not approve the request that county boards refuse to accept any voter registration forms currently in circulation, since HAVA can be complied with by instructing the county boards of elections to require an applicant to complete the required information before processing the voter registration application in its existing form.

The State Board did not approve the requested remedy to contact all existing registered voters whose electronic records do not show a driver's license number of last four digits of a Social Security number, since that remedy, when applied to an existing registered voter (as opposed to registration applicants), is not specifically authorized in HAVA. Importantly, the law's purpose of identifying the registrant upon initial registration is already accomplished because any voter who did not provide a driver's license number or the last four digits of a Social Security number would have had to provide additional documentation to prove their identity

before being allowed to vote, by operation of the separate provision of HAVA identified above.

In other words, no one who lacked this information when registering since the enactment of

HAVA would have been allowed to vote without proving their identity consistent with HAVA.

It is so ordered.

This 6th day of December, 2023.

Directors (via BCC):

This is a follow up from the previous email by General Counsel Paul Cox. We have notified the impacted counties individually of those FPCA or FWABS processed without an identification number. Please follow the guidance below for any UOCAVA Requests for new registrants. If you have any questions, please feel free to reach out.

Subject: PLEASE READ: UOCAVA Requests for new registrants

Directors (via BCC):

I'm writing to clarify the requirement for identification numbers for new registrants who register via FPCA or FWAB. I addressed this briefly in the Huddle chat last Wednesday, but we've gotten some additional questions. So we wanted to be clear about the proper procedures, since UOCAVA ballots start going out Friday.

If a person is registering for the first time using an FPCA or FWAB, the requirement to provide driver's license/DMV number or, if they don't have it, last four of their social security number, applies to these voters—just like for all other new registrants. This requirement in HAVA applies to all new registrants, whether they are civilian or UOCAVA registrants. See [52 USC 21083\(a\)\(5\)\(A\)\(i\)](#).

These new registrants were included in the State Board's decision last December to require new registrations going forward to include one of these numbers, unless the registrant affirms that they don't have either number. We regret if that was not clear.

We are going to have our IT department run a list of **new** FPCA/FWAB registrants since the State Board's order was released in December 2023, to flag any that may have been processed without one of these numbers, and we'll share that data with your office for review and action. The list should not be very long, since most FPCA/FWAB voters come through the portal, and the portal doesn't allow a UOCAVA voter to submit their request without including one of these numbers.

In the meantime, please review your pending FPCAs before ballot transmission on Friday, to ensure that they included one of these numbers. Be sure to include that number when you enter data into VoterScan. If the record doesn't result in a database match, the FPCA (registration and ballot request) must still be processed. Unlike civilian voters, North Carolina law expressly exempts UOCAVA voters from the requirement to provide HAVA ID if the number fails to match across agency databases. See [GS 163-166.12\(f\)\(3\)](#).

If any new FPCA/FWAB registrant did not include DL/DMV number or last four of their SSN as of December 14, 2023, and they do not state in writing that they lack these numbers, you will need to reach out to the registrant to obtain one of these numbers before processing their registration/ballot request. Please email the voter the attached letter requesting this information. If you do not have an email address for the voter, contact the voter by any other means you have available to obtain the information. Should the letter be returned, you will need to scan in the letter as VOTER CHANGE/UPDATE DOCUMENT in the web scanning app. If the voter does not return the request for information the FPCA request will need to be spoiled. Please include in the comments "Spoiled-ID not provided." Spoiling a ballot will need to occur before ballots go out on Friday, for any pending requests that did not include one of the required numbers.

STATE OF NORTH CAROLINA
WAKE COUNTY

BEFORE THE STATE BOARD OF ELECTIONS

IN THE MATTER OF: CONSIDERATION OF)
CERTAIN LEGAL QUESTIONS AFFECTING)
THE AUTHENTICATION OF THE 2016)
GENERAL ELECTION)

ORDER

THIS MATTER CAME BEFORE THE STATE BOARD OF ELECTIONS (“State Board”) during a public meeting held November 22, 2016, upon the State Board’s own motion to consider certain legal questions affecting procedures and practices in the authentication of the 2016 general election. The State Board received briefing and heard oral argument from the Republican Party of North Carolina and Pat McCrory Committee, represented by Roger Knight, John Branch, and Brian LiVecchi; the North Carolina Democratic Party and Cooper for North Carolina Committee, represented by Kevin Hamilton (appearing *pro hac vice*); and the Southern Coalition for Social Justice, represented by Allison Riggs. After hearing from the parties, reviewing written briefs and public comment, and having reviewed relevant statutes and authorities, the State Board hereby orders the following pursuant to its authority under G.S. §§ 163-22(a) and 182.12:

1. The uniform application of law is necessary to ensure fundamental fairness in the administration of elections and to preserve due process for each voter.
2. Article 8 of Chapter 163 of the General Statutes (“Article 8”) provides the means by which one voter may challenge the eligibility of another voter. No voter challenge may be entered after the deadline or made indiscriminately. A timely challenge properly sustained against a voter who has cast an absentee ballot will result in the exclusion of that ballot from the canvassed results.
3. Article 15A of Chapter 163 of the General Statutes (“Article 15A”) provides the means by which a voter may protest an election. A successful protest must prove the occurrence of an outcome-determinative violation of election law, irregularity, or misconduct. If a county board of elections (“county board”) finds a violation occurred affecting votes sufficient in number to change the outcome of a single-county contest, the county board must retrieve the ballots improperly cast and note the deduction in the abstract. If a county board finds a violation occurred that did not affect enough ballots to change the outcome of any single-county contest, the county board must forward its findings to the State Board. The State Board shall determine whether all ballots improperly cast are sufficient to change the outcome of any multi-county contest. If so, the State Board will order county boards to retrieve and discount affected ballots and revise its canvass.
4. A protest alleging the occurrence of an election law violation that affected votes sufficient in number to change the outcome of a single-county contest concerns the manner in which votes were counted or tabulated, and therefore such protest must be resolved prior to county canvass as required by G.S. § 163-182.10(a)(2). A protest that does not allege an election law violation regarding a sufficient number of votes to change the outcome of a single-county contest shall not delay the county canvass procedures since the county may not retrieve and discount such ballots. In no case shall the county board delay the timely hearing and decision on a protest timely filed.

5. A protest of election brought under Article 15A may not merely dispute the eligibility of a voter. Such a claim must be brought timely as a challenge under Article 8. Rather, a protest of election may include claims regarding the eligibility of certain voters only as evidence that an outcome-determinative violation of election law, irregularity, or misconduct has occurred.
6. The county board of elections shall dismiss a protest of election that merely disputes the eligibility of a voter. The county board shall instead consider the claim as a voter challenge brought under Article 8 after the election.
7. No county board may retrieve and discount a ballot cast by an unqualified voter unless a challenge was timely brought under Article 8, or the State Board or a county board has found that ineligible voters participated in numbers sufficient to change the outcome of the election. The latter finding may be based on a protest timely brought under Article 15A or pursuant to complaint or directive of the State Board under G.S. §§ 163-22(a) and 182.12.
8. County boards of election must preserve the due process rights of all voters, including adequate notice and a meaningful opportunity to be heard. If a protest brought under Article 15A includes claims regarding the eligibility of certain voters, the county board must provide notice of the protest reasonably calculated to apprise such voters of the pendency of the protest and afford them an opportunity to present their objections. Due process in the context of time-sensitive post-election protests may mean that county boards expedite notice mailings or reach out to affected voters by other means not ordinarily required under Article 8. At a minimum, county boards must provide written notice to affected voters by expedited delivery service, such that notice is received at least three days ahead of any such hearing.
9. If any county board of elections has retrieved and discounted any ballot in a manner inconsistent with this Order in its canvass of the 2016 general election, the county board shall amend its canvass to include the vote. No such re-canvass shall reset any statutory deadline otherwise associated with the canvass of votes.
10. Counties shall proceed to the canvassing of the 2016 general election consistent with this Order, which shall govern future elections unless otherwise directed by this Board.

This the twenty-eighth day of November, 2016.

4. I am employed as the Chief Counsel of the North Carolina Republican Party.

Preparation of Filing

5. In preparation for filing election protests related to the 2024 General Election, my team and I conducted a thorough review of 08 NCAC 02 .0111, which outlines the filing requirements for an Election Protest.
6. We assembled the list of all County Board of Elections Directors in North Carolina from <https://vt.ncsbe.gov/BOEInfo/PrintableVersion/> to gather their applicable emails as provided by the State Board of Elections.

7. We then prepared one hundred emails to be sent to the County Board of Elections Directors with the applicable Jefferson Griffin protests for said county and a cover letter attached.

Filing

8. We then sent said Jefferson Griffin protests from legal@ncgop.org with the Counsel for Jefferson Griffin, Craig Schauer, carbon copied.
9. All protests on behalf of Jefferson Griffin were submitted by 5:00 PM Eastern Standard Time in accordance with N.C.G.S. § 163-182.9(b).

Preparation of Service

10. In preparation for filing election protests related to the 2024 General Election, my team and I conducted a thorough review of 08 NCAC 02 .0111, which outlines the service requirements for affected parties.
11. We compiled an Excel file containing the names and addresses of those parties affected by the protests filed by Jefferson Griffin, Ashlee Adams, Stacie McGinn, and Frank Sossaman.
12. To ensure conformity with North Carolina law and on behalf of these candidates, we created a webpage hosted on www.ncgop.org, accessible to those who receive service that a protest has been filed that may affect his or her vote.
13. A QR code was generated to provide a direct link to this webpage.
14. We designed a service postcard, incorporating the QR code, to notify all affected parties.

A draft of this postcard is attached hereto as Attachment 1.

15. A third-party vendor was contracted to handle the mailing of these service postcards in compliance with 08 NCAC 02 .0111.
16. The third-party vendor was provided with the Excel file containing the names and addresses of all affected parties to facilitate the mailing process.

Service

17. The third-party vendor prepared and mailed the service postcards to all affected parties by the deadline established in 08 NCAC 02 .0111.
18. Each postcard directs recipients, via the QR code, to the public webpage where all filed protests are uploaded and available for review.
19. Once on the webpage, affected parties can easily locate the relevant protest filed in their county in which they are named.
20. The process and manner of service adhered to the requirements set forth in 08 NCAC 02 .0111.

Further, the affiant sayeth not.

This 22 day of November 2024.

Dear Directors,

Pursuant to Chapter 132 of the North Carolina General Statutes, I respectfully request the opportunity to inspect and obtain copies of the following public records for the 2024 General Election:

1. A list of UOCAVA voters who cast a ballot without providing a copy of photo identification or a Photo Identification Exception Form Report and had that ballot approved.

I respectfully request that the production be made in electronic form. As records become available, please provide them on a rolling basis. If any record is withheld on any basis, please include that reason in your response. If you are not the custodian of any of the records described above, I respectfully ask that you promptly forward this request to the correct individual. North Carolina State Board of Elections
c/o: legal@ncsbe.gov**Re:** Amendment And Supplementation of UOCAVA No ID Protest in Durham

Dear Board Members,

On behalf of The Jefferson Griffin Campaign, I am writing to amend and supplement our election protest pending in front of the North Carolina State Board of Elections ("NCSBE").

As you know the Jefferson Griffin Committee has filed election protests in all 100 counties. The NCSBE has assumed jurisdiction over three of the distinguished protest issues, while three others remain at the various county boards of elections.

We are writing to amend the Griffin Protest from Durham County related to UOCAVA voters who did not provide an ID. The legal grounds for the protest remain the same, but the class of voters affected or potentially affected is now different.

On November 24, 2024, Durham County Board of Elections produced the list of UOCAVA voters who cast a ballot without providing an ID. See Exhibit 1. The list includes 1,991 such voters.

This supplemental list of affected individuals should be made part of the record before the State Board. Individuals on this newly produced list will be served notice in the same manner as voters affected by our previous version of the challenges.

These records of overseas voters who never provided identification are authenticated by the act of production by Durham County. The sole issue before the State Board is a legal one: whether these individuals were required to provide photo identification to cast a valid vote.

Please do not hesitate to contact me if you have any questions.

Best Regards,

Philip R. Thomas

North Carolina State Board of Elections
c/o: legal@ncsbe.gov**Re:** Amendment And Supplementation of UOCAVA No ID Protest in Forsyth

Dear Board Members,

On behalf of The Jefferson Griffin Campaign, I am writing to amend and supplement our election protest pending in front of the North Carolina State Board of Elections ("NCSBE").

As you know the Jefferson Griffin Committee has filed election protests in all 100 counties. The NCSBE has assumed jurisdiction over three of the distinguished protest issues, while three others remain at the various county boards of elections.

We are writing to amend the Griffin Protest from Forsyth County related to UOCAVA voters who did not provide an ID. The legal grounds for the protest remain the same, but the class of voters affected or potentially affected is now different.

On November 25, 2024, the Forsyth County Board of Elections produced the list of UOCAVA voters who cast a ballot without providing an ID. *See Exhibit 1.* The list includes 1,014 such voters.

This supplemental list of affected individuals should be made part of the record before the State Board. Individuals on this newly produced list will be served notice in the same manner as voters affected by our previous version of the challenges.

These records of overseas voters who never provided identification are authenticated by the act of production by Forsyth County. The sole issue before the State Board is a legal one: whether these individuals were required to provide photo identification to cast a valid vote.

Please do not hesitate to contact me if you have any questions.

Best Regards,

Philip R. Thomas

CC: Craig Schauer, Counsel for Jefferson Griffin

Re: Amendment And Supplementation of UOCAVA No ID Protest in Buncombe

Dear Board Members,

On behalf of The Jefferson Griffin Campaign, I am writing to amend and supplement our election protest pending in front of the North Carolina State Board of Elections ("NCSBE").

As you know the Jefferson Griffin Committee has filed election protests in all 100 counties. The NCSBE has assumed jurisdiction over three of the distinguished protest issues, while three others remain at the various county boards of elections.

We are writing to amend the Griffin Protest from Buncombe County related to UOCAVA voters who did not provide an ID. The legal grounds for the protest remain the same, but the class of voters affected or potentially affected is now different.

On November 27, 2024, the Buncombe County Board of Elections produced the list of UOCAVA voters who cast a ballot without providing an ID. *See Exhibit 1.* The list includes 1,095 such voters.

This supplemental list of affected individuals should be made part of the record before the State Board. Individuals on this newly produced list will be served notice in the same manner as voters affected by our previous version of the challenges.

These records of overseas voters who never provided identification are authenticated by the act of production by Buncombe County. The sole issue before the State Board is a legal one: whether these individuals were required to provide photo identification to cast a valid vote.

Please do not hesitate to contact me if you have any questions.

Best Regards,

Philip R. Thomas

STATE OF NORTH CAROLINA
WAKE COUNTY

BEFORE THE STATE BOARD OF ELECTIONS

IN THE MATTER OF: CONSIDERATION OF)
CERTAIN LEGAL QUESTIONS AFFECTING)
THE AUTHENTICATION OF THE 2016)
GENERAL ELECTION)

ORDER

THIS MATTER CAME BEFORE THE STATE BOARD OF ELECTIONS (“State Board”) during a public meeting held November 22, 2016, upon the State Board’s own motion to consider certain legal questions affecting procedures and practices in the authentication of the 2016 general election. The State Board received briefing and heard oral argument from the Republican Party of North Carolina and Pat McCrory Committee, represented by Roger Knight, John Branch, and Brian LiVecchi; the North Carolina Democratic Party and Cooper for North Carolina Committee, represented by Kevin Hamilton (appearing *pro hac vice*); and the Southern Coalition for Social Justice, represented by Allison Riggs. After hearing from the parties, reviewing written briefs and public comment, and having reviewed relevant statutes and authorities, the State Board hereby orders the following pursuant to its authority under G.S. §§ 163-22(a) and 182.12:

1. The uniform application of law is necessary to ensure fundamental fairness in the administration of elections and to preserve due process for each voter.
2. Article 8 of Chapter 163 of the General Statutes (“Article 8”) provides the means by which one voter may challenge the eligibility of another voter. No voter challenge may be entered after the deadline or made indiscriminately. A timely challenge properly sustained against a voter who has cast an absentee ballot will result in the exclusion of that ballot from the canvassed results.
3. Article 15A of Chapter 163 of the General Statutes (“Article 15A”) provides the means by which a voter may protest an election. A successful protest must prove the occurrence of an outcome-determinative violation of election law, irregularity, or misconduct. If a county board of elections (“county board”) finds a violation occurred affecting votes sufficient in number to change the outcome of a single-county contest, the county board must retrieve the ballots improperly cast and note the deduction in the abstract. If a county board finds a violation occurred that did not affect enough ballots to change the outcome of any single-county contest, the county board must forward its findings to the State Board. The State Board shall determine whether all ballots improperly cast are sufficient to change the outcome of any multi-county contest. If so, the State Board will order county boards to retrieve and discount affected ballots and revise its canvass.
4. A protest alleging the occurrence of an election law violation that affected votes sufficient in number to change the outcome of a single-county contest concerns the manner in which votes were counted or tabulated, and therefore such protest must be resolved prior to county canvass as required by G.S. § 163-182.10(a)(2). A protest that does not allege an election law violation regarding a sufficient number of votes to change the outcome of a single-county contest shall not delay the county canvass procedures since the county may not retrieve and discount such ballots. In no case shall the county board delay the timely hearing and decision on a protest timely filed.

5. A protest of election brought under Article 15A may not merely dispute the eligibility of a voter. Such a claim must be brought timely as a challenge under Article 8. Rather, a protest of election may include claims regarding the eligibility of certain voters only as evidence that an outcome-determinative violation of election law, irregularity, or misconduct has occurred.
6. The county board of elections shall dismiss a protest of election that merely disputes the eligibility of a voter. The county board shall instead consider the claim as a voter challenge brought under Article 8 after the election.
7. No county board may retrieve and discount a ballot cast by an unqualified voter unless a challenge was timely brought under Article 8, or the State Board or a county board has found that ineligible voters participated in numbers sufficient to change the outcome of the election. The latter finding may be based on a protest timely brought under Article 15A or pursuant to complaint or directive of the State Board under G.S. §§ 163-22(a) and 182.12.
8. County boards of election must preserve the due process rights of all voters, including adequate notice and a meaningful opportunity to be heard. If a protest brought under Article 15A includes claims regarding the eligibility of certain voters, the county board must provide notice of the protest reasonably calculated to apprise such voters of the pendency of the protest and afford them an opportunity to present their objections. Due process in the context of time-sensitive post-election protests may mean that county boards expedite notice mailings or reach out to affected voters by other means not ordinarily required under Article 8. At a minimum, county boards must provide written notice to affected voters by expedited delivery service, such that notice is received at least three days ahead of any such hearing.
9. If any county board of elections has retrieved and discounted any ballot in a manner inconsistent with this Order in its canvass of the 2016 general election, the county board shall amend its canvass to include the vote. No such re-canvass shall reset any statutory deadline otherwise associated with the canvass of votes.
10. Counties shall proceed to the canvassing of the 2016 general election consistent with this Order, which shall govern future elections unless otherwise directed by this Board.

This the twenty-eighth day of November, 2016.

State Board Launches Photo ID Educational Campaign

The campaign is designed to reach every corner of North Carolina, including rural and urban areas, in as many ways as possible.

RALEIGH, N.C.

The State Board of Elections has launched a multifaceted public education campaign designed to ensure the state's 7.5 million registered voters know that they will be asked for photo identification when voting in 2024.

The campaign slogan is: **“Bring It! Your ID. Your Vote.”**

“This slogan was chosen because it reminds voters to bring their ID when voting, and we hope it motivates North Carolinians to exercise their right to vote in this important election year,” said Karen Brinson Bell, State Board executive director. **“Voters can go to [BringItNC.gov](https://bringitnc.com/) to learn more about the photo ID requirement, view the list of acceptable IDs, and learn how to get a free ID if they need one.”**

The campaign is designed to reach every corner of North Carolina, including rural and urban areas, in as many ways as possible.

Coming Soon to Your Mailbox: Photo ID Mailer

Additionally, before the March 5 primary and Nov. 5 general election, the State Board is sending colorful postcards featuring information about the state's voter photo ID law to all 4.9 million households in the state.

The first postcard ([Voter Photo ID Mailer \(PDF\)](https://vt.ncsbe.gov/BOEInfo/) (<https://s3.amazonaws.com/dl.ncsbe.gov/Voter%20ID/Voter-ID-Mailer.pdf>)) is arriving in mailboxes now. It features important information about the photo ID requirement for voters, the many forms of photo ID that will be accepted, and important election dates and deadlines for the March 5 primary election. It also explains how voters who do not have an acceptable form of ID can get one for free from their [county board of elections](https://vt.ncsbe.gov/BOEInfo/) (<https://vt.ncsbe.gov/BOEInfo/>).

The State Board and county boards of elections also plan to conduct photo ID educational seminars throughout the state in 2024. Information about those events will be released as they are scheduled.

Funding for the educational campaign was provided by the N.C. General Assembly through the state budget passed as [N.C. Session Law 2023-134](https://www.ncleg.gov/EnactedLegislation/SessionLaws/HTML/2023-2024/SL2023-134.html) (<https://www.ncleg.gov/EnactedLegislation/SessionLaws/HTML/2023-2024/SL2023-134.html>).

The State Board has contracted with Walk West (<https://walkwest.com/>) — a Durham-based full-service marketing and branding agency — to assist with developing the advertising campaign strategy, and to design and place ads across many platforms.

The county board of elections has accepted, processed, and counted votes from certain overseas voters who are not residents of this county. In fact, these voters have never resided in the state of North Carolina.

The North Carolina Constitution requires that only residents of the state may vote in the state's elections. N.C. Const. art. VI § 2(1). A North Carolina statute, however, provides that an overseas person who was born outside of the United States and has never resided in North Carolina can vote in North Carolina so long as the person's parent or legal guardian was an eligible North Carolina voter before leaving the United States. N.C.G.S. § 163-258.2(1)(e). The statute, therefore, allows persons to vote in North Carolina despite not being residents when they voted or registered to vote in North Carolina, which is a violation of the North Carolina Constitution's residency requirement for all voters. Upon information and belief, the county board of elections has not taken any actions to confirm the residency of the overseas voters who cast ballots pursuant to N.C. Gen. Stat. § 163-258.2(1)(e). These registrations and ballots of such overseas voters are readily identifiable through the Federal Post Card Application ("FPCA") and Federal Write-In Absentee Ballot ("FWAB") options stating "I am a U.S. citizen living outside the country, and I have never lived in the United States." In addition, there is no legitimate basis for imposing a residency requirement on some voters but not all voters.

We have identified overseas voters in the county who were allowed to vote in the contested election pursuant to N.C. Gen. Stat. § 163-258.2(1)(e). EXHIBIT A is an affidavit that includes a list created from information provided by the State Board of Elections that identifies such voters. It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list without taking any actions to establish the voter's residency. These actions violate North Carolina law and the state Constitution.

In addition, the State Board's information on self-identified non-residents using the FPCA process is limited to those who used the online portal, and does not include those who submitted a ballot request via mail. We therefore ask that the county board of elections, in furtherance of this protest, review the county's FPCA records to determine if anyone using the FPCA process via mail self-identified as a non-resident and, if so, those individuals should not have been entitled to vote.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican Party as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who cast an absentee ballot from overseas and who self-reported never residing in North Carolina, based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to overseas voters who self-reported never residing in North Carolina, the North Carolina Republican Party made the following public records requests to the North Carolina State Board of Elections on November 9, 2024:

- a. A list of voters who self-identified as having never lived in the United States while submitting a Federal Post Card Application ("FPCA"). If such a list does not exist, the North Carolina Republican Party requested the opportunity to inspect and obtain copies of all FPCAs, where the individual marked they have never lived in the United States, that have been submitted since January 1, 2024.

b. A list of voters who self-identified as having never lived in the United States while submitting a Federal Write-in Absentee Ballot (“FWAB”). If such a list does not exist, the North Carolina Republican Party requested the opportunity to inspect and obtain copies of all FWABs, where the individual marked they have never lived in the United States, that have been submitted since January 1, 2024.

11. In response, on November 13, 2024 the North Carolina Republican Party received from NCSBE a file entitled “FPCA_online_portal_submissions_never_lived_US.csv”.

12. The NCSBE explained in their public records response that this spreadsheet consisted of “data on voters who submitted FPCA requests via our [i.e. NCSBE’s] online portal and who checked the box indicating that they never lived in the United States. The ‘overseasNoUsInd’ is the column that indicates if that checkbox was checked.” The NCSBE also explained that the spreadsheet was limited to overseas voters who submitted a ballot request through NCSBE’s online system. Overseas voters who mailed in a ballot request would have done so to a county board of elections, and are thus not included in the information I compiled.

13. FPCA refers to the federal post card application. My understanding is that the federal post card application is a form promulgated by the United States government, standardized across all states, that acts as both a voter registration application and as a request for an absentee ballot. A true and accurate copy of the FPCA form available on the NCSBE’s website is included as **ATTACHMENT 1**.

14. On the FPCA, voters may self-identify as having never lived in the United States.

15. This file “FPCA_online_portal_submissions_never_lived_US.csv” (the “NCSBE FPCA List”) is a list of individuals who submitted the FPCA in 2024 seeking a North Carolina ballot, and who self-identified as never having lived in the United States.

16. The file "FPCA_online_portal_submissions_never_lived_US.csv" contains a column "BallotSendMethod" that appears to reflect whether a ballot was sent to the individual electronically ("e") or by mail ("m").

17. I verified which of these overseas individuals actually voted by reference to the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

18. I matched self-identified overseas never-resident voters in the NCSBE FPCA List to the list of North Carolina voters who cast a ballot in the November 2024 election in the statewide voter list based on voter registration number and NCID number.

19. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 2.**

20. I am unaware of any records indicating that any of these voters were challenged for being non-residents of North Carolina.

Further, the affiant sayeth not.

This 19 day of November, 2024.

N.C. Supreme Court Associate Justice, Seat 6	625

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

It appears the county board of elections has counted ballots cast by voters who are not registered in the manner provided by law and who are therefore ineligible to vote.

To be eligible to vote, a person must register in accordance with North Carolina law. N.C. Const. art. VI, § 3; N.C.G.S. § 163-82.1(a). Since January 1, 2004, North Carolina law has required that, in order to be registered to vote, a person must complete a voter registration form and provide “the applicant’s . . . “[d]rivers license number or, if the applicant does not have a drivers license number, the last four digits of the applicant’s social security number.” N.C.G.S. § 183-82.4(a)(11). This information is used to validate the identity of the applicant. N.C.G.S. § 163-82.12(8), (9). If an applicant fails to provide their drivers license number or the last four digits of the applicant’s social security number, the county board must contact the voter to notify them of their omission and provide them an opportunity to complete the registration by 5:00 pm the day before the county canvass. N.C.G.S. § 163-82.4(f). If this omitted information is received by election day (and the board determines that the person is otherwise permitted to vote), then the person shall be permitted to vote; otherwise, the person shall be entitled to cast a provisional ballot that must be disregarded. N.C.G.S. § 163-82.4(f).

We have identified voters in the county who completed voter registration forms since January 1, 2004, and have cast a ballot in the contested election but have never provided their drivers license number or the last four digits of their social security number. EXHIBIT A is an affidavit that includes a list created from publicly available information that identifies such voters.

It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list. These actions violate North Carolina law and the state Constitution.

EXHIBIT B is an email from Paul Cox, General Counsel of the State Board of Elections, acknowledging that since “the State Board’s decision last December,” “new registrations going forward [are required] to include one of these numbers, unless the registrant affirms that they don’t have either number.” In the email, Mr. Cox also states that the State Board was “going to have our IT department run a list of new FPCA/FWAB registrants since the State Board’s order was released in December 2023, to flag any that may have been processed without one of these numbers[.]” Therefore, the identities of non-compliant registrants should be readily accessible to the State Board.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

Ryan Bonifay

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

North Carolina Constitution Article VI § 3; North Carolina Constitution Article I § 10; N.C. Gen. Stat. §§ 163-82.3, -82.4, -82.11, -82.12; Numbered Memo 2023-05

RELIEF

9. What effect do you believe the facts alleged in response to Prompt 6, if proven, will have on the electoral outcome in the protested contest(s)? Your response should account for the current vote margin calculated in response to Prompt 4.

- ☐ The electoral outcome of the protested contest(s) will change.
- ☐ The electoral outcome of the protested contest(s) will not change.
- ☒ I am uncertain whether the outcome of the contest(s) will change. **(Due to other pending protests, these votes may be determinative of the outcome.)**
- ☐ Other _____

10. What relief do you seek?

- ☒ Correct the vote count
- ☐ A new election
- ☒ Other: The State Board of Elections should (1) notify all voters who registered by a voter registration form since January 1, 2004, and failed to provide a drivers license or social security number that their voter registration was deficient and, absent correction, their vote cannot be counted; (2) inform such voters that they have a cure period during which the voter can provide the missing information; (3), for all such voters who provide a validated drivers license or social security number during the cure period, count the ballots in the election contest

identified above; (4), for all such voters who fail to provide a validated drivers license or social security number during the cure period, not count the ballot in the election contest identified above; and (5), after the cure period, correct the vote count accordingly in the election contest identified above.

Subject: PLEASE READ: UOCAVA Requests for new registrants

Directors (via BCC):

I'm writing to clarify the requirement for identification numbers for new registrants who register via FPCA or FWAB. I addressed this briefly in the Huddle chat last Wednesday, but we've gotten some additional questions. So we wanted to be clear about the proper procedures, since UOCAVA ballots start going out Friday.

If a person is registering for the first time using an FPCA or FWAB, the requirement to provide driver's license/DMV number or, if they don't have it, last four of their social security number, applies to these voters—just like for all other new registrants. This requirement in HAVA applies to all new registrants, whether they are civilian or UOCAVA registrants. See [52 USC 21083\(a\)\(5\)\(A\)\(i\)](#).

These new registrants were included in the State Board's decision last December to require new registrations going forward to include one of these numbers, unless the registrant affirms that they don't have either number. We regret if that was not clear.

We are going to have our IT department run a list of **new** FPCA/FWAB registrants since the State Board's order was released in December 2023, to flag any that may have been processed without one of these numbers, and we'll share that data with your office for review and action. The list should not be very long, since most FPCA/FWAB voters come through the portal, and the portal doesn't allow a UOCAVA voter to submit their request without including one of these numbers.

In the meantime, please review your pending FPCAs before ballot transmission on Friday, to ensure that they included one of these numbers. Be sure to include that number when you enter data into VoterScan. If the record doesn't result in a database match, the FPCA (registration and ballot request) must still be processed. Unlike civilian voters, North Carolina law expressly exempts UOCAVA voters from the requirement to provide HAVA ID if the number fails to match across agency databases. See [GS 163-166.12\(f\)\(3\)](#).

If any new FPCA/FWAB registrant did not include DL/DMV number or last four of their SSN as of December 14, 2023, and they do not state in writing that they lack these numbers, you will need to reach out to the registrant to obtain one of these numbers before processing their registration/ballot request. Please email the voter the attached letter requesting this information. If you do not have an email address for the voter, contact the voter by any other means you have available to obtain the information. Should the letter be returned, you will need to scan in the letter as VOTER CHANGE/UPDATE DOCUMENT in the web scanning app. If the voter does not return the request for information the FPCA request will need to be spoiled. Please include in the comments "Spoiled-ID not provided." Spoiling a ballot will need to occur before ballots go out on Friday, for any pending requests that did not include one of the required numbers.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who satisfied the following criteria: they (1) registered to vote after Jan. 1, 2004, (2) never provided the last four digits of their Social Security Number nor a North Carolina drivers license number to their local board of elections in conjunction with their voter registration, and (3) cast a ballot in the November 2024 general election, all based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to voters who registered and voted without providing a driver's license number or the last 4 digits of their Social Security Number, the North Carolina Republican Party made the following public records request to the North Carolina State Board of Elections on November 12, 2024:

- a. A list of all currently registered voters in Active, Inactive, or Temporary Status that do not contain data in one or more of the following data fields: (1) Driver's License Number; or (2) Last Four Digits of Social Security Number.

11. In response, NCSBE produced a file entitled No_SSN_or_DL_Active_Inactive_and_Temporary_Status.csv. As the filename suggests, it appears to be the NCSBE's list of North Carolina registered voters who did not provide a drivers license number or Social Security Number when registering.

12. I matched voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN to the list of voters who cast a ballot in the November 2024 election based on the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

13. I matched the list of individuals who never provided a drivers license number or the last four digits of their Social Security Number to the statewide voter list and absentee voter list based on the voter registration number and NCID number.

14. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 1.**

15. Accordingly, Attachment 1 contains a list of people who (1) attempted to vote in the 2024 General Election before November 5, 2024 (via early vote, absentee by mail, etc.), (2) had their vote accepted by their applicable county board of elections, and (3) never provided a North Carolina driver's license number nor the last 4 digits of their Social Security Number to their county board of elections. Attachment 1 contains additional information about each individual which was contained in the information from the NCSBE.

16. Attachment 1 does not include whether the applicable county boards of election challenged each of these voters, as that information has not yet been made available by the NCSBE.

17. Attachment 1 also does not include whether the voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN voted on election day, November 5, 2024, as the information on who voted on election day has not yet been released by the NCSBE.

Further, the affiant sayeth not.

This 19 day of November, 2024.

Protested Contest(s)	Current Vote Margin (subtract runner-up totals from apparent winner's totals)
N.C. Supreme Court Associate Justice, Seat 6	625

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

It appears the county board of elections has counted ballots cast by voters who are not registered in the manner provided by law and who are therefore ineligible to vote.

To be eligible to vote, a person must register in accordance with North Carolina law. N.C. Const. art. VI, § 3; N.C.G.S. § 163-82.1(a). Since January 1, 2004, North Carolina law has required that, in order to be registered to vote, a person must complete a voter registration form and provide “the applicant’s . . . “[d]rivers license number or, if the applicant does not have a drivers license number, the last four digits of the applicant’s social security number.” N.C.G.S. § 183-82.4(a)(11). This information is used to validate the identity of the applicant. N.C.G.S. § 163-82.12(8), (9). If an applicant fails to provide their drivers license number or the last four digits of the applicant’s social security number, the county board must contact the voter to notify them of their omission and provide them an opportunity to complete the registration by 5:00 pm the day before the county canvass. N.C.G.S. § 163-82.4(f). If this omitted information is received by election day (and the board determines that the person is otherwise permitted to vote), then the person shall be permitted to vote; otherwise, the person shall be entitled to cast a provisional ballot that must be disregarded. N.C.G.S. § 163-82.4(f).

We have identified voters in the county who completed voter registration forms since January 1, 2004, and have cast a ballot in the contested election but have never provided their drivers license number or the last four digits of their social security number. EXHIBIT A is an affidavit that includes a list created from publicly available information that identifies such voters.

It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list. These actions violate North Carolina law and the state Constitution.

EXHIBIT B is an email from Paul Cox, General Counsel of the State Board of Elections, acknowledging that since “the State Board’s decision last December,” “new registrations going forward [are required] to include one of these numbers, unless the registrant affirms that they don’t have either number.” In the email, Mr. Cox also states that the State Board was “going to have our IT department run a list of new FPCA/FWAB registrants since the State Board’s order was released in December 2023, to flag any that may have been processed without one of these numbers[.]” Therefore, the identities of non-compliant registrants should be readily accessible to the State Board.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

Ryan Bonifay

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

North Carolina Constitution Article VI § 3; North Carolina Constitution Article I § 10; N.C. Gen. Stat. §§ 163-82.3, -82.4, -82.11, -82.12; Numbered Memo 2023-05

RELIEF

9. What effect do you believe the facts alleged in response to Prompt 6, if proven, will have on the electoral outcome in the protested contest(s)? Your response should account for the current vote margin calculated in response to Prompt 4.

- ☐ The electoral outcome of the protested contest(s) will change.
- ☐ The electoral outcome of the protested contest(s) will not change.
- ☒ I am uncertain whether the outcome of the contest(s) will change. **(Due to other pending protests, these votes may be determinative of the outcome.)**
- ☐ Other _____

10. What relief do you seek?

- ☒ Correct the vote count
- ☐ A new election
- ☒ Other: The State Board of Elections should (1) notify all voters who registered by a voter registration form since January 1, 2004, and failed to provide a drivers license or social security number that their voter registration was deficient and, absent correction, their vote cannot be counted; (2) inform such voters that they have a cure period during which the voter can provide the missing information; (3), for all such voters who provide a validated drivers license or social security number during the cure period, count the ballots in the election contest

identified above; (4), for all such voters who fail to provide a validated drivers license or social security number during the cure period, not count the ballot in the election contest identified above; and (5), after the cure period, correct the vote count accordingly in the election contest identified above.

Directors (via BCC):

This is a follow up from the previous email by General Counsel Paul Cox. We have notified the impacted counties individually of those FPCA or FWABS processed without an identification number. Please follow the guidance below for any UOCAVA Requests for new registrants. If you have any questions, please feel free to reach out.

Subject: PLEASE READ: UOCAVA Requests for new registrants

Directors (via BCC):

I'm writing to clarify the requirement for identification numbers for new registrants who register via FPCA or FWAB. I addressed this briefly in the Huddle chat last Wednesday, but we've gotten some additional questions. So we wanted to be clear about the proper procedures, since UOCAVA ballots start going out Friday.

If a person is registering for the first time using an FPCA or FWAB, the requirement to provide driver's license/DMV number or, if they don't have it, last four of their social security number, applies to these voters—just like for all other new registrants. This requirement in HAVA applies to all new registrants, whether they are civilian or UOCAVA registrants. See [52 USC 21083\(a\)\(5\)\(A\)\(i\)](#).

These new registrants were included in the State Board's decision last December to require new registrations going forward to include one of these numbers, unless the registrant affirms that they don't have either number. We regret if that was not clear.

We are going to have our IT department run a list of **new** FPCA/FWAB registrants since the State Board's order was released in December 2023, to flag any that may have been processed without one of these numbers, and we'll share that data with your office for review and action. The list should not be very long, since most FPCA/FWAB voters come through the portal, and the portal doesn't allow a UOCAVA voter to submit their request without including one of these numbers.

In the meantime, please review your pending FPCAs before ballot transmission on Friday, to ensure that they included one of these numbers. Be sure to include that number when you enter data into VoterScan. If the record doesn't result in a database match, the FPCA (registration and ballot request) must still be processed. Unlike civilian voters, North Carolina law expressly exempts UOCAVA voters from the requirement to provide HAVA ID if the number fails to match across agency databases. See [GS 163-166.12\(f\)\(3\)](#).

If any new FPCA/FWAB registrant did not include DL/DMV number or last four of their SSN as of December 14, 2023, and they do not state in writing that they lack these numbers, you will need to reach out to the registrant to obtain one of these numbers before processing their registration/ballot request. Please email the voter the attached letter requesting this information. If you do not have an email address for the voter, contact the voter by any other means you have available to obtain the information. Should the letter be returned, you will need to scan in the letter as VOTER CHANGE/UPDATE DOCUMENT in the web scanning app. If the voter does not return the request for information the FPCA request will need to be spoiled. Please include in the comments "Spoiled-ID not provided." Spoiling a ballot will need to occur before ballots go out on Friday, for any pending requests that did not include one of the required numbers.

Paul Cox

STATE OF NORTH CAROLINA
COUNTY OF WAKE

AFFIDAVIT OF RYAN BONIFAY

)

)
)
)

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican National Committee as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who satisfied the following criteria: they (1) registered to vote after Jan. 1, 2004, (2) never provided the last four digits of their Social Security Number nor a North Carolina drivers license number to their local board of elections in conjunction with their voter registration, and (3) cast a ballot in the November 2024 general election, all based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to voters who registered and voted without providing a driver's license number or the last 4 digits of their Social Security Number, the North Carolina Republican Party made the following public records request to the North Carolina State Board of Elections on November 12, 2024:

- a. A list of all currently registered voters in Active, Inactive, or Temporary Status that do not contain data in one or more of the following data fields: (1) Driver's License Number; or (2) Last Four Digits of Social Security Number.

11. In response, NCSBE produced a file entitled No_SSN_or_DL_Active_Inactive_and_Temporary_Status.csv. As the filename suggests, it appears to be the NCSBE's list of North Carolina registered voters who did not provide a drivers license number or Social Security Number when registering.

12. I matched voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN to the list of voters who cast a ballot in the November 2024 election based on the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

13. I matched the list of individuals who never provided a drivers license number or the last four digits of their Social Security Number to the statewide voter list and absentee voter list based on the voter registration number and NCID number.

14. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 1.**

15. Accordingly, Attachment 1 contains a list of people who (1) attempted to vote in the 2024 General Election before November 5, 2024 (via early vote, absentee by mail, etc.), (2) had their vote accepted by their applicable county board of elections, and (3) never provided a North Carolina driver's license number nor the last 4 digits of their Social Security Number to their county board of elections. Attachment 1 contains additional information about each individual which was contained in the information from the NCSBE.

16. Attachment 1 does not include whether the applicable county boards of election challenged each of these voters, as that information has not yet been made available by the NCSBE.

17. Attachment 1 also does not include whether the voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN voted on election day, November 5, 2024, as the information on who voted on election day has not yet been released by the NCSBE.

Further, the affiant sayeth not.

This 19 day of November, 2024.

N.C. Supreme Court Associate Justice, Seat 6	625

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

The county board of elections has accepted, processed, and counted votes from certain overseas voters who are not residents of this county. In fact, these voters have never resided in the state of North Carolina.

The North Carolina Constitution requires that only residents of the state may vote in the state's elections. N.C. Const. art. VI § 2(1). A North Carolina statute, however, provides that an overseas person who was born outside of the United States and has never resided in North Carolina can vote in North Carolina so long as the person's parent or legal guardian was an eligible North Carolina voter before leaving the United States. N.C.G.S. § 163-258.2(1)(e). The statute, therefore, allows persons to vote in North Carolina despite not being residents when they voted or registered to vote in North Carolina, which is a violation of the North Carolina Constitution's residency requirement for all voters. Upon information and belief, the county board of elections has not taken any actions to confirm the residency of the overseas voters who cast ballots pursuant to N.C. Gen. Stat. § 163-258.2(1)(e). These registrations and ballots of such overseas voters are readily identifiable through the Federal Post Card Application ("FPCA") and Federal Write-In Absentee Ballot ("FWAB") options stating "I am a U.S. citizen living outside the country, and I have never lived in the United States." In addition, there is no legitimate basis for imposing a residency requirement on some voters but not all voters.

We have identified overseas voters in the county who were allowed to vote in the contested election pursuant to N.C. Gen. Stat. § 163-258.2(1)(e). EXHIBIT A is an affidavit that includes a list created from information provided by the State Board of Elections that identifies such voters. It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list without taking any actions to establish the voter's residency. These actions violate North Carolina law and the state Constitution.

In addition, the State Board's information on self-identified non-residents using the FPCA process is limited to those who used the online portal, and does not include those who submitted a ballot request via mail. We therefore ask that the county board of elections, in furtherance of this protest, review the county's FPCA records to determine if anyone using the FPCA process via mail self-identified as a non-resident and, if so, those individuals should not have been entitled to vote.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

Ryan Bonifay

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

RELIEF

9. What effect do you believe the facts alleged in response to Prompt 6, if proven, will have on the electoral outcome in the protested contest(s)? Your response should account for the current vote margin calculated in response to Prompt 4.

AFFIDAVIT OF RYAN BONIFAY)

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican Party as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who cast an absentee ballot from overseas and who self-reported never residing in North Carolina, based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to overseas voters who self-reported never residing in North Carolina, the North Carolina Republican Party made the following public records requests to the North Carolina State Board of Elections on November 9, 2024:

- a. A list of voters who self-identified as having never lived in the United States while submitting a Federal Post Card Application ("FPCA"). If such a list does not exist, the North Carolina Republican Party requested the opportunity to inspect and obtain copies of all FPCAs, where the individual marked they have never lived in the United States, that have been submitted since January 1, 2024.

b. A list of voters who self-identified as having never lived in the United States while submitting a Federal Write-in Absentee Ballot (“FWAB”). If such a list does not exist, the North Carolina Republican Party requested the opportunity to inspect and obtain copies of all FWABs, where the individual marked they have never lived in the United States, that have been submitted since January 1, 2024.

11. In response, on November 13, 2024 the North Carolina Republican Party received from NCSBE a file entitled “FPCA_online_portal_submissions_never_lived_US.csv”.

12. The NCSBE explained in their public records response that this spreadsheet consisted of “data on voters who submitted FPCA requests via our [i.e. NCSBE’s] online portal and who checked the box indicating that they never lived in the United States. The ‘overseasNoUsInd’ is the column that indicates if that checkbox was checked.” The NCSBE also explained that the spreadsheet was limited to overseas voters who submitted a ballot request through NCSBE’s online system. Overseas voters who mailed in a ballot request would have done so to a county board of elections, and are thus not included in the information I compiled.

13. FPCA refers to the federal post card application. My understanding is that the federal post card application is a form promulgated by the United States government, standardized across all states, that acts as both a voter registration application and as a request for an absentee ballot. A true and accurate copy of the FPCA form available on the NCSBE’s website is included as **ATTACHMENT 1**.

14. On the FPCA, voters may self-identify as having never lived in the United States.

15. This file “FPCA_online_portal_submissions_never_lived_US.csv” (the “NCSBE FPCA List”) is a list of individuals who submitted the FPCA in 2024 seeking a North Carolina ballot, and who self-identified as never having lived in the United States.

16. The file "FPCA_online_portal_submissions_never_lived_US.csv" contains a column "BallotSendMethod" that appears to reflect whether a ballot was sent to the individual electronically ("e") or by mail ("m").

17. I verified which of these overseas individuals actually voted by reference to the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

18. I matched self-identified overseas never-resident voters in the NCSBE FPCA List to the list of North Carolina voters who cast a ballot in the November 2024 election in the statewide voter list based on voter registration number and NCID number.

19. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 2.**

20. I am unaware of any records indicating that any of these voters were challenged for being non-residents of North Carolina.

Further, the affiant sayeth not.

This 19 day of November, 2024.

PROTEST SCOPE

4. List all election contests subject to your protest and calculate the margin of votes separating the apparent winner from the runner-up as of the date of filing. Your response does not waive your right to contest the validity of the current vote count. If your protest concerns all contests on the ballot, you must include the vote margin for each contest.

Protested Contest(s)	Current Vote Margin (subtract runner-up totals from apparent winner's totals)
N.C. Supreme Court Associate Justice, Seat 6	625

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

It appears the county board of elections has counted ballots cast by voters who are not registered in the manner provided by law and who are therefore ineligible to vote.

To be eligible to vote, a person must register in accordance with North Carolina law. N.C. Const. art. VI, § 3; N.C.G.S. § 163-82.1(a). Since January 1, 2004, North Carolina law has required that, in order to be registered to vote, a person must complete a voter registration form and provide “the applicant’s . . . “[d]rivers license number or, if the applicant does not have a drivers license number, the last four digits of the applicant’s social security number.” N.C.G.S. § 183-82.4(a)(11). This information is used to validate the identity of the applicant. N.C.G.S. § 163-82.12(8), (9). If an applicant fails to provide their drivers license number or the last four digits of the applicant’s social security number, the county board must contact the voter to notify them of their omission and provide them an opportunity to complete the registration by 5:00 pm the day before the county canvass. N.C.G.S. § 163-82.4(f). If this omitted information is received by election day (and the board determines that the person is otherwise permitted to vote), then the person shall be permitted to vote; otherwise, the person shall be entitled to cast a provisional ballot that must be disregarded. N.C.G.S. § 163-82.4(f).

We have identified voters in the county who completed voter registration forms since January 1, 2004, and have cast a ballot in the contested election but have never provided their drivers license number or the last four digits of their social security number. EXHIBIT A is an affidavit that includes a list created from publicly available information that identifies such voters.

It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list. These actions violate North Carolina law and the state Constitution.

EXHIBIT B is an email from Paul Cox, General Counsel of the State Board of Elections, acknowledging that since “the State Board’s decision last December,” “new registrations going forward [are required] to include one of these numbers, unless the registrant affirms that they don’t have either number.” In the email, Mr. Cox also states that the State Board was “going to have our IT department run a list of new FPCA/FWAB registrants since the State Board’s order was released in December 2023, to flag any that may have been processed without one of these numbers[.]” Therefore, the identities of non-compliant registrants should be readily accessible to the State Board.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

Ryan Bonifay

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

North Carolina Constitution Article VI § 3; North Carolina Constitution Article I § 10; N.C. Gen. Stat. §§ 163-82.3, -82.4, -82.11, -82.12; Numbered Memo 2023-05

RELIEF

9. What effect do you believe the facts alleged in response to Prompt 6, if proven, will have on the electoral outcome in the protested contest(s)? Your response should account for the current vote margin calculated in response to Prompt 4.

- ☐ The electoral outcome of the protested contest(s) will change.
- ☐ The electoral outcome of the protested contest(s) will not change.
- ☒ I am uncertain whether the outcome of the contest(s) will change. **(Due to other pending protests, these votes may be determinative of the outcome.)**
- ☐ Other _____

10. What relief do you seek?

- ☒ Correct the vote count
- ☐ A new election
- ☒ Other: The State Board of Elections should (1) notify all voters who registered by a voter registration form since January 1, 2004, and failed to provide a drivers license or social security number that their voter registration was deficient and, absent correction, their vote cannot be counted; (2) inform such voters that they have a cure period during which the voter can provide the missing information; (3), for all such voters who provide a validated drivers license or social security number during the cure period, count the ballots in the election contest

identified above; (4), for all such voters who fail to provide a validated drivers license or social security number during the cure period, not count the ballot in the election contest identified above; and (5), after the cure period, correct the vote count accordingly in the election contest identified above.

This is a follow up from the previous email by General Counsel Paul Cox. We have notified the impacted counties individually of those FPCA or FWABS processed without an identification number. Subject: PLEASE READ: UOCAVA Requests for new registrants

Directors (via BCC):

I'm writing to clarify the requirement for identification numbers for new registrants who register via FPCA or FWAB. I addressed this briefly in the Huddle chat last Wednesday, but we've gotten some additional questions. So we wanted to be clear about the proper procedures, since UOCAVA ballots start going out Friday.

If a person is registering for the first time using an FPCA or FWAB, the requirement to provide driver's license/DMV number or, if they don't have it, last four of their social security number, applies to these voters—just like for all other new registrants. This requirement in HAVA applies to all new registrants, whether they are civilian or UOCAVA registrants. See [52 USC 21083\(a\)\(5\)\(A\)\(i\)](#).

These new registrants were included in the State Board's decision last December to require new registrations going forward to include one of these numbers, unless the registrant affirms that they don't have either number. We regret if that was not clear.

We are going to have our IT department run a list of **new** FPCA/FWAB registrants since the State Board's order was released in December 2023, to flag any that may have been processed without one of these numbers, and we'll share that data with your office for review and action. The list should not be very long, since most FPCA/FWAB voters come through the portal, and the portal doesn't allow a UOCAVA voter to submit their request without including one of these numbers.

In the meantime, please review your pending FPCAs before ballot transmission on Friday, to ensure that they included one of these numbers. Be sure to include that number when you enter data into VoterScan. If the record doesn't result in a database match, the FPCA (registration and ballot request) must still be processed. Unlike civilian voters, North Carolina law expressly exempts UOCAVA voters from the requirement to provide HAVA ID if the number fails to match across agency databases. See [GS 163-166.12\(f\)\(3\)](#).

If any new FPCA/FWAB registrant did not include DL/DMV number or last four of their SSN as of December 14, 2023, and they do not state in writing that they lack these numbers, you will need to reach out to the registrant to obtain one of these numbers before processing their registration/ballot request. Please email the voter the attached letter requesting this information. If you do not have an email address for the voter, contact the voter by any other means you have available to obtain the information. Should the letter be returned, you will need to scan in the letter as VOTER CHANGE/UPDATE DOCUMENT in the web scanning app. If the voter does not return the request for information the FPCA request will need to be spoiled. Please include in the comments "Spoiled-ID not provided." Spoiling a ballot will need to occur before ballots go out on Friday, for any pending requests that did not include one of the required numbers.

STATE OF NORTH CAROLINA
COUNTY OF WAKE

AFFIDAVIT OF RYAN BONIFAY

)

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican National Committee as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who satisfied the following criteria: they (1) registered to vote after Jan. 1, 2004, (2) never provided the last four digits of their Social Security Number nor a North Carolina drivers license number to their local board of elections in conjunction with their voter registration, and (3) cast a ballot in the November 2024 general election, all based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to voters who registered and voted without providing a driver's license number or the last 4 digits of their Social Security Number, the North Carolina Republican Party made the following public records request to the North Carolina State Board of Elections on November 12, 2024:

- a. A list of all currently registered voters in Active, Inactive, or Temporary Status that do not contain data in one or more of the following data fields: (1) Driver's License Number; or (2) Last Four Digits of Social Security Number.

11. In response, NCSBE produced a file entitled No_SSN_or_DL_Active_Inactive_and_Temporary_Status.csv. As the filename suggests, it appears to be the NCSBE's list of North Carolina registered voters who did not provide a drivers license number or Social Security Number when registering.

12. I matched voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN to the list of voters who cast a ballot in the November 2024 election based on the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

13. I matched the list of individuals who never provided a drivers license number or the last four digits of their Social Security Number to the statewide voter list and absentee voter list based on the voter registration number and NCID number.

14. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 1.**

15. Accordingly, Attachment 1 contains a list of people who (1) attempted to vote in the 2024 General Election before November 5, 2024 (via early vote, absentee by mail, etc.), (2) had their vote accepted by their applicable county board of elections, and (3) never provided a North Carolina driver's license number nor the last 4 digits of their Social Security Number to their county board of elections. Attachment 1 contains additional information about each individual which was contained in the information from the NCSBE.

16. Attachment 1 does not include whether the applicable county boards of election challenged each of these voters, as that information has not yet been made available by the NCSBE.

17. Attachment 1 also does not include whether the voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN voted on election day, November 5, 2024, as the information on who voted on election day has not yet been released by the NCSBE.

Further, the affiant sayeth not.

This 19 day of November, 2024.

Your response does not waive your right to contest the validity of the current vote count. If your protest concerns all contests on the ballot, you must include the vote margin for each contest.

Protested Contest(s)	Current Vote Margin (subtract runner-up totals from apparent winner's totals)
N.C. Supreme Court Associate Justice, Seat 6	625

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

It appears the county board of elections has counted ballots cast by voters who are not registered in the manner provided by law and who are therefore ineligible to vote.

To be eligible to vote, a person must register in accordance with North Carolina law. N.C. Const. art. VI, § 3; N.C.G.S. § 163-82.1(a). Since January 1, 2004, North Carolina law has required that, in order to be registered to vote, a person must complete a voter registration form and provide “the applicant’s . . . “[d]rivers license number or, if the applicant does not have a drivers license number, the last four digits of the applicant’s social security number.” N.C.G.S. § 183-82.4(a)(11). This information is used to validate the identity of the applicant. N.C.G.S. § 163-82.12(8), (9). If an applicant fails to provide their drivers license number or the last four digits of the applicant’s social security number, the county board must contact the voter to notify them of their omission and provide them an opportunity to complete the registration by 5:00 pm the day before the county canvass. N.C.G.S. § 163-82.4(f). If this omitted information is received by election day (and the board determines that the person is otherwise permitted to vote), then the person shall be permitted to vote; otherwise, the person shall be entitled to cast a provisional ballot that must be disregarded. N.C.G.S. § 163-82.4(f).

We have identified voters in the county who completed voter registration forms since January 1, 2004, and have cast a ballot in the contested election but have never provided their drivers license number or the last four digits of their social security number. EXHIBIT A is an affidavit that includes a list created from publicly available information that identifies such voters.

It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list. These actions violate North Carolina law and the state Constitution.

EXHIBIT B is an email from Paul Cox, General Counsel of the State Board of Elections, acknowledging that since “the State Board’s decision last December,” “new registrations going forward [are required] to include one of these numbers, unless the registrant affirms that they don’t have either number.” In the email, Mr. Cox also states that the State Board was “going to have our IT department run a list of new FPCA/FWAB registrants since the State Board’s order was released in December 2023, to flag any that may have been processed without one of these numbers[.]” Therefore, the identities of non-compliant registrants should be readily accessible to the State Board.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

Ryan Bonifay

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

North Carolina Constitution Article VI § 3; North Carolina Constitution Article I § 10; N.C. Gen. Stat. §§ 163-82.3, -82.4, -82.11, -82.12; Numbered Memo 2023-05

RELIEF

9. What effect do you believe the facts alleged in response to Prompt 6, if proven, will have on the electoral outcome in the protested contest(s)? Your response should account for the current vote margin calculated in response to Prompt 4.

- ☐ The electoral outcome of the protested contest(s) will change.
- ☐ The electoral outcome of the protested contest(s) will not change.
- ☒ I am uncertain whether the outcome of the contest(s) will change. **(Due to other pending protests, these votes may be determinative of the outcome.)**
- ☐ Other _____

10. What relief do you seek?

- ☒ Correct the vote count
- ☐ A new election
- ☒ Other: The State Board of Elections should (1) notify all voters who registered by a voter registration form since January 1, 2004, and failed to provide a drivers license or social security number that their voter registration was deficient and, absent correction, their vote cannot be counted; (2) inform such voters that they have a cure period during which the voter can provide the missing information; (3), for all such voters who provide a validated drivers license or social security number during the cure period, count the ballots in the election contest

identified above; (4), for all such voters who fail to provide a validated drivers license or social security number during the cure period, not count the ballot in the election contest identified above; and (5), after the cure period, correct the vote count accordingly in the election contest identified above.

This is a follow up from the previous email by General Counsel Paul Cox. We have notified the impacted counties individually of those FPCA or FWABS processed without an identification number. Please follow the guidance below for any UOCAVA Requests for new registrants. If you have any questions, please feel free to reach out.

Subject: PLEASE READ: UOCAVA Requests for new registrants

Directors (via BCC):

I'm writing to clarify the requirement for identification numbers for new registrants who register via FPCA or FWAB. I addressed this briefly in the Huddle chat last Wednesday, but we've gotten some additional questions. So we wanted to be clear about the proper procedures, since UOCAVA ballots start going out Friday.

If a person is registering for the first time using an FPCA or FWAB, the requirement to provide driver's license/DMV number or, if they don't have it, last four of their social security number, applies to these voters—just like for all other new registrants. This requirement in HAVA applies to all new registrants, whether they are civilian or UOCAVA registrants. See [52 USC 21083\(a\)\(5\)\(A\)\(i\)](#).

These new registrants were included in the State Board's decision last December to require new registrations going forward to include one of these numbers, unless the registrant affirms that they don't have either number. We regret if that was not clear.

We are going to have our IT department run a list of **new** FPCA/FWAB registrants since the State Board's order was released in December 2023, to flag any that may have been processed without one of these numbers, and we'll share that data with your office for review and action. The list should not be very long, since most FPCA/FWAB voters come through the portal, and the portal doesn't allow a UOCAVA voter to submit their request without including one of these numbers.

In the meantime, please review your pending FPCAs before ballot transmission on Friday, to ensure that they included one of these numbers. Be sure to include that number when you enter data into VoterScan. If the record doesn't result in a database match, the FPCA (registration and ballot request) must still be processed. Unlike civilian voters, North Carolina law expressly exempts UOCAVA voters from the requirement to provide HAVA ID if the number fails to match across agency databases. See [GS 163-166.12\(f\)\(3\)](#).

If any new FPCA/FWAB registrant did not include DL/DMV number or last four of their SSN as of December 14, 2023, and they do not state in writing that they lack these numbers, you will need to reach out to the registrant to obtain one of these numbers before processing their registration/ballot request. Please email the voter the attached letter requesting this information. If you do not have an email address for the voter, contact the voter by any other means you have available to obtain the information. Should the letter be returned, you will need to scan in the letter as VOTER CHANGE/UPDATE DOCUMENT in the web scanning app. If the voter does not return the request for information the FPCA request will need to be spoiled. Please include in the comments "Spoiled-ID not provided." Spoiling a ballot will need to occur before ballots go out on Friday, for any pending requests that did not include one of the required numbers.

Paul Cox

STATE OF NORTH CAROLINA
COUNTY OF WAKE

AFFIDAVIT OF RYAN BONIFAY

)

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican National Committee as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who satisfied the following criteria: they (1) registered to vote after Jan. 1, 2004, (2) never provided the last four digits of their Social Security Number nor a North Carolina drivers license number to their local board of elections in conjunction with their voter registration, and (3) cast a ballot in the November 2024 general election, all based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to voters who registered and voted without providing a driver's license number or the last 4 digits of their Social Security Number, the North Carolina Republican Party made the following public records request to the North Carolina State Board of Elections on November 12, 2024:

- a. A list of all currently registered voters in Active, Inactive, or Temporary Status that do not contain data in one or more of the following data fields: (1) Driver's License Number; or (2) Last Four Digits of Social Security Number.

11. In response, NCSBE produced a file entitled No_SSN_or_DL_Active_Inactive_and_Temporary_Status.csv. As the filename suggests, it appears to be the NCSBE's list of North Carolina registered voters who did not provide a drivers license number or Social Security Number when registering.

12. I matched voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN to the list of voters who cast a ballot in the November 2024 election based on the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

13. I matched the list of individuals who never provided a drivers license number or the last four digits of their Social Security Number to the statewide voter list and absentee voter list based on the voter registration number and NCID number.

14. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 1.**

15. Accordingly, Attachment 1 contains a list of people who (1) attempted to vote in the 2024 General Election before November 5, 2024 (via early vote, absentee by mail, etc.), (2) had their vote accepted by their applicable county board of elections, and (3) never provided a North Carolina driver's license number nor the last 4 digits of their Social Security Number to their county board of elections. Attachment 1 contains additional information about each individual which was contained in the information from the NCSBE.

16. Attachment 1 does not include whether the applicable county boards of election challenged each of these voters, as that information has not yet been made available by the NCSBE.

17. Attachment 1 also does not include whether the voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN voted on election day, November 5, 2024, as the information on who voted on election day has not yet been released by the NCSBE.

Further, the affiant sayeth not.

This 19 day of November, 2024.

Protested Contest(s)	Current Vote Margin (subtract runner-up totals from apparent winner's totals)
N.C. Supreme Court Associate Justice, Seat 6	625

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

The county board of elections has accepted, processed, and counted votes from certain overseas voters who are not residents of this county. In fact, these voters have never resided in the state of North Carolina.

The North Carolina Constitution requires that only residents of the state may vote in the state's elections. N.C. Const. art. VI § 2(1). A North Carolina statute, however, provides that an overseas person who was born outside of the United States and has never resided in North Carolina can vote in North Carolina so long as the person's parent or legal guardian was an eligible North Carolina voter before leaving the United States. N.C.G.S. § 163-258.2(1)(e). The statute, therefore, allows persons to vote in North Carolina despite not being residents when they voted or registered to vote in North Carolina, which is a violation of the North Carolina Constitution's residency requirement for all voters. Upon information and belief, the county board of elections has not taken any actions to confirm the residency of the overseas voters who cast ballots pursuant to N.C. Gen. Stat. § 163-258.2(1)(e). These registrations and ballots of such overseas voters are readily identifiable through the Federal Post Card Application ("FPCA") and Federal Write-In Absentee Ballot ("FWAB") options stating "I am a U.S. citizen living outside the country, and I have never lived in the United States." In addition, there is no legitimate basis for imposing a residency requirement on some voters but not all voters.

We have identified overseas voters in the county who were allowed to vote in the contested election pursuant to N.C. Gen. Stat. § 163-258.2(1)(e). EXHIBIT A is an affidavit that includes a list created from information provided by the State Board of Elections that identifies such voters. It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list without taking any actions to establish the voter's residency. These actions violate North Carolina law and the state Constitution.

In addition, the State Board's information on self-identified non-residents using the FPCA process is limited to those who used the online portal, and does not include those who submitted a ballot request via mail. We therefore ask that the county board of elections, in furtherance of this protest, review the county's FPCA records to determine if anyone using the FPCA process via mail self-identified as a non-resident and, if so, those individuals should not have been entitled to vote.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

Ryan Bonifay

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

N.C. Const. art. VI § 2; N.C. Const. art. I § 10; N.C. Const. art. I, § 19; N.C. Gen. Stat. § 163-258.2

AFFECTED PARTIES & SERVICE

You must serve copies of all filings on every person with a direct stake in the outcome of this protest ("Affected Parties"). Affected Parties include every candidate seeking nomination or election in the protested contest(s) listed under Prompt 4, not only the apparent winner and runner-up. If a protest concerns the eligibility or ineligibility of particular voters, all such voters are Affected Parties and must be served. If you know the Affected Party is represented by an attorney, service must be made on his or her counsel. Service must occur within one (1) business day of filing materials with the county board of elections. If service is by transmittal through the U.S. Mail or commercial carrier service, service will be complete when the properly addressed, postage-paid parcel is deposited into the care and custody of the U.S. Mail or commercial carrier service. I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican Party as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who cast an absentee ballot from overseas and who self-reported never residing in North Carolina, based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to overseas voters who self-reported never residing in North Carolina, the North Carolina Republican Party made the following public records requests to the North Carolina State Board of Elections on November 9, 2024:

- a. A list of voters who self-identified as having never lived in the United States while submitting a Federal Post Card Application ("FPCA"). If such a list does not exist, the North Carolina Republican Party requested the opportunity to inspect and obtain copies of all FPCAs, where the individual marked they have never lived in the United States, that have been submitted since January 1, 2024.

b. A list of voters who self-identified as having never lived in the United States while submitting a Federal Write-in Absentee Ballot (“FWAB”). If such a list does not exist, the North Carolina Republican Party requested the opportunity to inspect and obtain copies of all FWABs, where the individual marked they have never lived in the United States, that have been submitted since January 1, 2024.

11. In response, on November 13, 2024 the North Carolina Republican Party received from NCSBE a file entitled “FPCA_online_portal_submissions_never_lived_US.csv”.

12. The NCSBE explained in their public records response that this spreadsheet consisted of “data on voters who submitted FPCA requests via our [i.e. NCSBE’s] online portal and who checked the box indicating that they never lived in the United States. The ‘overseasNoUsInd’ is the column that indicates if that checkbox was checked.” The NCSBE also explained that the spreadsheet was limited to overseas voters who submitted a ballot request through NCSBE’s online system. Overseas voters who mailed in a ballot request would have done so to a county board of elections, and are thus not included in the information I compiled.

13. FPCA refers to the federal post card application. My understanding is that the federal post card application is a form promulgated by the United States government, standardized across all states, that acts as both a voter registration application and as a request for an absentee ballot. A true and accurate copy of the FPCA form available on the NCSBE’s website is included as **ATTACHMENT 1**.

14. On the FPCA, voters may self-identify as having never lived in the United States.

15. This file “FPCA_online_portal_submissions_never_lived_US.csv” (the “NCSBE FPCA List”) is a list of individuals who submitted the FPCA in 2024 seeking a North Carolina ballot, and who self-identified as never having lived in the United States.

16. The file "FPCA_online_portal_submissions_never_lived_US.csv" contains a column "BallotSendMethod" that appears to reflect whether a ballot was sent to the individual electronically ("e") or by mail ("m").

17. I verified which of these overseas individuals actually voted by reference to the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

18. I matched self-identified overseas never-resident voters in the NCSBE FPCA List to the list of North Carolina voters who cast a ballot in the November 2024 election in the statewide voter list based on voter registration number and NCID number.

19. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 2.**

20. I am unaware of any records indicating that any of these voters were challenged for being non-residents of North Carolina.

Further, the affiant sayeth not.

This 19 day of November, 2024.

4. List all election contests subject to your protest and calculate the margin of votes separating the apparent winner from the runner-up as of the date of filing. N.C. Supreme Court Associate Justice, Seat 6	625

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

It appears the county board of elections has counted ballots cast by voters who are not registered in the manner provided by law and who are therefore ineligible to vote.

To be eligible to vote, a person must register in accordance with North Carolina law. N.C. Const. art. VI, § 3; N.C.G.S. § 163-82.1(a). Since January 1, 2004, North Carolina law has required that, in order to be registered to vote, a person must complete a voter registration form and provide “the applicant’s . . . “[d]rivers license number or, if the applicant does not have a drivers license number, the last four digits of the applicant’s social security number.” N.C.G.S. § 183-82.4(a)(11). This information is used to validate the identity of the applicant. N.C.G.S. § 163-82.12(8), (9). If an applicant fails to provide their drivers license number or the last four digits of the applicant’s social security number, the county board must contact the voter to notify them of their omission and provide them an opportunity to complete the registration by 5:00 pm the day before the county canvass. N.C.G.S. § 163-82.4(f). If this omitted information is received by election day (and the board determines that the person is otherwise permitted to vote), then the person shall be permitted to vote; otherwise, the person shall be entitled to cast a provisional ballot that must be disregarded. N.C.G.S. § 163-82.4(f).

We have identified voters in the county who completed voter registration forms since January 1, 2004, and have cast a ballot in the contested election but have never provided their drivers license number or the last four digits of their social security number. EXHIBIT A is an affidavit that includes a list created from publicly available information that identifies such voters.

It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list. These actions violate North Carolina law and the state Constitution.

EXHIBIT B is an email from Paul Cox, General Counsel of the State Board of Elections, acknowledging that since “the State Board’s decision last December,” “new registrations going forward [are required] to include one of these numbers, unless the registrant affirms that they don’t have either number.” In the email, Mr. Cox also states that the State Board was “going to have our IT department run a list of new FPCA/FWAB registrants since the State Board’s order was released in December 2023, to flag any that may have been processed without one of these numbers[.]” Therefore, the identities of non-compliant registrants should be readily accessible to the State Board.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

Ryan Bonifay

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

North Carolina Constitution Article VI § 3; North Carolina Constitution Article I § 10; N.C. Gen. Stat. §§ 163-82.3, -82.4, -82.11, -82.12; Numbered Memo 2023-05

RELIEF

9. What effect do you believe the facts alleged in response to Prompt 6, if proven, will have on the electoral outcome in the protested contest(s)? Your response should account for the current vote margin calculated in response to Prompt 4.

- ☐ The electoral outcome of the protested contest(s) will change.
- ☐ The electoral outcome of the protested contest(s) will not change.
- ☒ I am uncertain whether the outcome of the contest(s) will change. **(Due to other pending protests, these votes may be determinative of the outcome.)**
- ☐ Other _____

10. What relief do you seek?

- ☒ Correct the vote count
- ☐ A new election
- ☒ Other: The State Board of Elections should (1) notify all voters who registered by a voter registration form since January 1, 2004, and failed to provide a drivers license or social security number that their voter registration was deficient and, absent correction, their vote cannot be counted; (2) inform such voters that they have a cure period during which the voter can provide the missing information; (3), for all such voters who provide a validated drivers license or social security number during the cure period, count the ballots in the election contest

identified above; (4), for all such voters who fail to provide a validated drivers license or social security number during the cure period, not count the ballot in the election contest identified above; and (5), after the cure period, correct the vote count accordingly in the election contest identified above.

Subject: PLEASE READ: UOCAVA Requests for new registrants

Directors (via BCC):

I'm writing to clarify the requirement for identification numbers for new registrants who register via FPCA or FWAB. I addressed this briefly in the Huddle chat last Wednesday, but we've gotten some additional questions. So we wanted to be clear about the proper procedures, since UOCAVA ballots start going out Friday.

If a person is registering for the first time using an FPCA or FWAB, the requirement to provide driver's license/DMV number or, if they don't have it, last four of their social security number, applies to these voters—just like for all other new registrants. This requirement in HAVA applies to all new registrants, whether they are civilian or UOCAVA registrants. See [52 USC 21083\(a\)\(5\)\(A\)\(i\)](#).

These new registrants were included in the State Board's decision last December to require new registrations going forward to include one of these numbers, unless the registrant affirms that they don't have either number. We regret if that was not clear.

We are going to have our IT department run a list of **new** FPCA/FWAB registrants since the State Board's order was released in December 2023, to flag any that may have been processed without one of these numbers, and we'll share that data with your office for review and action. The list should not be very long, since most FPCA/FWAB voters come through the portal, and the portal doesn't allow a UOCAVA voter to submit their request without including one of these numbers.

In the meantime, please review your pending FPCAs before ballot transmission on Friday, to ensure that they included one of these numbers. Be sure to include that number when you enter data into VoterScan. If the record doesn't result in a database match, the FPCA (registration and ballot request) must still be processed. Unlike civilian voters, North Carolina law expressly exempts UOCAVA voters from the requirement to provide HAVA ID if the number fails to match across agency databases. See [GS 163-166.12\(f\)\(3\)](#).

If any new FPCA/FWAB registrant did not include DL/DMV number or last four of their SSN as of December 14, 2023, and they do not state in writing that they lack these numbers, you will need to reach out to the registrant to obtain one of these numbers before processing their registration/ballot request. Please email the voter the attached letter requesting this information. If you do not have an email address for the voter, contact the voter by any other means you have available to obtain the information. Should the letter be returned, you will need to scan in the letter as VOTER CHANGE/UPDATE DOCUMENT in the web scanning app. If the voter does not return the request for information the FPCA request will need to be spoiled. Please include in the comments "Spoiled-ID not provided." Spoiling a ballot will need to occur before ballots go out on Friday, for any pending requests that did not include one of the required numbers.

COUNTY OF WAKE

AFFIDAVIT OF RYAN BONIFAY

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican National Committee as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who satisfied the following criteria: they (1) registered to vote after Jan. 1, 2004, (2) never provided the last four digits of their Social Security Number nor a North Carolina drivers license number to their local board of elections in conjunction with their voter registration, and (3) cast a ballot in the November 2024 general election, all based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to voters who registered and voted without providing a driver's license number or the last 4 digits of their Social Security Number, the North Carolina Republican Party made the following public records request to the North Carolina State Board of Elections on November 12, 2024:

- a. A list of all currently registered voters in Active, Inactive, or Temporary Status that do not contain data in one or more of the following data fields: (1) Driver's License Number; or (2) Last Four Digits of Social Security Number.

11. In response, NCSBE produced a file entitled No_SSN_or_DL_Active_Inactive_and_Temporary_Status.csv. As the filename suggests, it appears to be the NCSBE's list of North Carolina registered voters who did not provide a drivers license number or Social Security Number when registering.

12. I matched voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN to the list of voters who cast a ballot in the November 2024 election based on the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

13. I matched the list of individuals who never provided a drivers license number or the last four digits of their Social Security Number to the statewide voter list and absentee voter list based on the voter registration number and NCID number.

14. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 1.**

15. Accordingly, Attachment 1 contains a list of people who (1) attempted to vote in the 2024 General Election before November 5, 2024 (via early vote, absentee by mail, etc.), (2) had their vote accepted by their applicable county board of elections, and (3) never provided a North Carolina driver's license number nor the last 4 digits of their Social Security Number to their county board of elections. Attachment 1 contains additional information about each individual which was contained in the information from the NCSBE.

16. Attachment 1 does not include whether the applicable county boards of election challenged each of these voters, as that information has not yet been made available by the NCSBE.

17. Attachment 1 also does not include whether the voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN voted on election day, November 5, 2024, as the information on who voted on election day has not yet been released by the NCSBE.

Further, the affiant sayeth not.

This 19 day of November, 2024.

Mailing Address: PO Box 99780 Raleigh, NC 27624

N.C. Supreme Court Associate Justice, Seat 6	625

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

The county board of elections has accepted, processed, and counted votes from certain overseas voters who are not residents of this county. In fact, these voters have never resided in the state of North Carolina.

The North Carolina Constitution requires that only residents of the state may vote in the state's elections. N.C. Const. art. VI § 2(1). A North Carolina statute, however, provides that an overseas person who was born outside of the United States and has never resided in North Carolina can vote in North Carolina so long as the person's parent or legal guardian was an eligible North Carolina voter before leaving the United States. N.C.G.S. § 163-258.2(1)(e). The statute, therefore, allows persons to vote in North Carolina despite not being residents when they voted or registered to vote in North Carolina, which is a violation of the North Carolina Constitution's residency requirement for all voters. Upon information and belief, the county board of elections has not taken any actions to confirm the residency of the overseas voters who cast ballots pursuant to N.C. Gen. Stat. § 163-258.2(1)(e). These registrations and ballots of such overseas voters are readily identifiable through the Federal Post Card Application ("FPCA") and Federal Write-In Absentee Ballot ("FWAB") options stating "I am a U.S. citizen living outside the country, and I have never lived in the United States." In addition, there is no legitimate basis for imposing a residency requirement on some voters but not all voters.

We have identified overseas voters in the county who were allowed to vote in the contested election pursuant to N.C. Gen. Stat. § 163-258.2(1)(e). EXHIBIT A is an affidavit that includes a list created from information provided by the State Board of Elections that identifies such voters. It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list without taking any actions to establish the voter's residency. These actions violate North Carolina law and the state Constitution.

In addition, the State Board's information on self-identified non-residents using the FPCA process is limited to those who used the online portal, and does not include those who submitted a ballot request via mail. We therefore ask that the county board of elections, in furtherance of this protest, review the county's FPCA records to determine if anyone using the FPCA process via mail self-identified as a non-resident and, if so, those individuals should not have been entitled to vote.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

Ryan Bonifay

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican Party as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who cast an absentee ballot from overseas and who self-reported never residing in North Carolina, based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to overseas voters who self-reported never residing in North Carolina, the North Carolina Republican Party made the following public records requests to the North Carolina State Board of Elections on November 9, 2024:

- a. A list of voters who self-identified as having never lived in the United States while submitting a Federal Post Card Application ("FPCA"). If such a list does not exist, the North Carolina Republican Party requested the opportunity to inspect and obtain copies of all FPCAs, where the individual marked they have never lived in the United States, that have been submitted since January 1, 2024.

b. A list of voters who self-identified as having never lived in the United States while submitting a Federal Write-in Absentee Ballot (“FWAB”). If such a list does not exist, the North Carolina Republican Party requested the opportunity to inspect and obtain copies of all FWABs, where the individual marked they have never lived in the United States, that have been submitted since January 1, 2024.

11. In response, on November 13, 2024 the North Carolina Republican Party received from NCSBE a file entitled “FPCA_online_portal_submissions_never_lived_US.csv”.

12. The NCSBE explained in their public records response that this spreadsheet consisted of “data on voters who submitted FPCA requests via our [i.e. NCSBE’s] online portal and who checked the box indicating that they never lived in the United States. The ‘overseasNoUsInd’ is the column that indicates if that checkbox was checked.” The NCSBE also explained that the spreadsheet was limited to overseas voters who submitted a ballot request through NCSBE’s online system. Overseas voters who mailed in a ballot request would have done so to a county board of elections, and are thus not included in the information I compiled.

13. FPCA refers to the federal post card application. My understanding is that the federal post card application is a form promulgated by the United States government, standardized across all states, that acts as both a voter registration application and as a request for an absentee ballot. A true and accurate copy of the FPCA form available on the NCSBE’s website is included as **ATTACHMENT 1**.

14. On the FPCA, voters may self-identify as having never lived in the United States.

15. This file “FPCA_online_portal_submissions_never_lived_US.csv” (the “NCSBE FPCA List”) is a list of individuals who submitted the FPCA in 2024 seeking a North Carolina ballot, and who self-identified as never having lived in the United States.

16. The file "FPCA_online_portal_submissions_never_lived_US.csv" contains a column "BallotSendMethod" that appears to reflect whether a ballot was sent to the individual electronically ("e") or by mail ("m").

17. I verified which of these overseas individuals actually voted by reference to the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

18. I matched self-identified overseas never-resident voters in the NCSBE FPCA List to the list of North Carolina voters who cast a ballot in the November 2024 election in the statewide voter list based on voter registration number and NCID number.

19. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 2.**

20. I am unaware of any records indicating that any of these voters were challenged for being non-residents of North Carolina.

Further, the affiant sayeth not.

This 19 day of November, 2024.

PROTEST SCOPE

4. List all election contests subject to your protest and calculate the margin of votes separating the apparent winner from the runner-up as of the date of filing. Your response does not waive your right to contest the validity of the current vote count. If your protest concerns all contests on the ballot, you must include the vote margin for each contest.

Protested Contest(s)	Current Vote Margin (subtract runner-up totals from apparent winner's totals)
N.C. Supreme Court Associate Justice, Seat 6	625

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

It appears the county board of elections has counted ballots cast by voters who are not registered in the manner provided by law and who are therefore ineligible to vote.

To be eligible to vote, a person must register in accordance with North Carolina law. N.C. Const. art. VI, § 3; N.C.G.S. § 163-82.1(a). Since January 1, 2004, North Carolina law has required that, in order to be registered to vote, a person must complete a voter registration form and provide “the applicant’s . . . “[d]rivers license number or, if the applicant does not have a drivers license number, the last four digits of the applicant’s social security number.” N.C.G.S. § 183-82.4(a)(11). This information is used to validate the identity of the applicant. N.C.G.S. § 163-82.12(8), (9). If an applicant fails to provide their drivers license number or the last four digits of the applicant’s social security number, the county board must contact the voter to notify them of their omission and provide them an opportunity to complete the registration by 5:00 pm the day before the county canvass. N.C.G.S. § 163-82.4(f). If this omitted information is received by election day (and the board determines that the person is otherwise permitted to vote), then the person shall be permitted to vote; otherwise, the person shall be entitled to cast a provisional ballot that must be disregarded. N.C.G.S. § 163-82.4(f).

We have identified voters in the county who completed voter registration forms since January 1, 2004, and have cast a ballot in the contested election but have never provided their drivers license number or the last four digits of their social security number. EXHIBIT A is an affidavit that includes a list created from publicly available information that identifies such voters.

It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list. These actions violate North Carolina law and the state Constitution.

EXHIBIT B is an email from Paul Cox, General Counsel of the State Board of Elections, acknowledging that since “the State Board’s decision last December,” “new registrations going forward [are required] to include one of these numbers, unless the registrant affirms that they don’t have either number.” In the email, Mr. Cox also states that the State Board was “going to have our IT department run a list of new FPCA/FWAB registrants since the State Board’s order was released in December 2023, to flag any that may have been processed without one of these numbers[.]” Therefore, the identities of non-compliant registrants should be readily accessible to the State Board.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

Ryan Bonifay

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

North Carolina Constitution Article VI § 3; North Carolina Constitution Article I § 10; N.C. Gen. Stat. §§ 163-82.3, -82.4, -82.11, -82.12; Numbered Memo 2023-05

RELIEF

9. What effect do you believe the facts alleged in response to Prompt 6, if proven, will have on the electoral outcome in the protested contest(s)? Your response should account for the current vote margin calculated in response to Prompt 4.

- ☐ The electoral outcome of the protested contest(s) will change.
- ☐ The electoral outcome of the protested contest(s) will not change.
- ☒ I am uncertain whether the outcome of the contest(s) will change. **(Due to other pending protests, these votes may be determinative of the outcome.)**
- ☐ Other _____

10. What relief do you seek?

- ☒ Correct the vote count
- ☐ A new election
- ☒ Other: The State Board of Elections should (1) notify all voters who registered by a voter registration form since January 1, 2004, and failed to provide a drivers license or social security number that their voter registration was deficient and, absent correction, their vote cannot be counted; (2) inform such voters that they have a cure period during which the voter can provide the missing information; (3), for all such voters who provide a validated drivers license or social security number during the cure period, count the ballots in the election contest

identified above; (4), for all such voters who fail to provide a validated drivers license or social security number during the cure period, not count the ballot in the election contest identified above; and (5), after the cure period, correct the vote count accordingly in the election contest identified above.

Subject: PLEASE READ: UOCAVA Requests for new registrants

Directors (via BCC):

I'm writing to clarify the requirement for identification numbers for new registrants who register via FPCA or FWAB. I addressed this briefly in the Huddle chat last Wednesday, but we've gotten some additional questions. So we wanted to be clear about the proper procedures, since UOCAVA ballots start going out Friday.

If a person is registering for the first time using an FPCA or FWAB, the requirement to provide driver's license/DMV number or, if they don't have it, last four of their social security number, applies to these voters—just like for all other new registrants. This requirement in HAVA applies to all new registrants, whether they are civilian or UOCAVA registrants. See [52 USC 21083\(a\)\(5\)\(A\)\(i\)](#).

These new registrants were included in the State Board's decision last December to require new registrations going forward to include one of these numbers, unless the registrant affirms that they don't have either number. We regret if that was not clear.

We are going to have our IT department run a list of **new** FPCA/FWAB registrants since the State Board's order was released in December 2023, to flag any that may have been processed without one of these numbers, and we'll share that data with your office for review and action. The list should not be very long, since most FPCA/FWAB voters come through the portal, and the portal doesn't allow a UOCAVA voter to submit their request without including one of these numbers.

In the meantime, please review your pending FPCAs before ballot transmission on Friday, to ensure that they included one of these numbers. Be sure to include that number when you enter data into VoterScan. If the record doesn't result in a database match, the FPCA (registration and ballot request) must still be processed. Unlike civilian voters, North Carolina law expressly exempts UOCAVA voters from the requirement to provide HAVA ID if the number fails to match across agency databases. See [GS 163-166.12\(f\)\(3\)](#).

If any new FPCA/FWAB registrant did not include DL/DMV number or last four of their SSN as of December 14, 2023, and they do not state in writing that they lack these numbers, you will need to reach out to the registrant to obtain one of these numbers before processing their registration/ballot request. Please email the voter the attached letter requesting this information. If you do not have an email address for the voter, contact the voter by any other means you have available to obtain the information. Should the letter be returned, you will need to scan in the letter as VOTER CHANGE/UPDATE DOCUMENT in the web scanning app. If the voter does not return the request for information the FPCA request will need to be spoiled. Please include in the comments "Spoiled-ID not provided." Spoiling a ballot will need to occur before ballots go out on Friday, for any pending requests that did not include one of the required numbers.

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican National Committee as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who satisfied the following criteria: they (1) registered to vote after Jan. 1, 2004, (2) never provided the last four digits of their Social Security Number nor a North Carolina drivers license number to their local board of elections in conjunction with their voter registration, and (3) cast a ballot in the November 2024 general election, all based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to voters who registered and voted without providing a driver's license number or the last 4 digits of their Social Security Number, the North Carolina Republican Party made the following public records request to the North Carolina State Board of Elections on November 12, 2024:

- a. A list of all currently registered voters in Active, Inactive, or Temporary Status that do not contain data in one or more of the following data fields: (1) Driver's License Number; or (2) Last Four Digits of Social Security Number.

11. In response, NCSBE produced a file entitled No_SSN_or_DL_Active_Inactive_and_Temporary_Status.csv. As the filename suggests, it appears to be the NCSBE's list of North Carolina registered voters who did not provide a drivers license number or Social Security Number when registering.

12. I matched voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN to the list of voters who cast a ballot in the November 2024 election based on the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

13. I matched the list of individuals who never provided a drivers license number or the last four digits of their Social Security Number to the statewide voter list and absentee voter list based on the voter registration number and NCID number.

14. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 1.**

15. Accordingly, Attachment 1 contains a list of people who (1) attempted to vote in the 2024 General Election before November 5, 2024 (via early vote, absentee by mail, etc.), (2) had their vote accepted by their applicable county board of elections, and (3) never provided a North Carolina driver's license number nor the last 4 digits of their Social Security Number to their county board of elections. Attachment 1 contains additional information about each individual which was contained in the information from the NCSBE.

16. Attachment 1 does not include whether the applicable county boards of election challenged each of these voters, as that information has not yet been made available by the NCSBE.

17. Attachment 1 also does not include whether the voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN voted on election day, November 5, 2024, as the information on who voted on election day has not yet been released by the NCSBE.

Further, the affiant sayeth not.

This 19 day of November, 2024.

Protested Contest(s)	Current Vote Margin (subtract runner-up totals from apparent winner's totals)
N.C. Supreme Court Associate Justice, Seat 6	625

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

It appears the county board of elections has counted ballots cast by voters who are not registered in the manner provided by law and who are therefore ineligible to vote.

To be eligible to vote, a person must register in accordance with North Carolina law. N.C. Const. art. VI, § 3; N.C.G.S. § 163-82.1(a). Since January 1, 2004, North Carolina law has required that, in order to be registered to vote, a person must complete a voter registration form and provide “the applicant’s . . . “[d]rivers license number or, if the applicant does not have a drivers license number, the last four digits of the applicant’s social security number.” N.C.G.S. § 183-82.4(a)(11). This information is used to validate the identity of the applicant. N.C.G.S. § 163-82.12(8), (9). If an applicant fails to provide their drivers license number or the last four digits of the applicant’s social security number, the county board must contact the voter to notify them of their omission and provide them an opportunity to complete the registration by 5:00 pm the day before the county canvass. N.C.G.S. § 163-82.4(f). If this omitted information is received by election day (and the board determines that the person is otherwise permitted to vote), then the person shall be permitted to vote; otherwise, the person shall be entitled to cast a provisional ballot that must be disregarded. N.C.G.S. § 163-82.4(f).

We have identified voters in the county who completed voter registration forms since January 1, 2004, and have cast a ballot in the contested election but have never provided their drivers license number or the last four digits of their social security number. EXHIBIT A is an affidavit that includes a list created from publicly available information that identifies such voters.

It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list. These actions violate North Carolina law and the state Constitution.

EXHIBIT B is an email from Paul Cox, General Counsel of the State Board of Elections, acknowledging that since “the State Board’s decision last December,” “new registrations going forward [are required] to include one of these numbers, unless the registrant affirms that they don’t have either number.” In the email, Mr. Cox also states that the State Board was “going to have our IT department run a list of new FPCA/FWAB registrants since the State Board’s order was released in December 2023, to flag any that may have been processed without one of these numbers[.]” Therefore, the identities of non-compliant registrants should be readily accessible to the State Board.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

Ryan Bonifay

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

North Carolina Constitution Article VI § 3; North Carolina Constitution Article I § 10; N.C. Gen. Stat. §§ 163-82.3, -82.4, -82.11, -82.12; Numbered Memo 2023-05

RELIEF

9. What effect do you believe the facts alleged in response to Prompt 6, if proven, will have on the electoral outcome in the protested contest(s)? Your response should account for the current vote margin calculated in response to Prompt 4.

- ☐ The electoral outcome of the protested contest(s) will change.
- ☐ The electoral outcome of the protested contest(s) will not change.
- ☒ I am uncertain whether the outcome of the contest(s) will change. **(Due to other pending protests, these votes may be determinative of the outcome.)**
- ☐ Other _____

10. What relief do you seek?

- ☒ Correct the vote count
- ☐ A new election
- ☒ Other: The State Board of Elections should (1) notify all voters who registered by a voter registration form since January 1, 2004, and failed to provide a drivers license or social security number that their voter registration was deficient and, absent correction, their vote cannot be counted; (2) inform such voters that they have a cure period during which the voter can provide the missing information; (3), for all such voters who provide a validated drivers license or social security number during the cure period, count the ballots in the election contest

identified above; (4), for all such voters who fail to provide a validated drivers license or social security number during the cure period, not count the ballot in the election contest identified above; and (5), after the cure period, correct the vote count accordingly in the election contest identified above.

Directors (via BCC):

This is a follow up from the previous email by General Counsel Paul Cox. We have notified the impacted counties individually of those FPCA or FWABS processed without an identification number. Please follow the guidance below for any UOCAVA Requests for new registrants. If you have any questions, please feel free to reach out.

Subject: PLEASE READ: UOCAVA Requests for new registrants

Directors (via BCC):

I'm writing to clarify the requirement for identification numbers for new registrants who register via FPCA or FWAB. I addressed this briefly in the Huddle chat last Wednesday, but we've gotten some additional questions. So we wanted to be clear about the proper procedures, since UOCAVA ballots start going out Friday.

If a person is registering for the first time using an FPCA or FWAB, the requirement to provide driver's license/DMV number or, if they don't have it, last four of their social security number, applies to these voters—just like for all other new registrants. This requirement in HAVA applies to all new registrants, whether they are civilian or UOCAVA registrants. See [52 USC 21083\(a\)\(5\)\(A\)\(i\)](#).

These new registrants were included in the State Board's decision last December to require new registrations going forward to include one of these numbers, unless the registrant affirms that they don't have either number. We regret if that was not clear.

We are going to have our IT department run a list of **new** FPCA/FWAB registrants since the State Board's order was released in December 2023, to flag any that may have been processed without one of these numbers, and we'll share that data with your office for review and action. The list should not be very long, since most FPCA/FWAB voters come through the portal, and the portal doesn't allow a UOCAVA voter to submit their request without including one of these numbers.

In the meantime, please review your pending FPCAs before ballot transmission on Friday, to ensure that they included one of these numbers. Be sure to include that number when you enter data into VoterScan. If the record doesn't result in a database match, the FPCA (registration and ballot request) must still be processed. Unlike civilian voters, North Carolina law expressly exempts UOCAVA voters from the requirement to provide HAVA ID if the number fails to match across agency databases. See [GS 163-166.12\(f\)\(3\)](#).

If any new FPCA/FWAB registrant did not include DL/DMV number or last four of their SSN as of December 14, 2023, and they do not state in writing that they lack these numbers, you will need to reach out to the registrant to obtain one of these numbers before processing their registration/ballot request. Please email the voter the attached letter requesting this information. If you do not have an email address for the voter, contact the voter by any other means you have available to obtain the information. Should the letter be returned, you will need to scan in the letter as VOTER CHANGE/UPDATE DOCUMENT in the web scanning app. If the voter does not return the request for information the FPCA request will need to be spoiled. Please include in the comments "Spoiled-ID not provided." Spoiling a ballot will need to occur before ballots go out on Friday, for any pending requests that did not include one of the required numbers.

Paul Cox

COUNTY OF WAKE

AFFIDAVIT OF RYAN BONIFAY

)

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican National Committee as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who satisfied the following criteria: they (1) registered to vote after Jan. 1, 2004, (2) never provided the last four digits of their Social Security Number nor a North Carolina drivers license number to their local board of elections in conjunction with their voter registration, and (3) cast a ballot in the November 2024 general election, all based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to voters who registered and voted without providing a driver's license number or the last 4 digits of their Social Security Number, the North Carolina Republican Party made the following public records request to the North Carolina State Board of Elections on November 12, 2024:

- a. A list of all currently registered voters in Active, Inactive, or Temporary Status that do not contain data in one or more of the following data fields: (1) Driver's License Number; or (2) Last Four Digits of Social Security Number.

11. In response, NCSBE produced a file entitled No_SSN_or_DL_Active_Inactive_and_Temporary_Status.csv. As the filename suggests, it appears to be the NCSBE's list of North Carolina registered voters who did not provide a drivers license number or Social Security Number when registering.

12. I matched voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN to the list of voters who cast a ballot in the November 2024 election based on the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

13. I matched the list of individuals who never provided a drivers license number or the last four digits of their Social Security Number to the statewide voter list and absentee voter list based on the voter registration number and NCID number.

14. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 1.**

15. Accordingly, Attachment 1 contains a list of people who (1) attempted to vote in the 2024 General Election before November 5, 2024 (via early vote, absentee by mail, etc.), (2) had their vote accepted by their applicable county board of elections, and (3) never provided a North Carolina driver's license number nor the last 4 digits of their Social Security Number to their county board of elections. Attachment 1 contains additional information about each individual which was contained in the information from the NCSBE.

16. Attachment 1 does not include whether the applicable county boards of election challenged each of these voters, as that information has not yet been made available by the NCSBE.

17. Attachment 1 also does not include whether the voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN voted on election day, November 5, 2024, as the information on who voted on election day has not yet been released by the NCSBE.

Further, the affiant sayeth not.

This 19 day of November, 2024.

Protested Contest(s)	Current Vote Margin (subtract runner-up totals from apparent winner's totals)
N.C. Supreme Court Associate Justice, Seat 6	625

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

It appears the county board of elections has counted ballots cast by voters who are not registered in the manner provided by law and who are therefore ineligible to vote.

To be eligible to vote, a person must register in accordance with North Carolina law. N.C. Const. art. VI, § 3; N.C.G.S. § 163-82.1(a). Since January 1, 2004, North Carolina law has required that, in order to be registered to vote, a person must complete a voter registration form and provide “the applicant’s . . . “[d]rivers license number or, if the applicant does not have a drivers license number, the last four digits of the applicant’s social security number.” N.C.G.S. § 183-82.4(a)(11). This information is used to validate the identity of the applicant. N.C.G.S. § 163-82.12(8), (9). If an applicant fails to provide their drivers license number or the last four digits of the applicant’s social security number, the county board must contact the voter to notify them of their omission and provide them an opportunity to complete the registration by 5:00 pm the day before the county canvass. N.C.G.S. § 163-82.4(f). If this omitted information is received by election day (and the board determines that the person is otherwise permitted to vote), then the person shall be permitted to vote; otherwise, the person shall be entitled to cast a provisional ballot that must be disregarded. N.C.G.S. § 163-82.4(f).

We have identified voters in the county who completed voter registration forms since January 1, 2004, and have cast a ballot in the contested election but have never provided their drivers license number or the last four digits of their social security number. EXHIBIT A is an affidavit that includes a list created from publicly available information that identifies such voters.

It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list. These actions violate North Carolina law and the state Constitution.

EXHIBIT B is an email from Paul Cox, General Counsel of the State Board of Elections, acknowledging that since “the State Board’s decision last December,” “new registrations going forward [are required] to include one of these numbers, unless the registrant affirms that they don’t have either number.” In the email, Mr. Cox also states that the State Board was “going to have our IT department run a list of new FPCA/FWAB registrants since the State Board’s order was released in December 2023, to flag any that may have been processed without one of these numbers[.]” Therefore, the identities of non-compliant registrants should be readily accessible to the State Board.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

Ryan Bonifay

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

North Carolina Constitution Article VI § 3; North Carolina Constitution Article I § 10; N.C. Gen. Stat. §§ 163-82.3, -82.4, -82.11, -82.12; Numbered Memo 2023-05

RELIEF

9. What effect do you believe the facts alleged in response to Prompt 6, if proven, will have on the electoral outcome in the protested contest(s)? Your response should account for the current vote margin calculated in response to Prompt 4.

- ☐ The electoral outcome of the protested contest(s) will change.
- ☐ The electoral outcome of the protested contest(s) will not change.
- ☒ I am uncertain whether the outcome of the contest(s) will change. **(Due to other pending protests, these votes may be determinative of the outcome.)**
- ☐ Other _____

10. What relief do you seek?

- ☒ Correct the vote count
- ☐ A new election
- ☒ Other: The State Board of Elections should (1) notify all voters who registered by a voter registration form since January 1, 2004, and failed to provide a drivers license or social security number that their voter registration was deficient and, absent correction, their vote cannot be counted; (2) inform such voters that they have a cure period during which the voter can provide the missing information; (3), for all such voters who provide a validated drivers license or social security number during the cure period, count the ballots in the election contest

identified above; (4), for all such voters who fail to provide a validated drivers license or social security number during the cure period, not count the ballot in the election contest identified above; and (5), after the cure period, correct the vote count accordingly in the election contest identified above.

Directors (via BCC):

This is a follow up from the previous email by General Counsel Paul Cox. We have notified the impacted counties individually of those FPCA or FWABS processed without an identification number. Please follow the guidance below for any UOCAVA Requests for new registrants. If you have any questions, please feel free to reach out.

Subject: PLEASE READ: UOCAVA Requests for new registrants

Directors (via BCC):

I'm writing to clarify the requirement for identification numbers for new registrants who register via FPCA or FWAB. I addressed this briefly in the Huddle chat last Wednesday, but we've gotten some additional questions. So we wanted to be clear about the proper procedures, since UOCAVA ballots start going out Friday.

If a person is registering for the first time using an FPCA or FWAB, the requirement to provide driver's license/DMV number or, if they don't have it, last four of their social security number, applies to these voters—just like for all other new registrants. This requirement in HAVA applies to all new registrants, whether they are civilian or UOCAVA registrants. See [52 USC 21083\(a\)\(5\)\(A\)\(i\)](#).

These new registrants were included in the State Board's decision last December to require new registrations going forward to include one of these numbers, unless the registrant affirms that they don't have either number. We regret if that was not clear.

We are going to have our IT department run a list of **new** FPCA/FWAB registrants since the State Board's order was released in December 2023, to flag any that may have been processed without one of these numbers, and we'll share that data with your office for review and action. The list should not be very long, since most FPCA/FWAB voters come through the portal, and the portal doesn't allow a UOCAVA voter to submit their request without including one of these numbers.

In the meantime, please review your pending FPCAs before ballot transmission on Friday, to ensure that they included one of these numbers. Be sure to include that number when you enter data into VoterScan. If the record doesn't result in a database match, the FPCA (registration and ballot request) must still be processed. Unlike civilian voters, North Carolina law expressly exempts UOCAVA voters from the requirement to provide HAVA ID if the number fails to match across agency databases. See [GS 163-166.12\(f\)\(3\)](#).

If any new FPCA/FWAB registrant did not include DL/DMV number or last four of their SSN as of December 14, 2023, and they do not state in writing that they lack these numbers, you will need to reach out to the registrant to obtain one of these numbers before processing their registration/ballot request. Please email the voter the attached letter requesting this information. If you do not have an email address for the voter, contact the voter by any other means you have available to obtain the information. Should the letter be returned, you will need to scan in the letter as VOTER CHANGE/UPDATE DOCUMENT in the web scanning app. If the voter does not return the request for information the FPCA request will need to be spoiled. Please include in the comments "Spoiled-ID not provided." Spoiling a ballot will need to occur before ballots go out on Friday, for any pending requests that did not include one of the required numbers.

Paul Cox

COUNTY OF WAKE

AFFIDAVIT OF RYAN BONIFAY

)

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican National Committee as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who satisfied the following criteria: they (1) registered to vote after Jan. 1, 2004, (2) never provided the last four digits of their Social Security Number nor a North Carolina drivers license number to their local board of elections in conjunction with their voter registration, and (3) cast a ballot in the November 2024 general election, all based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to voters who registered and voted without providing a driver's license number or the last 4 digits of their Social Security Number, the North Carolina Republican Party made the following public records request to the North Carolina State Board of Elections on November 12, 2024:

- a. A list of all currently registered voters in Active, Inactive, or Temporary Status that do not contain data in one or more of the following data fields: (1) Driver's License Number; or (2) Last Four Digits of Social Security Number.

11. In response, NCSBE produced a file entitled No_SSN_or_DL_Active_Inactive_and_Temporary_Status.csv. As the filename suggests, it appears to be the NCSBE's list of North Carolina registered voters who did not provide a drivers license number or Social Security Number when registering.

12. I matched voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN to the list of voters who cast a ballot in the November 2024 election based on the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

13. I matched the list of individuals who never provided a drivers license number or the last four digits of their Social Security Number to the statewide voter list and absentee voter list based on the voter registration number and NCID number.

14. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 1.**

15. Accordingly, Attachment 1 contains a list of people who (1) attempted to vote in the 2024 General Election before November 5, 2024 (via early vote, absentee by mail, etc.), (2) had their vote accepted by their applicable county board of elections, and (3) never provided a North Carolina driver's license number nor the last 4 digits of their Social Security Number to their county board of elections. Attachment 1 contains additional information about each individual which was contained in the information from the NCSBE.

16. Attachment 1 does not include whether the applicable county boards of election challenged each of these voters, as that information has not yet been made available by the NCSBE.

17. Attachment 1 also does not include whether the voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN voted on election day, November 5, 2024, as the information on who voted on election day has not yet been released by the NCSBE.

Further, the affiant sayeth not.

This 19 day of November, 2024.

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

It appears the county board of elections has counted ballots cast by voters who are not registered in the manner provided by law and who are therefore ineligible to vote.

To be eligible to vote, a person must register in accordance with North Carolina law. N.C. Const. art. VI, § 3; N.C.G.S. § 163-82.1(a). Since January 1, 2004, North Carolina law has required that, in order to be registered to vote, a person must complete a voter registration form and provide “the applicant’s . . . “[d]rivers license number or, if the applicant does not have a drivers license number, the last four digits of the applicant’s social security number.” N.C.G.S. § 183-82.4(a)(11). This information is used to validate the identity of the applicant. N.C.G.S. § 163-82.12(8), (9). If an applicant fails to provide their drivers license number or the last four digits of the applicant’s social security number, the county board must contact the voter to notify them of their omission and provide them an opportunity to complete the registration by 5:00 pm the day before the county canvass. N.C.G.S. § 163-82.4(f). If this omitted information is received by election day (and the board determines that the person is otherwise permitted to vote), then the person shall be permitted to vote; otherwise, the person shall be entitled to cast a provisional ballot that must be disregarded. N.C.G.S. § 163-82.4(f).

We have identified voters in the county who completed voter registration forms since January 1, 2004, and have cast a ballot in the contested election but have never provided their drivers license number or the last four digits of their social security number. EXHIBIT A is an affidavit that includes a list created from publicly available information that identifies such voters.

It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list. These actions violate North Carolina law and the state Constitution.

EXHIBIT B is an email from Paul Cox, General Counsel of the State Board of Elections, acknowledging that since “the State Board’s decision last December,” “new registrations going forward [are required] to include one of these numbers, unless the registrant affirms that they don’t have either number.” In the email, Mr. Cox also states that the State Board was “going to have our IT department run a list of new FPCA/FWAB registrants since the State Board’s order was released in December 2023, to flag any that may have been processed without one of these numbers[.]” Therefore, the identities of non-compliant registrants should be readily accessible to the State Board.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

Ryan Bonifay

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

North Carolina Constitution Article VI § 3; North Carolina Constitution Article I § 10; N.C. Gen. Stat. §§ 163-82.3, -82.4, -82.11, -82.12; Numbered Memo 2023-05

RELIEF

9. What effect do you believe the facts alleged in response to Prompt 6, if proven, will have on the electoral outcome in the protested contest(s)? Your response should account for the current vote margin calculated in response to Prompt 4.

- ☐ The electoral outcome of the protested contest(s) will change.
- ☐ The electoral outcome of the protested contest(s) will not change.
- ☒ I am uncertain whether the outcome of the contest(s) will change. **(Due to other pending protests, these votes may be determinative of the outcome.)**
- ☐ Other _____

10. What relief do you seek?

- ☒ Correct the vote count
- ☐ A new election
- ☒ Other: The State Board of Elections should (1) notify all voters who registered by a voter registration form since January 1, 2004, and failed to provide a drivers license or social security number that their voter registration was deficient and, absent correction, their vote cannot be counted; (2) inform such voters that they have a cure period during which the voter can provide the missing information; (3), for all such voters who provide a validated drivers license or social security number during the cure period, count the ballots in the election contest

identified above; (4), for all such voters who fail to provide a validated drivers license or social security number during the cure period, not count the ballot in the election contest identified above; and (5), after the cure period, correct the vote count accordingly in the election contest identified above.

Subject: PLEASE READ: UOCAVA Requests for new registrants

Directors (via BCC):

I'm writing to clarify the requirement for identification numbers for new registrants who register via FPCA or FWAB. I addressed this briefly in the Huddle chat last Wednesday, but we've gotten some additional questions. So we wanted to be clear about the proper procedures, since UOCAVA ballots start going out Friday.

If a person is registering for the first time using an FPCA or FWAB, the requirement to provide driver's license/DMV number or, if they don't have it, last four of their social security number, applies to these voters—just like for all other new registrants. This requirement in HAVA applies to all new registrants, whether they are civilian or UOCAVA registrants. See [52 USC 21083\(a\)\(5\)\(A\)\(i\)](#).

These new registrants were included in the State Board's decision last December to require new registrations going forward to include one of these numbers, unless the registrant affirms that they don't have either number. We regret if that was not clear.

We are going to have our IT department run a list of **new** FPCA/FWAB registrants since the State Board's order was released in December 2023, to flag any that may have been processed without one of these numbers, and we'll share that data with your office for review and action. The list should not be very long, since most FPCA/FWAB voters come through the portal, and the portal doesn't allow a UOCAVA voter to submit their request without including one of these numbers.

In the meantime, please review your pending FPCAs before ballot transmission on Friday, to ensure that they included one of these numbers. Be sure to include that number when you enter data into VoterScan. If the record doesn't result in a database match, the FPCA (registration and ballot request) must still be processed. Unlike civilian voters, North Carolina law expressly exempts UOCAVA voters from the requirement to provide HAVA ID if the number fails to match across agency databases. See [GS 163-166.12\(f\)\(3\)](#).

If any new FPCA/FWAB registrant did not include DL/DMV number or last four of their SSN as of December 14, 2023, and they do not state in writing that they lack these numbers, you will need to reach out to the registrant to obtain one of these numbers before processing their registration/ballot request. Please email the voter the attached letter requesting this information. If you do not have an email address for the voter, contact the voter by any other means you have available to obtain the information. Should the letter be returned, you will need to scan in the letter as VOTER CHANGE/UPDATE DOCUMENT in the web scanning app. If the voter does not return the request for information the FPCA request will need to be spoiled. Please include in the comments "Spoiled-ID not provided." Spoiling a ballot will need to occur before ballots go out on Friday, for any pending requests that did not include one of the required numbers.

STATE OF NORTH CAROLINA
COUNTY OF WAKE

AFFIDAVIT OF RYAN BONIFAY

)

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican National Committee as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who satisfied the following criteria: they (1) registered to vote after Jan. 1, 2004, (2) never provided the last four digits of their Social Security Number nor a North Carolina drivers license number to their local board of elections in conjunction with their voter registration, and (3) cast a ballot in the November 2024 general election, all based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to voters who registered and voted without providing a driver's license number or the last 4 digits of their Social Security Number, the North Carolina Republican Party made the following public records request to the North Carolina State Board of Elections on November 12, 2024:

- a. A list of all currently registered voters in Active, Inactive, or Temporary Status that do not contain data in one or more of the following data fields: (1) Driver's License Number; or (2) Last Four Digits of Social Security Number.

11. In response, NCSBE produced a file entitled No_SSN_or_DL_Active_Inactive_and_Temporary_Status.csv. As the filename suggests, it appears to be the NCSBE's list of North Carolina registered voters who did not provide a drivers license number or Social Security Number when registering.

12. I matched voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN to the list of voters who cast a ballot in the November 2024 election based on the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

13. I matched the list of individuals who never provided a drivers license number or the last four digits of their Social Security Number to the statewide voter list and absentee voter list based on the voter registration number and NCID number.

14. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 1.**

15. Accordingly, Attachment 1 contains a list of people who (1) attempted to vote in the 2024 General Election before November 5, 2024 (via early vote, absentee by mail, etc.), (2) had their vote accepted by their applicable county board of elections, and (3) never provided a North Carolina driver's license number nor the last 4 digits of their Social Security Number to their county board of elections. Attachment 1 contains additional information about each individual which was contained in the information from the NCSBE.

16. Attachment 1 does not include whether the applicable county boards of election challenged each of these voters, as that information has not yet been made available by the NCSBE.

17. Attachment 1 also does not include whether the voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN voted on election day, November 5, 2024, as the information on who voted on election day has not yet been released by the NCSBE.

Further, the affiant sayeth not.

This 19 day of November, 2024.

N.C. Supreme Court Associate Justice, Seat 6	625

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

The county board of elections has accepted, processed, and counted votes from certain overseas voters who are not residents of this county. In fact, these voters have never resided in the state of North Carolina.

The North Carolina Constitution requires that only residents of the state may vote in the state's elections. N.C. Const. art. VI § 2(1). A North Carolina statute, however, provides that an overseas person who was born outside of the United States and has never resided in North Carolina can vote in North Carolina so long as the person's parent or legal guardian was an eligible North Carolina voter before leaving the United States. N.C.G.S. § 163-258.2(1)(e). The statute, therefore, allows persons to vote in North Carolina despite not being residents when they voted or registered to vote in North Carolina, which is a violation of the North Carolina Constitution's residency requirement for all voters. Upon information and belief, the county board of elections has not taken any actions to confirm the residency of the overseas voters who cast ballots pursuant to N.C. Gen. Stat. § 163-258.2(1)(e). These registrations and ballots of such overseas voters are readily identifiable through the Federal Post Card Application ("FPCA") and Federal Write-In Absentee Ballot ("FWAB") options stating "I am a U.S. citizen living outside the country, and I have never lived in the United States." In addition, there is no legitimate basis for imposing a residency requirement on some voters but not all voters.

We have identified overseas voters in the county who were allowed to vote in the contested election pursuant to N.C. Gen. Stat. § 163-258.2(1)(e). EXHIBIT A is an affidavit that includes a list created from information provided by the State Board of Elections that identifies such voters. It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list without taking any actions to establish the voter's residency. These actions violate North Carolina law and the state Constitution.

In addition, the State Board's information on self-identified non-residents using the FPCA process is limited to those who used the online portal, and does not include those who submitted a ballot request via mail. We therefore ask that the county board of elections, in furtherance of this protest, review the county's FPCA records to determine if anyone using the FPCA process via mail self-identified as a non-resident and, if so, those individuals should not have been entitled to vote.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

AFFIDAVIT OF RYAN BONIFAY)

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican Party as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who cast an absentee ballot from overseas and who self-reported never residing in North Carolina, based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to overseas voters who self-reported never residing in North Carolina, the North Carolina Republican Party made the following public records requests to the North Carolina State Board of Elections on November 9, 2024:

- a. A list of voters who self-identified as having never lived in the United States while submitting a Federal Post Card Application ("FPCA"). If such a list does not exist, the North Carolina Republican Party requested the opportunity to inspect and obtain copies of all FPCAs, where the individual marked they have never lived in the United States, that have been submitted since January 1, 2024.

b. A list of voters who self-identified as having never lived in the United States while submitting a Federal Write-in Absentee Ballot (“FWAB”). If such a list does not exist, the North Carolina Republican Party requested the opportunity to inspect and obtain copies of all FWABs, where the individual marked they have never lived in the United States, that have been submitted since January 1, 2024.

11. In response, on November 13, 2024 the North Carolina Republican Party received from NCSBE a file entitled “FPCA_online_portal_submissions_never_lived_US.csv”.

12. The NCSBE explained in their public records response that this spreadsheet consisted of “data on voters who submitted FPCA requests via our [i.e. NCSBE’s] online portal and who checked the box indicating that they never lived in the United States. The ‘overseasNoUsInd’ is the column that indicates if that checkbox was checked.” The NCSBE also explained that the spreadsheet was limited to overseas voters who submitted a ballot request through NCSBE’s online system. Overseas voters who mailed in a ballot request would have done so to a county board of elections, and are thus not included in the information I compiled.

13. FPCA refers to the federal post card application. My understanding is that the federal post card application is a form promulgated by the United States government, standardized across all states, that acts as both a voter registration application and as a request for an absentee ballot. A true and accurate copy of the FPCA form available on the NCSBE’s website is included as **ATTACHMENT 1**.

14. On the FPCA, voters may self-identify as having never lived in the United States.

15. This file “FPCA_online_portal_submissions_never_lived_US.csv” (the “NCSBE FPCA List”) is a list of individuals who submitted the FPCA in 2024 seeking a North Carolina ballot, and who self-identified as never having lived in the United States.

16. The file "FPCA_online_portal_submissions_never_lived_US.csv" contains a column "BallotSendMethod" that appears to reflect whether a ballot was sent to the individual electronically ("e") or by mail ("m").

17. I verified which of these overseas individuals actually voted by reference to the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

18. I matched self-identified overseas never-resident voters in the NCSBE FPCA List to the list of North Carolina voters who cast a ballot in the November 2024 election in the statewide voter list based on voter registration number and NCID number.

19. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 2.**

20. I am unaware of any records indicating that any of these voters were challenged for being non-residents of North Carolina.

Further, the affiant sayeth not.

This 19 day of November, 2024.

Protested Contest(s)	Current Vote Margin (subtract runner-up totals from apparent winner's totals)
N.C. Supreme Court Associate Justice, Seat 6	625

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

It appears the county board of elections has counted ballots cast by voters who are not registered in the manner provided by law and who are therefore ineligible to vote.

To be eligible to vote, a person must register in accordance with North Carolina law. N.C. Const. art. VI, § 3; N.C.G.S. § 163-82.1(a). Since January 1, 2004, North Carolina law has required that, in order to be registered to vote, a person must complete a voter registration form and provide “the applicant’s . . . “[d]rivers license number or, if the applicant does not have a drivers license number, the last four digits of the applicant’s social security number.” N.C.G.S. § 183-82.4(a)(11). This information is used to validate the identity of the applicant. N.C.G.S. § 163-82.12(8), (9). If an applicant fails to provide their drivers license number or the last four digits of the applicant’s social security number, the county board must contact the voter to notify them of their omission and provide them an opportunity to complete the registration by 5:00 pm the day before the county canvass. N.C.G.S. § 163-82.4(f). If this omitted information is received by election day (and the board determines that the person is otherwise permitted to vote), then the person shall be permitted to vote; otherwise, the person shall be entitled to cast a provisional ballot that must be disregarded. N.C.G.S. § 163-82.4(f).

We have identified voters in the county who completed voter registration forms since January 1, 2004, and have cast a ballot in the contested election but have never provided their drivers license number or the last four digits of their social security number. EXHIBIT A is an affidavit that includes a list created from publicly available information that identifies such voters.

It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list. These actions violate North Carolina law and the state Constitution.

EXHIBIT B is an email from Paul Cox, General Counsel of the State Board of Elections, acknowledging that since “the State Board’s decision last December,” “new registrations going forward [are required] to include one of these numbers, unless the registrant affirms that they don’t have either number.” In the email, Mr. Cox also states that the State Board was “going to have our IT department run a list of new FPCA/FWAB registrants since the State Board’s order was released in December 2023, to flag any that may have been processed without one of these numbers[.]” Therefore, the identities of non-compliant registrants should be readily accessible to the State Board.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

Ryan Bonifay

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

North Carolina Constitution Article VI § 3; North Carolina Constitution Article I § 10; N.C. Gen. Stat. §§ 163-82.3, -82.4, -82.11, -82.12; Numbered Memo 2023-05

RELIEF

9. What effect do you believe the facts alleged in response to Prompt 6, if proven, will have on the electoral outcome in the protested contest(s)? Your response should account for the current vote margin calculated in response to Prompt 4.

- ☐ The electoral outcome of the protested contest(s) will change.
- ☐ The electoral outcome of the protested contest(s) will not change.
- ☒ I am uncertain whether the outcome of the contest(s) will change. **(Due to other pending protests, these votes may be determinative of the outcome.)**
- ☐ Other _____

10. What relief do you seek?

- ☒ Correct the vote count
- ☐ A new election
- ☒ Other: The State Board of Elections should (1) notify all voters who registered by a voter registration form since January 1, 2004, and failed to provide a drivers license or social security number that their voter registration was deficient and, absent correction, their vote cannot be counted; (2) inform such voters that they have a cure period during which the voter can provide the missing information; (3), for all such voters who provide a validated drivers license or social security number during the cure period, count the ballots in the election contest

identified above; (4), for all such voters who fail to provide a validated drivers license or social security number during the cure period, not count the ballot in the election contest identified above; and (5), after the cure period, correct the vote count accordingly in the election contest identified above.

This is a follow up from the previous email by General Counsel Paul Cox. We have notified the impacted counties individually of those FPCA or FWABS processed without an identification number. Please follow the guidance below for any UOCAVA Requests for new registrants. If you have any questions, please feel free to reach out.

Subject: PLEASE READ: UOCAVA Requests for new registrants

Directors (via BCC):

I'm writing to clarify the requirement for identification numbers for new registrants who register via FPCA or FWAB. I addressed this briefly in the Huddle chat last Wednesday, but we've gotten some additional questions. So we wanted to be clear about the proper procedures, since UOCAVA ballots start going out Friday.

If a person is registering for the first time using an FPCA or FWAB, the requirement to provide driver's license/DMV number or, if they don't have it, last four of their social security number, applies to these voters—just like for all other new registrants. This requirement in HAVA applies to all new registrants, whether they are civilian or UOCAVA registrants. See [52 USC 21083\(a\)\(5\)\(A\)\(i\)](#).

These new registrants were included in the State Board's decision last December to require new registrations going forward to include one of these numbers, unless the registrant affirms that they don't have either number. We regret if that was not clear.

We are going to have our IT department run a list of **new** FPCA/FWAB registrants since the State Board's order was released in December 2023, to flag any that may have been processed without one of these numbers, and we'll share that data with your office for review and action. The list should not be very long, since most FPCA/FWAB voters come through the portal, and the portal doesn't allow a UOCAVA voter to submit their request without including one of these numbers.

In the meantime, please review your pending FPCAs before ballot transmission on Friday, to ensure that they included one of these numbers. Be sure to include that number when you enter data into VoterScan. If the record doesn't result in a database match, the FPCA (registration and ballot request) must still be processed. Unlike civilian voters, North Carolina law expressly exempts UOCAVA voters from the requirement to provide HAVA ID if the number fails to match across agency databases. See [GS 163-166.12\(f\)\(3\)](#).

If any new FPCA/FWAB registrant did not include DL/DMV number or last four of their SSN as of December 14, 2023, and they do not state in writing that they lack these numbers, you will need to reach out to the registrant to obtain one of these numbers before processing their registration/ballot request. Please email the voter the attached letter requesting this information. If you do not have an email address for the voter, contact the voter by any other means you have available to obtain the information. Should the letter be returned, you will need to scan in the letter as VOTER CHANGE/UPDATE DOCUMENT in the web scanning app. If the voter does not return the request for information the FPCA request will need to be spoiled. Please include in the comments "Spoiled-ID not provided." Spoiling a ballot will need to occur before ballots go out on Friday, for any pending requests that did not include one of the required numbers.

STATE OF NORTH CAROLINA
COUNTY OF WAKE

AFFIDAVIT OF RYAN BONIFAY

)

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican National Committee as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who satisfied the following criteria: they (1) registered to vote after Jan. 1, 2004, (2) never provided the last four digits of their Social Security Number nor a North Carolina drivers license number to their local board of elections in conjunction with their voter registration, and (3) cast a ballot in the November 2024 general election, all based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to voters who registered and voted without providing a driver's license number or the last 4 digits of their Social Security Number, the North Carolina Republican Party made the following public records request to the North Carolina State Board of Elections on November 12, 2024:

- a. A list of all currently registered voters in Active, Inactive, or Temporary Status that do not contain data in one or more of the following data fields: (1) Driver's License Number; or (2) Last Four Digits of Social Security Number.

11. In response, NCSBE produced a file entitled No_SSN_or_DL_Active_Inactive_and_Temporary_Status.csv. As the filename suggests, it appears to be the NCSBE's list of North Carolina registered voters who did not provide a drivers license number or Social Security Number when registering.

12. I matched voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN to the list of voters who cast a ballot in the November 2024 election based on the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

13. I matched the list of individuals who never provided a drivers license number or the last four digits of their Social Security Number to the statewide voter list and absentee voter list based on the voter registration number and NCID number.

14. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 1.**

15. Accordingly, Attachment 1 contains a list of people who (1) attempted to vote in the 2024 General Election before November 5, 2024 (via early vote, absentee by mail, etc.), (2) had their vote accepted by their applicable county board of elections, and (3) never provided a North Carolina driver's license number nor the last 4 digits of their Social Security Number to their county board of elections. Attachment 1 contains additional information about each individual which was contained in the information from the NCSBE.

16. Attachment 1 does not include whether the applicable county boards of election challenged each of these voters, as that information has not yet been made available by the NCSBE.

17. Attachment 1 also does not include whether the voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN voted on election day, November 5, 2024, as the information on who voted on election day has not yet been released by the NCSBE.

Further, the affiant sayeth not.

This 19 day of November, 2024.

N.C. Supreme Court Associate Justice, Seat 6	625

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

The county board of elections has accepted, processed, and counted votes from certain overseas voters who are not residents of this county. In fact, these voters have never resided in the state of North Carolina.

The North Carolina Constitution requires that only residents of the state may vote in the state's elections. N.C. Const. art. VI § 2(1). A North Carolina statute, however, provides that an overseas person who was born outside of the United States and has never resided in North Carolina can vote in North Carolina so long as the person's parent or legal guardian was an eligible North Carolina voter before leaving the United States. N.C.G.S. § 163-258.2(1)(e). The statute, therefore, allows persons to vote in North Carolina despite not being residents when they voted or registered to vote in North Carolina, which is a violation of the North Carolina Constitution's residency requirement for all voters. Upon information and belief, the county board of elections has not taken any actions to confirm the residency of the overseas voters who cast ballots pursuant to N.C. Gen. Stat. § 163-258.2(1)(e). These registrations and ballots of such overseas voters are readily identifiable through the Federal Post Card Application ("FPCA") and Federal Write-In Absentee Ballot ("FWAB") options stating "I am a U.S. citizen living outside the country, and I have never lived in the United States." In addition, there is no legitimate basis for imposing a residency requirement on some voters but not all voters.

We have identified overseas voters in the county who were allowed to vote in the contested election pursuant to N.C. Gen. Stat. § 163-258.2(1)(e). EXHIBIT A is an affidavit that includes a list created from information provided by the State Board of Elections that identifies such voters. It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list without taking any actions to establish the voter's residency. These actions violate North Carolina law and the state Constitution.

In addition, the State Board's information on self-identified non-residents using the FPCA process is limited to those who used the online portal, and does not include those who submitted a ballot request via mail. We therefore ask that the county board of elections, in furtherance of this protest, review the county's FPCA records to determine if anyone using the FPCA process via mail self-identified as a non-resident and, if so, those individuals should not have been entitled to vote.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican Party as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who cast an absentee ballot from overseas and who self-reported never residing in North Carolina, based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to overseas voters who self-reported never residing in North Carolina, the North Carolina Republican Party made the following public records requests to the North Carolina State Board of Elections on November 9, 2024:

- a. A list of voters who self-identified as having never lived in the United States while submitting a Federal Post Card Application ("FPCA"). If such a list does not exist, the North Carolina Republican Party requested the opportunity to inspect and obtain copies of all FPCAs, where the individual marked they have never lived in the United States, that have been submitted since January 1, 2024.

b. A list of voters who self-identified as having never lived in the United States while submitting a Federal Write-in Absentee Ballot (“FWAB”). If such a list does not exist, the North Carolina Republican Party requested the opportunity to inspect and obtain copies of all FWABs, where the individual marked they have never lived in the United States, that have been submitted since January 1, 2024.

11. In response, on November 13, 2024 the North Carolina Republican Party received from NCSBE a file entitled “FPCA_online_portal_submissions_never_lived_US.csv”.

12. The NCSBE explained in their public records response that this spreadsheet consisted of “data on voters who submitted FPCA requests via our [i.e. NCSBE’s] online portal and who checked the box indicating that they never lived in the United States. The ‘overseasNoUsInd’ is the column that indicates if that checkbox was checked.” The NCSBE also explained that the spreadsheet was limited to overseas voters who submitted a ballot request through NCSBE’s online system. Overseas voters who mailed in a ballot request would have done so to a county board of elections, and are thus not included in the information I compiled.

13. FPCA refers to the federal post card application. My understanding is that the federal post card application is a form promulgated by the United States government, standardized across all states, that acts as both a voter registration application and as a request for an absentee ballot. A true and accurate copy of the FPCA form available on the NCSBE’s website is included as **ATTACHMENT 1**.

14. On the FPCA, voters may self-identify as having never lived in the United States.

15. This file “FPCA_online_portal_submissions_never_lived_US.csv” (the “NCSBE FPCA List”) is a list of individuals who submitted the FPCA in 2024 seeking a North Carolina ballot, and who self-identified as never having lived in the United States.

16. The file "FPCA_online_portal_submissions_never_lived_US.csv" contains a column "BallotSendMethod" that appears to reflect whether a ballot was sent to the individual electronically ("e") or by mail ("m").

17. I verified which of these overseas individuals actually voted by reference to the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

18. I matched self-identified overseas never-resident voters in the NCSBE FPCA List to the list of North Carolina voters who cast a ballot in the November 2024 election in the statewide voter list based on voter registration number and NCID number.

19. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 2.**

20. I am unaware of any records indicating that any of these voters were challenged for being non-residents of North Carolina.

Further, the affiant sayeth not.

This 19 day of November, 2024.

Protested Contest(s)	Current Vote Margin (subtract runner-up totals from apparent winner's totals)
N.C. Supreme Court Associate Justice, Seat 6	625

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

It appears the county board of elections has counted ballots cast by voters who are not registered in the manner provided by law and who are therefore ineligible to vote.

To be eligible to vote, a person must register in accordance with North Carolina law. N.C. Const. art. VI, § 3; N.C.G.S. § 163-82.1(a). Since January 1, 2004, North Carolina law has required that, in order to be registered to vote, a person must complete a voter registration form and provide “the applicant’s . . . “[d]rivers license number or, if the applicant does not have a drivers license number, the last four digits of the applicant’s social security number.” N.C.G.S. § 183-82.4(a)(11). This information is used to validate the identity of the applicant. N.C.G.S. § 163-82.12(8), (9). If an applicant fails to provide their drivers license number or the last four digits of the applicant’s social security number, the county board must contact the voter to notify them of their omission and provide them an opportunity to complete the registration by 5:00 pm the day before the county canvass. N.C.G.S. § 163-82.4(f). If this omitted information is received by election day (and the board determines that the person is otherwise permitted to vote), then the person shall be permitted to vote; otherwise, the person shall be entitled to cast a provisional ballot that must be disregarded. N.C.G.S. § 163-82.4(f).

We have identified voters in the county who completed voter registration forms since January 1, 2004, and have cast a ballot in the contested election but have never provided their drivers license number or the last four digits of their social security number. EXHIBIT A is an affidavit that includes a list created from publicly available information that identifies such voters.

It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list. These actions violate North Carolina law and the state Constitution.

EXHIBIT B is an email from Paul Cox, General Counsel of the State Board of Elections, acknowledging that since “the State Board’s decision last December,” “new registrations going forward [are required] to include one of these numbers, unless the registrant affirms that they don’t have either number.” In the email, Mr. Cox also states that the State Board was “going to have our IT department run a list of new FPCA/FWAB registrants since the State Board’s order was released in December 2023, to flag any that may have been processed without one of these numbers[.]” Therefore, the identities of non-compliant registrants should be readily accessible to the State Board.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

Ryan Bonifay

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

North Carolina Constitution Article VI § 3; North Carolina Constitution Article I § 10; N.C. Gen. Stat. §§ 163-82.3, -82.4, -82.11, -82.12; Numbered Memo 2023-05

RELIEF

9. What effect do you believe the facts alleged in response to Prompt 6, if proven, will have on the electoral outcome in the protested contest(s)? Your response should account for the current vote margin calculated in response to Prompt 4.

- ☐ The electoral outcome of the protested contest(s) will change.
- ☐ The electoral outcome of the protested contest(s) will not change.
- ☒ I am uncertain whether the outcome of the contest(s) will change. **(Due to other pending protests, these votes may be determinative of the outcome.)**
- ☐ Other _____

10. What relief do you seek?

- ☒ Correct the vote count
- ☐ A new election
- ☒ Other: The State Board of Elections should (1) notify all voters who registered by a voter registration form since January 1, 2004, and failed to provide a drivers license or social security number that their voter registration was deficient and, absent correction, their vote cannot be counted; (2) inform such voters that they have a cure period during which the voter can provide the missing information; (3), for all such voters who provide a validated drivers license or social security number during the cure period, count the ballots in the election contest

identified above; (4), for all such voters who fail to provide a validated drivers license or social security number during the cure period, not count the ballot in the election contest identified above; and (5), after the cure period, correct the vote count accordingly in the election contest identified above.

This is a follow up from the previous email by General Counsel Paul Cox. We have notified the impacted counties individually of those FPCA or FWABS processed without an identification number. Please follow the guidance below for any UOCAVA Requests for new registrants. If you have any questions, please feel free to reach out.

Subject: PLEASE READ: UOCAVA Requests for new registrants

Directors (via BCC):

I'm writing to clarify the requirement for identification numbers for new registrants who register via FPCA or FWAB. I addressed this briefly in the Huddle chat last Wednesday, but we've gotten some additional questions. So we wanted to be clear about the proper procedures, since UOCAVA ballots start going out Friday.

If a person is registering for the first time using an FPCA or FWAB, the requirement to provide driver's license/DMV number or, if they don't have it, last four of their social security number, applies to these voters—just like for all other new registrants. This requirement in HAVA applies to all new registrants, whether they are civilian or UOCAVA registrants. See [52 USC 21083\(a\)\(5\)\(A\)\(i\)](#).

These new registrants were included in the State Board's decision last December to require new registrations going forward to include one of these numbers, unless the registrant affirms that they don't have either number. We regret if that was not clear.

We are going to have our IT department run a list of **new** FPCA/FWAB registrants since the State Board's order was released in December 2023, to flag any that may have been processed without one of these numbers, and we'll share that data with your office for review and action. The list should not be very long, since most FPCA/FWAB voters come through the portal, and the portal doesn't allow a UOCAVA voter to submit their request without including one of these numbers.

In the meantime, please review your pending FPCAs before ballot transmission on Friday, to ensure that they included one of these numbers. Be sure to include that number when you enter data into VoterScan. If the record doesn't result in a database match, the FPCA (registration and ballot request) must still be processed. Unlike civilian voters, North Carolina law expressly exempts UOCAVA voters from the requirement to provide HAVA ID if the number fails to match across agency databases. See [GS 163-166.12\(f\)\(3\)](#).

If any new FPCA/FWAB registrant did not include DL/DMV number or last four of their SSN as of December 14, 2023, and they do not state in writing that they lack these numbers, you will need to reach out to the registrant to obtain one of these numbers before processing their registration/ballot request. Please email the voter the attached letter requesting this information. If you do not have an email address for the voter, contact the voter by any other means you have available to obtain the information. Should the letter be returned, you will need to scan in the letter as VOTER CHANGE/UPDATE DOCUMENT in the web scanning app. If the voter does not return the request for information the FPCA request will need to be spoiled. Please include in the comments "Spoiled-ID not provided." Spoiling a ballot will need to occur before ballots go out on Friday, for any pending requests that did not include one of the required numbers.

Paul Cox

STATE OF NORTH CAROLINA
COUNTY OF WAKE

AFFIDAVIT OF RYAN BONIFAY

)

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican National Committee as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who satisfied the following criteria: they (1) registered to vote after Jan. 1, 2004, (2) never provided the last four digits of their Social Security Number nor a North Carolina drivers license number to their local board of elections in conjunction with their voter registration, and (3) cast a ballot in the November 2024 general election, all based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to voters who registered and voted without providing a driver's license number or the last 4 digits of their Social Security Number, the North Carolina Republican Party made the following public records request to the North Carolina State Board of Elections on November 12, 2024:

- a. A list of all currently registered voters in Active, Inactive, or Temporary Status that do not contain data in one or more of the following data fields: (1) Driver's License Number; or (2) Last Four Digits of Social Security Number.

11. In response, NCSBE produced a file entitled No_SSN_or_DL_Active_Inactive_and_Temporary_Status.csv. As the filename suggests, it appears to be the NCSBE's list of North Carolina registered voters who did not provide a drivers license number or Social Security Number when registering.

12. I matched voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN to the list of voters who cast a ballot in the November 2024 election based on the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

13. I matched the list of individuals who never provided a drivers license number or the last four digits of their Social Security Number to the statewide voter list and absentee voter list based on the voter registration number and NCID number.

14. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 1.**

15. Accordingly, Attachment 1 contains a list of people who (1) attempted to vote in the 2024 General Election before November 5, 2024 (via early vote, absentee by mail, etc.), (2) had their vote accepted by their applicable county board of elections, and (3) never provided a North Carolina driver's license number nor the last 4 digits of their Social Security Number to their county board of elections. Attachment 1 contains additional information about each individual which was contained in the information from the NCSBE.

16. Attachment 1 does not include whether the applicable county boards of election challenged each of these voters, as that information has not yet been made available by the NCSBE.

17. Attachment 1 also does not include whether the voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN voted on election day, November 5, 2024, as the information on who voted on election day has not yet been released by the NCSBE.

Further, the affiant sayeth not.

This 19 day of November, 2024.

It appears the county board of elections has counted ballots cast by overseas voters without requiring the voter's to provide a copy of their photo identification. EXHIBIT A is an email from Karen Brinson Bell, Executive Director of the State Board of Elections, in which she states: "When a military or overseas citizen voter submits their ballot, neither federal nor state law requires them to provide ID when returning their ballot."

Article 20 of Chapter 163 of the General Statutes requires absentee ballots to include a photocopy of the voter's photo identification or an affidavit establishing an exception to the photo-identification requirement. N.C. Gen. Stat. § 163-230.1(f1). Absentee ballots under Chapter 163 include traditional mail-in absentee ballots under Article 20 and military-overseas ballots under Article 21A. *See, e.g.*, N.C. Gen. Stat. § 163-132.5G(a1)(4). Moreover, N.C. Gen. Stat. § 163-239 states that the provisions of Article 21A (concerning overseas-military ballots) "shall not apply to or modify" the absentee ballot provisions unless "provided therein." N.C. Gen. Stat. § 163-239.

Upon information and belief, the county has accepted, processed, and counted absentee ballots by overseas voters who did not provide a copy of photo identification (or an exception form). A board director and/or board member for the county confirmed to NCGOP legal counsel that this was the practice of the board. These actions violate North Carolina law. Before filing this protest, we submitted a public records request to the county board of elections seeking the information necessary to identify such voters. At the time of the protest, the request remains pending. Once the information is provided, we will supplement the protest.

Subject: Your recent letter

Ms. Rebuck, (bcc: State Board Members and county election directors)

We write to express concern about a letter that you wrote that was forwarded to us by the elections director in another county, who received it from a state legislator asking her to respond. Your letter has been forwarded to a wide audience, and unfortunately, it contains false and misleading statements, and partisan remarks.

We are forwarding your letter and our response to the five members of the State Board of Elections and to all county directors so they can respond as necessary if they receive inquiries. This has required State Board staff to spend our limited resources drafting this letter and researching and providing the facts.

We are always available to county board members with questions or concerns about election administration, and we hope that in the future you will reach out to us should you need clarification to avoid the potential spread of false or misleading information, which undermines our common goals of administering elections according to the law and promoting confidence in our elections.

Please see our responses in red to your italicized statements below. We are happy to answer any questions you have about them.

"I am a member of the Henderson County Board of Elections and have served on the Board for over 6 years. I am frankly very discouraged about the upcoming election. I want to strongly state my belief that if you do not intervene immediately either legislatively or legally, we are going to lose NC to the Dems in November which will likely mean we lose the country. The responsibility will be yours, one way or the other."

Given the partisan statements in the above, we remind you of the requirements of [Article 4A of Chapter 163](#) of the North Carolina General Statutes. Whether or not the statements violate these provisions, it undermines the public's confidence in the fair administration of elections if their elections officials are widely communicating their desire for a particular outcome in an election they oversee.

"I am aware that Henderson County has recently received hundreds of new UNOCAVA (Overseas Civilian) applications." There is NO requirement to verify these people AND they do NOT have to provide ID when sending back their vote (by mail or email)."

UOCAVA, which stands for Uniformed and Overseas Citizens Absentee Voting Act, is a federal law prescribing specific procedures for military and overseas citizens to be allowed to vote in federal elections. Our state has adopted laws under Article 21A of Chapter 163 to carry out these procedures. When military and overseas citizens register to vote under these procedures, they typically provide either their Social Security Number or driver's license on the prescribed [federal form](#). When county officials input those values into the statewide database, the statewide database

automatically attempts to validate those numbers with the DMV and Social Security Administration. For civilian voters, if a number does not validate, state law requires the voter to provide an alternative form of ID before they vote for the first time. UOCAVA voters are expressly exempt from this requirement by state statute and have been for nearly 20 years. GS 163-166.12(f)(3).

When a military or overseas citizen voter submits their ballot, neither federal nor state law requires them to provide ID when returning their ballot.

"I believe this is a concerted effort to turn Henderson County blue. However, I believe that if you check with other counties, you will see that the numbers have grown substantially in every county. I have heard numbers as high as 300,000 statewide so far. I believe that there is a statewide effort under way to undermine the election."

Again, we caution you about statements favoring or opposing particular outcomes in the elections you oversee.

We spoke with the Henderson County director, and she confirmed on August 23 that Henderson had received fewer than 150 UOCAVA requests. In 2020, according to State Board data, Henderson County received 347 requests for absentee ballots from military and Henderson County voters living abroad at the time. So, the number of requests is not necessarily high in 2024 as you suggest. Ballots go out in two weeks.

It is also possible that advocacy groups and others are encouraging military and overseas voters who are U.S. citizens to request their ballots. There is nothing wrong with that and, in fact, that is activity protected by the First Amendment of the U.S. Constitution.

Until ballot styles are finalized, we do not know how many UOCAVA requests have come in statewide. However, the State Board has no evidence of a "statewide effort underway to undermine the election." If you have actual evidence of such, please provide it to the State Board or to the law enforcement agency of your choice. Otherwise, your statements are sensationalistic and inflammatory and will undermine voter confidence with no facts to back them up.

"Additionally, Henderson County has received numerous new voter applications that do not have HAVA required information to register (missing Driver's License and/or last 4 of SS or those numbers were not validated). The State BOE has instructed Counties to go ahead a register them without verification."

This is false. The State Board, both in emails and in a statewide Huddle training session, have instructed county boards as follows:

- If a new voter does not provide their driver's license number or last four digits of their Social Security number and does not check the box to indicate that they do not have either of these numbers, then the voter will not be registered and will be sent an incomplete letter seeking the missing information.
- If an applicant provides a driver's license number or last four of their Social Security number but that number does not validate, then their registration should be processed but they must be sent a "request for identification letter." If the voter subsequently provides the ID information, their

profile is updated. If they do not, they must provide an alternative ID proving their identity (so-called “HAVA ID”) before voting, or vote provisionally. See GS 163-166.12(c). See the [Request for Identification Information letter](#).

- If a new voter checks the box to indicate they do not have either identification number, then they will be sent a “request for identification” letter and be required to show a HAVA ID before they vote.

“There have been over 10,000 voters registered state-wide in the last 3 months with unverified or no Dr License or last 4 of SS numbers and therefore HAVE NOT BEEN VERIFIED. So even though the information provided does not match (validated) the application is automatically approved. This is just common sense-the identity of the voter should be verified before entering them on the voter rolls. This is an open invitation for missing or unvalidated applications to be approved and entered into the system.”

See the note above about the additional verification requirement for voters whose ID numbers fail to validate.

Here’s some additional important context. When a number does not match, SEIMS will not populate that field, so if we run a query in the database to see which registrations lack these identifiers, the query shows registrations where an identifier was provided but the number did not validate. To attempt to validate DLs or last-four SSNs, the SEIMS system sends a database query to DMV databases and the Social Security Administration databases, asking those databases to attempt to match specific information in records on both sides. It is not uncommon for a person’s ID to fail validation. There are a number of benign reasons this can occur, and occur regularly, which has been well [documented](#). The DMV/SSA requires exact field matching on name, DOB, DL/SSN so there is no current way to identify possible matches. Common reasons for validation failure are: misspelling of names, variation of names (Bob vs. Robert, maiden name vs. married name, varied designation of surnames for minority ethnicities, etc.), nickname or a missing suffix missing (Jr. or Sr.), inadvertent typos like missed numbers or transposed numbers in DL or last-four SSN, typos in birthdates, and situations where a registrant listed month/day/year in the wrong order on their registration form (there could be [national origin-based reasons](#) for this). Recognizing the faults in matching between distinct databases, the General Assembly enacted the provisions in GS 163-166.12(c) which allow a registrant whose DL or SSN did not match to provide HAVA ID either before or when first voting.

“Another concern is preventing non-citizens from voting. Putting the matter on the ballot in November is too little, too late. The legislature passed SB 747 requiring clerks of superior court to provide lists of people who have been excused from jury duty indicating that they are not US citizens. However, according to the SBOE this will not take place until after the November election.”

This is false. The superior court clerks are (and have) provided such lists, and State Board staff is reviewing those and contacting any registered voters who are identified and for whom a state and federal database check does not show they have obtained citizenship. After nearly every county clerk submitted any records of jurors excused for non-citizenship, there were 9 registrants total identified through these checks statewide. While it is true that federal law (NVRA) prevents us from outright removing these records this close to a federal election, we are nonetheless going to

encourage any of these identified registrants to cancel their registration if they indeed lack citizenship. After the federal election, we can resume this program and conduct removals similar to how we process felon removals, rather than the notices and invitation to cancel registration which is as much as we can do and still comply with federal law.

“You have allowed the SBOE to drag its feet (I believe on purpose) on all of these matters. This must be rectified if you want to win in November. I am not asking for anything that would be unfair to anyone, I just want the laws enforced to make it fair for everyone. Frankly, the county BOEs are nothing more than a rubber stamp and we have to sit there and vote to certify without any real ability to legally object. Again, the success or failure of this election in November is on you. I implore you to either fix this legislatively or in Court.

Best wishes in November, you will need it!”

Again, we remind you of the prohibitions in the law on political activity by county board members.

We again invite you to contact us in the future to clear up your misunderstandings about election processes and the law.

Regards,

Karen Brinson Bell, CERA, PMP

All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

The county board of elections has accepted, processed, and counted votes from certain overseas voters who are not residents of this county. In fact, these voters have never resided in the state of North Carolina.

The North Carolina Constitution requires that only residents of the state may vote in the state's elections. N.C. Const. art. VI § 2(1). A North Carolina statute, however, provides that an overseas person who was born outside of the United States and has never resided in North Carolina can vote in North Carolina so long as the person's parent or legal guardian was an eligible North Carolina voter before leaving the United States. N.C.G.S. § 163-258.2(1)(e). The statute, therefore, allows persons to vote in North Carolina despite not being residents when they voted or registered to vote in North Carolina, which is a violation of the North Carolina Constitution's residency requirement for all voters. Upon information and belief, the county board of elections has not taken any actions to confirm the residency of the overseas voters who cast ballots pursuant to N.C. Gen. Stat. § 163-258.2(1)(e). These registrations and ballots of such overseas voters are readily identifiable through the Federal Post Card Application ("FPCA") and Federal Write-In Absentee Ballot ("FWAB") options stating "I am a U.S. citizen living outside the country, and I have never lived in the United States." In addition, there is no legitimate basis for imposing a residency requirement on some voters but not all voters.

We have identified overseas voters in the county who were allowed to vote in the contested election pursuant to N.C. Gen. Stat. § 163-258.2(1)(e). EXHIBIT A is an affidavit that includes a list created from information provided by the State Board of Elections that identifies such voters. It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list without taking any actions to establish the voter's residency. These actions violate North Carolina law and the state Constitution.

In addition, the State Board's information on self-identified non-residents using the FPCA process is limited to those who used the online portal, and does not include those who submitted a ballot request via mail. We therefore ask that the county board of elections, in furtherance of this protest, review the county's FPCA records to determine if anyone using the FPCA process via mail self-identified as a non-resident and, if so, those individuals should not have been entitled to vote.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

AFFIDAVIT OF RYAN BONIFAY

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican Party as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who cast an absentee ballot from overseas and who self-reported never residing in North Carolina, based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to overseas voters who self-reported never residing in North Carolina, the North Carolina Republican Party made the following public records requests to the North Carolina State Board of Elections on November 9, 2024:

- a. A list of voters who self-identified as having never lived in the United States while submitting a Federal Post Card Application ("FPCA"). If such a list does not exist, the North Carolina Republican Party requested the opportunity to inspect and obtain copies of all FPCAs, where the individual marked they have never lived in the United States, that have been submitted since January 1, 2024.

b. A list of voters who self-identified as having never lived in the United States while submitting a Federal Write-in Absentee Ballot (“FWAB”). If such a list does not exist, the North Carolina Republican Party requested the opportunity to inspect and obtain copies of all FWABs, where the individual marked they have never lived in the United States, that have been submitted since January 1, 2024.

11. In response, on November 13, 2024 the North Carolina Republican Party received from NCSBE a file entitled “FPCA_online_portal_submissions_never_lived_US.csv”.

12. The NCSBE explained in their public records response that this spreadsheet consisted of “data on voters who submitted FPCA requests via our [i.e. NCSBE’s] online portal and who checked the box indicating that they never lived in the United States. The ‘overseasNoUsInd’ is the column that indicates if that checkbox was checked.” The NCSBE also explained that the spreadsheet was limited to overseas voters who submitted a ballot request through NCSBE’s online system. Overseas voters who mailed in a ballot request would have done so to a county board of elections, and are thus not included in the information I compiled.

13. FPCA refers to the federal post card application. My understanding is that the federal post card application is a form promulgated by the United States government, standardized across all states, that acts as both a voter registration application and as a request for an absentee ballot. A true and accurate copy of the FPCA form available on the NCSBE’s website is included as **ATTACHMENT 1**.

14. On the FPCA, voters may self-identify as having never lived in the United States.

15. This file “FPCA_online_portal_submissions_never_lived_US.csv” (the “NCSBE FPCA List”) is a list of individuals who submitted the FPCA in 2024 seeking a North Carolina ballot, and who self-identified as never having lived in the United States.

16. The file "FPCA_online_portal_submissions_never_lived_US.csv" contains a column "BallotSendMethod" that appears to reflect whether a ballot was sent to the individual electronically ("e") or by mail ("m").

17. I verified which of these overseas individuals actually voted by reference to the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

18. I matched self-identified overseas never-resident voters in the NCSBE FPCA List to the list of North Carolina voters who cast a ballot in the November 2024 election in the statewide voter list based on voter registration number and NCID number.

19. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 2.**

20. I am unaware of any records indicating that any of these voters were challenged for being non-residents of North Carolina.

Further, the affiant sayeth not.

This 19 day of November, 2024.

PROTEST SCOPE

4. List all election contests subject to your protest and calculate the margin of votes separating the apparent winner from the runner-up as of the date of filing. Your response does not waive your right to contest the validity of the current vote count. If your protest concerns all contests on the ballot, you must include the vote margin for each contest.

Protested Contest(s)	Current Vote Margin (subtract runner-up totals from apparent winner's totals)
N.C. Supreme Court Associate Justice, Seat 6	625

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

It appears the county board of elections has counted ballots cast by voters who are not registered in the manner provided by law and who are therefore ineligible to vote.

To be eligible to vote, a person must register in accordance with North Carolina law. N.C. Const. art. VI, § 3; N.C.G.S. § 163-82.1(a). Since January 1, 2004, North Carolina law has required that, in order to be registered to vote, a person must complete a voter registration form and provide “the applicant’s . . . “[d]rivers license number or, if the applicant does not have a drivers license number, the last four digits of the applicant’s social security number.” N.C.G.S. § 183-82.4(a)(11). This information is used to validate the identity of the applicant. N.C.G.S. § 163-82.12(8), (9). If an applicant fails to provide their drivers license number or the last four digits of the applicant’s social security number, the county board must contact the voter to notify them of their omission and provide them an opportunity to complete the registration by 5:00 pm the day before the county canvass. N.C.G.S. § 163-82.4(f). If this omitted information is received by election day (and the board determines that the person is otherwise permitted to vote), then the person shall be permitted to vote; otherwise, the person shall be entitled to cast a provisional ballot that must be disregarded. N.C.G.S. § 163-82.4(f).

We have identified voters in the county who completed voter registration forms since January 1, 2004, and have cast a ballot in the contested election but have never provided their drivers license number or the last four digits of their social security number. EXHIBIT A is an affidavit that includes a list created from publicly available information that identifies such voters.

It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list. These actions violate North Carolina law and the state Constitution.

EXHIBIT B is an email from Paul Cox, General Counsel of the State Board of Elections, acknowledging that since “the State Board’s decision last December,” “new registrations going forward [are required] to include one of these numbers, unless the registrant affirms that they don’t have either number.” In the email, Mr. Cox also states that the State Board was “going to have our IT department run a list of new FPCA/FWAB registrants since the State Board’s order was released in December 2023, to flag any that may have been processed without one of these numbers[.]” Therefore, the identities of non-compliant registrants should be readily accessible to the State Board.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

Ryan Bonifay

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

North Carolina Constitution Article VI § 3; North Carolina Constitution Article I § 10; N.C. Gen. Stat. §§ 163-82.3, -82.4, -82.11, -82.12; Numbered Memo 2023-05

RELIEF

9. What effect do you believe the facts alleged in response to Prompt 6, if proven, will have on the electoral outcome in the protested contest(s)? Your response should account for the current vote margin calculated in response to Prompt 4.

- ☐ The electoral outcome of the protested contest(s) will change.
- ☐ The electoral outcome of the protested contest(s) will not change.
- ☒ I am uncertain whether the outcome of the contest(s) will change. **(Due to other pending protests, these votes may be determinative of the outcome.)**
- ☐ Other _____

10. What relief do you seek?

- ☒ Correct the vote count
- ☐ A new election
- ☒ Other: The State Board of Elections should (1) notify all voters who registered by a voter registration form since January 1, 2004, and failed to provide a drivers license or social security number that their voter registration was deficient and, absent correction, their vote cannot be counted; (2) inform such voters that they have a cure period during which the voter can provide the missing information; (3), for all such voters who provide a validated drivers license or social security number during the cure period, count the ballots in the election contest

identified above; (4), for all such voters who fail to provide a validated drivers license or social security number during the cure period, not count the ballot in the election contest identified above; and (5), after the cure period, correct the vote count accordingly in the election contest identified above.

Subject: PLEASE READ: UOCAVA Requests for new registrants

Directors (via BCC):

I'm writing to clarify the requirement for identification numbers for new registrants who register via FPCA or FWAB. I addressed this briefly in the Huddle chat last Wednesday, but we've gotten some additional questions. So we wanted to be clear about the proper procedures, since UOCAVA ballots start going out Friday.

If a person is registering for the first time using an FPCA or FWAB, the requirement to provide driver's license/DMV number or, if they don't have it, last four of their social security number, applies to these voters—just like for all other new registrants. This requirement in HAVA applies to all new registrants, whether they are civilian or UOCAVA registrants. See [52 USC 21083\(a\)\(5\)\(A\)\(i\)](#).

These new registrants were included in the State Board's decision last December to require new registrations going forward to include one of these numbers, unless the registrant affirms that they don't have either number. We regret if that was not clear.

We are going to have our IT department run a list of **new** FPCA/FWAB registrants since the State Board's order was released in December 2023, to flag any that may have been processed without one of these numbers, and we'll share that data with your office for review and action. The list should not be very long, since most FPCA/FWAB voters come through the portal, and the portal doesn't allow a UOCAVA voter to submit their request without including one of these numbers.

In the meantime, please review your pending FPCAs before ballot transmission on Friday, to ensure that they included one of these numbers. Be sure to include that number when you enter data into VoterScan. If the record doesn't result in a database match, the FPCA (registration and ballot request) must still be processed. Unlike civilian voters, North Carolina law expressly exempts UOCAVA voters from the requirement to provide HAVA ID if the number fails to match across agency databases. See [GS 163-166.12\(f\)\(3\)](#).

If any new FPCA/FWAB registrant did not include DL/DMV number or last four of their SSN as of December 14, 2023, and they do not state in writing that they lack these numbers, you will need to reach out to the registrant to obtain one of these numbers before processing their registration/ballot request. Please email the voter the attached letter requesting this information. If you do not have an email address for the voter, contact the voter by any other means you have available to obtain the information. Should the letter be returned, you will need to scan in the letter as VOTER CHANGE/UPDATE DOCUMENT in the web scanning app. If the voter does not return the request for information the FPCA request will need to be spoiled. Please include in the comments "Spoiled-ID not provided." Spoiling a ballot will need to occur before ballots go out on Friday, for any pending requests that did not include one of the required numbers.

STATE OF NORTH CAROLINA
COUNTY OF WAKE

AFFIDAVIT OF RYAN BONIFAY

)

)

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican National Committee as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who satisfied the following criteria: they (1) registered to vote after Jan. 1, 2004, (2) never provided the last four digits of their Social Security Number nor a North Carolina drivers license number to their local board of elections in conjunction with their voter registration, and (3) cast a ballot in the November 2024 general election, all based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to voters who registered and voted without providing a driver's license number or the last 4 digits of their Social Security Number, the North Carolina Republican Party made the following public records request to the North Carolina State Board of Elections on November 12, 2024:

- a. A list of all currently registered voters in Active, Inactive, or Temporary Status that do not contain data in one or more of the following data fields: (1) Driver's License Number; or (2) Last Four Digits of Social Security Number.

11. In response, NCSBE produced a file entitled No_SSN_or_DL_Active_Inactive_and_Temporary_Status.csv. As the filename suggests, it appears to be the NCSBE's list of North Carolina registered voters who did not provide a drivers license number or Social Security Number when registering.

12. I matched voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN to the list of voters who cast a ballot in the November 2024 election based on the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

13. I matched the list of individuals who never provided a drivers license number or the last four digits of their Social Security Number to the statewide voter list and absentee voter list based on the voter registration number and NCID number.

14. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 1.**

15. Accordingly, Attachment 1 contains a list of people who (1) attempted to vote in the 2024 General Election before November 5, 2024 (via early vote, absentee by mail, etc.), (2) had their vote accepted by their applicable county board of elections, and (3) never provided a North Carolina driver's license number nor the last 4 digits of their Social Security Number to their county board of elections. Attachment 1 contains additional information about each individual which was contained in the information from the NCSBE.

16. Attachment 1 does not include whether the applicable county boards of election challenged each of these voters, as that information has not yet been made available by the NCSBE.

17. Attachment 1 also does not include whether the voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN voted on election day, November 5, 2024, as the information on who voted on election day has not yet been released by the NCSBE.

Further, the affiant sayeth not.

This 19 day of November, 2024.

PROTEST SCOPE

4. List all election contests subject to your protest and calculate the margin of votes separating the apparent winner from the runner-up as of the date of filing. Your response does not waive your right to contest the validity of the current vote count. If your protest concerns all contests on the ballot, you must include the vote margin for each contest.

N.C. Supreme Court Associate Justice, Seat 6	625

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

The county board of elections has accepted, processed, and counted votes from certain overseas voters who are not residents of this county. In fact, these voters have never resided in the state of North Carolina.

The North Carolina Constitution requires that only residents of the state may vote in the state's elections. N.C. Const. art. VI § 2(1). A North Carolina statute, however, provides that an overseas person who was born outside of the United States and has never resided in North Carolina can vote in North Carolina so long as the person's parent or legal guardian was an eligible North Carolina voter before leaving the United States. N.C.G.S. § 163-258.2(1)(e). The statute, therefore, allows persons to vote in North Carolina despite not being residents when they voted or registered to vote in North Carolina, which is a violation of the North Carolina Constitution's residency requirement for all voters. Upon information and belief, the county board of elections has not taken any actions to confirm the residency of the overseas voters who cast ballots pursuant to N.C. Gen. Stat. § 163-258.2(1)(e). These registrations and ballots of such overseas voters are readily identifiable through the Federal Post Card Application ("FPCA") and Federal Write-In Absentee Ballot ("FWAB") options stating "I am a U.S. citizen living outside the country, and I have never lived in the United States." In addition, there is no legitimate basis for imposing a residency requirement on some voters but not all voters.

We have identified overseas voters in the county who were allowed to vote in the contested election pursuant to N.C. Gen. Stat. § 163-258.2(1)(e). EXHIBIT A is an affidavit that includes a list created from information provided by the State Board of Elections that identifies such voters. It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list without taking any actions to establish the voter's residency. These actions violate North Carolina law and the state Constitution.

In addition, the State Board's information on self-identified non-residents using the FPCA process is limited to those who used the online portal, and does not include those who submitted a ballot request via mail. We therefore ask that the county board of elections, in furtherance of this protest, review the county's FPCA records to determine if anyone using the FPCA process via mail self-identified as a non-resident and, if so, those individuals should not have been entitled to vote.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican Party as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who cast an absentee ballot from overseas and who self-reported never residing in North Carolina, based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to overseas voters who self-reported never residing in North Carolina, the North Carolina Republican Party made the following public records requests to the North Carolina State Board of Elections on November 9, 2024:

- a. A list of voters who self-identified as having never lived in the United States while submitting a Federal Post Card Application ("FPCA"). If such a list does not exist, the North Carolina Republican Party requested the opportunity to inspect and obtain copies of all FPCAs, where the individual marked they have never lived in the United States, that have been submitted since January 1, 2024.

b. A list of voters who self-identified as having never lived in the United States while submitting a Federal Write-in Absentee Ballot (“FWAB”). If such a list does not exist, the North Carolina Republican Party requested the opportunity to inspect and obtain copies of all FWABs, where the individual marked they have never lived in the United States, that have been submitted since January 1, 2024.

11. In response, on November 13, 2024 the North Carolina Republican Party received from NCSBE a file entitled “FPCA_online_portal_submissions_never_lived_US.csv”.

12. The NCSBE explained in their public records response that this spreadsheet consisted of “data on voters who submitted FPCA requests via our [i.e. NCSBE’s] online portal and who checked the box indicating that they never lived in the United States. The ‘overseasNoUsInd’ is the column that indicates if that checkbox was checked.” The NCSBE also explained that the spreadsheet was limited to overseas voters who submitted a ballot request through NCSBE’s online system. Overseas voters who mailed in a ballot request would have done so to a county board of elections, and are thus not included in the information I compiled.

13. FPCA refers to the federal post card application. My understanding is that the federal post card application is a form promulgated by the United States government, standardized across all states, that acts as both a voter registration application and as a request for an absentee ballot. A true and accurate copy of the FPCA form available on the NCSBE’s website is included as **ATTACHMENT 1**.

14. On the FPCA, voters may self-identify as having never lived in the United States.

15. This file “FPCA_online_portal_submissions_never_lived_US.csv” (the “NCSBE FPCA List”) is a list of individuals who submitted the FPCA in 2024 seeking a North Carolina ballot, and who self-identified as never having lived in the United States.

16. The file "FPCA_online_portal_submissions_never_lived_US.csv" contains a column "BallotSendMethod" that appears to reflect whether a ballot was sent to the individual electronically ("e") or by mail ("m").

17. I verified which of these overseas individuals actually voted by reference to the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

18. I matched self-identified overseas never-resident voters in the NCSBE FPCA List to the list of North Carolina voters who cast a ballot in the November 2024 election in the statewide voter list based on voter registration number and NCID number.

19. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 2.**

20. I am unaware of any records indicating that any of these voters were challenged for being non-residents of North Carolina.

Further, the affiant sayeth not.

This 19 day of November, 2024.

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

It appears the county board of elections has counted ballots cast by voters who are not registered in the manner provided by law and who are therefore ineligible to vote.

To be eligible to vote, a person must register in accordance with North Carolina law. N.C. Const. art. VI, § 3; N.C.G.S. § 163-82.1(a). Since January 1, 2004, North Carolina law has required that, in order to be registered to vote, a person must complete a voter registration form and provide “the applicant’s . . . “[d]rivers license number or, if the applicant does not have a drivers license number, the last four digits of the applicant’s social security number.” N.C.G.S. § 183-82.4(a)(11). This information is used to validate the identity of the applicant. N.C.G.S. § 163-82.12(8), (9). If an applicant fails to provide their drivers license number or the last four digits of the applicant’s social security number, the county board must contact the voter to notify them of their omission and provide them an opportunity to complete the registration by 5:00 pm the day before the county canvass. N.C.G.S. § 163-82.4(f). If this omitted information is received by election day (and the board determines that the person is otherwise permitted to vote), then the person shall be permitted to vote; otherwise, the person shall be entitled to cast a provisional ballot that must be disregarded. N.C.G.S. § 163-82.4(f).

We have identified voters in the county who completed voter registration forms since January 1, 2004, and have cast a ballot in the contested election but have never provided their drivers license number or the last four digits of their social security number. EXHIBIT A is an affidavit that includes a list created from publicly available information that identifies such voters.

It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list. These actions violate North Carolina law and the state Constitution.

EXHIBIT B is an email from Paul Cox, General Counsel of the State Board of Elections, acknowledging that since “the State Board’s decision last December,” “new registrations going forward [are required] to include one of these numbers, unless the registrant affirms that they don’t have either number.” In the email, Mr. Cox also states that the State Board was “going to have our IT department run a list of new FPCA/FWAB registrants since the State Board’s order was released in December 2023, to flag any that may have been processed without one of these numbers[.]” Therefore, the identities of non-compliant registrants should be readily accessible to the State Board.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

RELIEF

9. What effect do you believe the facts alleged in response to Prompt 6, if proven, will have on the electoral outcome in the protested contest(s)? Your response should account for the current vote margin calculated in response to Prompt 4.

10. What relief do you seek?

- ☒ Correct the vote count
- ☐ A new election
- ☒ Other: The State Board of Elections should (1) notify all voters who registered by a voter registration form since January 1, 2004, and failed to provide a drivers license or social security number that their voter registration was deficient and, absent correction, their vote cannot be counted; (2) inform such voters that they have a cure period during which the voter can provide the missing information; (3), for all such voters who provide a validated drivers license or social security number during the cure period, count the ballots in the election contest

identified above; (4), for all such voters who fail to provide a validated drivers license or social security number during the cure period, not count the ballot in the election contest identified above; and (5), after the cure period, correct the vote count accordingly in the election contest identified above.

Directors (via BCC):

This is a follow up from the previous email by General Counsel Paul Cox. We have notified the impacted counties individually of those FPCA or FWABS processed without an identification number. Please follow the guidance below for any UOCAVA Requests for new registrants. If you have any questions, please feel free to reach out.

Subject: PLEASE READ: UOCAVA Requests for new registrants

Directors (via BCC):

I'm writing to clarify the requirement for identification numbers for new registrants who register via FPCA or FWAB. I addressed this briefly in the Huddle chat last Wednesday, but we've gotten some additional questions. So we wanted to be clear about the proper procedures, since UOCAVA ballots start going out Friday.

If a person is registering for the first time using an FPCA or FWAB, the requirement to provide driver's license/DMV number or, if they don't have it, last four of their social security number, applies to these voters—just like for all other new registrants. This requirement in HAVA applies to all new registrants, whether they are civilian or UOCAVA registrants. See [52 USC 21083\(a\)\(5\)\(A\)\(i\)](#).

These new registrants were included in the State Board's decision last December to require new registrations going forward to include one of these numbers, unless the registrant affirms that they don't have either number. We regret if that was not clear.

We are going to have our IT department run a list of **new** FPCA/FWAB registrants since the State Board's order was released in December 2023, to flag any that may have been processed without one of these numbers, and we'll share that data with your office for review and action. The list should not be very long, since most FPCA/FWAB voters come through the portal, and the portal doesn't allow a UOCAVA voter to submit their request without including one of these numbers.

In the meantime, please review your pending FPCAs before ballot transmission on Friday, to ensure that they included one of these numbers. Be sure to include that number when you enter data into VoterScan. If the record doesn't result in a database match, the FPCA (registration and ballot request) must still be processed. Unlike civilian voters, North Carolina law expressly exempts UOCAVA voters from the requirement to provide HAVA ID if the number fails to match across agency databases. See [GS 163-166.12\(f\)\(3\)](#).

If any new FPCA/FWAB registrant did not include DL/DMV number or last four of their SSN as of December 14, 2023, and they do not state in writing that they lack these numbers, you will need to reach out to the registrant to obtain one of these numbers before processing their registration/ballot request. Please email the voter the attached letter requesting this information. If you do not have an email address for the voter, contact the voter by any other means you have available to obtain the information. Should the letter be returned, you will need to scan in the letter as VOTER CHANGE/UPDATE DOCUMENT in the web scanning app. If the voter does not return the request for information the FPCA request will need to be spoiled. Please include in the comments "Spoiled-ID not provided." Spoiling a ballot will need to occur before ballots go out on Friday, for any pending requests that did not include one of the required numbers.

Paul Cox

STATE OF NORTH CAROLINA
COUNTY OF WAKE

AFFIDAVIT OF RYAN BONIFAY

)

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican National Committee as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who satisfied the following criteria: they (1) registered to vote after Jan. 1, 2004, (2) never provided the last four digits of their Social Security Number nor a North Carolina drivers license number to their local board of elections in conjunction with their voter registration, and (3) cast a ballot in the November 2024 general election, all based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to voters who registered and voted without providing a driver's license number or the last 4 digits of their Social Security Number, the North Carolina Republican Party made the following public records request to the North Carolina State Board of Elections on November 12, 2024:

- a. A list of all currently registered voters in Active, Inactive, or Temporary Status that do not contain data in one or more of the following data fields: (1) Driver's License Number; or (2) Last Four Digits of Social Security Number.

11. In response, NCSBE produced a file entitled No_SSN_or_DL_Active_Inactive_and_Temporary_Status.csv. As the filename suggests, it appears to be the NCSBE's list of North Carolina registered voters who did not provide a drivers license number or Social Security Number when registering.

12. I matched voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN to the list of voters who cast a ballot in the November 2024 election based on the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

13. I matched the list of individuals who never provided a drivers license number or the last four digits of their Social Security Number to the statewide voter list and absentee voter list based on the voter registration number and NCID number.

14. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 1.**

15. Accordingly, Attachment 1 contains a list of people who (1) attempted to vote in the 2024 General Election before November 5, 2024 (via early vote, absentee by mail, etc.), (2) had their vote accepted by their applicable county board of elections, and (3) never provided a North Carolina driver's license number nor the last 4 digits of their Social Security Number to their county board of elections. Attachment 1 contains additional information about each individual which was contained in the information from the NCSBE.

16. Attachment 1 does not include whether the applicable county boards of election challenged each of these voters, as that information has not yet been made available by the NCSBE.

17. Attachment 1 also does not include whether the voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN voted on election day, November 5, 2024, as the information on who voted on election day has not yet been released by the NCSBE.

Further, the affiant sayeth not.

This 19 day of November, 2024.

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

The county board of elections has accepted, processed, and counted votes from certain overseas voters who are not residents of this county. In fact, these voters have never resided in the state of North Carolina.

The North Carolina Constitution requires that only residents of the state may vote in the state's elections. N.C. Const. art. VI § 2(1). A North Carolina statute, however, provides that an overseas person who was born outside of the United States and has never resided in North Carolina can vote in North Carolina so long as the person's parent or legal guardian was an eligible North Carolina voter before leaving the United States. N.C.G.S. § 163-258.2(1)(e). The statute, therefore, allows persons to vote in North Carolina despite not being residents when they voted or registered to vote in North Carolina, which is a violation of the North Carolina Constitution's residency requirement for all voters. Upon information and belief, the county board of elections has not taken any actions to confirm the residency of the overseas voters who cast ballots pursuant to N.C. Gen. Stat. § 163-258.2(1)(e). These registrations and ballots of such overseas voters are readily identifiable through the Federal Post Card Application ("FPCA") and Federal Write-In Absentee Ballot ("FWAB") options stating "I am a U.S. citizen living outside the country, and I have never lived in the United States." In addition, there is no legitimate basis for imposing a residency requirement on some voters but not all voters.

We have identified overseas voters in the county who were allowed to vote in the contested election pursuant to N.C. Gen. Stat. § 163-258.2(1)(e). EXHIBIT A is an affidavit that includes a list created from information provided by the State Board of Elections that identifies such voters. It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list without taking any actions to establish the voter's residency. These actions violate North Carolina law and the state Constitution.

In addition, the State Board's information on self-identified non-residents using the FPCA process is limited to those who used the online portal, and does not include those who submitted a ballot request via mail. We therefore ask that the county board of elections, in furtherance of this protest, review the county's FPCA records to determine if anyone using the FPCA process via mail self-identified as a non-resident and, if so, those individuals should not have been entitled to vote.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

AFFIDAVIT OF RYAN BONIFAY

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican Party as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who cast an absentee ballot from overseas and who self-reported never residing in North Carolina, based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to overseas voters who self-reported never residing in North Carolina, the North Carolina Republican Party made the following public records requests to the North Carolina State Board of Elections on November 9, 2024:

- a. A list of voters who self-identified as having never lived in the United States while submitting a Federal Post Card Application ("FPCA"). If such a list does not exist, the North Carolina Republican Party requested the opportunity to inspect and obtain copies of all FPCAs, where the individual marked they have never lived in the United States, that have been submitted since January 1, 2024.

b. A list of voters who self-identified as having never lived in the United States while submitting a Federal Write-in Absentee Ballot (“FWAB”). If such a list does not exist, the North Carolina Republican Party requested the opportunity to inspect and obtain copies of all FWABs, where the individual marked they have never lived in the United States, that have been submitted since January 1, 2024.

11. In response, on November 13, 2024 the North Carolina Republican Party received from NCSBE a file entitled “FPCA_online_portal_submissions_never_lived_US.csv”.

12. The NCSBE explained in their public records response that this spreadsheet consisted of “data on voters who submitted FPCA requests via our [i.e. NCSBE’s] online portal and who checked the box indicating that they never lived in the United States. The ‘overseasNoUsInd’ is the column that indicates if that checkbox was checked.” The NCSBE also explained that the spreadsheet was limited to overseas voters who submitted a ballot request through NCSBE’s online system. Overseas voters who mailed in a ballot request would have done so to a county board of elections, and are thus not included in the information I compiled.

13. FPCA refers to the federal post card application. My understanding is that the federal post card application is a form promulgated by the United States government, standardized across all states, that acts as both a voter registration application and as a request for an absentee ballot. A true and accurate copy of the FPCA form available on the NCSBE’s website is included as **ATTACHMENT 1**.

14. On the FPCA, voters may self-identify as having never lived in the United States.

15. This file “FPCA_online_portal_submissions_never_lived_US.csv” (the “NCSBE FPCA List”) is a list of individuals who submitted the FPCA in 2024 seeking a North Carolina ballot, and who self-identified as never having lived in the United States.

16. The file "FPCA_online_portal_submissions_never_lived_US.csv" contains a column "BallotSendMethod" that appears to reflect whether a ballot was sent to the individual electronically ("e") or by mail ("m").

17. I verified which of these overseas individuals actually voted by reference to the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

18. I matched self-identified overseas never-resident voters in the NCSBE FPCA List to the list of North Carolina voters who cast a ballot in the November 2024 election in the statewide voter list based on voter registration number and NCID number.

19. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 2.**

20. I am unaware of any records indicating that any of these voters were challenged for being non-residents of North Carolina.

Further, the affiant sayeth not.

This 19 day of November, 2024.

Protested Contest(s)	Current Vote Margin (subtract runner-up totals from apparent winner's totals)
N.C. Supreme Court Associate Justice, Seat 6	625

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

It appears the county board of elections has counted ballots cast by voters who are not registered in the manner provided by law and who are therefore ineligible to vote.

To be eligible to vote, a person must register in accordance with North Carolina law. N.C. Const. art. VI, § 3; N.C.G.S. § 163-82.1(a). Since January 1, 2004, North Carolina law has required that, in order to be registered to vote, a person must complete a voter registration form and provide “the applicant’s . . . “[d]rivers license number or, if the applicant does not have a drivers license number, the last four digits of the applicant’s social security number.” N.C.G.S. § 183-82.4(a)(11). This information is used to validate the identity of the applicant. N.C.G.S. § 163-82.12(8), (9). If an applicant fails to provide their drivers license number or the last four digits of the applicant’s social security number, the county board must contact the voter to notify them of their omission and provide them an opportunity to complete the registration by 5:00 pm the day before the county canvass. N.C.G.S. § 163-82.4(f). If this omitted information is received by election day (and the board determines that the person is otherwise permitted to vote), then the person shall be permitted to vote; otherwise, the person shall be entitled to cast a provisional ballot that must be disregarded. N.C.G.S. § 163-82.4(f).

We have identified voters in the county who completed voter registration forms since January 1, 2004, and have cast a ballot in the contested election but have never provided their drivers license number or the last four digits of their social security number. EXHIBIT A is an affidavit that includes a list created from publicly available information that identifies such voters.

It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list. These actions violate North Carolina law and the state Constitution.

EXHIBIT B is an email from Paul Cox, General Counsel of the State Board of Elections, acknowledging that since “the State Board’s decision last December,” “new registrations going forward [are required] to include one of these numbers, unless the registrant affirms that they don’t have either number.” In the email, Mr. Cox also states that the State Board was “going to have our IT department run a list of new FPCA/FWAB registrants since the State Board’s order was released in December 2023, to flag any that may have been processed without one of these numbers[.]” Therefore, the identities of non-compliant registrants should be readily accessible to the State Board.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

Ryan Bonifay

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

North Carolina Constitution Article VI § 3; North Carolina Constitution Article I § 10; N.C. Gen. Stat. §§ 163-82.3, -82.4, -82.11, -82.12; Numbered Memo 2023-05

RELIEF

9. What effect do you believe the facts alleged in response to Prompt 6, if proven, will have on the electoral outcome in the protested contest(s)? Your response should account for the current vote margin calculated in response to Prompt 4.

- ☐ The electoral outcome of the protested contest(s) will change.
- ☐ The electoral outcome of the protested contest(s) will not change.
- ☒ I am uncertain whether the outcome of the contest(s) will change. **(Due to other pending protests, these votes may be determinative of the outcome.)**
- ☐ Other _____

10. What relief do you seek?

- ☒ Correct the vote count
- ☐ A new election
- ☒ Other: The State Board of Elections should (1) notify all voters who registered by a voter registration form since January 1, 2004, and failed to provide a drivers license or social security number that their voter registration was deficient and, absent correction, their vote cannot be counted; (2) inform such voters that they have a cure period during which the voter can provide the missing information; (3), for all such voters who provide a validated drivers license or social security number during the cure period, count the ballots in the election contest

identified above; (4), for all such voters who fail to provide a validated drivers license or social security number during the cure period, not count the ballot in the election contest identified above; and (5), after the cure period, correct the vote count accordingly in the election contest identified above.

This is a follow up from the previous email by General Counsel Paul Cox. We have notified the impacted counties individually of those FPCA or FWABS processed without an identification number. Subject: PLEASE READ: UOCAVA Requests for new registrants

Directors (via BCC):

I'm writing to clarify the requirement for identification numbers for new registrants who register via FPCA or FWAB. I addressed this briefly in the Huddle chat last Wednesday, but we've gotten some additional questions. So we wanted to be clear about the proper procedures, since UOCAVA ballots start going out Friday.

If a person is registering for the first time using an FPCA or FWAB, the requirement to provide driver's license/DMV number or, if they don't have it, last four of their social security number, applies to these voters—just like for all other new registrants. This requirement in HAVA applies to all new registrants, whether they are civilian or UOCAVA registrants. See [52 USC 21083\(a\)\(5\)\(A\)\(i\)](#).

These new registrants were included in the State Board's decision last December to require new registrations going forward to include one of these numbers, unless the registrant affirms that they don't have either number. We regret if that was not clear.

We are going to have our IT department run a list of **new** FPCA/FWAB registrants since the State Board's order was released in December 2023, to flag any that may have been processed without one of these numbers, and we'll share that data with your office for review and action. The list should not be very long, since most FPCA/FWAB voters come through the portal, and the portal doesn't allow a UOCAVA voter to submit their request without including one of these numbers.

In the meantime, please review your pending FPCAs before ballot transmission on Friday, to ensure that they included one of these numbers. Be sure to include that number when you enter data into VoterScan. If the record doesn't result in a database match, the FPCA (registration and ballot request) must still be processed. Unlike civilian voters, North Carolina law expressly exempts UOCAVA voters from the requirement to provide HAVA ID if the number fails to match across agency databases. See [GS 163-166.12\(f\)\(3\)](#).

If any new FPCA/FWAB registrant did not include DL/DMV number or last four of their SSN as of December 14, 2023, and they do not state in writing that they lack these numbers, you will need to reach out to the registrant to obtain one of these numbers before processing their registration/ballot request. Please email the voter the attached letter requesting this information. If you do not have an email address for the voter, contact the voter by any other means you have available to obtain the information. Should the letter be returned, you will need to scan in the letter as VOTER CHANGE/UPDATE DOCUMENT in the web scanning app. If the voter does not return the request for information the FPCA request will need to be spoiled. Please include in the comments "Spoiled-ID not provided." Spoiling a ballot will need to occur before ballots go out on Friday, for any pending requests that did not include one of the required numbers.

STATE OF NORTH CAROLINA
COUNTY OF WAKE

AFFIDAVIT OF RYAN BONIFAY

)

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican National Committee as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who satisfied the following criteria: they (1) registered to vote after Jan. 1, 2004, (2) never provided the last four digits of their Social Security Number nor a North Carolina drivers license number to their local board of elections in conjunction with their voter registration, and (3) cast a ballot in the November 2024 general election, all based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to voters who registered and voted without providing a driver's license number or the last 4 digits of their Social Security Number, the North Carolina Republican Party made the following public records request to the North Carolina State Board of Elections on November 12, 2024:

- a. A list of all currently registered voters in Active, Inactive, or Temporary Status that do not contain data in one or more of the following data fields: (1) Driver's License Number; or (2) Last Four Digits of Social Security Number.

11. In response, NCSBE produced a file entitled No_SSN_or_DL_Active_Inactive_and_Temporary_Status.csv. As the filename suggests, it appears to be the NCSBE's list of North Carolina registered voters who did not provide a drivers license number or Social Security Number when registering.

12. I matched voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN to the list of voters who cast a ballot in the November 2024 election based on the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

13. I matched the list of individuals who never provided a drivers license number or the last four digits of their Social Security Number to the statewide voter list and absentee voter list based on the voter registration number and NCID number.

14. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 1.**

15. Accordingly, Attachment 1 contains a list of people who (1) attempted to vote in the 2024 General Election before November 5, 2024 (via early vote, absentee by mail, etc.), (2) had their vote accepted by their applicable county board of elections, and (3) never provided a North Carolina driver's license number nor the last 4 digits of their Social Security Number to their county board of elections. Attachment 1 contains additional information about each individual which was contained in the information from the NCSBE.

16. Attachment 1 does not include whether the applicable county boards of election challenged each of these voters, as that information has not yet been made available by the NCSBE.

17. Attachment 1 also does not include whether the voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN voted on election day, November 5, 2024, as the information on who voted on election day has not yet been released by the NCSBE.

Further, the affiant sayeth not.

This 19 day of November, 2024.

PROTEST SCOPE

4. List all election contests subject to your protest and calculate the margin of votes separating the apparent winner from the runner-up as of the date of filing. Your response does not waive your right to contest the validity of the current vote count. If your protest concerns all contests on the ballot, you must include the vote margin for each contest.

Protested Contest(s)	Current Vote Margin (subtract runner-up totals from apparent winner's totals)
N.C. Supreme Court Associate Justice, Seat 6	625

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

It appears the county board of elections has counted ballots cast by voters who are not registered in the manner provided by law and who are therefore ineligible to vote.

To be eligible to vote, a person must register in accordance with North Carolina law. N.C. Const. art. VI, § 3; N.C.G.S. § 163-82.1(a). Since January 1, 2004, North Carolina law has required that, in order to be registered to vote, a person must complete a voter registration form and provide “the applicant’s . . . “[d]rivers license number or, if the applicant does not have a drivers license number, the last four digits of the applicant’s social security number.” N.C.G.S. § 183-82.4(a)(11). This information is used to validate the identity of the applicant. N.C.G.S. § 163-82.12(8), (9). If an applicant fails to provide their drivers license number or the last four digits of the applicant’s social security number, the county board must contact the voter to notify them of their omission and provide them an opportunity to complete the registration by 5:00 pm the day before the county canvass. N.C.G.S. § 163-82.4(f). If this omitted information is received by election day (and the board determines that the person is otherwise permitted to vote), then the person shall be permitted to vote; otherwise, the person shall be entitled to cast a provisional ballot that must be disregarded. N.C.G.S. § 163-82.4(f).

We have identified voters in the county who completed voter registration forms since January 1, 2004, and have cast a ballot in the contested election but have never provided their drivers license number or the last four digits of their social security number. EXHIBIT A is an affidavit that includes a list created from publicly available information that identifies such voters.

It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list. These actions violate North Carolina law and the state Constitution.

EXHIBIT B is an email from Paul Cox, General Counsel of the State Board of Elections, acknowledging that since “the State Board’s decision last December,” “new registrations going forward [are required] to include one of these numbers, unless the registrant affirms that they don’t have either number.” In the email, Mr. Cox also states that the State Board was “going to have our IT department run a list of new FPCA/FWAB registrants since the State Board’s order was released in December 2023, to flag any that may have been processed without one of these numbers[.]” Therefore, the identities of non-compliant registrants should be readily accessible to the State Board.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

Ryan Bonifay

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

North Carolina Constitution Article VI § 3; North Carolina Constitution Article I § 10; N.C. Gen. Stat. §§ 163-82.3, -82.4, -82.11, -82.12; Numbered Memo 2023-05

RELIEF

9. What effect do you believe the facts alleged in response to Prompt 6, if proven, will have on the electoral outcome in the protested contest(s)? Your response should account for the current vote margin calculated in response to Prompt 4.

- ☐ The electoral outcome of the protested contest(s) will change.
- ☐ The electoral outcome of the protested contest(s) will not change.
- ☒ I am uncertain whether the outcome of the contest(s) will change. **(Due to other pending protests, these votes may be determinative of the outcome.)**
- ☐ Other _____

10. What relief do you seek?

- ☒ Correct the vote count
- ☐ A new election
- ☒ Other: The State Board of Elections should (1) notify all voters who registered by a voter registration form since January 1, 2004, and failed to provide a drivers license or social security number that their voter registration was deficient and, absent correction, their vote cannot be counted; (2) inform such voters that they have a cure period during which the voter can provide the missing information; (3), for all such voters who provide a validated drivers license or social security number during the cure period, count the ballots in the election contest

identified above; (4), for all such voters who fail to provide a validated drivers license or social security number during the cure period, not count the ballot in the election contest identified above; and (5), after the cure period, correct the vote count accordingly in the election contest identified above.

This is a follow up from the previous email by General Counsel Paul Cox. We have notified the impacted counties individually of those FPCA or FWABS processed without an identification number. Subject: PLEASE READ: UOCAVA Requests for new registrants

Directors (via BCC):

I'm writing to clarify the requirement for identification numbers for new registrants who register via FPCA or FWAB. I addressed this briefly in the Huddle chat last Wednesday, but we've gotten some additional questions. So we wanted to be clear about the proper procedures, since UOCAVA ballots start going out Friday.

If a person is registering for the first time using an FPCA or FWAB, the requirement to provide driver's license/DMV number or, if they don't have it, last four of their social security number, applies to these voters—just like for all other new registrants. This requirement in HAVA applies to all new registrants, whether they are civilian or UOCAVA registrants. See [52 USC 21083\(a\)\(5\)\(A\)\(i\)](#).

These new registrants were included in the State Board's decision last December to require new registrations going forward to include one of these numbers, unless the registrant affirms that they don't have either number. We regret if that was not clear.

We are going to have our IT department run a list of **new** FPCA/FWAB registrants since the State Board's order was released in December 2023, to flag any that may have been processed without one of these numbers, and we'll share that data with your office for review and action. The list should not be very long, since most FPCA/FWAB voters come through the portal, and the portal doesn't allow a UOCAVA voter to submit their request without including one of these numbers.

In the meantime, please review your pending FPCAs before ballot transmission on Friday, to ensure that they included one of these numbers. Be sure to include that number when you enter data into VoterScan. If the record doesn't result in a database match, the FPCA (registration and ballot request) must still be processed. Unlike civilian voters, North Carolina law expressly exempts UOCAVA voters from the requirement to provide HAVA ID if the number fails to match across agency databases. See [GS 163-166.12\(f\)\(3\)](#).

If any new FPCA/FWAB registrant did not include DL/DMV number or last four of their SSN as of December 14, 2023, and they do not state in writing that they lack these numbers, you will need to reach out to the registrant to obtain one of these numbers before processing their registration/ballot request. Please email the voter the attached letter requesting this information. If you do not have an email address for the voter, contact the voter by any other means you have available to obtain the information. Should the letter be returned, you will need to scan in the letter as VOTER CHANGE/UPDATE DOCUMENT in the web scanning app. If the voter does not return the request for information the FPCA request will need to be spoiled. Please include in the comments "Spoiled-ID not provided." Spoiling a ballot will need to occur before ballots go out on Friday, for any pending requests that did not include one of the required numbers.

STATE OF NORTH CAROLINA
COUNTY OF WAKE

AFFIDAVIT OF RYAN BONIFAY

)

)

)
)
)

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican National Committee as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who satisfied the following criteria: they (1) registered to vote after Jan. 1, 2004, (2) never provided the last four digits of their Social Security Number nor a North Carolina drivers license number to their local board of elections in conjunction with their voter registration, and (3) cast a ballot in the November 2024 general election, all based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to voters who registered and voted without providing a driver's license number or the last 4 digits of their Social Security Number, the North Carolina Republican Party made the following public records request to the North Carolina State Board of Elections on November 12, 2024:

- a. A list of all currently registered voters in Active, Inactive, or Temporary Status that do not contain data in one or more of the following data fields: (1) Driver's License Number; or (2) Last Four Digits of Social Security Number.

11. In response, NCSBE produced a file entitled No_SSN_or_DL_Active_Inactive_and_Temporary_Status.csv. As the filename suggests, it appears to be the NCSBE's list of North Carolina registered voters who did not provide a drivers license number or Social Security Number when registering.

12. I matched voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN to the list of voters who cast a ballot in the November 2024 election based on the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

13. I matched the list of individuals who never provided a drivers license number or the last four digits of their Social Security Number to the statewide voter list and absentee voter list based on the voter registration number and NCID number.

14. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 1.**

15. Accordingly, Attachment 1 contains a list of people who (1) attempted to vote in the 2024 General Election before November 5, 2024 (via early vote, absentee by mail, etc.), (2) had their vote accepted by their applicable county board of elections, and (3) never provided a North Carolina driver's license number nor the last 4 digits of their Social Security Number to their county board of elections. Attachment 1 contains additional information about each individual which was contained in the information from the NCSBE.

16. Attachment 1 does not include whether the applicable county boards of election challenged each of these voters, as that information has not yet been made available by the NCSBE.

17. Attachment 1 also does not include whether the voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN voted on election day, November 5, 2024, as the information on who voted on election day has not yet been released by the NCSBE.

Further, the affiant sayeth not.

This 19 day of November, 2024.

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

The county board of elections has accepted, processed, and counted votes from certain overseas voters who are not residents of this county. In fact, these voters have never resided in the state of North Carolina.

The North Carolina Constitution requires that only residents of the state may vote in the state's elections. N.C. Const. art. VI § 2(1). A North Carolina statute, however, provides that an overseas person who was born outside of the United States and has never resided in North Carolina can vote in North Carolina so long as the person's parent or legal guardian was an eligible North Carolina voter before leaving the United States. N.C.G.S. § 163-258.2(1)(e). The statute, therefore, allows persons to vote in North Carolina despite not being residents when they voted or registered to vote in North Carolina, which is a violation of the North Carolina Constitution's residency requirement for all voters. Upon information and belief, the county board of elections has not taken any actions to confirm the residency of the overseas voters who cast ballots pursuant to N.C. Gen. Stat. § 163-258.2(1)(e). These registrations and ballots of such overseas voters are readily identifiable through the Federal Post Card Application ("FPCA") and Federal Write-In Absentee Ballot ("FWAB") options stating "I am a U.S. citizen living outside the country, and I have never lived in the United States." In addition, there is no legitimate basis for imposing a residency requirement on some voters but not all voters.

We have identified overseas voters in the county who were allowed to vote in the contested election pursuant to N.C. Gen. Stat. § 163-258.2(1)(e). EXHIBIT A is an affidavit that includes a list created from information provided by the State Board of Elections that identifies such voters. It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list without taking any actions to establish the voter's residency. These actions violate North Carolina law and the state Constitution.

In addition, the State Board's information on self-identified non-residents using the FPCA process is limited to those who used the online portal, and does not include those who submitted a ballot request via mail. We therefore ask that the county board of elections, in furtherance of this protest, review the county's FPCA records to determine if anyone using the FPCA process via mail self-identified as a non-resident and, if so, those individuals should not have been entitled to vote.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican Party as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who cast an absentee ballot from overseas and who self-reported never residing in North Carolina, based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to overseas voters who self-reported never residing in North Carolina, the North Carolina Republican Party made the following public records requests to the North Carolina State Board of Elections on November 9, 2024:

- a. A list of voters who self-identified as having never lived in the United States while submitting a Federal Post Card Application ("FPCA"). If such a list does not exist, the North Carolina Republican Party requested the opportunity to inspect and obtain copies of all FPCAs, where the individual marked they have never lived in the United States, that have been submitted since January 1, 2024.

b. A list of voters who self-identified as having never lived in the United States while submitting a Federal Write-in Absentee Ballot (“FWAB”). If such a list does not exist, the North Carolina Republican Party requested the opportunity to inspect and obtain copies of all FWABs, where the individual marked they have never lived in the United States, that have been submitted since January 1, 2024.

11. In response, on November 13, 2024 the North Carolina Republican Party received from NCSBE a file entitled “FPCA_online_portal_submissions_never_lived_US.csv”.

12. The NCSBE explained in their public records response that this spreadsheet consisted of “data on voters who submitted FPCA requests via our [i.e. NCSBE’s] online portal and who checked the box indicating that they never lived in the United States. The ‘overseasNoUsInd’ is the column that indicates if that checkbox was checked.” The NCSBE also explained that the spreadsheet was limited to overseas voters who submitted a ballot request through NCSBE’s online system. Overseas voters who mailed in a ballot request would have done so to a county board of elections, and are thus not included in the information I compiled.

13. FPCA refers to the federal post card application. My understanding is that the federal post card application is a form promulgated by the United States government, standardized across all states, that acts as both a voter registration application and as a request for an absentee ballot. A true and accurate copy of the FPCA form available on the NCSBE’s website is included as **ATTACHMENT 1**.

14. On the FPCA, voters may self-identify as having never lived in the United States.

15. This file “FPCA_online_portal_submissions_never_lived_US.csv” (the “NCSBE FPCA List”) is a list of individuals who submitted the FPCA in 2024 seeking a North Carolina ballot, and who self-identified as never having lived in the United States.

16. The file "FPCA_online_portal_submissions_never_lived_US.csv" contains a column "BallotSendMethod" that appears to reflect whether a ballot was sent to the individual electronically ("e") or by mail ("m").

17. I verified which of these overseas individuals actually voted by reference to the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

18. I matched self-identified overseas never-resident voters in the NCSBE FPCA List to the list of North Carolina voters who cast a ballot in the November 2024 election in the statewide voter list based on voter registration number and NCID number.

19. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 2.**

20. I am unaware of any records indicating that any of these voters were challenged for being non-residents of North Carolina.

Further, the affiant sayeth not.

This 19 day of November, 2024.

It appears the county board of elections has counted ballots cast by voters who are not registered in the manner provided by law and who are therefore ineligible to vote.

To be eligible to vote, a person must register in accordance with North Carolina law. N.C. Const. art. VI, § 3; N.C.G.S. § 163-82.1(a). Since January 1, 2004, North Carolina law has required that, in order to be registered to vote, a person must complete a voter registration form and provide “the applicant’s . . . “[d]rivers license number or, if the applicant does not have a drivers license number, the last four digits of the applicant’s social security number.” N.C.G.S. § 183-82.4(a)(11). This information is used to validate the identity of the applicant. N.C.G.S. § 163-82.12(8), (9). If an applicant fails to provide their drivers license number or the last four digits of the applicant’s social security number, the county board must contact the voter to notify them of their omission and provide them an opportunity to complete the registration by 5:00 pm the day before the county canvass. N.C.G.S. § 163-82.4(f). If this omitted information is received by election day (and the board determines that the person is otherwise permitted to vote), then the person shall be permitted to vote; otherwise, the person shall be entitled to cast a provisional ballot that must be disregarded. N.C.G.S. § 163-82.4(f).

We have identified voters in the county who completed voter registration forms since January 1, 2004, and have cast a ballot in the contested election but have never provided their drivers license number or the last four digits of their social security number. EXHIBIT A is an affidavit that includes a list created from publicly available information that identifies such voters.

It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list. These actions violate North Carolina law and the state Constitution.

EXHIBIT B is an email from Paul Cox, General Counsel of the State Board of Elections, acknowledging that since “the State Board’s decision last December,” “new registrations going forward [are required] to include one of these numbers, unless the registrant affirms that they don’t have either number.” In the email, Mr. Cox also states that the State Board was “going to have our IT department run a list of new FPCA/FWAB registrants since the State Board’s order was released in December 2023, to flag any that may have been processed without one of these numbers[.]” Therefore, the identities of non-compliant registrants should be readily accessible to the State Board.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

- ☐ The electoral outcome of the protested contest(s) will not change.
- ☒ I am uncertain whether the outcome of the contest(s) will change. **(Due to other pending protests, these votes may be determinative of the outcome.)**
- ☐ Other _____

10. What relief do you seek?

- ☒ Correct the vote count
- ☐ A new election
- ☒ Other: The State Board of Elections should (1) notify all voters who registered by a voter registration form since January 1, 2004, and failed to provide a drivers license or social security number that their voter registration was deficient and, absent correction, their vote cannot be counted; (2) inform such voters that they have a cure period during which the voter can provide the missing information; (3), for all such voters who provide a validated drivers license or social security number during the cure period, count the ballots in the election contest

identified above; (4), for all such voters who fail to provide a validated drivers license or social security number during the cure period, not count the ballot in the election contest identified above; and (5), after the cure period, correct the vote count accordingly in the election contest identified above.

This is a follow up from the previous email by General Counsel Paul Cox. We have notified the impacted counties individually of those FPCA or FWABS processed without an identification number. Please follow the guidance below for any UOCAVA Requests for new registrants. If you have any questions, please feel free to reach out.

Subject: PLEASE READ: UOCAVA Requests for new registrants

Directors (via BCC):

I'm writing to clarify the requirement for identification numbers for new registrants who register via FPCA or FWAB. I addressed this briefly in the Huddle chat last Wednesday, but we've gotten some additional questions. So we wanted to be clear about the proper procedures, since UOCAVA ballots start going out Friday.

If a person is registering for the first time using an FPCA or FWAB, the requirement to provide driver's license/DMV number or, if they don't have it, last four of their social security number, applies to these voters—just like for all other new registrants. This requirement in HAVA applies to all new registrants, whether they are civilian or UOCAVA registrants. See [52 USC 21083\(a\)\(5\)\(A\)\(i\)](#).

These new registrants were included in the State Board's decision last December to require new registrations going forward to include one of these numbers, unless the registrant affirms that they don't have either number. We regret if that was not clear.

We are going to have our IT department run a list of **new** FPCA/FWAB registrants since the State Board's order was released in December 2023, to flag any that may have been processed without one of these numbers, and we'll share that data with your office for review and action. The list should not be very long, since most FPCA/FWAB voters come through the portal, and the portal doesn't allow a UOCAVA voter to submit their request without including one of these numbers.

In the meantime, please review your pending FPCAs before ballot transmission on Friday, to ensure that they included one of these numbers. Be sure to include that number when you enter data into VoterScan. If the record doesn't result in a database match, the FPCA (registration and ballot request) must still be processed. Unlike civilian voters, North Carolina law expressly exempts UOCAVA voters from the requirement to provide HAVA ID if the number fails to match across agency databases. See [GS 163-166.12\(f\)\(3\)](#).

If any new FPCA/FWAB registrant did not include DL/DMV number or last four of their SSN as of December 14, 2023, and they do not state in writing that they lack these numbers, you will need to reach out to the registrant to obtain one of these numbers before processing their registration/ballot request. Please email the voter the attached letter requesting this information. If you do not have an email address for the voter, contact the voter by any other means you have available to obtain the information. Should the letter be returned, you will need to scan in the letter as VOTER CHANGE/UPDATE DOCUMENT in the web scanning app. If the voter does not return the request for information the FPCA request will need to be spoiled. Please include in the comments "Spoiled-ID not provided." Spoiling a ballot will need to occur before ballots go out on Friday, for any pending requests that did not include one of the required numbers.

STATE OF NORTH CAROLINA
COUNTY OF WAKE

AFFIDAVIT OF RYAN BONIFAY

)

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican National Committee as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who satisfied the following criteria: they (1) registered to vote after Jan. 1, 2004, (2) never provided the last four digits of their Social Security Number nor a North Carolina drivers license number to their local board of elections in conjunction with their voter registration, and (3) cast a ballot in the November 2024 general election, all based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to voters who registered and voted without providing a driver's license number or the last 4 digits of their Social Security Number, the North Carolina Republican Party made the following public records request to the North Carolina State Board of Elections on November 12, 2024:

- a. A list of all currently registered voters in Active, Inactive, or Temporary Status that do not contain data in one or more of the following data fields: (1) Driver's License Number; or (2) Last Four Digits of Social Security Number.

11. In response, NCSBE produced a file entitled No_SSN_or_DL_Active_Inactive_and_Temporary_Status.csv. As the filename suggests, it appears to be the NCSBE's list of North Carolina registered voters who did not provide a drivers license number or Social Security Number when registering.

12. I matched voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN to the list of voters who cast a ballot in the November 2024 election based on the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

13. I matched the list of individuals who never provided a drivers license number or the last four digits of their Social Security Number to the statewide voter list and absentee voter list based on the voter registration number and NCID number.

14. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 1.**

15. Accordingly, Attachment 1 contains a list of people who (1) attempted to vote in the 2024 General Election before November 5, 2024 (via early vote, absentee by mail, etc.), (2) had their vote accepted by their applicable county board of elections, and (3) never provided a North Carolina driver's license number nor the last 4 digits of their Social Security Number to their county board of elections. Attachment 1 contains additional information about each individual which was contained in the information from the NCSBE.

16. Attachment 1 does not include whether the applicable county boards of election challenged each of these voters, as that information has not yet been made available by the NCSBE.

17. Attachment 1 also does not include whether the voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN voted on election day, November 5, 2024, as the information on who voted on election day has not yet been released by the NCSBE.

Further, the affiant sayeth not.

This 19 day of November, 2024.

Protested Contest(s)	Current Vote Margin (subtract runner-up totals from apparent winner's totals)
N.C. Supreme Court Associate Justice, Seat 6	625

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

It appears the county board of elections has counted ballots cast by voters who are not registered in the manner provided by law and who are therefore ineligible to vote.

To be eligible to vote, a person must register in accordance with North Carolina law. N.C. Const. art. VI, § 3; N.C.G.S. § 163-82.1(a). Since January 1, 2004, North Carolina law has required that, in order to be registered to vote, a person must complete a voter registration form and provide “the applicant’s . . . “[d]rivers license number or, if the applicant does not have a drivers license number, the last four digits of the applicant’s social security number.” N.C.G.S. § 183-82.4(a)(11). This information is used to validate the identity of the applicant. N.C.G.S. § 163-82.12(8), (9). If an applicant fails to provide their drivers license number or the last four digits of the applicant’s social security number, the county board must contact the voter to notify them of their omission and provide them an opportunity to complete the registration by 5:00 pm the day before the county canvass. N.C.G.S. § 163-82.4(f). If this omitted information is received by election day (and the board determines that the person is otherwise permitted to vote), then the person shall be permitted to vote; otherwise, the person shall be entitled to cast a provisional ballot that must be disregarded. N.C.G.S. § 163-82.4(f).

We have identified voters in the county who completed voter registration forms since January 1, 2004, and have cast a ballot in the contested election but have never provided their drivers license number or the last four digits of their social security number. EXHIBIT A is an affidavit that includes a list created from publicly available information that identifies such voters.

It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list. These actions violate North Carolina law and the state Constitution.

EXHIBIT B is an email from Paul Cox, General Counsel of the State Board of Elections, acknowledging that since “the State Board’s decision last December,” “new registrations going forward [are required] to include one of these numbers, unless the registrant affirms that they don’t have either number.” In the email, Mr. Cox also states that the State Board was “going to have our IT department run a list of new FPCA/FWAB registrants since the State Board’s order was released in December 2023, to flag any that may have been processed without one of these numbers[.]” Therefore, the identities of non-compliant registrants should be readily accessible to the State Board.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

Ryan Bonifay

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

North Carolina Constitution Article VI § 3; North Carolina Constitution Article I § 10; N.C. Gen. Stat. §§ 163-82.3, -82.4, -82.11, -82.12; Numbered Memo 2023-05

RELIEF

9. What effect do you believe the facts alleged in response to Prompt 6, if proven, will have on the electoral outcome in the protested contest(s)? Your response should account for the current vote margin calculated in response to Prompt 4.

- ☐ The electoral outcome of the protested contest(s) will change.
- ☐ The electoral outcome of the protested contest(s) will not change.
- ☒ I am uncertain whether the outcome of the contest(s) will change. **(Due to other pending protests, these votes may be determinative of the outcome.)**
- ☐ Other _____

10. What relief do you seek?

- ☒ Correct the vote count
- ☐ A new election
- ☒ Other: The State Board of Elections should (1) notify all voters who registered by a voter registration form since January 1, 2004, and failed to provide a drivers license or social security number that their voter registration was deficient and, absent correction, their vote cannot be counted; (2) inform such voters that they have a cure period during which the voter can provide the missing information; (3), for all such voters who provide a validated drivers license or social security number during the cure period, count the ballots in the election contest

identified above; (4), for all such voters who fail to provide a validated drivers license or social security number during the cure period, not count the ballot in the election contest identified above; and (5), after the cure period, correct the vote count accordingly in the election contest identified above.

Subject: PLEASE READ: UOCAVA Requests for new registrants

Directors (via BCC):

I'm writing to clarify the requirement for identification numbers for new registrants who register via FPCA or FWAB. I addressed this briefly in the Huddle chat last Wednesday, but we've gotten some additional questions. So we wanted to be clear about the proper procedures, since UOCAVA ballots start going out Friday.

If a person is registering for the first time using an FPCA or FWAB, the requirement to provide driver's license/DMV number or, if they don't have it, last four of their social security number, applies to these voters—just like for all other new registrants. This requirement in HAVA applies to all new registrants, whether they are civilian or UOCAVA registrants. See [52 USC 21083\(a\)\(5\)\(A\)\(i\)](#).

These new registrants were included in the State Board's decision last December to require new registrations going forward to include one of these numbers, unless the registrant affirms that they don't have either number. We regret if that was not clear.

We are going to have our IT department run a list of **new** FPCA/FWAB registrants since the State Board's order was released in December 2023, to flag any that may have been processed without one of these numbers, and we'll share that data with your office for review and action. The list should not be very long, since most FPCA/FWAB voters come through the portal, and the portal doesn't allow a UOCAVA voter to submit their request without including one of these numbers.

In the meantime, please review your pending FPCAs before ballot transmission on Friday, to ensure that they included one of these numbers. Be sure to include that number when you enter data into VoterScan. If the record doesn't result in a database match, the FPCA (registration and ballot request) must still be processed. Unlike civilian voters, North Carolina law expressly exempts UOCAVA voters from the requirement to provide HAVA ID if the number fails to match across agency databases. See [GS 163-166.12\(f\)\(3\)](#).

If any new FPCA/FWAB registrant did not include DL/DMV number or last four of their SSN as of December 14, 2023, and they do not state in writing that they lack these numbers, you will need to reach out to the registrant to obtain one of these numbers before processing their registration/ballot request. Please email the voter the attached letter requesting this information. If you do not have an email address for the voter, contact the voter by any other means you have available to obtain the information. Should the letter be returned, you will need to scan in the letter as VOTER CHANGE/UPDATE DOCUMENT in the web scanning app. If the voter does not return the request for information the FPCA request will need to be spoiled. Please include in the comments "Spoiled-ID not provided." Spoiling a ballot will need to occur before ballots go out on Friday, for any pending requests that did not include one of the required numbers.

Paul Cox

STATE OF NORTH CAROLINA
COUNTY OF WAKE

AFFIDAVIT OF RYAN BONIFAY

)

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican National Committee as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who satisfied the following criteria: they (1) registered to vote after Jan. 1, 2004, (2) never provided the last four digits of their Social Security Number nor a North Carolina drivers license number to their local board of elections in conjunction with their voter registration, and (3) cast a ballot in the November 2024 general election, all based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to voters who registered and voted without providing a driver's license number or the last 4 digits of their Social Security Number, the North Carolina Republican Party made the following public records request to the North Carolina State Board of Elections on November 12, 2024:

- a. A list of all currently registered voters in Active, Inactive, or Temporary Status that do not contain data in one or more of the following data fields: (1) Driver's License Number; or (2) Last Four Digits of Social Security Number.

11. In response, NCSBE produced a file entitled No_SSN_or_DL_Active_Inactive_and_Temporary_Status.csv. As the filename suggests, it appears to be the NCSBE's list of North Carolina registered voters who did not provide a drivers license number or Social Security Number when registering.

12. I matched voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN to the list of voters who cast a ballot in the November 2024 election based on the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

13. I matched the list of individuals who never provided a drivers license number or the last four digits of their Social Security Number to the statewide voter list and absentee voter list based on the voter registration number and NCID number.

14. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 1.**

15. Accordingly, Attachment 1 contains a list of people who (1) attempted to vote in the 2024 General Election before November 5, 2024 (via early vote, absentee by mail, etc.), (2) had their vote accepted by their applicable county board of elections, and (3) never provided a North Carolina driver's license number nor the last 4 digits of their Social Security Number to their county board of elections. Attachment 1 contains additional information about each individual which was contained in the information from the NCSBE.

16. Attachment 1 does not include whether the applicable county boards of election challenged each of these voters, as that information has not yet been made available by the NCSBE.

17. Attachment 1 also does not include whether the voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN voted on election day, November 5, 2024, as the information on who voted on election day has not yet been released by the NCSBE.

Further, the affiant sayeth not.

This 19 day of November, 2024.

N.C. Supreme Court Associate Justice, Seat 6	625

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

The county board of elections has accepted, processed, and counted votes from certain overseas voters who are not residents of this county. In fact, these voters have never resided in the state of North Carolina.

The North Carolina Constitution requires that only residents of the state may vote in the state's elections. N.C. Const. art. VI § 2(1). A North Carolina statute, however, provides that an overseas person who was born outside of the United States and has never resided in North Carolina can vote in North Carolina so long as the person's parent or legal guardian was an eligible North Carolina voter before leaving the United States. N.C.G.S. § 163-258.2(1)(e). The statute, therefore, allows persons to vote in North Carolina despite not being residents when they voted or registered to vote in North Carolina, which is a violation of the North Carolina Constitution's residency requirement for all voters. Upon information and belief, the county board of elections has not taken any actions to confirm the residency of the overseas voters who cast ballots pursuant to N.C. Gen. Stat. § 163-258.2(1)(e). These registrations and ballots of such overseas voters are readily identifiable through the Federal Post Card Application ("FPCA") and Federal Write-In Absentee Ballot ("FWAB") options stating "I am a U.S. citizen living outside the country, and I have never lived in the United States." In addition, there is no legitimate basis for imposing a residency requirement on some voters but not all voters.

We have identified overseas voters in the county who were allowed to vote in the contested election pursuant to N.C. Gen. Stat. § 163-258.2(1)(e). EXHIBIT A is an affidavit that includes a list created from information provided by the State Board of Elections that identifies such voters. It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list without taking any actions to establish the voter's residency. These actions violate North Carolina law and the state Constitution.

In addition, the State Board's information on self-identified non-residents using the FPCA process is limited to those who used the online portal, and does not include those who submitted a ballot request via mail. We therefore ask that the county board of elections, in furtherance of this protest, review the county's FPCA records to determine if anyone using the FPCA process via mail self-identified as a non-resident and, if so, those individuals should not have been entitled to vote.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican Party as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who cast an absentee ballot from overseas and who self-reported never residing in North Carolina, based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to overseas voters who self-reported never residing in North Carolina, the North Carolina Republican Party made the following public records requests to the North Carolina State Board of Elections on November 9, 2024:

- a. A list of voters who self-identified as having never lived in the United States while submitting a Federal Post Card Application ("FPCA"). If such a list does not exist, the North Carolina Republican Party requested the opportunity to inspect and obtain copies of all FPCAs, where the individual marked they have never lived in the United States, that have been submitted since January 1, 2024.

b. A list of voters who self-identified as having never lived in the United States while submitting a Federal Write-in Absentee Ballot (“FWAB”). If such a list does not exist, the North Carolina Republican Party requested the opportunity to inspect and obtain copies of all FWABs, where the individual marked they have never lived in the United States, that have been submitted since January 1, 2024.

11. In response, on November 13, 2024 the North Carolina Republican Party received from NCSBE a file entitled “FPCA_online_portal_submissions_never_lived_US.csv”.

12. The NCSBE explained in their public records response that this spreadsheet consisted of “data on voters who submitted FPCA requests via our [i.e. NCSBE’s] online portal and who checked the box indicating that they never lived in the United States. The ‘overseasNoUsInd’ is the column that indicates if that checkbox was checked.” The NCSBE also explained that the spreadsheet was limited to overseas voters who submitted a ballot request through NCSBE’s online system. Overseas voters who mailed in a ballot request would have done so to a county board of elections, and are thus not included in the information I compiled.

13. FPCA refers to the federal post card application. My understanding is that the federal post card application is a form promulgated by the United States government, standardized across all states, that acts as both a voter registration application and as a request for an absentee ballot. A true and accurate copy of the FPCA form available on the NCSBE’s website is included as **ATTACHMENT 1**.

14. On the FPCA, voters may self-identify as having never lived in the United States.

15. This file “FPCA_online_portal_submissions_never_lived_US.csv” (the “NCSBE FPCA List”) is a list of individuals who submitted the FPCA in 2024 seeking a North Carolina ballot, and who self-identified as never having lived in the United States.

16. The file "FPCA_online_portal_submissions_never_lived_US.csv" contains a column "BallotSendMethod" that appears to reflect whether a ballot was sent to the individual electronically ("e") or by mail ("m").

17. I verified which of these overseas individuals actually voted by reference to the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

18. I matched self-identified overseas never-resident voters in the NCSBE FPCA List to the list of North Carolina voters who cast a ballot in the November 2024 election in the statewide voter list based on voter registration number and NCID number.

19. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 2.**

20. I am unaware of any records indicating that any of these voters were challenged for being non-residents of North Carolina.

Further, the affiant sayeth not.

This 19 day of November, 2024.

It appears the county board of elections has counted ballots cast by voters who are not registered in the manner provided by law and who are therefore ineligible to vote.

To be eligible to vote, a person must register in accordance with North Carolina law. N.C. Const. art. VI, § 3; N.C.G.S. § 163-82.1(a). Since January 1, 2004, North Carolina law has required that, in order to be registered to vote, a person must complete a voter registration form and provide “the applicant’s . . . “[d]rivers license number or, if the applicant does not have a drivers license number, the last four digits of the applicant’s social security number.” N.C.G.S. § 183-82.4(a)(11). This information is used to validate the identity of the applicant. N.C.G.S. § 163-82.12(8), (9). If an applicant fails to provide their drivers license number or the last four digits of the applicant’s social security number, the county board must contact the voter to notify them of their omission and provide them an opportunity to complete the registration by 5:00 pm the day before the county canvass. N.C.G.S. § 163-82.4(f). If this omitted information is received by election day (and the board determines that the person is otherwise permitted to vote), then the person shall be permitted to vote; otherwise, the person shall be entitled to cast a provisional ballot that must be disregarded. N.C.G.S. § 163-82.4(f).

We have identified voters in the county who completed voter registration forms since January 1, 2004, and have cast a ballot in the contested election but have never provided their drivers license number or the last four digits of their social security number. EXHIBIT A is an affidavit that includes a list created from publicly available information that identifies such voters.

It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list. These actions violate North Carolina law and the state Constitution.

EXHIBIT B is an email from Paul Cox, General Counsel of the State Board of Elections, acknowledging that since “the State Board’s decision last December,” “new registrations going forward [are required] to include one of these numbers, unless the registrant affirms that they don’t have either number.” In the email, Mr. Cox also states that the State Board was “going to have our IT department run a list of new FPCA/FWAB registrants since the State Board’s order was released in December 2023, to flag any that may have been processed without one of these numbers[.]” Therefore, the identities of non-compliant registrants should be readily accessible to the State Board.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

- ☐ The electoral outcome of the protested contest(s) will not change.
- ☒ I am uncertain whether the outcome of the contest(s) will change. **(Due to other pending protests, these votes may be determinative of the outcome.)**
- ☐ Other _____

10. What relief do you seek?

- ☒ Correct the vote count
- ☐ A new election
- ☒ Other: The State Board of Elections should (1) notify all voters who registered by a voter registration form since January 1, 2004, and failed to provide a drivers license or social security number that their voter registration was deficient and, absent correction, their vote cannot be counted; (2) inform such voters that they have a cure period during which the voter can provide the missing information; (3), for all such voters who provide a validated drivers license or social security number during the cure period, count the ballots in the election contest

identified above; (4), for all such voters who fail to provide a validated drivers license or social security number during the cure period, not count the ballot in the election contest identified above; and (5), after the cure period, correct the vote count accordingly in the election contest identified above.

This is a follow up from the previous email by General Counsel Paul Cox. We have notified the impacted counties individually of those FPCA or FWABS processed without an identification number. Please follow the guidance below for any UOCAVA Requests for new registrants. If you have any questions, please feel free to reach out.

Subject: PLEASE READ: UOCAVA Requests for new registrants

Directors (via BCC):

I'm writing to clarify the requirement for identification numbers for new registrants who register via FPCA or FWAB. I addressed this briefly in the Huddle chat last Wednesday, but we've gotten some additional questions. So we wanted to be clear about the proper procedures, since UOCAVA ballots start going out Friday.

If a person is registering for the first time using an FPCA or FWAB, the requirement to provide driver's license/DMV number or, if they don't have it, last four of their social security number, applies to these voters—just like for all other new registrants. This requirement in HAVA applies to all new registrants, whether they are civilian or UOCAVA registrants. See [52 USC 21083\(a\)\(5\)\(A\)\(i\)](#).

These new registrants were included in the State Board's decision last December to require new registrations going forward to include one of these numbers, unless the registrant affirms that they don't have either number. We regret if that was not clear.

We are going to have our IT department run a list of **new** FPCA/FWAB registrants since the State Board's order was released in December 2023, to flag any that may have been processed without one of these numbers, and we'll share that data with your office for review and action. The list should not be very long, since most FPCA/FWAB voters come through the portal, and the portal doesn't allow a UOCAVA voter to submit their request without including one of these numbers.

In the meantime, please review your pending FPCAs before ballot transmission on Friday, to ensure that they included one of these numbers. Be sure to include that number when you enter data into VoterScan. If the record doesn't result in a database match, the FPCA (registration and ballot request) must still be processed. Unlike civilian voters, North Carolina law expressly exempts UOCAVA voters from the requirement to provide HAVA ID if the number fails to match across agency databases. See [GS 163-166.12\(f\)\(3\)](#).

If any new FPCA/FWAB registrant did not include DL/DMV number or last four of their SSN as of December 14, 2023, and they do not state in writing that they lack these numbers, you will need to reach out to the registrant to obtain one of these numbers before processing their registration/ballot request. Please email the voter the attached letter requesting this information. If you do not have an email address for the voter, contact the voter by any other means you have available to obtain the information. Should the letter be returned, you will need to scan in the letter as VOTER CHANGE/UPDATE DOCUMENT in the web scanning app. If the voter does not return the request for information the FPCA request will need to be spoiled. Please include in the comments "Spoiled-ID not provided." Spoiling a ballot will need to occur before ballots go out on Friday, for any pending requests that did not include one of the required numbers.

STATE OF NORTH CAROLINA
COUNTY OF WAKE

AFFIDAVIT OF RYAN BONIFAY

)

)

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican National Committee as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who satisfied the following criteria: they (1) registered to vote after Jan. 1, 2004, (2) never provided the last four digits of their Social Security Number nor a North Carolina drivers license number to their local board of elections in conjunction with their voter registration, and (3) cast a ballot in the November 2024 general election, all based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to voters who registered and voted without providing a driver's license number or the last 4 digits of their Social Security Number, the North Carolina Republican Party made the following public records request to the North Carolina State Board of Elections on November 12, 2024:

- a. A list of all currently registered voters in Active, Inactive, or Temporary Status that do not contain data in one or more of the following data fields: (1) Driver's License Number; or (2) Last Four Digits of Social Security Number.

11. In response, NCSBE produced a file entitled No_SSN_or_DL_Active_Inactive_and_Temporary_Status.csv. As the filename suggests, it appears to be the NCSBE's list of North Carolina registered voters who did not provide a drivers license number or Social Security Number when registering.

12. I matched voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN to the list of voters who cast a ballot in the November 2024 election based on the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

13. I matched the list of individuals who never provided a drivers license number or the last four digits of their Social Security Number to the statewide voter list and absentee voter list based on the voter registration number and NCID number.

14. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 1.**

15. Accordingly, Attachment 1 contains a list of people who (1) attempted to vote in the 2024 General Election before November 5, 2024 (via early vote, absentee by mail, etc.), (2) had their vote accepted by their applicable county board of elections, and (3) never provided a North Carolina driver's license number nor the last 4 digits of their Social Security Number to their county board of elections. Attachment 1 contains additional information about each individual which was contained in the information from the NCSBE.

16. Attachment 1 does not include whether the applicable county boards of election challenged each of these voters, as that information has not yet been made available by the NCSBE.

17. Attachment 1 also does not include whether the voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN voted on election day, November 5, 2024, as the information on who voted on election day has not yet been released by the NCSBE.

Further, the affiant sayeth not.

This 19 day of November, 2024.

Mailing Address: PO Box 99780 Raleigh, NC 27624

NOTE: You will be deemed to consent to service at all of the above addresses (including email), unless you attach an addendum indicating otherwise.

☐ Neither of the above*
**If you select this option, you are not eligible to file a protest.*

PROTEST SCOPE

4. List all election contests subject to your protest and calculate the margin of votes separating the apparent winner from the runner-up as of the date of filing. Your response does not waive your right to contest the validity of the current vote count. If your protest concerns all contests on the ballot, you must include the vote margin for each contest.

Protested Contest(s)	Current Vote Margin (subtract runner-up totals from apparent winner's totals)
N.C. Supreme Court Associate Justice, Seat 6	625

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

It appears the county board of elections has counted ballots cast by voters who are not registered in the manner provided by law and who are therefore ineligible to vote.

To be eligible to vote, a person must register in accordance with North Carolina law. N.C. Const. art. VI, § 3; N.C.G.S. § 163-82.1(a). Since January 1, 2004, North Carolina law has required that, in order to be registered to vote, a person must complete a voter registration form and provide “the applicant’s . . . “[d]rivers license number or, if the applicant does not have a drivers license number, the last four digits of the applicant’s social security number.” N.C.G.S. § 183-82.4(a)(11). This information is used to validate the identity of the applicant. N.C.G.S. § 163-82.12(8), (9). If an applicant fails to provide their drivers license number or the last four digits of the applicant’s social security number, the county board must contact the voter to notify them of their omission and provide them an opportunity to complete the registration by 5:00 pm the day before the county canvass. N.C.G.S. § 163-82.4(f). If this omitted information is received by election day (and the board determines that the person is otherwise permitted to vote), then the person shall be permitted to vote; otherwise, the person shall be entitled to cast a provisional ballot that must be disregarded. N.C.G.S. § 163-82.4(f).

We have identified voters in the county who completed voter registration forms since January 1, 2004, and have cast a ballot in the contested election but have never provided their drivers license number or the last four digits of their social security number. EXHIBIT A is an affidavit that includes a list created from publicly available information that identifies such voters.

It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list. These actions violate North Carolina law and the state Constitution.

EXHIBIT B is an email from Paul Cox, General Counsel of the State Board of Elections, acknowledging that since “the State Board’s decision last December,” “new registrations going forward [are required] to include one of these numbers, unless the registrant affirms that they don’t have either number.” In the email, Mr. Cox also states that the State Board was “going to have our IT department run a list of new FPCA/FWAB registrants since the State Board’s order was released in December 2023, to flag any that may have been processed without one of these numbers[.]” Therefore, the identities of non-compliant registrants should be readily accessible to the State Board.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

Ryan Bonifay

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

North Carolina Constitution Article VI § 3; North Carolina Constitution Article I § 10; N.C. Gen. Stat. §§ 163-82.3, -82.4, -82.11, -82.12; Numbered Memo 2023-05

RELIEF

9. What effect do you believe the facts alleged in response to Prompt 6, if proven, will have on the electoral outcome in the protested contest(s)? Your response should account for the current vote margin calculated in response to Prompt 4.

- ☐ The electoral outcome of the protested contest(s) will change.
- ☐ The electoral outcome of the protested contest(s) will not change.
- ☒ I am uncertain whether the outcome of the contest(s) will change. **(Due to other pending protests, these votes may be determinative of the outcome.)**
- ☐ Other _____

10. What relief do you seek?

- ☒ Correct the vote count
- ☐ A new election
- ☒ Other: The State Board of Elections should (1) notify all voters who registered by a voter registration form since January 1, 2004, and failed to provide a drivers license or social security number that their voter registration was deficient and, absent correction, their vote cannot be counted; (2) inform such voters that they have a cure period during which the voter can provide the missing information; (3), for all such voters who provide a validated drivers license or social security number during the cure period, count the ballots in the election contest

identified above; (4), for all such voters who fail to provide a validated drivers license or social security number during the cure period, not count the ballot in the election contest identified above; and (5), after the cure period, correct the vote count accordingly in the election contest identified above.

This is a follow up from the previous email by General Counsel Paul Cox. We have notified the impacted counties individually of those FPCA or FWABS processed without an identification number. Please follow the guidance below for any UOCAVA Requests for new registrants. If you have any questions, please feel free to reach out.

Subject: PLEASE READ: UOCAVA Requests for new registrants

Directors (via BCC):

I'm writing to clarify the requirement for identification numbers for new registrants who register via FPCA or FWAB. I addressed this briefly in the Huddle chat last Wednesday, but we've gotten some additional questions. So we wanted to be clear about the proper procedures, since UOCAVA ballots start going out Friday.

If a person is registering for the first time using an FPCA or FWAB, the requirement to provide driver's license/DMV number or, if they don't have it, last four of their social security number, applies to these voters—just like for all other new registrants. This requirement in HAVA applies to all new registrants, whether they are civilian or UOCAVA registrants. See [52 USC 21083\(a\)\(5\)\(A\)\(i\)](#).

These new registrants were included in the State Board's decision last December to require new registrations going forward to include one of these numbers, unless the registrant affirms that they don't have either number. We regret if that was not clear.

We are going to have our IT department run a list of **new** FPCA/FWAB registrants since the State Board's order was released in December 2023, to flag any that may have been processed without one of these numbers, and we'll share that data with your office for review and action. The list should not be very long, since most FPCA/FWAB voters come through the portal, and the portal doesn't allow a UOCAVA voter to submit their request without including one of these numbers.

In the meantime, please review your pending FPCAs before ballot transmission on Friday, to ensure that they included one of these numbers. Be sure to include that number when you enter data into VoterScan. If the record doesn't result in a database match, the FPCA (registration and ballot request) must still be processed. Unlike civilian voters, North Carolina law expressly exempts UOCAVA voters from the requirement to provide HAVA ID if the number fails to match across agency databases. See [GS 163-166.12\(f\)\(3\)](#).

If any new FPCA/FWAB registrant did not include DL/DMV number or last four of their SSN as of December 14, 2023, and they do not state in writing that they lack these numbers, you will need to reach out to the registrant to obtain one of these numbers before processing their registration/ballot request. Please email the voter the attached letter requesting this information. If you do not have an email address for the voter, contact the voter by any other means you have available to obtain the information. Should the letter be returned, you will need to scan in the letter as VOTER CHANGE/UPDATE DOCUMENT in the web scanning app. If the voter does not return the request for information the FPCA request will need to be spoiled. Please include in the comments "Spoiled-ID not provided." Spoiling a ballot will need to occur before ballots go out on Friday, for any pending requests that did not include one of the required numbers.
